Whereas, the residents of the Park-Presidio District are now required to await the arrival of Emergency Hospital ambulances from distant parts of the city when calling for such service, which delay often results in serious consequences to victims of accidents; and

Whereas, the large area comprising this district and the thousands of residents residing therein justify the establishment of better service for those in need of emergency hospitalization; now, therefore, be it

Resolved, That the Board of Health is hereby respectfully requested to consider the advisability of erecting a branch of the Emergency Hospital in the Park-Presidio District.

Ordering the Construction of Extension to Concrete Apron and Appurtenances at the San Francisco Airport, Plans and Specifications, Receipt of Bids and Award of Contract.

Bill No. 9491, Ordinance No. ——— (New Series), as follows:

Ordering the construction of an extension to the concrete apron and appurtenances at the San Francisco Airport; authorizing and directing the Board of Public Works to prepare plans and specifications for said construction and to enter into contract for said construction in accordance with the plans and specifications prepared therefor; and approving said plans and specifications. The cost of said construction to be borne out of Budget Item 44.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The construction of an extension to the concrete apron and appurtenances at the San Francisco Airport is hereby ordered, and the Board of Public Works is hereby authorized, instructed and empowered to prepare plans and specifications for said construction of an extension to the concrete apron and appurtenances at the San Francisco Airport, and to enter into contract for said construction of an extension to the concrete apron and appurtenances in accordance with the plans and specifications prepared therefor, which plans and specifications are hereby approved. The cost of said construction to be borne out of Budget Item 44.

Section 2. This ordinance shall take effect immediately.

Board of Education Requested to Rescind Action Docking Pay of E. J. Dupuy, Member of Teaching Staff.

MR. HAVENNER: Mr. Chairman, when the Committee on Unemployment of this Board was holding its recent hearings in conjunction with the Finance Committee, in an endeavor to find funds for unemployment relief, the committee requested a group of teachers here who were entitled to back pay, under the decision of the court, to attend the meeting of the committee. The representative was Mr. E. J. Dupuy. As the members of the committee will remember, the committee directed the Clerk to get in touch with the Board of Education and ask whether Mr. Dupuy could attend the meeting of the committee. I do not know whether some error was made in communicating that request, but we were informed that the Clerk had called the Board of Education and had been advised to phone direct to Mr. Dupuy at his school, and Mr. Dupuy, in response to the invitation of the committee, appeared before us and did give us the assurance that so far as the group which he represented was concerned they would be willing to have the payment of the back pay deferred until the next fiscal year.

I am now advised that as a result of having accepted the invitation from a committee of this Board, and having attended the meeting of the committee, Mr. Dupuy has been docked seven dollars of his pay.

I personally think that is a most unfortunate and unfair action. It may be due to a misapprehension on the part of the Board of Education as to the exact facts.

Certainly I think that the Charter has contemplated that this Board of Supervisors should have the authority to call before it on official

business at any time any employee of the City who might be able to give us information that would be of importance to us, so I can hardly believe that the Board of Education has deliberately, with full knowledge of the facts, docked a teacher for having responded to an invitation of this Board; and if it has done so, then I think that the Board should lay all of the facts before it and should respectfully request that that penalty be rescinded.

These are the exact facts. The members of the committee, of which the Chairman of the Finance Committee was one, are acquainted with those facts and will verify them, so I now move that a copy of the statement which I have just made be transcribed and forwarded to the Board of Education by the Clerk of this Board, and that the Board of Education be requested to give these facts consideration and to rescind the action docking this member of the teaching staff for responding to an invitation of this Board.

Report of Supervisor McSheehy on Transactions of Thirty-third Annual Convention of League of California Municipalities.

October 1, 1931.

To the Honorable Board of Supervisors, San Francisco, California.

Gentlemen: On the 2nd of September, 1931, his Honor Mayor Rossi appointed a committee of three members of this Board to attend the thirty-third annual convention of the League of California Municipalities, held at the Hotel Del Monte, Monterey, California, on September 21 to 24, 1931, inclusive.

The League of California Municipalities is composed of mayors, supervisors, city managers, health officers, engineers, street superintendents, city attorneys, planners, city clerks, auditors, assessors, treasurers and purchasing agents.

The following problems were considered at the convention:

1. The unemployment situation.
2. Street improvement laws.
3. Limitation of special assessments.
4. Health problems.
5. Civic accounting.

The problem on unemployment was assigned to mayors, supervisors and city managers' division. The following resolutions were recommended to the League and unanimously adopted:

Resolution No. 1

Whereas, the problem of devising ways and means of immediate relief of the unemployed is one of the most important matters confronting our cities and, in fact, the whole country today; and

Whereas, on account of the extensive use of labor-saving machinery a situation has been reached where production exceeds the power of consumption; and

Whereas, men have been thrown out of work because of this situation, their earning power has been cut off and they are unable to earn sufficient on account of labor-saving machinery; and

Whereas, it is the opinion that, in order to distribute the benefits of labor-saving machinery more equitably and give employment to a greater number of people, a reduction of the hours of labor is desirable; now, therefore, be it

Resolved, That all employers of labor, public and private, be urged to employ labor for a working period of not to exceed eight hours a day and five days a week; and

Resolved, further, that in order to set a good example for private industry to follow, we suggest that legislation be enacted so that all public employers of labor, regardless of the kind of work being done, whether Federal, State, county or municipal, place all of their employees on a five-day week basis, and, furthermore, that they immediately employ additional labor to the extent of funds made available by this program; and be it further

Resolved, that where employees in the State of California are the recipients of retired compensation and are now employed by any private or public employer, that said employer be asked to relieve said retired man of his duties, to be replaced by some one of our great army of unemployed; be it further

Resolved, That copies of this resolution be officially sent through the secretary of this convention to his Excellency the Governor of the State of California, Mr. James Rolph, Jr., to the governing body of every county and city of the State of California.

Resolution No. 2.

To his Excellency Governor James Rolph, Jr.:

Whereas, the problem of unemployment has become acute throughout the length and breadth of this land and it has become imperative that some means of providing ways and means of immediate relief is one of the most important matters confronting our cities today; and

Whereas, on account of the extensive use of labor-saving machinery, a situation has been reached where we must devise some way of distributing equitably the benefits of labor-saving machinery and give employment to a greater number of people; and

Whereas, this situation appears to be as critical at the present time, if not more so, than it was a short time ago, with indications that there is no relief in sight unless some immediate action is taken on the part of all government, including Federal, State and local government; and

Whereas, funds in the form of surpluses which have existed in local government have already been used to carry on public works of various sorts and character, in order that men could be employed and relief work carried on, until at the present time we find ourselves faced with a still greater problem of unemployment, with no source of income to carry on the same; now, therefore, be it

Resolved, That this convention of the League of California Municipalities, in convention assembled at the Del Monte Hotel, Del Monte, California, urge upon his Excellency Governor James Rolph, Jr., of California to call together the Legislature of this State in special session, to enact legislation that will bring about either immediate relief in the form of a public works program or permanent relief in the form of shorter working hours with a less number of days per week, or both.

Thirty-three years ago the League of California Municipalities was organized and held its first convention here in San Francisco and elected its first president, the late Senator Phelan. An unwritten rule was adopted that the convention should be held one year in the northern section of the State and one year in the southern section of the State. This year it was held in Monterey; next year it will be held in San Diego.

Your committee submitted invitations from his Honor the Mayor, the San Francisco Chamber of Commerce, Tourists' Convention League, Hotelmen's Association, Down Town Association, and this Board, that the 1933 convention be held in San Francisco. A personal canvass was made of all the members. The Tourists' Convention League was represented by a Mr. A. R. Gatter, and he, with our investigator, Mr. O'Neill, placed a California poppy on the lapel of some 700 delegates. We found a most hearty response in favor of San Francisco, and we feel that when San Francisco's name is presented, which it will be next year, that the convention will be held in San Francisco in 1933. It has never been held here since its inauguration, some thirty-three years ago.

Your committee recommends that the two resolutions on unemployment be adopted by this Board and that this committee present these resolutions to his Excellency Governor James Rolph Jr., and the State

Legislature when it convenes, requesting their adoption, and that the balance of this report be filed and made a part of the record.

Respectfully submitted,

JAMES B. MCSHEEHY, Chairman.

Wood Stave Pipe in Emergency Pipe Lines.

September 30, 1931.

To the Public Utilities Committee of the Board of Supervisors of the City and County of San Francisco.

Gentlemen: I have recently received a communication from the Redwood Manufacturers Company, suggesting the use of wood stave pipe in the emergency pipe line to be constructed by-passing the Coast Range tunnel pending the completion of the tunnel.

A study of this communication has been made and the attached report is presented for your consideration.

Respectfully submitted,

M. M. O'SHAUGHNESSY, City Engineer.

The City Engineer's report is as follows:

On July 20, 1931, the City Engineer submitted a report to the Board of Public Works, giving cost estimates on emergency pipe lines between Tesla Portal and Alameda Creek, and recommending the adoption of the Corral Hollow route for a capacity of 45,000,000 gallons daily. The Board of Supervisors later approved this recommendation.

In preparing his report the City Engineer gave due consideration to the use of wood stave pipe in the emergency pipe lines and found that on a cost basis wood stave pipe did not compare favorably with steel pipe, besides being unsatisfactory in some other respects.

On August 20, 1931, the Redwood Manufacturers Company, makers of wood pipe, submitted, in a letter to the City Engineer, an estimate of the cost of a pipe line over the Altamont route, constructed of wood stave pipe. After again considering the matter I am still of the opinion that wood stave pipe should not be used in the emergency pipe line.

All estimates mentioned in this report are for pipe lines having a capacity of 45,000,000 gallons daily.

Wood Stave Pipe for Corral Hollow Route.

No figures were submitted by the Redwood Manufacturers Company for wood stave pipe in the Corral Hollow route, "because the pressure is too high in most of it for wood pipe." (The quotation is from the above-mentioned letter.)

The wood pipe advocates have stated that, other factors being equal, their product cannot compete with steel pipe in cost for pressure heads near or above 200 feet. This alone excludes it from consideration for the major portion of the Corral Hollow route, and, as shown later, is a factor in excluding it from the Altamont route.

Company's Cost Estimate—

The cost estimate prepared by the company gives not only costs for pipe, but shows estimated costs for valves and fittings, rights of way, pumping plants and trench work. No cost was included for the power system necessary to serve the pump station nor for miscellaneous structures.

Comments on the various features of the company's cost estimates follow:

Size of Pipe—

The company's estimate uses pipe sizes that predicate an assumed flow capacity considerably higher than I consider prudent for use in design. The capacity of wood stave pipe as given in one wood pipe manufacturer's handbook, based on investigations made by an engineer

who is recognized as an authority on the subject of flow in pipes, is practically the same for equal sizes of pipe, as the capacity of the type of steel pipe used in my estimates.

The assumption of a higher capacity in the company's estimate gave pipe sizes smaller than those computed by the City Engineer for steel pipe, resulting in lower estimated costs for wood pipe.

In the City Engineer's estimate for wood pipe given herein, the sizes of wood pipe used are the same as for steel pipe in comparable estimates. Both the steel and wood pipe sizes are determined on a conservative assumption of the capacity. Any decrease in size that would be justified by a different assumption as to wood pipe would also apply to steel pipe.

In this connection it may be mentioned that under test the Newark-San Lorenzo pipe line showed a frictional resistance to flow practically equal to that used by the wood pipe manufacturers, but in conservative design it is not proper to assume such low resistance.

The company's estimate assumes lower operating heads than those actually necessary, and this assumption leads to a correspondingly low cost in pipe.

Appurtenances—

The company's estimate of cost for valves and fittings, excavation, and rights of way, is lower than the City Engineer's estimate for the same items. No cost was allowed in the company's estimate for the power system or for miscellaneous structures. The lower cost of certain of these items and the omission of other items resulted in a lower total cost for the wood pipe line.

The cost of all these items would be the same for either wood stave or steel pipe. The City Engineer's estimates are prepared on this basis.

Pumping Plants—

The company's estimate shows a cost of \$150,000 for this item against \$140,000 in the City Engineer's estimate. Although not so set forth in the estimate, the estimator of the company has stated that the \$150,000 represented the cost of two pumping stations, it being necessary for the company to use a two-station plan to divide the pressure head so that wood stave pipe could be used for the whole line. Actually, however, it would be advisable and less costly to use a single pump station and replace about five miles of wood stave pipe with steel, and this substitution has been made in my estimate on wood stave pipe.

The two-station plan would needlessly duplicate the fittings, valves, buildings and quarters and land required for a single station and would require greater length of power transmission line and telephone line and the necessary rights of way.

The operating cost for two stations used in the company's estimate is the same as computed by the City Engineer for a single station. An additional station would add about \$8,000 a year to the operating cost.

City Engineer's Estimate—

A detailed estimate of cost has been prepared for the Altamont pipe line, using wood stave pipe to the fullest extent permissible.

The unit prices for the wood stave pipe were furnished by the Pacific Tank and Pipe Company. These prices appear to be in line with those used in the above-mentioned company's estimate and are here used on the assumption that any company furnishing the redwood pipe would be willing to enter into a contract at the unit prices submitted. In accordance with proper estimating practice, the unit prices used by the City Engineer for steel pipe are made high enough so that the Engineer's estimate will probably be higher and not lower than actual contract prices, and it is fully expected that contract prices would be substantially lower.

The same size of pipe is used for the wood stave line as for the steel line, for reasons mentioned before.

The cost of appurtenant structures used for the estimate for wood stave pipe is the same as previously determined for the steel pipe. The difference in cost between the wood and the steel pipe lines results entirely from the difference in cost of the pipe itself.

Interest is computed at 4.25 per cent, as in previous estimates, as the City's 4½ per cent bonds command a substantial premium.

At the time the former estimates were made, survey data were available for the Altamont route but not for the Corral Hollow route. The Corral Hollow survey, now nearly completed, shows the length of that route to be two miles less than that previously used, and a short tunnel (about 700 feet) at the main summit reduces the pumping head. These differences are taken into account in the present estimate.

A comparison of the estimated costs of the emergency pipe line over the Corral Hollow and Altamont routes with welded steel pipe and over the Altamont route with wood stave pipe is given in the following table:

Type of Pipe— Route—	Welded Steel		Wood Stave	
	Corral Hollow	Altamont	Altamont	Altamont
Estimator—	City Engineer	City Engineer	City Engineer	Pipe Company
Length of steel pipe.....	23.9 miles	39.8 miles	4.8 miles	...
Wood stave pipe.....	35.0 miles	39.8 miles
Total length of pipe.....	23.9 miles	39.8 miles	39.8 miles	39.8 miles
1. Construction cost—				
Pipe	\$ 969,100	\$1,901,000	\$1,586,000	\$1,182,000
Other items, including pumping station, ex- cavation, power sys- tem, etc.	760,900	939,000	914,000	507,000
Totals	\$1,730,000	\$2,840,000	\$2,500,000	\$1,689,000
2. Annual operating cost, including power cost, labor, materials, etc...	396,000	152,000	152,000	152,000
3. Annual interest on con- struction cost	73,500	120,700	106,300	72,000
4. Total expenditure, De- cember 31, 1933 (1½ years' operation)	2,434,000	3,249,000	2,887,000	2,025,000
5. Salvage value, pipe lines, pumping sta- tions, etc.	571,000	1,190,000	213,000	not estimated
6. Net cost to December 31, 1933, after deducting salvage value	1,863,000	2,059,000	2,674,000
7. Net cost to December 31, 1934, after deducting salvage value and al- lowing for additional depreciation at 3 per cent annually	2,372,000	2,395,000	2,986,000
8. Net cost to Dec. 31, 1935, computed as in line 7	2,881,000	2,731,000	3,298,000

The net cost to December 31, 1933, of the Altamont route with wood pipe is \$615,000 in excess of that of the same route with steel pipe and \$811,000 in excess of the cost of the Corral Hollow route with steel pipe. The latter difference will increase with a decrease in the amount of pumping; continuous pumping at the full 45,000,000 gallons daily rate is improbable.

Salvage Value—

No allowance is made for salvage value of wood stave pipe. The salvage value of the steel pipe is determined on the assumption that the pipe would be relaid as a permanent part of the transmission or distributing system of the San Francisco Water Department.

Wood pipe, however, is not used in the Water Department system and there is no place where the Water Department would wish to use it as a permanent installation, so that the salvage value of wood pipe would be only the resale value, which depends on finding a purchaser, a very improbable contingency. The cost of removing the wood pipe would probably be greater than its sale value.

Operating Conditions—

It is expected that the emergency pipe line will be used continuously only during the first ten months after construction. After that time the line will be put in service for short periods only as conditions demand. Long portions of the line will then be dry, or alternately wet and dry, the greater part of its period of use. Wood pipe is undesirable under these conditions, due to the heavy cost of maintenance work necessitated by the alternate wetting and drying of pipe, and loss of water while the joints are open due to shrinkage.

The gradient of the pipe west of Altamont Pass is such that when less than 45,000,000 gallons daily of water is flowing the line will run part full, with the same results as described for alternate wetting and drying.

The wood pipe company suggests that pressure-regulated control valves be installed to maintain the pipe under pressure at all times. This is probably impracticable. In any case several of these valves would be required, at a considerable cost, and use of the valves would also require heavier pipe, at a corresponding increase in cost.

Experience With Wood Stave Pipe—

The higher cost of wood stave pipe over steel pipe is illustrated in bids recently received by the city of Tacoma, Washington, for replacements to its Green River pipe line. The low bid on wood pipe for this line was \$63,554. The low bid on steel pipe for the same line was \$53,757.

The Pacific Gas and Electric Company has several installations of redwood pipe. Two penstock lines, one on the Electra project and the other at the Colgate plant, must be kept full of water at all times to prevent deterioration. Both of these installations require considerable maintenance work. The staves in the pipe are not uniform in quality, and as the pipe gets older more and more of the staves must be replaced.

A 96-inch diameter buried redwood stave pipe was installed by the Pacific Gas and Electric Company in their Wise project in 1916. This pipe serves as a spillway and the flow carried varies from zero to the full capacity of the line. This pipe has deteriorated to such an extent that it must now be replaced. The short life of fifteen years is the result of the alternate wetting and drying of the pipe.

There is a short length of wood stave pipe six feet in diameter in the Lower Cherry Aqueduct of the Hetch Hetchy system. Care is taken to keep this full so far as possible, but even so, repairs are frequently necessary.

SAN FRANCISCO

SANDERSON & PORTER
ENGINEERS

CHICAGO

52 WILLIAM STREET, NEW YORK

San Francisco, September 29, 1931.

To the Honorable, the Chairman and Members of the Public Utilities Committee of the Board of Supervisors of the City and County of San Francisco, City Hall, Civic Center, San Francisco.

Gentlemen:

I have been requested by those interested in the redwood industry

of California, and whose business activities are of magnitude and importance in San Francisco in connection with the commercial application and uses of redwood, to present certain features and conditions in connection with the emergency aqueduct for Hetch Hetchy water pending the completion of the Coast Range tunnels.

As a preliminary, I wish to state that neither my firm of Sanderson & Porter, engineers, nor I personally are now or ever have been interested in the production, sale or manufacture of **redwood or redwood products**; also that, as an engineer in charge of the design and construction of water conduits, I have installed continuous stave redwood pipe, some of it over thirty years ago, and which is still in service with many years of future usefulness.

The need for an aqueduct to by-pass the Coast Range tunnels pending their completion, and in order to insure the early delivery of water to San Francisco, is no reflection upon Mr. Freeman's well-considered plans or Mr. O'Shaughnessy's ably executed construction of the works in accordance with such plans, but is the result of extraordinary conditions that could hardly have been foreseen. The knowledge of the urgent need of such an aqueduct has resulted in the consideration of two routes, each with important differences, one known as the Altamont Route and the other as the Corral Hollow Route.

The Altamont Route requires a pumping lift, including pipe friction, of 440 feet; the Corral Hollow Route requires a pumping lift, including pipe friction, of 1325 feet, or over three times that necessitated by the lower level of the Altamont Route. This is of great importance, because the pumping power required is in direct proportion to the pumping lift, and therefore the cost of power required to pump the same water over the Corral Hollow Route will be over three times that required for the Altamont Route.

The Altamont Route is stated to be 39.8 miles long; the Corral Hollow, 25.9 miles.

The cost estimates of aqueducts on these alternative routes, taken from the published extracts, recommended by City Engineer Mr. O'Shaughnessy, give the cost of the Altamont Route at \$2,840,000 and of the Corral Hollow at \$1,850,000, using steel aqueducts in each case. The published data concerning the recommendation states that "after making allowance for additional pumping costs (during period of use), salvage of pipe, etc., the Corral Hollow location shows a saving of \$130,000." It should also be noted that the Corral Hollow Route will utilize 4.4 miles of the eastern end of the Coast Range tunnels and 3½ miles of the western end.

In the brief published statement of the recommendation there are two indeterminate factors of considerable importance. One is the period of time during which the by-pass aqueduct will be used or needed, and the other is the salvage of pipe, etc., both of which indicate a contemplated comparatively short period of use, and this brings up an exceedingly important question. If the period of needed use could be definitely and positively set as eighteen months, or from June 30, 1932, to the 31st of December, 1933, there would be greater merit in making the comparison of cost of the two routes including the salvage of pipe, etc., but even with this limited period of use there appears to be unquestionably a large saving of costs in favor of the Altamont Route *if other than steel pipe were used in the comparison*. The use of continuous woodstave pipe is practical under moderate pressures, and a saving in cost over steel pipe can be made where conditions permit such heads to be used. In the Corral Hollow Route, the pressures resulting from the high lift call for either steel pipe or a greater number of pumping stations to keep within the limits of practical pressure requirements in order to make the use of woodstave economical, *but the total pumping power required remains the same*.

Under date of August 20, an analysis of costs based on the use of redwood continuous stave pipe over the Altamont Route was submitted by the Redwood Manufacturing Company to City Engineer O'Shaugh-

nessy, with copies to members of the Public Utilities Committee, and I hand you with this communication duplicate copies for your more convenient reference.

In this estimate, the cost of woodstave pipe, installed and including valves and fittings, is given at \$1,199,382, to which must be added costs of right of way, including trenches, etc., and pumping plants, estimated at \$335,000, and an allowance of \$154,000 for engineering, etc., making the total cost of continuous woodstave pipe to deliver 45 million gallons of water per day over the Altamont Route, \$1,689,000, which is quite a different figure from the \$2,840,000 quoted in the published matter concerning this by-pass aqueduct.

This tunnel by-pass aqueduct has been called an emergency aqueduct, and its needed usefulness limited to a comparatively short time or until the completion of the tunnels through the Coast Range, the date of which is tentatively set at about January 1, 1934. The salvaging of pipe, etc., definitely indicates the assumption that when the Coast Range tunnels are completed there will be no further need or use for the emergency by-pass aqueduct pipe. If the emergency by-pass aqueduct is constructed and its later removal acted upon, someone is taking an uncalled-for responsibility of tremendous importance and magnitude. It is well known, and is thoroughly set forth in Freeman's report, that the Coast Range tunnels traverse several different geological formations, including earths and gravels; some of them, particularly in the eastern section, are exceedingly treacherous, unstable, and difficult to handle during tunnel construction. The dividing zones or contacts between these different formations, or some of them at least, show the effect of small movements and indicate the possibility of extensive quick movement or displacement coincident with earthquake.

The Corral Hollow Route contemplates the utilization of 4.4 miles of the eastern end of the Coast Range tunnels and $3\frac{1}{2}$ miles of the western end. With a rupturing collapse or caving of the tunnels in either of these sections, the Corral Hollow emergency by-pass aqueduct would become useless. Furthermore, upon the completion of the Coast Range tunnels and the removal of the by-pass aqueduct, should tunnel failure take place, no Hetch Hetchy water could be delivered to San Francisco during the unwatering of the tunnel and repair period of indeterminate length and attendant cost. It is submitted that no human foresight or skill in construction can safeguard or insure the permanency of the tunnel.

In view of these conditions and the lower first cost, as well as the great saving in operation and interest charges (estimated at \$575,000 for the 18 months' period), it would seem unquestionably advisable to build the emergency pipe line aqueduct over the Altamont Route, using continuous stave redwood pipe and by-passing all Coast Range tunnels, except possibly the $3\frac{1}{2}$ miles of the west end, which, fortunately, appears to be free from faulting.

Furthermore, this emergency pipe line by-pass aqueduct should be maintained and not considered merely as a temporary emergency installation, because it would always be available to supply and deliver forty-five million gallons daily to San Francisco during such time as the Coast Range tunnels may have to be shut down over a lengthy period of time for repair.

While the difficulties already encountered in the construction of the Coast Range tunnels should be sufficiently significant to satisfy almost anyone as to the above conditions, your attention is called to the bulletin of the Seismological Society of America, dated March, 1923, and more particularly the fault map of California by Dr. Bailey Willis, accompanying the bulletin, which shows the location of five well-defined fault lines which the Coast Range tunnels cross. The significance of these fault lines cannot be overlooked.

Freeman's plans for the Hetch Hetchy system gave careful consideration to all of the facts known at that time concerning the geological

formations, and clearly sets forth that duplications of water conduits for any part of the system were not needed because of the large capacity storage and service reservoirs already developed and in reasonably close proximity to the City of San Francisco. He did not foresee, however, the rising of the present emergency, and this merely emphasizes the fact that human foresight at best cannot be fully relied upon when dealing with droughts, earthquakes and other indeterminate forces and manifestations of Nature.

It is suggested that if you have any doubts concerning the more favorable first cost of a by-pass pipe aqueduct constructed of continuous stave redwood pipe over the Altamont Route, all uncertainty can be wholly relieved by the simple expedient of calling for firm bids or proposals, based upon reasonable and competent specifications for such constructed pipe line aqueduct, properly located, including a guaranty bond. By such procedure a rather difficult situation would be relieved and, based upon the analysis of the estimates submitted August 20, above referred to, unquestionably the so-called emergency aqueduct would be located on the Altamont Route, be made of continuous stave redwood, and would, incidentally, provide employment for a far greater number of California men per dollar expended than any other type of conduit.

Respectfully submitted,

WYNN MEREDITH.

August 20, 1931.

The Honorable M. M. O'Shaughnessy, City Engineer, City and County of San Francisco, City Hall, Civic Center, San Francisco.

Dear Sir:

Having conferred verbally relative to the Hetch Hetchy emergency line necessary to deliver Hetch Hetchy water to the Sunol Reservoir at the earliest possible date, I have the following to submit to you, which I believe you should have before you make your final determination as to location and type of line.

After the writer's conversation we acquired a copy of the profile submitted with the City Engineer's report to the Board of Supervisors, showing the line over Altamont Pass from the connection at Tesla Portal to the connection with the Sunol Reservoir, and a profile of the proposed Corral Hollow Route. Our engineers analyzed the two profiles and made up prices on our redwood pipe and cradles, and we will be very glad to build a line over Altamont Pass, carrying forty-five million gallons of water per twenty-four hours, at the prices named below.

We have not submitted figures on using redwood pipe in the Corral Hollow Route because the pressure is too high in most of it for wood pipe. The analysis follows:

The mileage given in this analysis is taken from the above-mentioned profiles and is undoubtedly approximate, as we understand that no actual survey has been made, but the unit prices given in the analysis are exact, and we would be glad to enter into a contract with the City for a line on that basis.

ANALYSIS.

Altamont Line.

10 miles—54-inch I. D. REMCO redwood pipe, average 50 foot head @ \$4.24 per lineal foot.

7 miles—48-inch I. D. REMCO redwood pipe, average 250 foot head @ \$9.60 per lineal foot.

22.8 miles—42-inch I. D. REMCO redwood pipe, average 100 foot head @ \$4.14 per lineal foot.

Cradles—42-inch pipe—\$2.56 each or 26 cents per foot, spaced 10 feet on center; 48 inch and 54 inch—\$3.94 each or 40 cents per foot, spaced 10 feet on center.

	\$4,100,000	\$2,697,000	Saving 1936—\$1,403,000

In making up the analysis we have assumed, as you will note, an arbitrary amount for the right-of-way, the grading, trenching and pumping plants. We do not assume that these prices are correct—they are estimating. You can readily change them to the exact figures in possession of your office. In our comparison we have used the steel pipe prices given in your report, and have used the operating costs for Corral Hollow and Altamont steel given in your report. We have applied that operating cost in the comparison of the pumping cost of the Corral Hollow proposed line and the Altamont line in steel and redwood. By this comparison you will note that if the City installed a redwood line for the 39.8 miles over Altamont the saving in pumping charges alone would be \$414,000 up to December 31, 1933, in comparison to the pumping charges in the Corral Hollow line.

Taking the first cost of the Corral Hollow and the redwood Altamont lines, plus the operating charges of these two lines, the saving at the end of 1933 will be \$575,000 in favor of the redwood line. If the line continued in use until the end of 1934 the saving would be \$851,000. If it continued in use through 1935 the saving would be

\$1,127,000, and with a similar saving each year thereafter in which the line is in operation.

To put it another way, if the use of this line in delivering Hetch Hetchy water to San Francisco is continued through 1935 the saving in pumping charges alone will amount to almost the original cost of the pipe line installed. Therefore, the total salvage value for the pipe would be an additional profit to the City.

A redwood line would be good for at least forty years, as we have many miles of redwood pipe that have been in service for more than forty years without any indication as yet of deterioration.

One of the main factors in this case is that if a redwood line was purchased by the City, approximately 85 per cent of all the money spent for that line would remain in the San Francisco Bay area, only a small proportion being expended outside. The redwood pipe would be erected in place where used by local labor exclusively, and the redwood lumber, from which it is made, would be derived from Mendocino and Humboldt counties.

We believe that the figures given justify a very careful check on your part, and that the saving to the City, as well as the industrial benefit to the Bay community, calls for the use of a redwood pipe line over the Altamont Pass Route in place of the proposed steel line via Corral Hollow.

Yours very truly,

REDWOOD MANUFACTURERS COMPANY,
H. B. WORDEN, Vice-President.

REDWOOD MANUFACTURERS COMPANY

September 4, 1931.

Honorable Jesse C. Colman, Chairman, Public Utilities Committee,
Board of Supervisors, City Hall, Civic Center, San Francisco.

Dear Sir:

I am addressing you not as an official of a corporation manufacturing redwood but on behalf of the redwood industry which for the past eighty years has centered in San Francisco.

I enclose copy of a letter, dated August 20, addressed to City Engineer M. M. O'Shaughnessy, and a copy of Mr. O'Shaughnessy's reply. The matter at issue is fully covered in my letter to Mr. O'Shaughnessy.

After receipt of Mr. O'Shaughnessy's reply I interviewed Mayor Rossi, who inferred in his conversation that the matter should be taken up with the Public Utilities Committee, and acting on the Mayor's inference, I am handing you the enclosed correspondence and this letter.

As you no doubt know, all the redwood in the world is contained in four counties north of San Francisco. Practically all of that redwood is owned by citizens of San Francisco and the metropolitan Bay area. For eighty years past San Francisco has been the owner of, and the center of, the redwood industry, which has been a part of the life and growth of this City since the early '50's.

The redwood industry is certain that the City of San Francisco could be better served with a redwood pipe over the Altamont Pass Route, as shown on the profile submitted to the Board of Supervisors with the City Engineer's report, and that in addition it would save the City approximately one million dollars, which at this time certainly cannot be idly cast aside.

You understand that the figures given in our estimated cost of the redwood line so far as the pipe is concerned are exact, and we, or any redwood company, would build pipe for the figures named. The figures given for the right-of-way, the grading, the trenching, and the pumping plants, are estimates which we have carefully placed very high. For instance, we have included \$105,000 for grading and trenching when there is no trench contemplated except for the road crossings.

Even with those high estimates, as compared with Mr. O'Shaughnessy's statement to the Board of Supervisors of the cost of the Corral Hollow Route, the tremendous saving is manifest.

The life of redwood pipe in that service would be at least fifty years, as the main flow line for the City of Ogden is a redwood pipe, installed in March, 1889. Since that date it has never had any repairs or replacements, being now in service for more than forty-two years. The City of Butte is supplied by more than fifty miles of redwood pipe; a portion of that line was installed in 1892 and the balance in subsequent years. This line has never had any repairs or replacements. The only pipe which can compare with redwood in length of life is cast iron.

As pointed out in my letter to Mr. O'Shaughnessy, if the City purchased a redwood line the lumber for the staves would be supplied from Mendocino and Humboldt counties and would be manufactured into staves on San Francisco Bay. The pipe would be assembled in place by local labor. The manufactured staves, the cradles to support the pipe, and the local labor of erection, amount to from 83 to 85 per cent of the total cost. In other words, if the City purchased a redwood pipe from 83 to 85 cents on every dollar would be returned to the City of San Francisco and its tributary Bay area. Compare this with the tremendous proportion of expenditure in the East for the heavy steel sheets necessary for the Corral Hollow Route line, and the consequent removal of money and labor from this locality to the East.

We believe that this matter is of sufficient importance for the Public Utilities Committee of the Board of Supervisors to review the question before the final surveys, plans and specifications are issued for the Corral Hollow Route. A modification or change of the route and type of pipe at this time would cause no delay.

If a contract was awarded for a redwood pipe over the Altamont Pass Route by the first of December, the pipe would be constructed, tested, and ready for use by the first of June, 1932.

Yours very truly,

H. B. WORDEN.

CITY AND COUNTY OF SAN FRANCISCO
DEPARTMENT OF PUBLIC WORKS
BUREAU OF ENGINEERING

To the Public Utilities Committee of the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

I have reviewed the letter submitted to you under date of September 29, 1931, by Mr. Wynn Meredith of the firm of Sanderson and Porter, Engineers, on behalf of parties interested in the redwood industry, in regard to the substitution of redwood pipe for steel for the emergency pipe line to by-pass the Hetch Hetchy Water Supply Tunnel in the Coast Range during completion of its construction.

Mr. Meredith presents nothing that was not already well known to your committee and to the Board of Supervisors as a whole in his arguments in favor of the construction and permanent maintenance of a pipe line by way of Altamont Pass. In the discussions before the committee and the Board prior to adoption of the ordinance calling for construction of the Corral Hollow line, it was quite clearly brought out that the Corral Hollow route would show considerably heavier operating expense for the actual period of operation than the Altamont route, but in the judgment of the Board this was considered to be compensated by the much lower first cost and interest charges for the Corral Hollow route, and the latter was therefore adopted.

The question as to whether the pipe line should be maintained as a

permanent standby was also discussed at that time, and the possibility of earthquake damage to the tunnel aqueduct was considered. The policy in the operation of the emergency pipe line will be to fill the local reservoirs as soon as possible after the line is completed and to keep them full. Any damage to the tunnel resulting from earthquake or other causes can then be repaired without interruption of the City's water supply, since the storage in the filled reservoirs will be ample to carry the City for many months.

The fault map and other geological data presented by Mr. Meredith were familiar to me at the time of undertaking the Coast Range tunnel construction, and the operating policy above mentioned has been repeatedly described in previous discussions.

All these facts were considered by the Board in the comparison of steel pipe via Corral Hollow and steel pipe via Altamont. The question now under discussion is merely whether wood pipe should be substituted for steel pipe. My views and estimates on that point were submitted to you under date of September 30, and the estimates showed that by way of either Corral Hollow or Altamont, steel pipe would be more economical, all things considered, than wood stave pipe.

Respectfully submitted,

M. M. O'SHAUGHNESSY,

City Engineer.

Adopted.

The following resolution was *adopted*:

Appropriating \$350 for Expense in Connection With Dedication Ceremonies, Sunset Boulevard, October 18, 1931.

Resolution No. 35170 (New Series), as follows:

Resolved, That the sum of \$350 be and the same is hereby set aside, appropriated and authorized to be expended out of Budget Item No. 21 (Supervisors' Incidental Expense), for expense in connection with the Sunset boulevard dedicatory ceremonies, Sunday, October 18, 1931.

Ayes—Supervisors Adriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—18.

ADJOURNMENT.

There being no further business, the Board at the hour of 6:15 p. m. adjourned.

BOARD OF SUPERVISORS

TUESDAY, OCTOBER 13, 1931, 2 P. M.

In Board of Supervisors, San Francisco, Tuesday, October 13, 1931,
2 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McGovern, McSheehy, Peyser, Power, Shannon, Spaulding, Stanton, Suhr—15.

Absent—Supervisors Garrity, Miles, Roncovieri—3.

Quorum present.

His Honor Mayor Rossi presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of October 5, 1931, was considered read and approved.

PRESENTATION OF PROPOSALS.

Bread.

Sealed proposals were received and opened between the hours of 2 and 3 p. m. this date for furnishing bread from November 1, 1931, to February 29, 1932, and *referred to Supplies Committee.*

Printing 500 Copies, Annual Report, Bureau of Engineering.

Sealed proposals were received and opened between the hours of 2 and 3 p. m. this date for printing 500 copies of the annual report of the Bureau of Engineering, 1930-1931, and *referred to Supplies Committee.*

SPECIAL ORDER—3 P. M.

The following matter was taken up. The Chair called for bids and there was no response:

Sale of \$500,000 4½% Boulevard Bonds—Issue of November 1, 1927.

Sealed bids for the purchase of certain bonds of the City of San Francisco, State of California, will be received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Tuesday, October 13, 1931, and will be opened by said Board at said time.

The bonds offered are described as follows:

Five hundred thousand dollars Boulevard Bonds, four and one-half per cent, issue of November 1, 1927, comprising: 35 \$1,000 bonds maturing 1936; 31 \$1,000 bonds maturing each year, 1937 to 1951, inclusive. Interest payable May 1 and November 1.

The said described bonds bear interest at the rate of four and one-half per centum per annum, payable semi-annually, May 1 and Novem-

ber 1, and shall not be sold at a price less than the par value thereof, together with accrued interest thereon at date of delivery.

Bidders may bid for the whole or any part of the bonds here offered, and when a less amount of the whole amount offered is bid on, the bidder shall state the year or years of maturity thereof.

The bonds offered are tax exempt, State and Federal.

Delivery of the bonds to the purchaser will be made within ten days from the date of award, or within such time thereafter as may be agreed upon by the purchaser and Finance Committee of the Board of Supervisors.

All proposals for the purchase of such bonds shall be accompanied by a deposit of five per cent of the amount bid, in lawful money of the United States, or by a deposit of a certified check payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County, for a like sum, provided that no deposit need exceed the sum of \$10,000, and that no deposit need be given by the State of California, which money or check shall be forfeited by the bidder in case he fails to accept and pay for the bonds bid for by him if his bid is accepted.

The approval of Thomson, Wood & Hoffman, attorneys, New York, as to the legality of these bonds is on file in the Clerk's office.

This notice is given pursuant to the direction of a resolution of the Board of Supervisors adopted September 28, 1931.

SPECIAL ORDER—3:30 P. M.

Hearing of Protestants Against the Closing and Abandonment of Portions of Fulton Street Between Hyde and Market Streets.

The following was read by the Clerk:

Resolution No. 35085 (New Series), as follows:

Whereas, there have been filed with the office of the Board of Supervisors several protests against the closing and abandoning of portions of Fulton street between Hyde and Market streets as specifically described in Resolution of Intention No. 34871 (New Series), adopted by the Board of Supervisors August 10, 1931, and approved by the Mayor August 12, 1931; and

Whereas, the posting of said resolution of intention was duly performed according to law by the Board of Public Works, and published for ten days in the official newspaper; and

Whereas, the Board of Public Works has notified the Board of Supervisors of said posting and publishing by Resolution No. 115079 (Second Series); now, therefore, be it

Resolved, That Monday, September 28, 1931, at 3:30 p. m., be and is hereby set for the date of hearing said protests against closing and abandoning Fulton street between Hyde and Market streets; and be it

Further Resolved, That the Clerk of the Board of Supervisors be and is hereby directed to notify any and all of said protestants of said date set for hearing of said protests in the Board of Supervisors of the City and County of San Francisco.

Adopted by the Board of Supervisors September 21, 1931.

Ayes—Supervisors Andriano, Canepa, Gallagher, Garrity, Havenner, Hayden, McGovern, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—14.

Absent—Supervisors Breyer, Colman, McSheehy, Peyser—4.

J. S. DUNNIGAN, Clerk.

Approved September 24, 1931.

ANGELO J. ROSSI, Mayor.

Whereupon, the Clerk proceeded and read the protest of property owners to the proposed closing and abandonment of portions of Fulton street.

Privilege of the Floor.

Alex. M. Wilson and F. W. Leiss, protesting property owners, were then heard at length.

Action Deferred.

Whereupon, on motion of Supervisor Canepa, the foregoing hearing was *continued until the meeting of November 9, 1931.*

Motion.

On motion of Supervisor Andriano the City Attorney was directed to proceed with condemnation suit pending in connection with foregoing proceedings.

SPECIAL ORDER—4 P. M.**Passed for Printing.**

The following bills, presented by Supervisor Gallagher and laid over from last meeting, were explained by William Nanry, secretary for the Mayor's Committee on Charter Installation, and thereupon *passed for printing:*

In re Preparation of Payrolls and Pay Checks or Warrants.

Bill No. 9493, Ordinance No. ——— (New Series), as follows:

Providing for the preparation of payrolls and pay checks or warrants by the Auditor, the maintenance of time records by the several departments, and the distribution of pay checks by the several department heads or their designated representatives.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Auditor shall prepare all time rolls and payrolls for the various departments of the City and County and pay checks for the employees thereof. A "skeleton" time roll, together with a payroll based thereon and pay warrants to accompany each such payroll, shall be prepared for each department or office as a unit, or for each operating subdivision thereof, as requested by the head of any department or office on the basis of the assembly or distribution points for the various employments in each such department or office; provided, however, that the Auditor, by written regulation, may authorize the head of any department having employees engaged in work outside of the City and County, or engaged on construction activities, or which by the circumstances of departmental employment has a large number of changes in employment, to temporarily continue the preparation of payrolls for such employments in such department. The term "department head" as used in this ordinance shall be construed to mean the officer, board or commission having the charge and management of a separate department or office of the City and County.

Section 2. Stencils, addressograph plates or other mechanical system for preparing time and payroll records, together with mechanical office equipment maintained in the several departments for payroll or time roll purposes, shall be transferred to the Auditor's office by the Purchaser of Supplies. Clerical employees heretofore assigned to such work in the several departments on a full time basis, or who perform such duties for a major portion of their time, shall be transferred to the Auditor's office by the Civil Service Commission. Such reallocation of positions shall not adversely affect the civil service rights of any incumbent regularly holding any such position.

Section 3. Time sheet or time roll forms as established by the Committee on Uniform Accounting (Controller) shall be prepared in the Auditor's office for each department or office, or for each operating subdivision thereof, and shall be transmitted by the Auditor to the department head concerned in advance of the first date on which time

is to be recorded on such time rolls. Each such time roll shall show the name, civil service classification and number, and the rate of pay of each employee included thereon.

Section 4. Each department or office, through the head thereof or an employee or employees designated by such head, shall maintain a daily check and a daily posting to the time roll of the time worked by its employees. All overtime for which extra pay is allowed, and vacations, sick leaves and other allowable absences for which no deduction in pay is required, together with leaves, suspensions and other absences without pay, shall be reported by the departments to the Auditor at such times and in such manner as the Auditor, by regulation, may require. At the close of the period of time covered by the time roll, departmental timekeepers shall total the time worked, post the amounts of deductions or allowances other than the retirement fund, and distribute the amount of time and pay by funds, appropriations and objects of expenditure, in accordance with regulations established by the Auditor.

Section 5. Each time roll, when completed as required by Section 4 of this ordinance, shall be certified as correct by the person responsible for the keeping of such time roll and by the department head, and shall be delivered to the secretary of the Civil Service Commission for examination and approval. Any item on any such time roll disapproved shall be taken up by the secretary of the Civil Service Commission with the department concerned, on a standard form prescribed by said Commission and approved by the Auditor. The time rolls approved by the secretary of the Civil Service Commission, with notation thereon of any item disapproved, shall be then certified as approved by the secretary of the Commission and transmitted to the Auditor.

Section 6. Payrolls and pay warrants for each department or office, and for each operating subdivision thereof, shall be prepared by the Auditor on a suitable payroll machine.

Section 7. The payroll and pay warrants for each department and office, or operating subdivision thereof, shall be delivered to such person or persons as the head of the department shall, in writing, filed with the Auditor, authorize to receive the same, and upon the delivery of the same, said person shall receipt to said Auditor for said payroll and said pay warrants. The head of the department shall thereupon cause such pay warrants to be delivered to the respective payees named therein at, or as near as possible to, the places of employment of said employees. Each employee, on receipt of his pay warrant, shall sign the payroll opposite his name, and each such payroll, when completed by the signature of each employee to whom a pay warrant has been delivered, shall be returned by the head of the department to the Auditor, together with any pay warrants which, for any reason, cannot be delivered, and notation as to the reason for such non-delivery.

Section 8. This ordinance shall take effect immediately.

Creating Purchaser's Revolving Fund.

Also, Bill No. 9494, Ordinance No. ——— (New Series), as follows:

Providing for the creation and operation of a "Purchaser's Revolving Fund," for the issuance of all purchase orders and the receiving and checking of all bills by the Purchaser of Supplies, for the preparation and issuance of all warrants by the Auditor, and for the transfer of employees to the Bureau of Supplies.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. There is hereby created and established in the treasury of the City and County of San Francisco a revolving fund to be known and called the "Purchaser's Revolving Fund." Said fund shall consist of such specific appropriations as the Board of Supervisors may,

from time to time, make or set aside for the use of said fund, as well as all other moneys that may be made available for such fund on transfers, as provided by Charter, and on earned discounts. The sum of one thousand dollars (\$1000) is hereby set aside and appropriated to the credit of said fund as an initial appropriation thereto.

Section 2. All purchase orders for materials, supplies and equipment which are to be purchased by or through the Bureau of Supplies shall be issued by the Bureau of Supplies upon requisitions of the various departments; provided, that wherever the Purchaser of Supplies shall deem it necessary or advantageous, on the basis of price conditions, for the City and County to make emergency or quantity purchases of materials or supplies in advance of departmental requisitions and not in excess of departmental needs, he shall issue a Purchaser of Supplies requisition therefor. The Purchaser of Supplies shall not issue a purchase order, and no purchase order except those issued outside the City and County for works or projects outside the City and County, or by departments not required to purchase through, or for things not to be purchased through, the Bureau of Supplies, shall be binding or in force unless the Auditor shall endorse thereon his certificate that there remains unexpended and unapplied a balance of the appropriation or funds applicable thereto sufficient to pay the estimated expense of executing such purchase order, and the Auditor shall encumber the appropriation or fund with the estimated expense of executing the purchase order.

Section 3. The Purchaser of Supplies, with the approval of the Auditor, shall establish such rules and regulations relative to the procedure of handling bills, invoices, claims or demands for materials, supplies, or equipment—hereinafter designated as "bills"—as to vest the Purchaser of Supplies with authority and responsibility for the receiving and checking of all bills and for the prompt payment, through the Purchaser's Revolving Fund, of bills on which discounts may be secured.

Section 4. All bills for materials, supplies and equipment furnished to the City and County on the basis of contracts or purchase orders shall be transmitted by the vendor to the Purchaser of Supplies. Each such bill shall be verified by the Purchaser, who shall check prices, quantities, extensions and footings thereon, and shall attach thereto a goods-received report from the head of the department receiving such materials, supplies or equipment, upon which the head of such department shall approve the bill to be filed for the quantity of materials, supplies or equipment received by his department, at the price or prices specified in the contract or purchase order.

The Purchaser of Supplies shall transmit all such bills to the Auditor after approving and verifying the same as specified herein. The Auditor shall audit such bills and shall prepare all warrants in payment of bills approved by him, excepting, however, bills paid out of the Purchaser's Revolving Fund, as hereinafter provided. On the completion of proceedings and advertising, if any, required by the Charter for the approval and payment of claims and warrants, the Auditor shall transmit copies of vendors' bills to the Purchaser of Supplies and to the receiving department for their records.

The Auditor shall establish such rules and regulations relative to the procedure of approving bills and drawing warrants in payment thereof as he shall deem necessary.

Section 5. Bills to be paid by the Purchaser of Supplies out of the Purchaser's Revolving Fund shall be paid by a warrant on such fund drawn and signed by the Purchaser of Supplies and approved by the Chairman of the Finance Committee and the Auditor. After a bill has been paid from the Purchaser's Revolving Fund the Purchaser of Supplies shall stamp on the face of each copy of said bill a notice that the bill has been paid from the Purchaser's Revolving Fund. Transfers shall be made from, or warrants shall be drawn on, the proper funds or appropriations in such manner as shall be prescribed by the Auditor, and made payable to the Purchaser's Revolving Fund

for the reimbursement of such fund, and shall be for the gross amount of each such bill.

Section 6. The Purchaser of Supplies shall maintain appropriate accounting records of the transactions of the Purchaser's Revolving Fund to show cash and unencumbered balances, amounts of appropriations and transfers thereto, and from which budget item or fund, if any, each such appropriation or transfer was made; disbursements therefrom, and to which fund, account, department or budget item such disbursements are to be charged, and the value and the amount of discount earned to be accumulated and retained in the Purchaser's Revolving Fund. The Purchaser of Supplies shall file a report with the Auditor monthly, showing the transactions handled through such fund during the preceding month. The forms, records and procedure established by the Purchaser of Supplies and the Auditor for the ordering of materials, supplies and equipment, and the recording of transfers, appropriations and payments to and from the Purchaser's Revolving Fund are hereby approved and may be changed only on the joint approval of the Auditor and the Purchaser of Supplies.

Section 7. Employees of those departments required to make purchases through the Bureau of Supplies who are exclusively performing the duties of requisitioning, ordering, receiving or checking of materials, supplies and equipment, or the receiving, checking and payment of bills therefor, shall, by the terms of this ordinance, be transferred to and be deemed employees of the Bureau of Supplies.

Section 8. This ordinance shall take effect immediately.

UNFINISHED BUSINESS.

Final Passage.

The following matters heretofore passed for printing were taken up and *finally passed* by the following vote:

Authorizations.

On recommendation of Finance Committee.

Resolution No. 35171 (New Series), as follows:

Resolved, That the following amounts be and the same are hereby authorized to be expended out of the hereinafter mentioned funds in payment to the following named claimants, to-wit:

Amending Ordinance No. 7691 (New Series), "Traffic Ordinance."

On recommendation of Traffic Committee.

Bill No. 9490, Ordinance No. 9077 (New Series), as follows:

Amending Ordinance No. 7691 (New Series), entitled "An ordinance regulating traffic upon the public streets and repealing all ordinances inconsistent herewith," as to Section 35, by prohibiting the stopping, standing or parking of motor vehicles, whether attended or unattended, within ten feet of a fire hydrant in addition to places heretofore mentioned; and Section 36(a)(1) by prohibiting parking on the north side of Merchant street between Kearny and Montgomery streets, except for loading or unloading purposes only.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Sections 35 and 36(a)(1) of Ordinance No. 7691 (New Series), the title of which is recited above, are hereby amended to read as follows:

Section 35. It shall be unlawful for the driver of a vehicle to stop, stand or park such vehicle, *whether attended or unattended*, except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer or traffic control signal in any of the following places:

- (1) Within an intersection.
- (2) On a crosswalk.
- (3) Between a safety zone and the adjacent curb or within twenty (20) feet of points on the curb immediately opposite the ends of a safety zone.
- (4) Within fifteen (15) feet of an intersection ahead on the right half of a roadway.
- (5) Within ten (10) feet of an intersection to the rear on the right half of a roadway.
- (6) Within ten (10) feet of an intersection formed by a street and an alley; provided, that nothing contained in paragraphs (4), (5) and (6) of this section shall apply to intersections formed by a street and a blind alley.

(7) Within twenty (20) feet of the *driveway* entrance to any fire station.

(8) *Within ten (10) feet of a fire hydrant.*

(9) At any place not to exceed ten (10) feet from the driveway of a garage when designated by official markings.

Upon all streets within the Central Traffic District or any business district the Police Department shall designate the provisions of paragraphs (3), (4), (5) and (6) of this section by placing and maintaining red paint or other red material upon the entire curb surface within such area, omitting any crosswalk area.

Provisions of paragraph (9) of this section shall be designated by placing red paint or other red material upon the curb at locations designated by the Police Department. Records shall be kept of all zones so established.

36(a). *Standing for Loading Only in Certain Places.* During the times specified herein it shall be unlawful for an operator to stand a passenger vehicle for a period of time longer than is necessary for the loading or unloading of passengers, provided such loading or unloading shall not consume more than three minutes, except in passenger-loading zones; nor for an operator to stand any commercial vehicle for a period of time longer than is necessary to load, unload and deliver materials, provided that the loading, unloading and delivery of said materials shall not consume more than twenty minutes, in any of the following places:

(1) In any public alley, other than the *south* side of Merchant street between Kearny and Montgomery streets, or the east side of Spring street between California and Sacramento streets, in the Central Traffic District or in any business district during any hour of the day or night.

(2) At any place not to exceed one hundred (100) feet from the intersection of any street with the southerly property line of Market street, from The Embarcadero to Van Ness avenue, between the hours of seven (7) a. m. and six (6) p. m. of any day; at any place not to exceed one hundred (100) feet from the prolongation of the northerly and westerly property lines, at intersections immediately adjacent to Market street, of those streets intersecting Market street from the northerly side, from The Embarcadero to Van Ness avenue, between the hours of seven (7) a. m. and six (6) p. m. of any day.

(3) At any place between the portal of any tunnel and seventy-five (75) feet therefrom at any hour of any day.

(4) At any place where the grade of the roadway exceeds twenty (20) per cent.

(5) In any loading zone duly established before the entrance to the following places:

Before the entrance to a hospital, day or night.

Before the entrance to a police station, day or night.

Before the entrance to a hotel, day or night.

Before the passenger entrance to a theatre during performance.

Before the entrance to a church during services.

In loading zones other than those above specified, from seven (7) a. m. to six (6) p. m. on any day excepting Sundays and legal holidays.

(b) It shall be unlawful for any operator of a vehicle to stand said vehicle in duly established taxicab stand; provided, however, that this provision shall not apply to the operators of duly licensed taxicabs authorized to occupy said stands.

(c) It shall be unlawful at any time during the day or night to stand a vehicle in a passenger-loading zone longer than five minutes, and it shall be unlawful to stand any commercial vehicle in such zone.

(d) The Police Department shall cause to be placed and maintained suitable signs to designate the provisions of this section. The Board of Supervisors shall designate the location of loading zones and passenger-loading zones as defined by Section 1 of this ordinance, provided that a curb space of not to exceed fifty (50) per cent of the total curb

length of any street between intersections may be reserved for loading zones and passenger-loading zones. A curb space not to exceed one hundred (100) feet may be reserved temporarily or in an emergency by the Police Department at any place where required by public convenience.

Section 2. This ordinance shall take effect immediately.

Committee on Redwood Empire Convention.

The following was presented and read by the Clerk:

San Francisco, Cal., October 13, 1931.

Honorable Board of Supervisors, City Hall, San Francisco.

Gentlemen: Under authorization of your Honorable Board I have appointed a committee of three Supervisors, viz.: Andrew J. Gallagher, Fred Suhr and Carl W. Miles, to attend the Redwood Empire Association Convention at Sonoma Inn on October 15th, 16th and 17th.

Yours very truly,

ANGELO J. ROSSI, Mayor.

Report of Supervisor McSheehy on Transactions of Thirty-third Annual Convention of League of California Municipalities.

The following was presented, read and referred to the Joint Committee on Finance and Public Welfare:

October 1, 1931.

To the Honorable Board of Supervisors, San Francisco, California.

Gentlemen: On the 2nd of September, 1931, his Honor Mayor Rossi appointed a committee of three members of this Board to attend the thirty-third annual convention of the League of California Municipalities, held at the Hotel Del Monte, Monterey, California, on September 21 to 24, 1931, inclusive.

The League of California Municipalities is composed of mayors, supervisors, city managers, health officers, engineers, street superintendents, city attorneys, planners, city clerks, auditors, assessors, treasurers and purchasing agents.

The following problems were considered at the convention:

1. The unemployment situation.
2. Street improvement laws.
3. Limitation of special assessments.
4. Health problems.
5. Civic accounting.

The problem on unemployment was assigned to mayors, supervisors and city managers' division. The following resolutions were recommended to the League and unanimously adopted:

Resolution No. 1

Whereas, the problem of devising ways and means of immediate relief of the unemployed is one of the most important matters confronting our cities and, in fact, the whole country today; and

Whereas, on account of the extensive use of labor-saving machinery a situation has been reached where production exceeds the power of consumption; and

Whereas, men have been thrown out of work because of this situation, their earning power has been cut off and they are unable to earn sufficient on account of labor-saving machinery; and

Whereas, it is the opinion that, in order to distribute the benefits of labor-saving machinery more equitably and give employment to a greater number of people, a reduction of the hours of labor is desirable; now, therefore, be it

Resolved, That all employers of labor, public and private, be urged to employ labor for a working period of not to exceed eight hours a day and five days a week; and

Resolved, further, that in order to set a good example for private industry to follow, we suggest that legislation be enacted so that all public employers of labor, regardless of the kind of work being done, whether Federal, State, county or municipal, place all of their employees on a five-day week basis, and, furthermore, that they immedi-

ately employ additional labor to the extent of funds made available by this program; and be it further

Resolved, that where employees in the State of California are the recipients of retired compensation and are now employed by any private or public employer, that said employer be asked to relieve said retired man of his duties, to be replaced by some one of our great army of unemployed; be it further

Resolved, That copies of this resolution be officially sent through the secretary of this convention to his Excellency the Governor of the State of California, Mr. James Rolph, Jr., to the governing body of every county and city of the State of California.

Resolution No. 2.

To his Excellency Governor James Rolph, Jr.:

Whereas, the problem of unemployment has become acute throughout the length and breadth of this land and it has become imperative that some means of providing ways and means of immediate relief is one of the most important matters confronting our cities today; and

Whereas, on account of the extensive use of labor-saving machinery, a situation has been reached where we must devise some way of distributing equitably the benefits of labor-saving machinery and give employment to a greater number of people; and

Whereas, this situation appears to be as critical at the present time, if not more so, than it was a short time ago, with indications that there is no relief in sight unless some immediate action is taken on the part of all government, including Federal, State and local government; and

Whereas, funds in the form of surpluses which have existed in local government have already been used to carry on public works of various sorts and character, in order that men could be employed and relief work carried on, until at the present time we find ourselves faced with a still greater problem of unemployment, with no source of income to carry on the same; now, therefore, be it

Resolved, That this convention of the League of California Municipalities, in convention assembled at the Del Monte Hotel, Del Monte, California, urge upon his Excellency Governor James Rolph, Jr., of California to call together the Legislature of this State in special session, to enact legislation that will bring about either immediate relief in the form of a public works program or permanent relief in the form of shorter working hours with a less number of days per week, or both.

Thirty-three years ago the League of California Municipalities was organized and held its first convention here in San Francisco and elected its first president, the late Senator Phelan. An unwritten rule was adopted that the convention should be held one year in the northern section of the State and one year in the southern section of the State. This year it was held in Monterey; next year it will be held in San Diego.

Your committee submitted invitations from his Honor the Mayor, the San Francisco Chamber of Commerce, Tourists' Convention League, Hotelmen's Association, Down Town Association, and this Board, that the 1933 convention be held in San Francisco. A personal canvass was made of all the members. The Tourists' Convention League was represented by a Mr. A. R. Gatter, and he, with our investigator, Mr. O'Neill, placed a California poppy on the lapel of some 700 delegates. We found a most hearty response in favor of San Francisco, and we feel that when San Francisco's name is presented, which it will be next year, that the convention will be held in San Francisco in 1933. It has never been held here since its inauguration, some thirty-three years ago.

Your committee recommends that the two resolutions on unemployment be adopted by this Board and that this committee present these

resolutions to his Excellency Governor James Rolph Jr., and the State Legislature when it convenes, requesting their adoption, and that the balance of this report be filed and made a part of the record.

Respectfully submitted,

JAMES B. McSHEEHY, Chairman.

VICTOR J. CANEPA.

JEFFERSON E. PEYSER.

Death of Marius Kast, Superintendent of Supplies.

Supervisor Hayden called attention to the passing of Marius Kast, Superintendent of Supplies, whom he eulogized highly for his faithful, efficient and devoted service as a city employee over a period of twenty years, and moved that when the Board adjourn it do so out of respect to his memory, and that the Clerk be directed to prepare suitable resolutions of condolence commemorating his death.

Motion adopted unanimously by rising vote.

ADJOURNMENT.

There being no further business, the Board at the hour of 5:15 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors October 19, 1931.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

Treasurer to Sell \$500,000 of 1927 Highway and Boulevard Bonds at a Price Not Less Than Par Value of Same.

Also, Resolution No. 35194 (New Series), as follows:

Whereas, there was on the eighth day of November, 1927, submitted to the electors of the City and County of San Francisco, the proposition of authorizing the issuance of nine million three hundred and eighty thousand dollars of bonds of the City and County of San Francisco, for the purpose of highway and boulevard public improvement; and

Whereas, on said date, more than two-thirds of the electors voting on said proposition voted in favor of the issuance of said bonds; and

Whereas, thereafter the Board of Supervisors of the City and County of San Francisco did do and perform all the necessary acts and things relative to the issuance of said bonds, and did heretofore by notice published in the official newspaper of the City and County of San Francisco, give notice that bids for said five hundred thousand dollars of said bonds, authorized as aforesaid, would be received in the chambers of the Board of Supervisors of the City and County of San Francisco at 3 o'clock p. m. on Tuesday, the thirteenth day of October, 1931; and

Whereas, no bids in conformity with the proposal offering said bonds for sale was received by the said Board of Supervisors at said time and place specified for the receiving of bids for said bonds, and that five hundred thousand dollars of said bonds now remain unsold; now, therefore, be it

Resolved, That said Board of Supervisors, with the concurrence of fourteen members of said Board, and with the approval of the Mayor of the City and County of San Francisco, do hereby place said unsold bonds on sale at the City Treasury in the City and County of San Francisco, and do hereby authorize the Treasurer of the City and County of San Francisco to sell five hundred thousand dollars of said bonds, if and when one or more bona fide offers are

received by said Treasurer, which said offer or offers shall in the aggregate cover said five hundred thousand dollars of said bonds. It is the intent of this resolution to authorize the Treasurer to sell said bonds only in the event that the whole of said five hundred thousand dollars thereof is disposed of at one time; and be it

Further Resolved, That the price at which said bonds may be sold shall be not less than the par value thereof, together with the interest accrued thereon at the date of sale; and be it

Further Resolved, That the authority herein given to the Treasurer of the City and County of San Francisco to sell said bonds as hereinbefore set forth, shall remain in force until the same is revoked by resolution of the Board of Supervisors.

Granting Permit to Market Street Railway Company to Operate Automobile Bus Line From Twenty-fifth Avenue and Lincoln Way to Twenty-seventh Avenue and Noriega Street.

On recommendation of Public Utilities Committee.

Resolution No. ——— (New Series), as follows:

Resolved, That the Market Street Railway Company, a corporation, be and it is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate automobile busses over and on the hereinafter described route in the City and County of San Francisco, to-wit:

Beginning at Twenty-fifth avenue and Lincoln way; thence east on Lincoln way to Twenty-fourth avenue; thence south on Twenty-fourth avenue to Irving street; thence west on Irving street to Twenty-fifth avenue; thence south on Twenty-fifth avenue to Noriega street; thence west on Noriega street to Twenty-seventh avenue; thence north on Twenty-seventh avenue to Moraga street; thence east on Moraga street to Twenty-fifth avenue; thence north on Twenty-fifth avenue to Lincoln way and point of beginning.

That the permit be and the same is hereby granted upon the terms and conditions hereinafter set forth, and the acceptance or use of said permit by said Market Street Railway Company shall be deemed to be an assent to all of said terms and conditions, and for the holding of said permit subject thereto, which said terms and conditions are as follows:

(a) That nothing herein contained shall be considered to be a franchise granted to said Market Street Railway Company to operate said busses, nor shall the same ever become or ripen into a franchise, and that the permit herein granted shall at all times be revocable at the will of the Board of Supervisors, and upon the revocation of the same all rights and privileges herein granted shall cease and determine, and the said permit or any of the privileges thereby granted, or exercised thereunder, shall not, in any proceedings instituted by the City of San Francisco to acquire the system of said Market Street Railway Company, be deemed an asset or thing of value to said system.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Congress to Be Memorialized to Amend Prohibition Law.

Supervisor Canepa presented:

Resolution No. ——— (New Series), as follows:

Whereas, data compiled by experts throughout the United States shows that the legal sale and distribution of light wines and beer would constitute a colossal boon to the prevailing economic situation; to the farmer and orchardist through the stimulus lent by the consumption of grain, hops and grapes; to the lumber, steel and allied industries through the demand for materials requisite in the erection of buildings and the fabrication of machinery and other equipment; to the railroads through the haul of raw materials as well as the finished products; to labor; and to the public generally through a reduction in taxes commensurate with the amount to be derived from license and other taxes imposed by the Government, plus the amount saved through the lessened cost of prohibition enforcement; and

Whereas, the American Legion, the American Federation of Labor, the American Bar Association, and the American Medical Association,

organizations which, because of the high character of their members and their devotion to true American ideals and traditions, hold sacred the welfare of our country; organizations which, because they are nation-wide in scope, tend to authentically reflect the attitude of the American public, did at their national conventions, go on record as favoring a change in the law to permit the sale and consumption of beverages with an increased alcoholic content; and

Whereas, it is the belief of this Board of Supervisors that the increase in crime in this country is largely attributable to the Prohibition amendment and the stringent measures of the Volstead Act, with its companion laws, and that such severe and unpopular laws tend to imbue the public with a laxity of respect for all laws, particularly children who are incapable of deliberating upon the moral value of a law but who are apt to adopt the attitude of their elders toward the Volstead Act and apply it indiscriminately; and

Whereas, it is the firm belief of this Board of Supervisors, concluded from a general knowledge of metropolitan cities (as indicated by the most accurate surveys possible), and from expressions of sentiment coupled with a cognizance of the desires characteristic of our people, that the majority of the citizens and residents of the City and County of San Francisco favor modification of the prohibition laws to permit the sale, distribution and consumption of beverages with an increased alcoholic content; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby memorialize Congress and does urge that the law be amended to permit the sale, distribution and consumption of beverages with an increased alcoholic content; and be it

Further Resolved, That a copy of this resolution be forwarded to all of California's representatives in the United States Congress, as well as to President Hoover and Vice-President Curtis.

Relative to the Use of Redwood Stave Pipe for Hetch Hetchy Pipe Line.

Supervisor Colman:

Under my name on the roll call I wish to say that the Utilities Committee held a meeting at 2 o'clock to consider the matter of the advisability of purchasing wood stave pipe for Hetch Hetchy, the question being to call for bids. The majority of the committee recommended. A resolution will come into the Board from the City Attorney's office. Have you received it, Mr. Clerk?

Clerk: No, it has not arrived.

Subsequently the following resolution was presented by Supervisor Colman, who moved its adoption:

Resolution No. ——— (New Series), as follows:

Resolved, That the City Attorney be and he is hereby directed to prepare and present to this Board suitable legislation repealing Ordinance No. 9044 (New Series), passed by this Board on the third day of August, 1931, and approved by the Mayor on August 5, 1931, and also to prepare and present to this Board an ordinance directing the Board of Public Works of the City and County of San Francisco to prepare plans and specifications for, and an estimate of the cost of a steel pipe line, to be an integral part of the Hetch Hetchy water project and to commence at the bottom of the Thomas Shaft of the Coast Division of the Hetch Hetchy aqueduct tunnel and to continue over and along the proposed route submitted by the City Engineer through the Board of Public Works, pursuant to Ordinance No. 9007 (New Series), which said route is designated and known as the Corral Hollow route, and to connect with the continuation of said aqueduct tunnel at the westerly portal thereof at Alameda Creek, together with plans and specifications and an estimate of the cost of the necessary pumping equipment to operate said pipe line to capacity hereinafter set forth; and also to prepare the descriptions of the necessary lands, easements and rights of way for said pipe line; and also directing said Board of Public Works to prepare plans and specifications and an estimate of the cost of a redwood stave pipe line,

to be an integral part of the Hetch Hetchy water project, and to commence at the westerly terminus of the Hetch Hetchy pipe line across the San Joaquin Valley, which is now under construction, and to continue over and along the route commonly known as the Altamont Pass route, and to connect with the westerly portal of the Hetch Hetchy aqueduct tunnel at Alameda Creek, together with plans and specifications for an estimate of the cost of the necessary pumping equipment to operate said pipe line to the capacity hereinafter set forth, and also directing said Board of Public Works to prepare the descriptions for the necessary lands, easements and rights of way for said last mentioned pipe line and last mentioned pumping equipment; and also directing the said Board of Public Works to advertise separately for bids for the construction of each of said pipe lines and the pumping equipment incident thereto, and to accept the lowest and best bid which may be made for the construction of either of said pipe lines and pumping equipment, and to enter into a contract with said bidder for the construction of said pipe line and pumping equipment; and also directing the said Board of Public Works to acquire the necessary rights of way, lands and easements for the pipe line and pumping equipment for construction of which said contract may be let.

Privilege of the Floor.

H. B. Werden and M. Jerken, representing Pacific Pipe and Tank Company, were heard at length respecting the issue before the Board.

Request That Army and Navy Football Game Be Held in San Francisco on Armistice Day.

Supervisor Shannon presented:

Resolution No. 35212 (New Series), as follows:

Whereas, the headquarters of the Twelfth Naval District and the Ninth Corps Area, United States Army, are both located in the City and County of San Francisco; and

Whereas, these two branches of the service meet each year, on Armistice Day, in a football game both colorful and noteworthy, and which is attended by many thousands of people; and

Whereas, the majority of the people who attend this football game live in San Francisco and on the Peninsula; and

Whereas, San Francisco has adequate facilities to accommodate this game; and

Whereas, by reason of the fact that both the Army and Naval headquarters for this District are located here, San Francisco is the logical place in which to hold this game; now, therefore, be it

Resolved, That this Board of Supervisors does hereby request the

officials in charge of this annual football game to hold it in San Francisco on Armistice Day, 1932; and be it

Further Resolved, That the members of the Board of Supervisors do hereby pledge themselves, both as officials and individuals, to earnestly and diligently work for the accomplishment of this end; and be it

Further Resolved, That a copy of this resolution be forwarded to the officers in charge of the Twelfth Naval District and the Ninth Corps Area.

Adopted by the following vote:

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Havenner, Hayden, McSheehy, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—14.

Commendation of Hearst Papers for Support of Six-Hour Day in Industry.

Supervisor Garrity presented:

Resolution No. 35217 (New Series), as follows:

Whereas, in last Sunday's edition of all the Hearst papers there appeared a signed editorial by William Randolph Hearst recommending and urging the adoption of a six-hour day in industry; and

Whereas, this is in accordance with the best thought of those Union representatives of the building industry who have been dealing with remedial measures for correction of the prolonged condition of unemployment; and

Whereas, it is believed that the best interests of labor and industry will be advanced by the official adoption of the six-hour day; now, therefore, be it

Resolved, That this Board of Supervisors commends the helpful suggestion and recommendation given by the publisher of the Hearst papers which have now been adopted by the Impartial Wage Board, and urges similar action and the adoption of like measures officially throughout the United States.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—16.

In re Preparation of Payrolls and Pay Checks or Warrants.

Also, Bill No. 9493, Ordinance No. 9079 (New Series), as follows:

Providing for the preparation of payrolls and pay checks or warrants by the Auditor, the maintenance of time records by the several departments, and the distribution of pay checks by the several department heads or their designated representatives.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Auditor shall prepare all time rolls and payrolls for the various departments of the City and County and pay checks for the employees thereof. A "skeleton" time roll, together with a payroll based thereon and pay warrants to accompany each such payroll, shall be prepared for each department or office as a unit, or for each operating subdivision thereof, as requested by the head of any department or office on the basis of the assembly or distribution points for the various employments in each such department or office; provided, however, that the Auditor, by written regulation, may authorize the head of any department having employees engaged in work outside of the City and County, or engaged on construction activities, or which by the circumstances of departmental employment has a large number of changes in employment, to temporarily continue the preparation of payrolls for such employments in such department. The term "department head" as used in this ordinance shall be construed to

mean the officer, board or commission having the charge and management of a separate department or office of the City and County.

Section 2. Stencils, addressograph plates or other mechanical system for preparing time and payroll records, together with mechanical office equipment maintained in the several departments for payroll or time roll purposes, shall be transferred to the Auditor's office by the Purchaser of Supplies. Clerical employees heretofore assigned to such work in the several departments on a full time basis, or who perform such duties for a major portion of their time, shall be transferred to the Auditor's office by the Civil Service Commission. Such reallocation of positions shall not adversely affect the civil service rights of any incumbent regularly holding any such position.

Section 3. Time sheet or time roll forms as established by the Committee on Uniform Accounting (Controller) shall be prepared in the Auditor's office for each department or office, or for each operating subdivision thereof, and shall be transmitted by the Auditor to the department head concerned in advance of the first date on which time is to be recorded on such time rolls. Each such time roll shall show the name, civil service classification and number, and the rate of pay of each employee included thereon.

Section 4. Each department or office, through the head thereof or an employee or employees designated by such head, shall maintain a daily check and a daily posting to the time roll of the time worked by its employees. All overtime for which extra pay is allowed, and vacations, sick leaves and other allowable absences for which no deduction in pay is required, together with leaves, suspensions and other absences without pay, shall be reported by the departments to the Auditor at such times and in such manner as the Auditor, by regulation, may require. At the close of the period of time covered by the time roll, departmental timekeepers shall total the time worked, post the amounts of deductions or allowances other than the retirement fund, and distribute the amount of time and pay by funds, appropriations and objects of expenditure, in accordance with regulations established by the Auditor.

Section 5. Each time roll, when completed as required by Section 4 of this ordinance, shall be certified as correct by the person responsible for the keeping of such time roll and by the department head, and shall be delivered to the secretary of the Civil Service Commission for examination and approval. Any item on any such time roll disapproved shall be taken up by the secretary of the Civil Service Commission with the department concerned, on a standard form prescribed by said Commission and approved by the Auditor. The time rolls approved by the secretary of the Civil Service Commission, with notation thereon of any item disapproved, shall be then certified as approved by the secretary of the Commission and transmitted to the Auditor.

Section 6. Payrolls and pay warrants for each department or office, and for each operating subdivision thereof, shall be prepared by the Auditor on a suitable payroll machine.

Section 7. The payroll and pay warrants for each department and office, or operating subdivision thereof, shall be delivered to such person or persons as the head of the department shall, in writing, filed with the Auditor, authorize to receive the same, and upon the delivery of the same, said person shall receipt to said Auditor for said payroll and said pay warrants. The head of the department shall thereupon cause such pay warrants to be delivered to the respective payees named therein at, or as near as possible to, the places of employment of said employees. Each employee, on receipt of his pay warrant, shall sign the payroll opposite his name, and each such payroll, when completed by the signature of each employee to whom a pay warrant has been delivered, shall be returned by the head of the department to the Auditor, together with any pay warrants which, for any reason, cannot be delivered, and notation as to the reason for such non-delivery.

Section 8. This ordinance shall take effect immediately.

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McGovern, McSheehy, Peyser, Power, Shannon, Stanton, Suhr—14.

Absent—Supervisors Garrity, Miles, Roncovieri, Spaulding—4.

Creating Purchaser's Revolving Fund.

Also, Bill No. 9494, Ordinance No. 9080 (New Series), as follows:

Providing for the creation and operation of a "Purchaser's Revolving Fund," for the issuance of all purchase orders and the receiving and checking of all bills by the Purchaser of Supplies, for the preparation and issuance of all warrants by the Auditor, and for the transfer of employees to the Bureau of Supplies.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. There is hereby created and established in the treasury of the City and County of San Francisco a revolving fund to be known and called the "Purchaser's Revolving Fund." Said fund shall consist of such specific appropriations as the Board of Supervisors may, from time to time, make or set aside for the use of said fund, as well as all other moneys that may be made available for such fund on transfers, as provided by Charter, and on earned discounts. The sum of one thousand dollars (\$1000) is hereby set aside and appropriated to the credit of said fund as an initial appropriation thereto.

Section 2. All purchase orders for materials, supplies and equipment which are to be purchased by or through the Bureau of Supplies shall be issued by the Bureau of Supplies upon requisitions of the various departments; provided, that wherever the Purchaser of Supplies shall deem it necessary or advantageous, on the basis of price conditions, for the City and County to make emergency or quantity purchases of materials or supplies in advance of departmental requisitions and not in excess of departmental needs, he shall issue a Purchaser of Supplies requisition therefor. The Purchaser of Supplies shall not issue a purchase order, and no purchase order except those issued outside the City and County for works or projects outside the City and County, or by departments not required to purchase through, or for things not to be purchased through, the Bureau of Supplies, shall be binding or in force unless the Auditor shall endorse thereon his certificate that there remains unexpended and unapplied a balance of the appropriation or funds applicable thereto sufficient to pay the estimated expense of executing such purchase order, and the Auditor shall encumber the appropriation or fund with the estimated expense of executing the purchase order.

Section 3. The Purchaser of Supplies, with the approval of the Auditor, shall establish such rules and regulations relative to the procedure of handling bills, invoices, claims or demands for materials, supplies, or equipment—hereinafter designated as "bills"—as to vest the Purchaser of Supplies with authority and responsibility for the receiving and checking of all bills and for the prompt payment, through the Purchaser's Revolving Fund, of bills on which discounts may be secured.

Section 4. All bills for materials, supplies and equipment furnished to the City and County on the basis of contracts or purchase orders shall be transmitted by the vendor to the Purchaser of Supplies. Each such bill shall be verified by the Purchaser, who shall check prices, quantities, extensions and footings thereon, and shall attach thereto a goods-received report from the head of the department receiving such materials, supplies or equipment, upon which the head of such department shall approve the bill to be filed for the quantity of materials, supplies or equipment received by his department, at the price or prices specified in the contract or purchase order.

The Purchaser of Supplies shall transmit all such bills to the Auditor after approving and verifying the same as specified herein. The Auditor

shall audit such bills and shall prepare all warrants in payment of bills approved by him, excepting, however, bills paid out of the Purchaser's Revolving Fund, as hereinafter provided. On the completion of proceedings and advertising, if any, required by the Charter for the approval and payment of claims and warrants, the Auditor shall transmit copies of vendors' bills to the Purchaser of Supplies and to the receiving department for their records.

The Auditor shall establish such rules and regulations relative to the procedure of approving bills and drawing warrants in payment thereof as he shall deem necessary.

Section 5. Bills to be paid by the Purchaser of Supplies out of the Purchaser's Revolving Fund shall be paid by a warrant on such fund drawn and signed by the Purchaser of Supplies and approved by the Chairman of the Finance Committee and the Auditor. After a bill has been paid from the Purchaser's Revolving Fund the Purchaser of Supplies shall stamp on the face of each copy of said bill a notice that the bill has been paid from the Purchaser's Revolving Fund. Transfers shall be made from, or warrants shall be drawn on, the proper funds or appropriations in such manner as shall be prescribed by the Auditor, and made payable to the Purchaser's Revolving Fund for the reimbursement of such fund, and shall be for the gross amount of each such bill.

Section 6. The Purchaser of Supplies shall maintain appropriate accounting records of the transactions of the Purchaser's Revolving Fund to show cash and unencumbered balances, amounts of appropriations and transfers thereto, and from which budget item or fund, if any, each such appropriation or transfer was made; disbursements therefrom, and to which fund, account, department or budget item such disbursements are to be charged, and the value and the amount of discount earned to be accumulated and retained in the Purchaser's Revolving Fund. The Purchaser of Supplies shall file a report with the Auditor monthly, showing the transactions handled through such fund during the preceding month. The forms, records and procedure established by the Purchaser of Supplies and the Auditor for the ordering of materials, supplies and equipment, and the recording of transfers, appropriations and payments to and from the Purchaser's Revolving Fund are hereby approved and may be changed only on the joint approval of the Auditor and the Purchaser of Supplies.

Section 7. Employees of those departments required to make purchases through the Bureau of Supplies who are exclusively performing the duties of requisitioning, ordering, receiving or checking of materials, supplies and equipment, or the receiving, checking and payment of bills therefor, shall, by the terms of this ordinance, be transferred to and be deemed employees of the Bureau of Supplies.

Section 8. This ordinance shall take effect immediately.

Granting Permit to Market Street Railway Company to Operate Automobile Bus Line From Twenty-fifth Avenue and Lincoln Way to Twenty-seventh Avenue and Noriega Street.

On recommendation of Public Utilities Committee.

Resolution No. 35233 (New Series), as follows:

Resolved, That the Market Street Railway Company, a corporation, be and it is hereby granted permission, revocable at will of the Board

of Supervisors, to maintain and operate automobile busses over and on the hereinafter described route in the City and County of San Francisco, to-wit:

Beginning at Twenty-fifth avenue and Lincoln way; thence east on Lincoln way to Twenty-fourth avenue; thence south on Twenty-fourth avenue to Irving street; thence west on Irving street to Twenty-fifth avenue; thence south on Twenty-fifth avenue to Noriega street; thence west on Noriega street to Twenty-seventh avenue; thence north on Twenty-seventh avenue to Moraga street; thence east on Moraga street to Twenty-fifth avenue; thence north on Twenty-fifth avenue to Lincoln way and point of beginning.

That the permit be and the same is hereby granted upon the terms and conditions hereinafter set forth, and the acceptance or use of said permit by said Market Street Railway Company shall be deemed to be an assent to all of said terms and conditions, and for the holding of said permit subject thereto, which said terms and conditions are as follows:

(a) That nothing herein contained shall be considered to be a franchise granted to said Market Street Railway Company to operate said busses, nor shall the same ever become or ripen into a franchise, and that the permit herein granted shall at all times be revocable at the will of the Board of Supervisors, and upon the revocation of the same all rights and privileges herein granted shall cease and determine, and the said permit or any of the privileges thereby granted, or exercised thereunder, shall not, in any proceedings instituted by the City of San Francisco to acquire the system of said Market Street Railway Company, be deemed an asset or thing of value to said system.

(b) That said busses will at all times be operated by skilled operators, and in the operation of the same the said Market Street Railway Company will comply with all State and municipal rules, laws and regulations.

(c) That on said busses operated under this permit a fare of five (5) cents for each passenger shall be charged, which such fare when paid on a bus shall entitle the passenger to a transfer to the street railway lines of the Market Street Railway Company on Lincoln way, and the Market Street Railway Company shall issue to passengers on its Lincoln way line transfers which will be accepted in lieu of fare on said busses traveling over the route herein described.

(d) That the permit herein granted shall not be assigned or transferred without consent of the Board of Supervisors, and before the same shall become effective the Market Street Railway Company shall file with the Board of Supervisors a written acceptance of said permit, in which it shall agree to accept said permit, subject to all the conditions herein contained.

Supervisors Peyser, Hayden and Gallagher presented:

Resolution No. 35252 (New Series), as follows:

Whereas, Frank W. Healy, nationally known opera and recital impresario, of San Francisco, died suddenly at his home today; and

Whereas, the passing of Mr. Healy, whose accomplishments included the presentation of John McCormack and other world-famous artists, will be mourned by his many San Francisco friends; now, therefore, be it

Resolved, That the Board of Supervisors does hereby publicly express its sympathy and condolence to the widow of Mr. Healy.

Adopted unanimously by rising vote.

In re Resolution in Memoriam Upon the Death of Frank W. Healy.

SUPERVISOR PEYSER: Honorable Mayor, Members of the Board: I wish to state that the resolution just read does not amply provide such a memoriam as the committee desired to present in this matter, but under the stress of time we were not able to have more prepared.

I wish to state that while many of the older members on this Board knew Mr. Healy longer than I, since I have been a member of the Board it has been my pleasure to come in contact with him on numerous occasions and to witness his sincerity and earnestness in the work with which he was connected. He did contribute a great deal to art and culture in a musical way, to the City of San Francisco and its people, and his greatest efforts were in bringing a proper recognition to the City of San Francisco as a musical center. He also interested himself greatly in those who had talents and who were unable, through lack of financial means, to bring themselves to the fore. I think his work will remain a living monument to him, and in addition to the written resolution I would ask that a copy of the resolution be forwarded to Mr. Healy's immediate family, and that when this Board adjourns that it adjourn out of respect to Mr. Healy.

SUPERVISOR GALLAGHER: Mr. Mayor, Members of the Board: I would like to say that even in our busiest hours there are events like this that cause us to halt and to remember that after all, important as we may seem, and playing whatever parts we do in political life or upon the stage of every-day life, after all, even at the very moment when we are most in demand, and when our efforts are about to provide benefits to others less able to help than we, the hand of Providence reaches out and the curtain comes down upon our activities.

It would take too long for me to recite the activities of Mr. Healy, that have meant so much to the musical life of this City and County. There is one thing, however, one burning enthusiasm that he had, and that was a very deep love and a tremendous enthusiasm for and a great loyalty to this City. It was his work and pleasure to bring to this community the greatest stars of the operatic and musical firmament, and he always had, even beyond whatever the commercial venture might mean to him—he had the feeling that it might make for San Francisco a better reputation in the musical and operatic world, and might cause our people to be regarded in other parts of the country, and of the world, as not lacking in those things which make for a better city. He has, because of the loyalty and because of the love he had for this City, done a great deal for it. If he had any fault, as I recollect him, it was his very abundant loyalty to his friends. Even if one opposed him he had not the time for any intensity of hatred or any of the deeper feelings that ordinarily are a part of most men, even in the things they hold dearest.

His latest efforts were to organize the young people of San Francisco who are musically inclined and who have had less opportunity to advance themselves, and who will now have still less.

I am glad to say that this Board, prior to his passing away, had arranged—an agreement was reached between the members of the Public Welfare and Publicity Committee and the Chairman of the Finance Committee, and his fellow-members, and those who are actively charged with the relief matter, by the consummation of which agreement he was made very happy, and it was thought that today the high point of his happiness would be reached by the introduction of the proper measures before this Board, and but for what has happened the Finance Committee would have presented a resolution which would substantiate what I have said, and rewarded his efforts. Of course, his going at this time would make it unwise to present that resolution, and rather idle, but this resolution which has just been read will show that the Board had the proper feeling and respect for his activities and his worth to the community.

I desire to conclude this rather unprepared statement of the work of this citizen of ours by a hope, or a wish, or a motion, that his Honor the Mayor be requested to appoint a committee, or rather that

all members of the Board be invited to attend the services and the funeral, and to the end that we may be certain in these stressful times that the people of San Francisco will be properly represented, that his Honor the Mayor appoint five members of the Board to attend the services, representing the City and County of San Francisco.

I feel this is one of those shocks one receives that makes one pause and wonder as to how important we are after all. In the passing of Frank W. Healy the City and County of San Francisco has lost one of its finest and best citizens.

SUPERVISOR PEYSER: I second the motion by Supervisor Gallagher.

SUPERVISOR SHANNON: The death of Mr. Healy is a distinct shock to me. I knew nothing about it until the resolution was introduced. I have known Mr. Healy for a great many years, and was very fond of him, and while his connection with the musical life of San Francisco was primarily commercial in its nature, his interest in obtaining the best artists possible, as Mr. Gallagher has outlined, was always preeminent.

Above all, Mr. Healy would always be depended upon to do the thing that was charitable. He was an extremely charitable man, and he was arranging at this time for an entertainment, with the best of talent obtainable, for next Saturday night at the Fairmont Hotel, so that the poor and crippled children of San Francisco could be provided with a proper Christmas. It shows the type of man Frank Healy was, and he died as he has lived, and his death is a distinct loss to the citizenship of San Francisco, and I am very sorry to be a second to the motion that we adjourn out of respect to his memory today.

SUPERVISOR HAVENNER: Like my colleagues who have spoken I am very greatly shocked at the report of the death of Frank Healy, of which I was unaware until the announcement was made here today.

The others who have spoken have paid a compliment to the contributions he has made to the cultural life of San Francisco and to his eminence as an impresario in our community. I had the privilege of knowing Mr. Healy personally for a great many years, first as a newspaper man, afterwards when he appeared as a musical impresario, and during his life in this community. Everything that has been said here today concerning the high qualities of the man I can testify to personally. He was a true friend, earnestly and enthusiastically working for the advancement of the culture of San Francisco. He was also actively engaged in the broader civic activities of our community. I think I never failed to meet him at any important campaign for the improvement of San Francisco or the benefit of our civic life, whatever its occasion may have been. He was always actively supporting the causes and campaigns for the advancement of our city, and it is with the deepest regret that I add this brief tribute to his memory.

THE MAYOR: The motion calls for a rising vote.

(Thereupon a rising vote was taken by the Board and carried unanimously.)

Mayor Requested to Appoint Two Members of Board of Supervisors to Attend Annual Meeting of California State Chamber of Commerce, to Be Held in Los Angeles on November 5 and 6, 1931.

Resolution No. 35253 (New Series), as follows:

Resolved, That his Honor the Mayor be and is hereby authorized and requested to appoint two members of the Board of Supervisors to attend the annual meeting of the California State Chamber of Commerce, to be held in Los Angeles, November 5 and 6, 1931.

Adopted by the following vote:

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—18.

The following matters were *passed for printing*:

Contract for Third Street Bridge.

On motion of Supervisor Canepa:

Resolution No. ————— (New Series), as follows:

Resolved, That the City and County of San Francisco enter into a contract with the Board of State Harbor Commissioners, wherein and whereby the said Board of State Harbor Commissioners will agree to pay one-half the cost of the construction of a steel bridge over and across the Channel street waterway at Third street, which said bridge is about to be constructed by the City and County, and that in return for the payment of one-half of the cost of said bridge by said Board of State Harbor Commissioners the said City and County will construct said bridge of sufficient width and strength to permit the same to be used by said Board of State Harbor Commissioners for the operation of the State Belt Railroad over and across the same, and that the City and County will construct the necessary rails upon said bridge and upon the approaches thereto in order to enable said Board of State Harbor Commissioners to operate said State Belt Railroad over said bridge.

That in consideration of the payment of one-half of the cost of said bridge by the Board of State Harbor Commissioners the City and County shall grant to said Board of State Harbor Commissioners, or to its successors, the exclusive right and privilege, as long as said bridge exists, to operate its State Belt Railroad over and across said bridge and the approaches thereto, provided that said exclusive privilege will not prevent the use of said bridge by any street railway company with the permission of the City, or by the City itself, to construct separate street railway tracks over and on said bridge and on the approaches thereto, and to use said street railway tracks for passenger traffic.

That the amount to be paid by said State Board of Harbor Commissioners as one-half of the cost of the construction of said bridge shall be paid in one sum prior to the commencement of said construction by the City and County, or in progress payments as said construction progresses and payments become due to the contractor for said construction, and said progress payments may be made payable either to the City for the benefit of said contractor constructing said bridge, or to said contractor upon the certificate of the City Engineer of the City and County, as may hereafter be agreed upon by the Mayor of the City and County. That full authority is hereby granted to the Mayor of the City and County of San Francisco to agree with said Board of State Harbor Commissioners upon the details of said agreement in accordance with the terms of this resolution.

That the privilege granted to said Board of State Harbor Commissioners shall not be assigned or assignable to any private individual, firm, corporation or entity.

Be it Further Resolved, That the Mayor and the Clerk of the Board of Supervisors be and they are hereby authorized to execute the said contract for and on behalf of the City and County of San Francisco.

Motion.

Supervisor Hayden, in connection with the foregoing resolution, moved that his Honor the Mayor be highly commended for his interest and cooperation in bringing the matter of the construction of the new Third street bridge to a successful conclusion.

Motion *carried*.

Employment of Peter D. Conley, Municipal Concerts.

On motion of Supervisor Suhr:

Resolution No. ————— (New Series), as follows:

Resolved, That for the purpose of maintaining the requisite service

in connection with the 1931-1932 season of municipal concerts at the Civic Auditorium, the Auditorium Committee of the Board of Supervisors be and it is hereby authorized, empowered and directed to enter into a contract with Peter D. Conley to generally supervise the said concerts to be given in said 1931-1932 season and to check with the management of the San Francisco Symphony Orchestra the date when said orchestra may occupy said Auditorium without conflict with other attractions previously billed, and to secure a list of guest artists whose services will be available at said concerts, and to attend to the printing, by a bonded printer, of all tickets of admission to said concerts, and to check all tickets with the City Auditor, and generally to attend to the sale of said tickets.

That in addition to said above-mentioned service, said Conley will furnish and pay the necessary ticket takers at the Auditorium, furnish and pay a director of ushers and the necessary ushers to care for the attendance at said concerts, and will, in addition thereto, engage and pay an efficient publicity man to advertise said concerts, both through the press and by radio, and will write, design and supervise the printing of the necessary prospectus of said concerts and arrange for the distribution of ten thousand copies thereof and perform such other service as may be directed by the Auditorium Committee in connection with said concerts.

That for the services of said Conley the Auditorium Committee is authorized to pay the said Conley the sum of twenty-five hundred (\$2500) dollars, payable in five monthly payments, to-wit: On the 1st days of November and December of 1931, and on January 13, February 3 and March 17 of 1932.

Declaration of Policy, Daly City "Bottle Neck."

Supervisors Hayden and Canepa presented:

Resolution No. 35250 (New Series), as follows:

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby adopt the following declaration of policy:

That the City and County of San Francisco should join with the Highway Department of the State of California and with the authorities of San Mateo County in doing away with the so-called "Bottle Neck" on the main highway through Daly City and Colma, and widening the said main highway through said cities from the south-westerly boundary of the City and County of San Francisco, in a southerly direction, to Market street, in Colma, and that the City and County should contribute from the 1932-1933 County Road Fund the sum of \$200,000 to defray the cost of widening of said highway, provided that the State of California, through its State Highway Department, will contribute a like sum for said purpose and financial co-operation is received from San Mateo County and from Daly City and from Colma for said purpose, and this Board of Supervisors does hereby recommend to the proper authorities that an appropriation of \$200,000 be made from the 1932-1933 County Road Fund for the purposes herein specified and on the conditions herein contained.

Adopted by the following vote:

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher,

Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—18.

Privilege of the Floor.

Mayor Smith of Daly City was thereupon presented by his Honor Mayor Rossi. He addressed the Board, thanking it for its cooperation in correcting traffic conditions at Daly City "Bottle Neck." He congratulated his Honor the Mayor and the Board of Supervisors and expressed hope for the success of the incumbents' ticket at next election.

Traffic and Health Committees to Consider Noise Nuisance.

Supervisor Gallagher moved that the Traffic Committee and Health Committee of this Board be requested to have the Board of Health and such other departments (Police, etc.) make a survey of hospitals and find out what noises are disconcerting and disturbing to their patients and looking to such action as may be had to abate such noise or nuisance.

Motion carried.

Fiesta de Los Angeles Plaque Presented to San Francisco.

Messrs. Skillen, Regan and Gonzales, a committee representing the Native Sons of the Golden West, were granted the privilege of the floor and presented a plaque which was awarded for San Francisco's display at the Fiesta de Los Angeles. It was declared that the expenses were more than \$1,000 less than the appropriation of \$5,000 set aside for San Francisco's participation in the Fiesta.

Motion.

Supervisor Breyer moved that the plaque be presented to the N. S. G. W. for guardianship and safekeeping.

So ordered.

ADJOURNED.

There being no further business, the Board at the hour of 4:25 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

SPECIAL ORDER—3 P. M.

Notice of Confirmation of Sale of Easements Over City Lands in San Mateo and Alameda Counties.

The following was read by the Clerk:

Notice is hereby given that, pursuant to the provisions of Ordinance

No. 8985 (New Series) of the Board of Supervisors of the City and County of San Francisco, and of notice of sale of right of way easements over lands belonging to the City and County of San Francisco, published pursuant to said ordinance, fixing the date, hour and place for receiving bids for the sale of said right of way easements, and the terms and conditions of such sale, said right of way easements were thereafter sold by the Mayor at private sale in the manner provided by law, for the amounts and to the parties as hereinafter set forth, and that immediately after said sale by said Mayor, and at the next meeting of the Board of Supervisors, the Mayor reported the fact of such sale to the Board of Supervisors, with a statement of the sums bid and the names of the bidders, with a request that the Board of Supervisors confirm such sale.

Notice is hereby further given that on Monday, November 2, 1931, at the hour of 3 o'clock p. m., the Board of Supervisors, in meeting assembled, will take up for consideration the matter of confirming said sales, being as follows:

(1) To Pacific Gas and Electric Company, a California corporation, those certain right of way easements more fully described in said Ordinance No. 8985 and in said notice of sale as "First," "Second" and "Fourth" right of way easements, for the sum of \$15,490.

(2) To Sierra and San Francisco Power Company, a California corporation, that certain right of way easement more fully described in said Ordinance No. 8985 and in said notice of sale as "Third" right of way easement, for the sum of \$1,080.

Reference is hereby made to said Ordinance No. 8985 (New Series) for a more detailed description of said right of way easements and the same is hereby made a part of this notice as though set forth herein.

If at said meeting an offer of ten per cent or more in amount than that hereinabove named shall be made to the Supervisors in writing by a responsible person, the Supervisors will confirm such sales to such person or order a new sale in conformity with the provisions of the Charter; otherwise said sales to Pacific Gas and Electric Company and Sierra and San Francisco Power Company will be confirmed for the price hereinabove stated.

Dated October 5, 1931.

J. S. DUNNIGAN,
Clerk of the Board of Supervisors.

Passed for Printing.

Whereupon, the following was presented and *passed for printing*:

Authorizing Sale of Right of Way Easements in San Mateo and Alameda Counties.

Bill No. 9509, Ordinance No. ——— (New Series), as follows:

Authorizing the sale of right of way easements on lands situated in San Mateo and Alameda counties owned by the City and County of San Francisco, and directing the Mayor and the Clerk of the Board of Supervisors to execute deed of easements of rights of way.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to the provisions of Ordinance No. 8985 (New Series) of the Board of Supervisors and notice of sale of right of way easements, and Ordinance No. 9031 (New Series), bids for the sale of right of way easements described in said ordinances, to which special reference is hereby made, and the terms and conditions of such sale were received by the Mayor and reported to the Board of Supervisors, and it appearing to the satisfaction of the Board of Supervisors that the sums bid are not disproportionate to the value of the right of way easements granted, and that a greater sum cannot be obtained, and no higher bid having been made or received for said right of way easements, the said sale is hereby confirmed to the Pacific Gas and

Electric Company, a California corporation, of the right of way easements, as follows: All those certain right of way easements fully described and set forth in Ordinance No. 8985 (New Series) and Ordinance No. 9031 (New Series), to which special reference is hereby made, for the amounts specified under Ordinance No. 9031 (New Series) and under the terms and conditions of said Ordinance No. 9031 (New Series) and Ordinance No. 8985 (New Series).

Section 2. The Mayor and the Clerk of the Board of Supervisors are hereby directed to execute a proper deed of right of way easements described in Ordinances No. 8985 (New Series) and No. 9031 (New Series).

Section 3. This ordinance shall take effect immediately.

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McGovern, McSheehy, Peyser, Power, Shannon, Stanton, Suhr—14.

Absent—Supervisors Garrity, Miles, Roncovieri, Spaulding—4.

Employment of Peter D. Conley, Municipal Concerts.

Also, Resolution No. 35262 (New Series), as follows:

Resolved, That for the purpose of maintaining the requisite service in connection with the 1931-1932 season of municipal concerts at the Civic Auditorium, the Auditorium Committee of the Board of Supervisors be and it is hereby authorized, empowered and directed to enter into a contract with Peter D. Conley to generally supervise the said concerts to be given in said 1931-1932 season and to check with the management of the San Francisco Symphony Orchestra the date when said orchestra may occupy said Auditorium without conflict with other attractions previously billed, and to secure a list of guest artists whose services will be available at said concerts, and to attend to the printing, by a bonded printer, of all tickets of admission to said concerts, and to check all tickets with the City Auditor, and generally to attend to the sale of said tickets.

That in addition to said above-mentioned service, said Conley will furnish and pay the necessary ticket takers at the Auditorium, furnish and pay a director of ushers and the necessary ushers to care for the attendance at said concerts, and will, in addition thereto, engage and pay an efficient publicity man to advertise said concerts, both through the press and by radio, and will write, design and supervise the printing of the necessary prospectus of said concerts and arrange for the distribution of ten thousand copies thereof and perform such other service as may be directed by the Auditorium Committee in connection with said concerts.

That for the services of said Conley the Auditorium Committee is authorized to pay the said Conley the sum of twenty-five hundred (\$2500) dollars, payable in five monthly payments, to-wit: On the 1st days of November and December of 1931, and on January 13, February 3 and March 17 of 1932.

Contract for Third Street Bridge.

Also, Resolution No. 35263 (New Series), as follows:

Resolved, That the City and County of San Francisco enter into a contract with the Board of State Harbor Commissioners, wherein and whereby the said Board of State Harbor Commissioners will agree to pay one-half the cost of the construction of a steel bridge over and across the Channel street waterway at Third street, which said bridge is about to be constructed by the City and County, and that in return for the payment of one-half of the cost of said bridge by said Board of State Harbor Commissioners the said City and County will construct said bridge of sufficient width and strength to permit the same to be used by said Board of State Harbor Commissioners for the operation of the State Belt Railroad over and across the same, and that the City and County will construct the necessary rails upon said bridge and upon the approaches thereto in order to enable said Board of State Harbor Commissioners to operate said State Belt Railroad over said bridge.

That in consideration of the payment of one-half of the cost of said bridge by the Board of State Harbor Commissioners the City and County shall grant to said Board of State Harbor Commissioners, or to its successors, the exclusive right and privilege, as long as said bridge exists, to operate its State Belt Railroad over and across said bridge and the approaches thereto, provided that said exclusive priv-

ilege will not prevent the use of said bridge by any street railway company with the permission of the City, or by the City itself, to construct separate street railway tracks over and on said bridge and on the approaches thereto, and to use said street railway tracks for passenger traffic.

That the amount to be paid by said State Board of Harbor Commissioners as one-half of the cost of the construction of said bridge shall be paid in one sum prior to the commencement of said construction by the City and County, or in progress payments as said construction progresses and payments become due to the contractor for said construction, and said progress payments may be made payable either to the City for the benefit of said contractor constructing said bridge, or to said contractor upon the certificate of the City Engineer of the City and County, as may hereafter be agreed upon by the Mayor of the City and County. That full authority is hereby granted to the Mayor of the City and County of San Francisco to agree with said Board of State Harbor Commissioners upon the details of said agreement in accordance with the terms of this resolution.

That the privilege granted to said Board of State Harbor Commissioners shall not be assigned or assignable to any private individual, firm, corporation or entity.

Be it Further Resolved, That the Mayor and the Clerk of the Board of Supervisors be and they are hereby authorized to execute the said contract for and on behalf of the City and County of San Francisco.

Proposed Playground, Odd Fellows' Cemetery.

Supervisor McSheehy presented:

Resolution No. ——— (New Series), as follows:

Whereas, the Richmond District is thickly populated, and tracts or parcels of unimproved property sufficiently large to be used for playground purposes are most difficult to obtain; and

Whereas, the present Odd Fellows' Cemetery, which is being abandoned for cemetery purposes, is a large tract of land and is suitable for playground purposes, and is centrally located in a most thickly populated district; and

Whereas, the establishment of a playground in said district will fill a long felt want of the residents of said district; now, therefore, be it

Resolved, That the Playground Commission of the City and County of San Francisco be and it is hereby requested to endeavor to obtain a portion of Odd Fellows' Cemetery, and not exceeding ten acres thereof, the same to be used as a playground and playfield, whenever the said portion of said cemetery shall be abandoned for cemetery purposes and all interments heretofore made therein have been removed therefrom.

Further Resolved, That a copy of this resolution be transmitted to the Playground Commission of the City and County of San Francisco.

SPECIAL ORDER—2:30 P. M.

Invitations to Attend Meeting of the Board of Supervisors.

On motion of Supervisor Shannon the following were invited to attend the meeting of the Board of Supervisors on Monday, November 16, 1931, in re voluntary subscriptions of municipal employees for unemployment relief: The Auditor, the Treasurer and the Chairman of the Finance Committee.

Also, Florence P. Kahn, member of Congress, and Senators Samuel M. Shortridge and Hiram W. Johnson were invited to respond to Supervisor Shannon's resolution requesting the Secretary of the Navy to locate the naval headquarters at San Francisco Bay.

Relative to Voluntary Subscriptions for Municipal Employees for Unemployment Relief.

The regular meeting of the Board of Supervisors of the City and County of San Francisco, State of California, was held on Monday, November 16, 1931, beginning at the hour of 2 o'clock p. m., in the chambers of the Board, City Hall, San Francisco, California.

SUPERVISOR SHANNON acted as chairman of the meeting in the absence of the Mayor.

After the transaction of other business, the following proceedings were had:

IN RE: Invitations to attend meetings of the Board of Supervisors.

On motion of Supervisor Shannon, the following were invited to attend the meeting of the Board of Supervisors on Monday, November 16, 1931, IN RE: Voluntary subscriptions of municipal employees for unemployment relief: The Auditor, the Treasurer, and the chairman of the Finance Committee.

SUPERVISOR SHANNON: I would like to take up now that matter of my invitation to certain city officials, which was made a special order for 2:30 o'clock, to have the Auditor and Treasurer here, and also Mr. O'Toole and Mr. Hayden.

I would like to state to the members of the Board in connection with this matter that there was a resolution introduced by myself on September 28, 1931, and that in introducing that resolution I had in mind only one thing, and that was that as a result of newspaper articles and reports that are heard around the City Hall relative to the voluntary offers of clerks of the City Hall—started in the Assessor's office—for a voluntary subscription to the unemployment fund, and, being of the opinion that it was general throughout the several departments, I introduced the resolution calling upon officials and heads of departments to also contribute, and appointing Messrs. Matheson, Wentworth and Hayden, chairman of the Finance Committee of the Board, as a committee of three to collect from the officials and heads of departments. Now, in sending out their notices to the various departments, they made an error in stating that the resolution called for a contribution from officials and employees, and it caused considerable grief to me during the campaign, and as employees of the City have a long memory, I wanted to have the thing straightened out at this time.

For the benefit of the members of the Board I am going to read at this time my resolution, and I wish you would take particular notice there is no call upon employees to make a contribution and no date set for payments. (Reading):

"Voluntary Subscriptions, Unemployment Relief.

"Resolution No. 35128 (New Series), as follows:

"Whereas, the employees of the City and County of San Francisco have magnanimously volunteered to subscribe a part of their monthly salaries over a period of six months to assist in the creation of a fund to be expended in helping those of our citizens who have unfortunately been deprived of employment and the opportunity of earning a living during the present financial depression; and

"Whereas, this Board of Supervisors in recognizing the humane sympathies and efforts extended in offering assistance through voluntary subscriptions, deems it proper that all City officials and heads of departments should join in such voluntary subscription; now, therefore, be it

"Resolved, That all City officials and heads of the various departments of the City are requested to also join in a voluntary subscription, and that a committee of three, comprising the chairman of the Finance Committee of this Board, the Auditor and Treasurer of the City and County, be and are hereby appointed to inaugurate and supervise a system for the collection and disbursement of the money in a fund to be created in accordance with the intent and purposes for which said moneys are to be subscribed.

"Adopted by the Board of Supervisors September 28, 1931."

Now, in sending out the notice to the departments, I feel—I want it distinctly understood I feel there has been absolutely an unintentional mistake made, but there was a mistake made and I was the innocent sufferer. This notice reads as follows:

"To the Heads of the Various Departments and Bureaus of the Municipal Government of San Francisco:

"Dear sirs: The Board of Supervisors recently adopted a resolution suggesting that the various officials and employees of the City and

County of San Francisco contribute one day's pay each month beginning October 1, during the remainder of the fiscal year for the purpose of affording relief to the needy unemployed within our city. The same resolution appointed the undersigned as a committee to carry this plan into effect.

"The committee recommends that the most available plan to handle the situation will be to have each individual officer or employee who will consent to the making of this monthly contribution to this worthy cause authorize a deduction of one-thirtieth of his or her monthly compensation from the monthly salary which is being received by said employee, the said deductions to be made in two equal instalments where compensation is paid semi-monthly. When this authorization is given to the head of the department or bureau, the amount will be deducted from the monthly or semi-monthly demand of the officer or employee, and paid into the treasury of the City.

"All moneys so paid will be used exclusively for relief work, and will be expended under the direction of a committee appointed by municipal employees. Each month this committee will report to the undersigned all receipts and disbursements made from the contributions received, which report will at all times be available to any person making contributions to the fund.

"Those per diem employees who are working on the basis of a five-day week will not be expected to make any contribution, for reasons that are obvious.

"While we wish it to be definitely understood that contributions to be made to this fund are voluntary offerings made to aid a worthy cause, we trust that this call will receive a hearty response from every official and employee in our municipal government. The compensation of our officials and employees, as well as their working conditions, are second to none in the United States, and we trust that those who are blessed by this good fortune will not be unmindful of the call from their less fortunate brethren, and do their full part towards aiding in the emergency which confronts us.

"We desire to state to all the officials and employees of the City that the fact that they may in their generosity make the requested contribution at this time will not at any time in the future be taken as an indication that the compensation which they are receiving for their services at the present time is excessive, but will be always considered as an indication of the true spirit of generosity which we know is possessed by every official and employee of San Francisco.

"Assuring you of our heartfelt appreciation for the cooperation of yourselves and employees of your departments, we are, respectfully."

And is signed by "J. Emmet Hayden, Benning Wentworth, Auditor, and Duncan Matheson, Treasurer."

TRFASURER MATHESON: The letter was drafted by City Attorney O'Toole.

SUPERVISOR SHANNON: It was drafted by Mr. O'Toole?

TREASURER MATHESON: At the request of the committee.

SUPERVISOR SHANNON: Is Mr. O'Toole available?

CITY ATTORNEY O'TOOLE: He is right here.

SUPERVISOR SHANNON: I don't know whether you heard my prior remarks in connection with this matter or not?

CITY ATTORNEY O'TOOLE: Yes, I did, Supervisor.

SUPERVISOR SHANNON: I said that I did not believe there was any intent to do me any injury in this matter, but a great injury was done to me during the campaign, particularly from members of the Police Department, members of the Fire Department, and school teachers, so I wanted to know how this mistake was made in the first place in including employees, and how the period of time was fixed.

CITY ATTORNEY O'TOOLE: I don't know anything about it at all, except for the few ideas which were given to me by the committee itself. They had been appointed, as I understood, to take this contribution of the various employees of the City for the relief of the present situation, and they came to me in connection with the matter and

asked me if I would draw up the notice for them, and I said that I would be very glad to do anything I could to help, and we first sat down and I dictated a draft of a notice to my stenographer, and that was sent down to Captain Matheson and I told him that if that "looks all right to you, make any use of it you want, or make any changes in it you may see fit." Any facts contained in it came from the committee and not from me. It was not any part of my work, and not any part of the legal work of the City Attorney at all, it was just a question of filling in and helping out the committee as a matter of accommodation—I simply dictated it to my stenographer, as it could have been to any other. Now what those statements were based on I haven't the slightest idea. I didn't make any statement myself, and the City Attorney did not make any statement, it was merely a matter of a personal accommodation on my part.

SUPERVISOR SHANNON: Did they give you a copy of my resolution at the time?

CITY ATTORNEY O'TOOLE: I have seen several copies of it since—the only copies—

SUPERVISOR SHANNON (interrupting): No, I mean did they give you a copy of the resolution I introduced on the 28th of September, that brought about this communication?

CITY ATTORNEY O'TOOLE: I don't remember; in fact, I don't know, don't believe I ever knew of the resolution at all.

SUPERVISOR SHANNON: Did you draft the letter?

CITY ATTORNEY O'TOOLE: I dictated that letter, yes.

SUPERVISOR SHANNON: Then you must have known there was a resolution?

CITY ATTORNEY O'TOOLE: I drafted it, dictated it to my stenographer, yes.

SUPERVISOR SHANNON: The notice itself states:

"The Board of Supervisors recently adopted a resolution suggesting that the various officials and employees of the City and County of San Francisco contribute one day's pay each month, beginning October 1, during the remainder of the fiscal year, for the purpose of affording relief to the needy unemployed within our city. The same resolution appointed the undersigned as a committee to carry this plan into effect."

CITY ATTORNEY O'TOOLE: If the resolution is referred to there, Supervisor, I undoubtedly was cognizant of it, but I don't believe I had it before me at the time. I had no idea even that that would be the final draft of it.

AUDITOR WENTWORTH: I might say, Mr. Shannon, I think the committee is chargeable with inadvertence in not noticing the verbiage, which is slightly in error—I don't think Mr. O'Toole should be called upon to make an explanation of it—

CITY ATTORNEY O'TOOLE: It was none of my business; it was no part of the legal work of the City Attorney's office—I simply helped out the committee. They could have taken it to any stenographer and dictated it themselves.

AUDITOR WENTWORTH: I know that I am here to apologize, Mr. Shannon, and I am very sorry indeed that through inadvertence such a mistake has been made.

SUPERVISOR SHANNON: I thank you, Mr. Wentworth. I will possibly meet with some of the members of the committee at a future time and see if we can not figure out some way so that the matter will be straightened out in the minds of the city employees—

AUDITOR WENTWORTH: To your satisfaction.

SUPERVISOR SHANNON: Yes.

TREASURER MATHESON: I fully agree with what Mr. Wentworth has said, Supervisor.

SUPERVISOR ANDRIANO: While on the subject, as a member of the Board, I should like very much to have as complete a report as it is possible to have, at the present time, or if not today next Monday, advising this Board as to how the municipal employees have responded

to this appeal, and as to whether all of the officials and also the members of the Board of Supervisors have contributed to this fund. I am not aware of any deduction having been made from the check I have been receiving from the City and County, and, as I understand the intent and purpose of your resolution is that all municipal officials should be requested to make a voluntary contribution, and I should like to know just what results have been attained as a result of the resolution. I believe that is something this Board should know.

I make that as a motion, and request that it be made a special order for 2:30 o'clock on next Monday.

TREASURER MATHESON: There are two members here now, and we can agree to have that report here next Monday.

SUPERVISOR SHANNON: Is there any objection?

(No response.)

It is so ordered. (Bringing down the gavel.)

This committee has no official authority to collect from anybody but officials and heads of departments. In sending out this notice to employees of the City and County, and the several departments, they acted entirely without any official authority, and if they are to be cloaked with proper authority a proper resolution should be introduced so that they will have authority to collect money from the employees of the several departments. At the present time the resolution I introduced just gave them authority to collect from officials and heads of departments.

SUPERVISOR ANDRIANO: If it is only a matter of cloaking them with authority to collect money, I shall be very glad to introduce such a resolution if there is no resolution introduced yet. If that is what the committee desires, why, there is no hesitancy on my part in introducing such a resolution.

SUPERVISOR SHANNON: I think if you will prepare that before the meeting is over it can be presented under roll call.

* * * * *

THE CLERK: Supervisor Andriano introduces the following resolution:

"Resolved, That the special committee, consisting of the Auditor, the Treasurer, and the chairman of the Finance Committee, appointed by this Board to inaugurate and supervise a system for the collection of contributions by city officials and heads of departments for the relief of the unemployed, be and it is hereby authorized and requested to make such collections and to allocate such moneys in the manner which they deem most prudent."

SUPERVISOR GALLAGHER: I am perfectly satisfied with the resolution as far as the collection is concerned—

SUPERVISOR ANDRIANO: I am perfectly willing to give them power to collect the money, and to scratch out the provision as to allocation of such money, all after the word "collections," and please insert the word "voluntary" before the word "contributions."

SUPERVISOR SHANNON: The proper motion is for suspension of the rules for consideration of the resolution.

Call the roll, Mr. Clerk.

SUPERVISOR COLMAN: Mr. Chairman, I move reference to the Finance Committee.

SUPERVISOR SHANNON: Is there any objection to reference to the Finance Committee?

(No response.) (Bringing down the gavel.)

Special Order on Conclusion of Calendar.

Supervisor Havenner's motion that City Attorney O'Toole address the Board, giving an analysis of the new Charter.

Analysis of the New Charter by City Attorney O'Toole.

At the regular meeting of the Board of Supervisors of the City and County of San Francisco, held on Monday, November 16, 1931, beginning at the hour of two o'clock p. m. of that day, in the Chambers of

the Board, City Hall, San Francisco, California. Supervisor Shannon acted as chairman of the meeting in the absence of the Mayor.

After the transaction of other business, the following proceedings were had in connection with a discussion of the new Charter by City Attorney O'Toole.

THE CHAIRMAN: If there is no objection we will now take up the Special Orders for 3 o'clock in connection with the rezoning of the north corner of Twenty-fifth street and San Jose avenue. Is there any objection?

SUPERVISOR HAVENNER: Mr. Chairman, I think the other special order has precedence.

THE CHAIRMAN: Which one is that?

SUPERVISOR HAVENNER: The one upon my motion for a discussion by the City Attorney of the new Charter. We have now concluded the calendar and the discussion of the new Charter by the City Attorney is in order.

THE CHAIRMAN: Where is that on the calendar?

SUPERVISOR HAVENNER: It is immediately after the Special Order for 2:30.

THE CHAIRMAN: Well, I think you are right in your contention, but don't you think it would be advisable to let these people who are here from that district get away, Supervisor Havenner?

SUPERVISOR HAVENNER: I would like to do that, but I am going to call for this matter as a Special Order at each meeting hereafter until the first of the year, and I know that if I give way, then at each meeting it is going to be the last order of business when the members are all trying to get away. I think it is one of the most important things before the Board at this time. I consented to a continuation last week, but I am not willing to consent to a postponement at this time.

THE CHAIRMAN: It was simply a suggestion from the chair, due to the fact there are so many citizens interested in this San Jose avenue matter present. However, it is in the hands of the Board to determine.

SUPERVISOR HAVENNER: I do not wish to delay that either, in any manner, and I do know that the members get up each meeting and fix various Special Orders for any time they see fit, but this is going to be a permanent Special Order from now on to the first of the year.

THE CHAIRMAN: It is very plain, no getting away from it, and if the Board would like to hear from the City Attorney now he may go ahead with his explanation of the new Charter.

SUPERVISOR McSHEEHY: Mr. Chairman, and Members, I don't know about how much time Mr. O'Toole is going to consume, but it has been suggested that he speak for about one-half hour Monday—

CITY ATTORNEY O'TOOLE: I can furnish the Board any time they want, and as much time as they want, but if there is anything more important before the Board at this time I can come at any time they wish—

SUPERVISOR HAVENNER: There isn't anything more important, so far as I am concerned, and I should like to have the City Attorney proceed.

SUPERVISOR McSHEEHY: I feel if it is agreeable, that Mr. O'Toole should proceed at this time for one-half hour, and I am sure that the people of San Jose avenue will also be interested in what he has to say. While I am very much interested in the San Jose matter, I know we will all be glad to have City Attorney O'Toole tell us something about the new Charter.

THE CHAIRMAN: Mr. O'Toole, will you kindly proceed. If there is no objection, Mr. O'Toole will speak for thirty minutes on the provisions of the new Charter. Is there any objection? Proceed, Mr. O'Toole.

CITY ATTORNEY O'TOOLE: Mr. Chairman, Gentlemen of the Board:

You all know that in March of last year we adopted a new Charter, which is a rather radical change—which contains radical changes from the provisions of our present Charter.

I suppose there is no department within the City government that has been changed more than the Board of Supervisors, that is, in regard not only to the duties which are assigned to them to perform, but also the manner in which those duties are to be performed.

Also, the duties of the Mayor are materially changed. He ceases to be the presiding officer of the Board, but he is given some additional duties under the new Charter, and some of the duties which he has under the present Charter are taken from him.

Now, if we take the matter according to sections, the first matter to which I would advert would be Section No. 2 of the new Charter.

SUPERVISOR STANTON: Wouldn't it be well for us to have a copy of the new Charter to look at during this discussion?

THE CHAIRMAN: Yes, Mr. Supervisor, the Sergeant-at-arms will get eighteen copies of the new Charter.

SUPERVISOR HAVENNER: I think, however, you can proceed, Mr. O'Toole, while we are waiting for them.

CITY ATTORNEY O'TOOLE: Now under the new Charter all ordinances and all resolutions which are in effect when the new Charter becomes effective are not modified or changed in any way. That provision is found in Section 2: "All ordinances or resolutions in force at the time this Charter takes effect and not inconsistent therewith shall continue in force until amended or repealed." That simply means that the new Charter has no effect whatsoever on any improvements which are under way, or contracts which have been entered into under the provisions of the old Charter. Therefore, contracts entered into by the Board of Public Works under ordinance of the Board of Supervisors are effective, and remain effective, even though the entire provisions for the entering into new contracts are changed by the new Charter.

SUPERVISOR HAVENNER: May I ask you, Mr. O'Toole, whether the committee appointed by the Mayor is to report to this board on such ordinances as it may deem incident with the installation of the new Charter?

CITY ATTORNEY O'TOOLE: I haven't given any attention to that. The New Charter Committee is engaged in the matter of proposing certain ordinances which are necessary to start the smooth working of the present Charter, and I understand that they are under way. While under our existing Charter the powers of the different departments are rather specific, there are many places in the new Charter where the powers are left to be delegated by ordinances adopted by the Board of Supervisors authorizing certain departments to do certain things, and those are most of the ordinances which the new Charter Committee are engaged in at the present time. To determine just what ordinances would be in conflict with any of the present provisions of our existing Charter would be a very large undertaking to conclude before the new Charter becomes effective on the 8th day of January. We can, in many cases, only determine that after some little time. Of course, if any of the present ordinances or resolutions are in conflict with the organic law, that is, the new Charter, they cease to be operative; if not they remain operative until amended or repealed by the Board of Supervisors.

SUPERVISOR HAVENNER: You don't think it would be practical to ask the special committee to make a report at this time on such ordinances as are in conflict with the provisions of the new Charter?

CITY ATTORNEY O'TOOLE: I think that will be done, but it cannot be done by the first part of the year. There is a provision in the new Charter for codifying all ordinances of the City and County, and having a book of all ordinances just like the State has, a code book of all ordinances, complete, and no doubt in time that will be accomplished, and when that is done of course the inconsistent ordinances will be wiped out. At the present time we have ordinances

not only in conflict with the new Charter, but we have many ordinances inconsistent with each other and with the present Charter. However, by the codifying of the ordinances under the new Charter those discrepancies will all be ironed out and attended to.

The same provision is contained in the new Charter, practically, as regards officers and employees. All the functions of the City and County, and the powers and duties of the officers and employees charged with the performance thereof, as these shall have been apportioned among departments and officers, and institutions, utilities, bureaus or other subdivisions thereof, as existing at the time this Charter shall go into effect, shall continue to be the functions of such departments and officers and the powers and duties of the officers and employees assigned thereto except as in, or under authority of, this Charter otherwise specifically provided. The legally authorized officers and employees of each of said departments and offices or subdivisions thereof shall continue as the officers and employees of said departments and officers or subdivisions thereof, subject to the conditions governing their respective appointments to such positions, and except as in this Charter otherwise provided.

Now the new Charter will have very little effect upon employments, but of course we have no way of knowing how far the courts are going to sustain the matter of the continuation of powers which are provided for in the old Charter and which are not mentioned in the new; that is something which will have to be determined in the future.

As far as the employees of the City are concerned, there will be no change in the duties of those employees, but undoubtedly they will be transferred to a great extent. For instance, they may be assigned to different bureaus. For example, there are men at the present time under the Board of Supervisors that are engaged in the granting of permits, or in the gathering of data upon which permits are to be granted, and they may be assigned to whatever department may have the handling of that particular work. Again, in the Board of Public Works there are a great many employees who, for many years, have been engaged in public utility work, and those in turn will be taken over by the Public Utilities Commission and will be assigned to that commission. In the Corporation Yards where the Police Department and Fire Department and the Board of Public Works are at the present time maintaining separate corporation yards under the present provisions of our Charter, what may be considered as separate corporation yards where all of the repair shops and so on are located, under the new Charter all of those will be under the jurisdiction of the Purchaser of Supplies, and all of the employees now in those various departments will be coordinated under the head of the Purchaser of Supplies. Now, of course, that cannot all be done at one time immediately; we cannot take all of the corporation yards from North Beach shops, and so on, and move them over to Eleventh and Bryant, for instance. Notwithstanding that fact, the Purchaser of Supplies will have control of all those corporation yards where the repair work is done upon the various apparatus of the Fire Department, Police Department and Bureau of Public Works, and the employees now in those various shops and yards will have to look upon the Purchaser of Supplies as the head of those departments. As to the particular place where any particular employee will be located and work, that will depend upon the facilities given to the Purchaser of Supplies in order to carry out his duties under the new Charter. I suppose it will be some time at least before all of those different departments can be properly coordinated, so I do not suppose that even for the time being there will be any change much in the location of the shops and work.

SUPERVISOR GALLAGHER: May I ask a question here?

CITY ATTORNEY O'TOOLE: Certainly, Supervisor.

SUPERVISOR GALLAGHER: The new Charter provides that something like a central garage or workshop is mandatory only at such time as it is possible to effect these changes?

CITY ATTORNEY O'TOOLE: Of course, it will be impossible to make this transfer immediately. There is nothing in the Charter itself stating when it shall be done. It is written in there that it shall be done, but until means can be found, of course, we all know that it is impossible to do it.

SUPERVISOR GALLAGHER: The point is, it is a mandate to do it.

CITY ATTORNEY O'TOOLE: Yes, Supervisor.

SUPERVISOR RONCOVIERI: May I ask a question, Mr. O'Toole?

CITY ATTORNEY O'TOOLE: Yes, certainly.

SUPERVISOR RONCOVIERI: Where it says "All functions of the City and County, and the powers and duties of the officers and employees charged with the performance therefor, as these shall have been apportioned among the departments and officers, and so on, as existing at the time this Charter shall go into effect shall continue." Does that carry the old Charter into the new one?

CITY ATTORNEY O'TOOLE: Yes, it will to some extent, undoubtedly.

SUPERVISOR RONCOVIERI: Everything that existed at the time this new Charter was adopted shall continue to be the functions of those departments, and it does not say what in this new Charter, does not designate anything, simply says everything existing shall continue—

CITY ATTORNEY O'TOOLE (interrupting): Unless otherwise provided for in the new Charter. I am afraid that for a considerable time to come we shall have to refer to the old Charter quite frequently to determine what exactly is the interpretation under the new Charter.

SUPERVISOR RONCOVIERI: Then we must not throw away our old Charters?

CITY ATTORNEY O'TOOLE: Don't throw them away, Mr. Supervisor.

Then there is also contained in the new Charter the provision in the form of the ordinary clause written into all Charters, that "The City and County may make and enforce all laws, ordinances and regulations necessary, convenient or incidental to the exercise of all rights and powers in respect to its affairs, officers and employees, and shall have all the rights and powers appropriate to a County, a City, and a City and County, subject only to the restrictions and limitations provided in this Charter."

Now there is no question so far as the municipal functions of the City are concerned, that this provision is valid, and make ordinances of the Board of Supervisors or resolutions, pertaining to purely municipal functions, of the effect of the general law, so far as municipal affairs are concerned. As far as acting as a County, I do not know whether that provision can be enforced, for the reason that where we act as a County we are acting, our duties are those of a County which are regulated by State law, and I presume we will continue to be guided by the State laws, as we are at the present time.

Section 3, "Where a procedure for the exercising of any rights or powers belonging to a city, or a county, or a city and county is provided by statute of the State of California, said procedure shall control and be followed unless a different procedure is provided in, or by ordinance enacted under authority of, this Charter."

In so far as municipal affairs are concerned, why, that is perfectly correct, and as to matters that are essentially County matters as distinguished from municipal matters, we will, to a large extent, as I said a moment ago, be governed by general laws of the State.

Then we come to the officers of the City and County, and we have brought in several new officers which will be subject to the Charter.

THE CHAIRMAN: Is that Section 5?

CITY ATTORNEY O'TOOLE: Section 4. The officers shall be the officers elected by vote of the people, members of the Board of Education, members of boards and commissions appointed by the Mayor, members of the juvenile probation and adult boards or committees.

Those, of course, are new; they have not been subject to the present Charter. While we had the right to provide for them under our present Charter, our present Charter was adopted long before those boards and committees came into effect. The courts have held in the case of *Nichols v. Costa* and *Nichols v. Ball* that they were not subject to legal regulations. For instance, they held that the adult probation officer was not subject to retirement when he reached the age of 70 years, nor was he entitled to the compensation allowed civil service employees. In the future when the new Charter becomes effective he will be. Members of the Board of Law Library Trustees, the Superintendent of Schools, the Clerk of the Municipal Court, the Secretary and Jury Commissioner of the Superior Court——

THE CHAIRMAN (interrupting): Is that one or two offices?

CITY ATTORNEY O'TOOLE: It is occupied by the one person at the present time. I don't know whether they could be made separate offices or not. Mr. Mulvey is at the present time Secretary of the Superior Court and also the Jury Commissioner. I think there is some provision of the State law which permits the Secretary of the Superior Court to act as the Jury Commissioner.

The others, all officers—now the election which just passed was the first election held under the new Charter, and some question arose and the City Attorney's office was called upon to rule upon the matter and we ruled that the election should be held pursuant to the provisions of the new Charter rather than the old, and as you are all familiar with that, there is no necessity for again adverting further to it here.

In the election in 1933 there will be five members of the Board of Supervisors, a City Attorney and a Treasurer, and at the general election in 1934, and every year thereafter, there shall be elected a Public Administrator, 1934, which is one of the annual State——

SUPERVISOR PEYSER (interrupting): Public Administrator?

CITY ATTORNEY O'TOOLE: I beg pardon, Public Defender. The Municipal Judges elected this year will qualify themselves by chance so that an equal number will retire every two years, so that in the general election in 1933 and each second year thereafter there will be elected four judges of the Municipal Court for terms of six years each.

Now this is a new inhibition, that all terms of office of elective officials shall begin on January 8th, so that there will be an interim between the first Monday in January and January the 8th, during which the present officers will hold over. The above provision in the law merely continues them as holdovers during that time. I think the reason for that was that when the new Charter was originally written it provided that the officials should take office on the 8th day of January, the original Charter, and when this present Charter was written it was subsequently amended to provide that they should take office on the first Monday of January after the first day of January, and in rewriting the Charter I think that provision was overlooked when they made all officials take office on the 8th day of January. However, I believe this will make no difference.

SUPERVISOR HAVENNER: The present County officers whose terms expire will be, in the interim——

CITY ATTORNEY O'TOOLE: You mean will they be blanketed in?

SUPERVISOR HAVENNER: No; for instance, the present members of the Board of Supervisors whose terms expire two years from now, they would expire on what date of January?

CITY ATTORNEY O'TOOLE: They will expire, I think, at the end of the term for which they were elected, which would be the first Monday after the first day of January.

SUPERVISOR HAVENNER: And two years from now, if that should be prior to the 8th day of January, what would be the situation?

CITY ATTORNEY O'TOOLE: It will be prior to the 8th day of January, Supervisor.

SUPERVISOR HAVENNER: Then there will be a period in there when the Supervisors will not actually be officers of the County, or what will be the situation?

CITY ATTORNEY O'TOOLE: I don't think so, because this new Charter will be effective then, and it continues in office all of those who were in office at the time it became effective. I don't think that question will arise in two years from now.

Now this inhibition, "Any appointive officer or employee of the City and County who shall become a candidate for election by the people to any public office shall automatically forfeit such City and County office or position." That writing means, for instance, if the Clerk of your Board should desire to become a Supervisor, or aspire to any other elective office in the City, why, he forfeits the position he is occupying.

SUPERVISOR COLMAN: Does an elective officer—

CITY ATTORNEY O'TOOLE (interrupting): No, sir, only any appointive officer or employee, including such as the members of the Police and Fire Department. For instance, say that any member of the Police or Fire Department desired to become a candidate for Supervisor, or any other elective office, he would forfeit his position with the City government.

SUPERVISOR MCSHEEHY: The School Department, do you think that would include them in that?

CITY ATTORNEY O'TOOLE: I doubt very much whether members of the Board of Education would be included; they come under a separate head.

SUPERVISOR MCSHEEHY: Supposing for instance the principal of a school wanted to become a candidate for an elective office.

CITY ATTORNEY O'TOOLE: I don't think they would be considered appointive officers of the City and County, members of the School Department.

SUPERVISOR PEYSER: Any appointive officer or employee of the City and County who shall become a candidate for election by the people to any public office shall automatically forfeit such City or County office or position. Could such person be reinstated to that office?

CITY ATTORNEY O'TOOLE: When he forfeits the office he vacates the office, I don't think he can be reinstated, Supervisor, I don't think that is the intent of that inhibition.

Now this next, of course, is of particular interest to the Supervisors, and also to his Honor the Mayor: "No person elected as Mayor or Supervisor shall be eligible, for a period of one year after his last day of said service as Mayor or Supervisor, for appointment to any full-time position carrying compensation in the City and County service."

I have thought the penalty rather severe for the crime, but it is written in here, nevertheless. We will suppose there should be a vacancy in the office of City Attorney. Now your long service on the Board, and other qualifications and training might qualify you preeminently to fill a position of that kind; still, this provision would seem to prevent your occupying it within one year.

SUPERVISOR PEYSER: Would that be construed as to take in only full-time positions, because, as I understand, certain positions, like that of the City Attorney, where if a man happens to be an attorney he could handle some of his own business—

CITY ATTORNEY O'TOOLE: I think the distinction they make in a full-time position might be such as instructor in a night school, membership on a commission, or something of that kind. I would say that was the distinction they were endeavoring to make when this was written.

SUPERVISOR PEYSER: In other words, membership on a commission would not be considered a full-time position?

SUPERVISOR HAVENNER: No commission under the new Charter would be construed as a full-time position?

CITY ATTORNEY O'TOOLE: I doubt very much if it would.

SUPERVISOR MCSHEEHY: Supposing one of the members of this Board of Supervisors, that his Honor should see fit to appoint a member of this Board to the office of Chief Administrator, that particular member cannot resign before the first day of January of this year and be eligible?

CITY ATTORNEY O'TOOLE: I would say it was the intention of the Charter framers that that was not to be.

SUPERVISOR MCSHEEHY: You don't think a member of this Board could resign and receive that appointment?

CITY ATTORNEY O'TOOLE: It reads, "No person elected as Mayor or Supervisor shall be eligible, for a period of one year after his last day of said service as Mayor or Supervisor."

SUPERVISOR GALLAGHER: But you are not working under that yet.

CITY ATTORNEY O'TOOLE: That is something for future study.

SUPERVISOR PEYSER: You are not going to leave us, are you, Supervisor McSheehy?

SUPERVISOR MCSHEEHY: I would leave you in a minute, for that position.

CITY ATTORNEY O'TOOLE: The next section, No. 6: "No officer of the City and County, except members of the Police Department acting under orders of the chief thereof, shall absent himself from the State, except by permission of the Mayor and the Board of Supervisors." The members of the Board still have that power, to grant leave of absence from the State, but not limited to sixty days as previously; it may be granted for a longer period.

Section 7: "No person shall be a candidate for any elective office, nor shall be appointed as a member of any board or commission or as an officer of the City and County unless he shall have been a resident of the City and County for a period of at least five years." The same as the present Charter.

Now the bonds of officers and employees, this is an important section, Section 8: "Unless otherwise provided in this Charter, all officers, and such employees as may be specified by ordinance, on the recommendation of the chief administrative officer or the board or commission concerned, shall give bond in such amounts as may be required by ordinance, provided that the minimum amount of bond to be furnished by the Controller be \$100,000; by the Tax Collector, \$100,000; by the County Clerk, \$50,000, and by the Public Administrator, \$50,000." Now the rest of the bonds are left, to a large extent, to the judgment of the Board of Supervisors, and they may, by ordinance, fix the amount of such bonds, and may also provide for group bonds, for not only the officials themselves but for employees. If the Board of Supervisors see fit they could group every official and every appointee by groups in such offices as the Tax Collector's office, the Board of Supervisors and the County Clerk's office, they could all be grouped under one bond and the necessity of giving individual bonds done away with.

SUPERVISOR HAVENNER: Does the present Charter fix the bond of the Treasurer?

CITY ATTORNEY O'TOOLE: The present Charter, yet, it does. Next is a very important section, the Powers Vested in Board of Supervisors.

THE CHAIRMAN: The thirty minutes is up, gentlemen.

SUPERVISOR GALLAGHER: Yes, and he is starting into a very deep subject now that is going to take considerable time to go into.

CITY ATTORNEY O'TOOLE: Yes, it will, Supervisor.

SUPERVISOR MCSHEEHY: Is it understood, if not I should like to have it understood that Mr. O'Toole will be invited to be here every Monday between the hours of 3 and 3:30 to give us his views in reference to the Charter. I think it is very essential that we should have that.

THE CHAIRMAN: Supervisor Havenner said that it was his intention to have Mr. O'Toole here each Monday immediately upon the completion of the calendar. If you desire to make it at 3 o'clock or 3:30, that might be still better.

SUPERVISOR MCSHEEHY: I think a definite time would be better, it would give the City Attorney an opportunity to know just when he was expected here.

SUPERVISOR HAVENNER: I have no objection. I move that it be made a special order of business for every Monday at 3 o'clock.

SUPERVISOR MCSHEEHY: I second the motion.

THE CHAIRMAN: Is there any objection?

(No response.)

The discussion of the Charter by our City Attorney will be made a special order of business for 3 o'clock each Monday from now until the first of the year. So ordered. (Bringing down the gavel.)

SPECIAL ORDER—3:30 P. M.

Hearing of Protestants Against the Closing and Abandonment of Portions of Fulton Street Between Hyde and Market Streets.

Resolution No. 35085 (New Series), as follows:

Whereas, there have been filed with the office of the Board of Super-

visors several protests against the closing and abandoning of portions of Fulton street between Hyde and Market streets as specifically described in Resolution of Intention No. 34871 (New Series), adopted by the Board of Supervisors August 10, 1931, and approved by the Mayor August 12, 1931; and

Whereas, the posting of said resolution of intention was duly performed according to law by the Board of Public Works, and published for ten days in the official newspaper; and

Whereas, the Board of Public Works has notified the Board of Supervisors of said posting and publishing by Resolution No. 115079 (Second Series); now, therefore, be it

Resolved, That Monday, September 28, 1931, at 3:30 p. m., be and is hereby set for the date of hearing said protests against closing and abandoning Fulton street between Hyde and Market streets; and be it

Further Resolved, That the Clerk of the Board of Supervisors be and is hereby directed to notify any and all of said protestants of said date set for hearing of said protests in the Board of Supervisors of the City and County of San Francisco.

Adopted by the Board of Supervisors September 21, 1931.

Approved September 24, 1931.

ANGELO J. ROSSI, Mayor.

SPECIAL ORDER—3:30 P. M.

Award of Contract, Opera Chairs, School Department.

Resolution No. ——— (New Series), as follows:

Resolved, That award of contract be hereby made to Heywood-Wakefield Company on bid submitted September 8, 1931 (Proposal No. 753), for the following, viz.: opera chairs, to be furnished and installed complete for School Department, in conformity with the specifications and general conditions of the proposal and with particular reference to the following paragraphs therein, viz.:

25. Employment conditions.
26. Compensation insurance.
27. Hours, wages and employment.

Item No. 1 (Balboa High School)—Total 2025 chairs, in birch, for the sum of \$9,517.50.

Item No. 2 (Aptos Junior High School)—Total 1111 chairs, in birch, for the sum of \$5,221.70.

Item No. 3 (James Lick Junior High School)—Total 747 chairs, in birch, for the sum of \$3,510.90.

Resolved, That a bond in the sum of \$2,000 be required for faithful performance of contract.

Resolved, That all other bids submitted hereon be rejected.

Reconsidered at a meeting of the Supplies Committee November 12, 1931.

Resubmitted to the Board of Supervisors, reaffirming award to Heywood-Wakefield Company as per resolution.

Privilege of the Floor.

J. Brandelein, one of the bidders, was heard at length in opposition to the award, which, he said, had originally been made to his firm. In awarding the contract to the Heywood-Wakefield Company, he said, home industry was discriminated against, discouraged and driven from the city. The wage ordinance on city contracts, he said, does not allow sufficient differential to offset the high wages required in San Francisco as against low wages paid by competitors in the East.

H. M. Bayly, Pacific Coast manager for the Heywood-Wakefield Company, was also granted the privilege of the floor. He claimed that the Heywood-Wakefield Company has operated in San Francisco for over fifty years, and was a responsible San Francisco firm, having large property interests and paying many times as much taxes into the City treasury as the Brandelein firm.

George Gilmore, representing the Brandelein firm, and M. Corburn, representing the New Jersey Seating Company, were also heard in the pending matter.

Mr. Turner, representing the law firm of Sloss & Turner, was also heard, stating that he would take the matter into court if the award was not made to his client, the Heywood-Wakefield Company, the lowest bidder.

Mr. Leavy, Purchaser of Supplies, was also heard in explanation of the differential allowed by Ordinance No. 8995 in the case of home-manufactured articles.

The opinion of City Attorney John J. O'Toole was also read.

Adopted.

Whereupon, the roll was called and the resolution was *adopted* by the following vote:

Ayes—Supervisors Andriano, Breyer, Colman, Gallagher, Havenner, Miles, Peyser, Power, Spaulding, Suhr—10.

Noes—Supervisors Garrity, McGovern, McSheehy, Roncovieri, Shannon, Stanton—6.

Absent—Supervisors Canepa, Hayden—2.

Before the result of the foregoing vote was announced, Supervisor McSheehy changed his vote from *no* to *aye* and gave notice that he would move for reconsideration.

Supervisor Miles moved suspension of the rules for immediate reconsideration.

Motion *lost* by the following vote:

Ayes—Supervisors Andriano, Breyer, Colman, Miles, Peyser, Power, Spaulding, Suhr—8.

Noes—Gallagher, Garrity, Havenner, McGovern, McSheehy, Roncovieri, Shannon, Stanton—8.

Absent—Supervisors Canepa, Hayden—2.

Motion.

Supervisor Peyser moved that the Supplies and Judiciary Committees of the Board of Supervisors consider an amendment to Ordinance No. 8995 (New Series) (Wage Ordinance, City Contracts), looking to equalization of conditions in San Francisco relative to contractual relations. Also, that the City Attorney be requested to furnish this Board an opinion as to Section 1 of said ordinance—whether or not it applies only to street and road construction, or to other contractual matters, city supplies, etc.

Motion *carried*.

Action Deferred.

The following matter was *laid over one week* by the following vote:

SPECIAL ORDER—4 P. M.**Payment of \$51,350 Out of County Road Fund, Second Installment, to Joint Highway District No. 9.**

Resolution No. ————— (New Series), as follows:

Resolved, That the sum of \$51,350 be and the same is hereby set aside and appropriated out of the County Road Fund and authorized in payment to Joint Highway District No. 9 of the State of California; being payment of second installment of San Francisco's contribution toward the construction of the San Francisco-San Mateo-Santa Cruz Shore Line highway. (Claim dated Aug. 27, 1931.)

Ayes—Supervisors Andriano, Breyer, Garrity, Havenner, McGovern, McSheehy, Peyser, Power, Roncovieri, Shannon, Stanton, Suhr—12.

Noes—Supervisors Colman, Gallagher, Miles—3.

Absent—Supervisors Canepa, Hayden, Spaulding—3.

UNFINISHED BUSINESS.**Final Passage.**

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

Authorizing Sale of Right of Way Easements in San Mateo and Alameda Counties.

Also, Bill No. 9509, Ordinance No. 9096 (New Series), as follows:

Authorizing the sale of right of way easements on lands situated in San Mateo and Alameda counties owned by the City and County of San Francisco, and directing the Mayor and the Clerk of the Board of Supervisors to execute deed of easements of rights of way.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to the provisions of Ordinance No. 8985 (New Series) of the Board of Supervisors and notice of sale of right of way easements, and Ordinance No. 9031 (New Series), bids for the sale of right of way easements described in said ordinances, to which special reference is hereby made, and the terms and conditions of such sale were received by the Mayor and reported to the Board of Supervisors, and it appearing to the satisfaction of the Board of Supervisors that the sums bid are not disproportionate to the value of the right of way easements granted, and that a greater sum cannot be obtained, and no higher bid having been made or received for said right of way easements, the said sale is hereby confirmed to the Pacific Gas and Electric Company, a California corporation, of the right of way easements, as follows: All those certain right of way easements fully described and set forth in Ordinance No. 8985 (New Series) and Ordinance No. 9031 (New Series), to which special reference is hereby made, for the amounts specified under Ordinance No. 9031 (New Series) and under the terms and conditions of said Ordinance No. 9031 (New Series) and Ordinance No. 8985 (New Series).

Section 2. The Mayor and the Clerk of the Board of Supervisors are hereby directed to execute a proper deed of right of way easements described in Ordinances No. 8985 (New Series) and No. 9031 (New Series).

Section 3. This ordinance shall take effect immediately.

Ayes—Supervisors Andriano, Breyer, Colman, Garrity, Havenner, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—15.

(Recommendation of Board of Public Works, per Resolution No. 115704 (Second Series).)

Explanation of Vote.

To the Honorable Board of Supervisors.

Gentlemen: On today's Calendar there is an appropriation of \$1,405,750.90 for the Corral Hollow pipe line, Hetch Hetchy water supply. I am going to vote in favor of this appropriation, but under protest, for I feel, as chairman of the Special Water Committee, that a great mistake is being made in recommending this appropriation. Nevertheless, as a majority of the members of this Board have seen fit to agree with the City Engineer in his recommendation, over the protests of a number of members of this Board, that this route is the most feasible route for bringing Hetch Hetchy water into San Francisco, I shall cast my vote in favor of same.

On November 17, 1930, just one year ago, I presented a report to this Board, showing that there was only a little over eight billions of gallons of water in our reservoirs, one-fifth of their capacity, and recommending that a pipe line be erected over the Altamont Pass. This recommendation was objected to by the City Engineer, and his objections were sustained by a majority of the membership of this Board. On June 8, 1931, some eight months later, an ordinance was introduced by the chairman of the Finance Committee, at the behest of his Honor the Mayor, recommending the Altamont Pass route or any other feasible route, and this ordinance was unanimously passed by the entire Board of Supervisors.

On July 20, 1931, the Board of Public Works, through their engineering department, recommended what is known as the Corral Hollow route. This route was strenuously objected to by a number of members of the Board for the reasons that it would create a pumping charge annually of \$226,000 and \$1,008,590 of an excess charge in construction cost. We are taking daily from the city of Oakland thirty millions of gallons of water, which is costing the ratepayers \$1,600 a day, or \$50,000 a month, or \$600,000 a year. I know that the only feasible way to offset this continual purchase of water from Oakland is to bring our own Hetch Hetchy water into San Francisco, on which we have expended \$21,000,000 in interest and \$65,000,000 in construction to date.

Knowing these facts as I do, I want the records to show that I am voting in favor of this resolution, but with the reservations noted above.

JAMES B. McSHEEHY.

November 16, 1931.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Resolution Introduced at Eleventh Annual Convention of the Redwood Empire Association, October 17, 1931.

Supervisor Gallagher presented:

October 30, 1931.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Honorable Sirs: It is a pleasure indeed to transmit herewith copy of resolution submitted by the Resolutions Committee at the eleventh annual convention of the Redwood Empire Association, Sonoma Mission Inn, Saturday afternoon, October 17th.

To these expressions the writer wishes to add his own personal thanks for your splendid cooperation, your ever-present support, and your consistent interest in Redwood Empire Association affairs, which has been such a vital factor in the production of results in the past year and in previous years.

Looking forward to your continued cooperation and support, thanking you again for your interest and cooperation, and with kindest personal regards, I am,

Sincerely yours,

REDWOOD EMPIRE ASSOCIATION.

CLYDE EDMONDSON,
General Manager.

The following is the resolution:

Whereas, the honorable Board of Supervisors of the County of San Francisco have made possible the production of results in the past fiscal year and in previous years by appropriating funds from the Publicity and Advertising budget of said county in favor of the joint publicity, advertising and general promotion pool of funds administered by the non-profit Redwood Empire Association; and

Whereas, the consistent personal interest of the individual members of the Board of Supervisors and other county officers in the County of San Francisco in favor of the Redwood Empire Association's affairs has been a vital factor in securing appropriations from State and Federal road bodies to hasten the completion and improvement of the Redwood Empire system of highways throughout the nine Redwood Empire counties; and

Whereas, this same support by the Supervisors and county officers has also been of direct value in bringing about increases in tourist and vacationist traffic and lengthening the stopovers thereof, thereby increasing the expenditure of cash brought in by outside trade throughout the County of San Francisco; now, therefore, be it

Resolved, That the hearty thanks of the constituency of the entire Redwood Empire Association be conveyed to the honorable Board of Supervisors of the County of San Francisco and other county officers therein.

The above resolution was submitted at the eleventh annual convention of the entire Redwood Empire Association, on the 17th day of October, 1931, at Sonoma Mission Inn, Boyes Springs, County of Sonoma, State of California.

In witness whereof, we have hereunto set our hands and caused the seal of the association to be affixed.

(Seal)

HARRY LUTGENS,
President.
CLYDE EDMONDSON,
General Manager.

Whereupon the following resolution was presented and *adopted*:

Resolution No. 35309 (New Series), as follows:

Whereas, a new Charter for the government of the City and County

of San Francisco will go into effect at 12 o'clock noon on the 8th day of January, 1932; and

Whereas, under said new Charter the Civil Service Commission has the power to classify, for examination purposes and for salary purposes, all positions in the City and County service except those specifically exempted by said new Charter; and

Whereas, Section 141 of said new Charter provides that the class titles and class numbers assigned to positions by the Commission shall be used in all records, reports, statements and communication, including the compensation schedule, annual budget and salary ordinance, payrolls, and appropriation ordinances; and

Whereas, the Civil Service Commission has recommended, for present as well as for future payroll purposes, that titles of positions named in the Budget for the fiscal year 1931-1932 (Bill No. 9412, Ordinance No. 9001 [New Series], Bill No. 9413, Ordinance No. 9002 [New Series], and Resolution No. 34696 [New Series]) be changed so that they will conform to the existing classification made and adopted by said Commission; and

Whereas, said Civil Service Commission has stated that such retitling of positions will not operate to adversely affect the civil service classification or duties of any person holding a position at the time of the adoption of this resolution; therefore, be it

Resolved, That from and after the date hereof, and for the purposes referred to in this resolution, the titles and descriptions of all positions mentioned and contained in the Budget Ordinance and Resolution hereinbefore referred to be and the same are hereby changed and amended so as to coincide with the existing classification or classifications made by said Civil Service Commission and filed with this Board on the 16th day of November, 1931, and that hereafter said positions as set forth and contained in said Budget ordinances and said resolution shall be designated, named, classified and referred to as set forth in said classifications made and filed by said Civil Service Commission as aforesaid.

Legislation Pertaining to Mill-Working Plants and Industry in San Francisco.

Supervisor Gallagher presented:

Communication from City Attorney, transmitting the following legislation concerning mill-working plants and industry in San Francisco, with reference to the issuance of permits and the payment of license fees for conducting such business in San Francisco:

Bill No. ———, Ordinance No. ——— (New Series), as follows:

Regulating the establishment and maintenance of business of mill-work, manufacture of sash or doors, furniture, cabinets and all kinds of woodwork where planers, stickers, jointers and/or woodworking machinery is used and run by power within the City and County of San Francisco; licensing the said business and providing a penalty for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm, corporation or association of persons to establish, maintain, operate, or carry on the business of millwork or the manufacture of sash or doors, furniture,

cabinets, or any kind of woodwork where planers, stickers, jointers and/or any woodworking machinery is used and run by power, in any building or premises within the limits of the City and County of San Francisco, without having first obtained a permit therefor from the Board of Supervisors, which said permit shall specify the name of the permittee and the location of the premises used or to be used for such purposes.

Section 2. No permit shall be granted except upon report from the Health Officer of said City and County that the premises are properly and sufficiently ventilated, and that all proper arrangements for carrying on the business without injury to the health of the employees have been complied with, and a report from the Fire Prevention Bureau of the City and County of San Francisco that said business may be conducted in the premises without danger to the surrounding property from fire. Before commencing the operation of any millwork business as set forth in Section 1 of this ordinance, the person, firm or corporation desiring to operate the same shall obtain from the Safety Department of the Industrial Accident Commission of the State of California, and file with the Board of Supervisors, a certificate to the effect that the machinery used in said business is installed and constructed in accordance with the safety regulations of said department, and all persons, firms or corporations engaged in said business at the time this ordinance becomes effective, desiring to continue to conduct said business, shall, before receiving a permit to conduct the same, obtain and file with said Board of Supervisors a like certificate.

Section 3. It shall be the duty of the Health Officer and of the Fire Prevention Bureau, respectively, upon request of the Board of Supervisors, or of any committee thereof, or of any applicant for a permit hereunder, to inspect the premises on which it is proposed to establish, maintain, operate or carry on said business, or in which said business is being maintained, operated or carried on, with a view to ascertaining the existence or non-existence of the conditions and matters set forth in Section 2 of this ordinance, and to make report thereon to the Board of Supervisors, or to such committee of the Board of Supervisors as may have pending before it an application for such permit for such premises.

Section 4. The Board of Supervisors shall not grant, refuse or revoke any permit hereunder except after full hearing publicly had, at which the applicant or permittee may appear in person and by counsel and introduce evidence; and in the granting, refusal or revocation of permits said Board of Supervisors shall exercise a sound and reasonable discretion.

Section 5. Permits for the establishment, maintenance, operation or carrying on of the business provided for herein and issued hereunder are not transferable.

Section 6. Any permit granted hereunder shall be revocable by the Board of Supervisors for any violation of the provisions of any ordinance of the City and County of San Francisco in the control of such millworking business.

Section 7. Every person, firm, corporation or association of persons engaged in the business of millwork, or the manufacture of sash or doors, furniture, cabinets, or any kind of woodwork where planers, stickers, jointers and/or any woodworking machinery is used and run by power, shall pay a license fee of \$12.50 per quarter.

Provided, however, that no such person, firm, corporation or association of persons shall be issued a license under this section without first obtaining a permit from the Board of Supervisors as herein set forth.

Section 8. Any person, firm, corporation or association of persons violating any provision of this ordinance shall be guilty of a misdemeanor, and shall be punishable by a fine of not more than five

hundred (\$500) dollars, or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment.

Section 9. This ordinance shall take effect immediately.

Amending Section 194 of Ordinance No. 1008 (New Series).

Also, Bill No. ———, Ordinance No. ——— (New Series), as follows:

Amending Section 194 of Ordinance No. 1008 (New Series), entitled "Regulating the construction, erection, enlargement, raising, alteration, repair, removal, maintenance, use and height of buildings, regulating character and use of materials in and for buildings, establishing fire limits and repealing all ordinances in conflict with this ordinance."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 194 of Ordinance No. 1008 (New Series) is hereby amended to read as follows:

Power Woodworking Mills, Etc.

Section 194. No building shall be constructed to be used or occupied as a planing mill, sawmill, sash and door factory, furniture or cabinet factory, or for other woodworking purposes, if planers, stickers, jointers, and/or any woodworking machinery is used and run by power, unless the same be of heavy timber "mill construction" frame and floors.

The exterior walls and roof shall be corrugated iron, fastened to the timber frame, and without boarding, if outside the fire limits, unless of Class "A", "B" or "C" construction. Said building shall not exceed two (2) stories, or thirty feet in height, shall have floors not less than two (2) inches thick, extending to the outer covering of the building; shall have all elevators, hoists, stairs, chutes and other vertical floor openings tightly closed with wood partitions and doors or trapped, and the outer wall, floor and roof systems shall be constructed without concealed spaces.

No building already erected and not now so used shall hereafter be used or occupied as a planing mill, sawmill, sash and door factory, furniture or cabinet factory, or for other woodworking purposes, if planers, stickers, jointers, and/or any woodworking machinery is used and run by power, unless it is made to conform to the above specifications.

In buildings of Class "C" used as planing mills, wagon or carriage factories, furniture factories, or any other woodworking factories, all joists and studding bearing weight shall be covered with metal lath and plaster and the floor shall be double, with the top floor laid over three-quarters ($\frac{3}{4}$) of an inch of mortar, or two thicknesses of asbestos paper, unless such building is constructed on the slow-burning or mill construction plan, in which case the floor shall extend from one beam to another and shall not be less than three (3) inches thick. All planks shall be laid to the end of the timbers.

Section 2. This ordinance to take effect immediately.

Sale of Hetch Hetchy and Hospital Bonds.

Sealed bids for the purchase of certain bonds of the City of San Francisco, State of California, to be received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Monday, November 23, 1931, and opened by said Board at said time.

The bonds offered are described as follows:

Two million 4½ per cent Hetch Hetchy bonds, issue of July 1, 1928, comprising fifty bonds of \$1,000 denomination, maturing each year from 1938 to 1977, inclusive; interest payable January 1 and July 1.

Seven hundred thousand dollars of Hospital Bonds, 4½ per cent, issue of January 1, 1929, comprising forty-three \$1,000 bonds, maturing each year 1938 to 1941, inclusive, and forty-four \$1,000 bonds, maturing each year 1942 to 1953, inclusive; interest payable January 1 and July 1.

The said described bonds bear interest at the rate of $4\frac{1}{2}$ per centum per annum, payable semi-annually, and shall not be sold at a price less than the par value thereof, together with accrued interest thereon at date of delivery.

Bidders may bid for the whole or any part of the bonds here offered, and when a less amount of the whole amount offered is bid on, the bidder shall state the year or years of maturity thereof.

The bonds offered are tax exempt, State and Federal.

Delivery of the bonds to the purchaser will be made within ten days from the date of award, or within such time thereafter as may be agreed upon by the purchaser and Finance Committee of the Board of Supervisors.

All proposals for the purchase of such bonds shall be accompanied by a deposit of 5 per cent of the amount bid, in lawful money of the United States, or by a deposit of a certified check payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County, for a like sum, provided that no deposit need exceed the sum of \$10,000, and that no deposit need be given by the State of California, which money or check shall be forfeited by the bidder in case he fails to accept and pay for the bonds bid for by him if his bid is accepted.

The approval of Thomson, Wood & Hoffman, attorneys, New York, as to the legality of these bonds, is on file in the Clerk's office.

This notice is given pursuant to the direction of a resolution of the Board of Supervisors adopted November 9, 1931.

J. S. DUNNIGAN,

Clerk of the Board of Supervisors.

The Clerk read the foregoing and asked if there were any bidders present. There was no response and no bids received.

Adopted.

Whereupon, the following resolution was presented by Supervisor Hayden and *adopted* by the following vote:

Authorizing Treasurer to Sell \$2,000,000 Hetch Hetchy and \$700,000 Hospital Bonds Over Counter.

Resolution No. 35382 (New Series), as follows:

Whereas, there was on the first day of May, 1928, submitted to the electors of the City and County of San Francisco the proposition of authorizing the issuance of twenty-four million dollars of bonds of the City and County of San Francisco for the construction and completion of the Hetch Hetchy project. And there was on the sixth day of November, 1928, submitted to the electors of the City and County of San Francisco the proposition of authorizing the issuance of three million five hundred thousand dollars of bonds of the City and County of San Francisco for the construction of hospital buildings; and

Whereas, on said dates more than two-thirds of the electors voting on said proposition voted in favor of the issuance of said bonds; and thereafter the Board of Supervisors of the City and County of San Francisco did do and perform all the necessary acts and things relative to the issuance of said bonds, and did heretofore by notice published in the official newspaper of the City and County of San Francisco, give notice that bids for two million dollars of Hetch Hetchy bonds, and seven hundred thousand dollars of hospital bonds, authorized as aforesaid, would be received in the chambers of the Board of Supervisors of the City and County of San Francisco, 'at 3 o'clock p. m. on Monday, November 23, 1931; and

Whereas, no bid in conformity with the proposal offering said bonds for sale was received by the Board of Supervisors at said time and place specified for the receiving of bids for said bonds, and that two million dollars of said Hetch Hetchy bonds, and seven hundred

thousand dollars of Hospital bonds now remain unsold; now, therefore, be it

Resolved, That said Board of Supervisors, with the concurrence of fourteen members of said Board, and with the approval of the Mayor of the City and County of San Francisco, do hereby place said unsold bonds on sale at the City Treasury in the City and County of San Francisco, and does hereby authorize the Treasurer of the City and County of San Francisco to sell two million dollars of said Hetch Hetchy bonds, and seven hundred thousand dollars of Hospital bonds; and be it

Further Resolved, That the price at which said bonds may be sold shall be not less than the par value thereof, together with the interest accrued thereon at the date of sale; and be it

Further Resolved, That the authority herein given to the Treasurer of the City and County of San Francisco to sell said bonds as hereinbefore set forth shall remain in force until the same is revoked by resolution of the Board of Supervisors.

Ayes—Supervisors Andriano, Breyer, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—15.

Absent—Supervisors Canepa, Peyser, Suhr—3.

SPECIAL ORDER—2:30 P. M.

Unemployment Subscriptions.

Report on voluntary subscriptions to unemployment relief as per motion of Supervisor Andriano at last meeting.

The following was presented and read by the Clerk:

November 23, 1931.

Honorable Board of Supervisors, San Francisco, California.

Gentlemen: The following is a brief synopsis of what has been done to date by the officials, officers and employees of the City and County of San Francisco for the relief of the unemployed and those in our midst who are in need of the necessities of life.

A circular letter was sent, over the signature of the Honorable Supervisor J. Emmett Hayden, to officials, heads of departments, and bureaus, asking that a representative be selected by the various departments and bureaus of the City for the purpose of organizing committees to handle the contributions, if any, from the officials, officers and employees of the City and County.

The representatives met as requested and elected Mr. A. Knight of the Registrar's office, president, and Mr. John Hannon of the Board of Public Works as secretary. After the organization was effected the following committees, as per attached list, were appointed by the President:

Blanks were prepared, per sample attached, for officials and employees to sign, stating that their voluntary donations were to be deducted semi-monthly on the payrolls, said deductions to continue until June 30, 1932, or until such earlier date as the unemployed situation may be alleviated, this to be determined by the Municipal Employees' Committee.

Attached is the approximate percentage list of pledges from the various departments. Deductions from some of these departments have been made on the semi-monthly payroll for November, 1931, and those omitted will have a one-thirtieth deduction made on the final payroll for November, 1931.

These voluntary donations are made with the understanding that all departments in the City and County are to participate in the contribution of one day's pay per month towards the unemployment fund.

These percentages are based on reports received at the last meeting of the Committee, which was held Thursday, November 19, 1931. If

reports from any departments are missing, it was not called to my attention and for that reason are not included in this preliminary statement.

Respectfully submitted,

DUNCAN MATHESON, Treasurer,
City and County of San Francisco.

MONDAY, NOVEMBER 23, 1931.

The following matters were presented and read by the Clerk:

Opinion of City Attorney.

Subject: Prevailing rate of wage ordinance is applicable to chairs purchased for the Board of Education.

November 23, 1931.

Dear Sir: I have before me your letter of the 19th instant, relative to the above mentioned subject, which letter is concluded by the following paragraph:

"I would like to have from your office on or before our meeting convenes on next Monday, an opinion as to the legality of Bill No. 9405, Ordinance No. 8995 (New Series), and if in your opinion this ordinance could be amended so that our local manufacturers will not be bidding under the handicap which they are now bidding on, according to said ordinance."

Opinion.

Ordinance No. 8995 mentioned in your letter was passed by the Board of Supervisors on May 18, 1931, and approved by the Mayor on May 22nd. I believe that the ordinance is a valid exercise of the legislative power of the Board of Supervisors. Similar laws and ordinances have been upheld by the highest courts of other states.

In *People v. Crane*, Court of Appeals, (N. Y.) 108 N. E. 427, the court said:

"In the assertion by the state of its right to control the manner in which public work shall be constructed, it is immaterial whether the public work is done directly by the state, or by a municipality or independent contractor."

In *Morse v. Delaney*, 218 N. Y. Sup. 571, the court expressed the following views on the subject:

"The wage scale adopted by the contractor doing public work may therefore be subjected to the same rules of application within the general principle of the statute as are employed by the authorities in fixing wages of labor directly employed."

Also, *Norris v. City of Lawton*, 148 Pac. 123:

The court held that a provision in a contract between a city and a contractor to pay unskilled labor at the rate of twenty-five cents per hour, where it appears from the evidence that this amount was the current rate of wages in said city at the time the contract was entered into, is not violative of any constitutional or statutory provision, or contrary to any rule of public policy.

On February 18, 1931, this office had occasion to advise the Board of Public Works on a similar subject, and in that opinion we advised the Board of Public Works that if the Board of Supervisors would adopt an ordinance providing for a prevailing rate of wage that it would be valid, and we are still of the same opinion.

As to the right of the Board of Supervisors to amend the present ordinance mentioned, you are advised that the Board has the same right to amend it as it did to pass it in the first instance.

Sincerely yours,

JOHN J. O'TOOLE, City Attorney.

San Francisco, November 21, 1931.

Mr. James B. McSheehy, 137 Clifford Terrace, San Francisco, Calif.

Dear Mr. McSheehy: On Monday, November 16, your Board of Supervisors, by a vote of ten to six, voted to award a contract for 3883 school auditorium chairs to an Eastern manufacturer. By notice of reconsideration this matter will again be before your Board on Monday, November 23rd.

Ordinance No. 8995 (New Series), stipulates the conditions under which labor shall be performed in all work done for the City and County of San Francisco, and was made part of the specifications for the above chairs. However, a bidder whose factory is not in

California is not compelled to comply with the employment conditions of this ordinance.

It is therefore evident that local factories are at a decided disadvantage in bidding on public work as long as the terms of employment as set forth in this ordinance must be complied with.

We therefore ask that you vote against the award of the above mentioned contract, and that you vote for the rejection of all bids until such time as this ordinance can be amended so as to afford local manufacturers the same advantages as the Eastern concerns.

Thanking you for your earnest consideration of this matter, we are,

Yours very truly,

CABINET MANUFACTURERS INSTITUTE
OF CALIFORNIA, Northern Division,

S. Levi, Secretary.

Bureau of Supplies, City and County of San Francisco.

General conditions, instructions and information for bidders.

Hours, Wages and Employment.

27. The attention of the contractor is hereby directed to certain provisions relative to the hours of labor and wages that shall be paid, and conditions of employment, as set forth in Ordinance No. 8995 (New Series), which is hereby referred to and made a part of these specifications, and also to those certain provisions of the Charter of the City and County relative to conditions of employment, etc., which likewise are referred to and made a part hereof. Generally these provide that in the performance of any work provided for in the specifications or incident thereto, eight (8) hours shall be the maximum hours of labor on any calendar day for each person in the performance of said work.

The compensation that shall be paid to the persons employed in the performance of the work shall be not less than the highest general prevailing rate of wages as paid in private employment as may be determined by the Civil Service Commission of the City and County of San Francisco and approved by the Board of Supervisors of the City and County of San Francisco, provided, however, that the minimum wage for persons so employed shall be not less than three (3) dollars per day.

Any person performing any work under these specifications and contracts shall be a citizen of the United States, or shall have declared his intentions of becoming one, and shall be at the time of such employment, and for at least one year prior thereto shall have been resident of the City and County of San Francisco, provided that this condition shall not apply where residents of San Francisco, properly qualified to perform the work under these specifications, fail to apply therefor.

The contractor shall keep full and complete records of all persons employed in the performance of said work, showing the name, place of residence, and compensation paid to each person employed during said work and said records shall at all times be open to inspection of the representative of the Board of Public Works.

These provisions shall apply to all persons performing labor in the execution of the contract, whether employed by the contractor directly, or as sub-contractors, or as employees of sub-contractors, or under any other arrangement; and shall apply also to persons performing labor in the commissary or other auxiliary department of labor conducted in the course of the execution of the contract.

Motion.

Whereupon, after discussion, Supervisor McSheehy moved reconsideration of the vote whereby the foregoing resolution was *adopted*.

Motion *lost* by the following vote:

Ayes—Supervisors Andriano, Canepa, Garrity, McGovern, McSheehy, Roncovieri, Shannon, Stanton—8.

Noes—Supervisors Breyer, Colman, Gallagher, Havenner, Hayden, Miles, Peyser, Power, Spaulding, Suhr—10.

Special Order on Conclusion of Calendar.

Supervisor Havenner's motion that City Attorney O'Toole address the Board, giving an analysis of the new Charter.

Discussion of the New City Charter by City Attorney.

After the transaction of other business, the following proceedings were had in connection with the discussion of the new Charter by City Attorney O'Toole.

SUPERVISOR HAVENNER: I move the privilege of the floor to Mr. O'Toole for the discussion of our new Charter.

SUPERVISOR GALLAGHER: Before the City Attorney begins, I would like to call attention of the Board that as soon as this matter is finished, and the Board permits, I desire to call up another matter, and I would like to have the Mayor remain if he can. I am going to call the Board's attention to the granting of a sub-contract on the Third street bridge to a firm outside of San Francisco. I am serving notice now that I want the President of the Board of Public Works here on that subject-matter, say in half an hour.

THE CHAIRMAN: If there is no objection, the City Attorney has the floor, and I will ask for order. Proceed, Mr. O'Toole.

CITY ATTORNEY O'TOOLE: Mr. Mayor, Gentlemen of the Board: We were at the last meeting discussing, as I remember it, the general provisions of the Charter, the officers elected and their terms and the matters of vacancies, qualifications of officers and employees, and I think we ended it on the discussion of the question of bonds of the various employees, which brings us to the next section of the Charter, as they appear numerically.

SUPERVISOR GALLAGHER: What page?

CITY ATTORNEY O'TOOLE: On page 6: Powers vested in Board of Supervisors. Section 9: The powers of the City and County, except the powers reserved to the people or delegated to other officials, boards or commissions by this Charter, shall be vested in the Board of Supervisors and shall be exercised as provided in this Charter.

Which means that all the legislative powers are vested in the Board and also such administrative powers as are not given to any other Department remain in the Board of Supervisors. Also, that the Board of Supervisors shall have the same power as they have at the present time, and the same power as a County Board of Supervisors, and it will be their duty during the month of July of each year to continue to sit as a Board of Equalization for the purpose of equalizing assessments in the City and County.

SUPERVISOR HAVENNER: Does it also mean, Mr. O'Toole, that the Board of Supervisors shall have the complete authority and complete responsibility for all appropriations?

CITY ATTORNEY O'TOOLE: I think we come to that later, Mr. Supervisor, and there may be some qualifications on the adoption of the budget; of course there will be some qualifications, and I prefer to answer that question when we come to the question of appropriations and how they are made up.

The next clause seems to give to the Board of Supervisors a rather large amount of authority over all the officers in the City—

SUPERVISOR RONCOVIERI: On what page is that, Mr. City Attorney?

CITY ATTORNEY O'TOOLE: On page 6, Mr. Supervisor, Section 9: "The Supervisors shall determine the maximum number of each class of employments in each of the various departments and offices of the City and County and shall fix rates and schedules of compensation therefor in the manner provided in this Charter—"

SUPERVISOR GALLAGHER: You skipped a point there, I think, Mr. O'Toole. Can I bring you back again to that question: "It shall be the duty of the Board of Supervisors to canvass the vote cast at

each election in the City and County, and certify the official count of such balloting"? Can you account for the fact, or does the State law or the Penal Code or does some other document tell us or mandamus us as to when that shall be done?

CITY ATTORNEY O'TOOLE: As to the voting, or I mean as to the certifying the official count of the ballot, now that matter is in the courts at the present time, so I rather hesitate to express any definite opinion at this time. If we follow the decision in the Rand case, possibly the Board of Supervisors will have that power; in other words, such powers as are given to the Registrar of Voters and the present Election Commission will all be vested in the Registrar of Voters, which I think is—I forget the exact title——

SUPERVISOR GALLAGHER: I wanted to ask you there—of course, you will advise us as to what the court says finally and what is our authority.

CITY ATTORNEY O'TOOLE: Yes, what has been decided.

SUPERVISOR GALLAGHER: In the same connection, will you remember to give us what law there is or time in which we have to canvass the votes cast at the election, I believe that is stated in the Penal Code or some other law?

CITY ATTORNEY O'TOOLE: That is stated in the General Election Laws and the Political Code, and I could not say offhand just what the exact time is.

SUPERVISOR HAVENNER: What is the provision under the present Charter?

CITY ATTORNEY O'TOOLE: The canvassing of the election is done by the Election Commissioners.

SUPERVISOR HAVENNER: That is the provision of the present Charter?

CITY ATTORNEY O'TOOLE: The Election Commissioners are provided for in the present Charter, but they are also provided for in the State law, and the powers are rather definite, and in the counties where they have no Election Commission the canvassing of the votes is done by the County Board of Supervisors.

SUPERVISOR HAVENNER: This new Charter is supposed to do away with the Election Commission?

CITY ATTORNEY O'TOOLE: It does away with the Election Commission, and vests their powers, with the exception of the canvassing of the votes, with the Commissioner of Elections, who is the sole official in charge of the elections held in the City and County. Now in the Rand case, where the question was directly passed upon by the Supreme Court, the question as to the right of the people by Charter to do away with the office of County Auditor was directly passed upon by the Court, and the Court held that as long as the duties were to be held by some other official, to-wit by the Controller, why, it made no difference what particular name the official who was to perform the duties was given, provided due provision was made for the performance of the duties of the office. So whether or not that will apply to the Election Commission I don't know, because that was only argued before Judge Griffin within the last three or four days, and he has not as yet announced his decision, and I presume that interested parties will, in any event, carry the question to the higher courts before it is finally disposed of, and whether that court will follow the determination laid down in the recent Rand case or get away from it, we cannot tell.

SUPERVISOR McSHEEHY: The Registrar will become the Election Commissioner?

CITY ATTORNEY O'TOOLE: If the present Charter in that regard is sustained the duty of canvassing the votes as to each election will devolve upon the Board of Supervisors.

Now, "The Supervisors shall determine the maximum number of

each class of employments in each of the various departments and offices of the City and County and shall fix rates and schedules of compensation therefor in the manner provided in this Charter."

SUPERVISOR GALLAGHER: Now I don't know whether you would rather answer that question now or wait until we get to the discussion of the budget, as you suggested a little while ago. The Charter specifically provides that positions now in force shall remain in effect under the new Charter, and I understand you to say that—I would like to get your thought on it—can the Board of Supervisors, acting under this Section—I know they can add to the employment, but can they reduce them if the Charter in no other particular states that the employment existing at the present time—

CITY ATTORNEY O'TOOLE (interrupting): I didn't hear you, Supervisor.

SUPERVISOR GALLAGHER: In another part of the Charter it states, in a very general way, that the employment existing at the time this Charter shall become effective shall remain in effect and the salaries theretofore paid to the said employees shall remain—

CITY ATTORNEY O'TOOLE (interrupting): They shall last for as long as the present incumbents hold the positions and the salaries shall not be reduced.

SUPERVISOR GALLAGHER: Have you read far enough to say whether or not the Board of Supervisors have, despite the provisions of this Charter, the right to reduce employments?

CITY ATTORNEY O'TOOLE: I cannot answer that until I come to that provision, Supervisor.

SUPERVISOR GALLAGHER: All right, proceed.

CITY ATTORNEY O'TOOLE: I would rather take that up later. "The Supervisors shall determine the maximum number of each class of employments in each of the various departments and offices of the City and County and shall fix rates and schedules of compensation therefor in the manner provided in this Charter." Now when we come to the matter of the fixing of the budget, I will discuss how the rates are fixed. The budget does not originate in the Board of Supervisors any longer, as you gentlemen will note, it originates through the Mayor, the Chief Administrative Officer and the Controller. Of course, it must be finally approved by the Board of Supervisors.

SUPERVISOR HAVENNER: Is it necessary for the Board of Supervisors to do this immediately after the first of January?

CITY ATTORNEY O'TOOLE: I don't think so, Supervisor, because under the general provision of the Charter continuing all employments, they would continue until the Board took some action regarding them, if the Board had that power.

SUPERVISOR MCSHEEHY: Supposing that the Board in its wisdom came to the conclusion it would like to reduce the number of employes, say for example in the Auditor's office—I say in the Auditor's office merely for an example—have we that power?

CITY ATTORNEY O'TOOLE: Abolish certain positions?

SUPERVISOR MCSHEEHY: No, certain employees, I do not know any one in particular, but supposing in the wisdom of this Board we felt that the personnel of the Auditor's office should be reduced say ten per cent, have we that power?

CITY ATTORNEY O'TOOLE: I would have to look that up and check it up with the other provisions of the Charter. I will make a note of that and answer that at the next meeting for you. "On the recommendation of the Mayor and the Chief Administrative Officer, the Board of Supervisors may create or abolish departments which are now or may hereafter be placed under the Chief Administrative Officer or under commissions appointed by the Mayor."

Now that is a very broad power, and I am frank to say I don't know how far it could be exercised by the Board. For instance, there

are many departments like the County Clerk, Tax Collector, Public Administrator, the Recorder, the Coroner and so on, which are placed under the jurisdiction, indirectly, of the Chief Administrative Officer, which is constituted the Department of Finance. Now those are all, or practically all county offices, and I know that this Board could not, by any Ordinance or Resolution, abolish any County office which is provided for in the General Laws of the State, and I very much doubt where a Department is specifically provided for, such as the Departments of Police, Fire, Parks and Playgrounds, and the Department of Public Works, that the Board of Supervisors could, by Ordinance abolish those Departments.

SUPERVISOR GALLAGHER: Yet that is the plain language—

CITY ATTORNEY O'TOOLE: It is the plain language, but I think it would take a court decision for a final determination. Usually the law is that where a Board of Supervisors is given power to pass an Ordinance on a particular subject it has the same validity, their action would have the same validity as if that Act were written directly into the Charter, provided, of course, it does not **contravene the Charter** itself. I doubt very much if this Board would, for instance, abolish the Department of Police and consolidate it with the office of the Sheriff. I doubt that very much in view of the plain provisions of the Charter, whether the Courts would sustain such action or not.

SUPERVISOR GALLAGHER: Right there, Mr. City Attorney, and Mr. Mayor, I was wondering if you ever thought, Mr. Mayor—

SUPERVISOR McSHEEHY: Your Honor, Supervisor Gallagher is trying to call your attention to a very vital wording in this new Charter.

SUPERVISOR GALLAGHER: Your Honor, I was directing attention to Section 9: "On the recommendation of the Mayor and the Chief Administrative Officer, the Board of Supervisors may create or abolish departments which are now or may hereafter be placed under the Chief Administrative Officer or under Commissions appointed by the Mayor."

The City Attorney points out that that language is very plain and could be interpreted by some people to mean that on the recommendation of the Mayor—it takes a wide stretch of imagination I know—but it ought to be clarified very soon. To take a wide view of it, it is impracticable and probably impossible that the Board of Supervisors could abolish either the Police or Fire Department, and I was directing your attention to that special provision so that you might seriously consider some kind of test on that in order to prevent a great deal of confusion in the functioning of the various offices after the new Charter goes into effect.

SUPERVISOR SHANNON: The Tax Collector's office is a County office?

CITY ATTORNEY O'TOOLE: Well, it has the characteristics of both. Our present Charter went into effect in 1900, and in the case of Towne against the Assessor, the Court distinguished between offices which were essentially County offices and those whose functions were more in the nature of Municipal functions. For instance, the Court held that the Coroner, Clerk of Court and certain offices were essentially County offices, but that the Tax Collector and the Auditor, having both County and Municipal duties to perform, were both Municipal and County offices.

SUPERVISOR SHANNON: The point I wanted to make was this—then the Coroner's office, that is a County office?

CITY ATTORNEY O'TOOLE: That is essentially a County office.

SUPERVISOR SHANNON: And that office is under the Chief Administrative Officer, under his jurisdiction?

CITY ATTORNEY O'TOOLE: I will have to look at that—it is, yes.

SUPERVISOR SHANNON: Well now, can this Charter, which is

for the City, place a Chief Administrative Officer at the head of that office?

CITY ATTORNEY O'TOOLE: Well, as to what its powers would be over them, Mr. Supervisor, that is very difficult to say at this time. I don't think that the Chief Administrative Officer could direct or control or change the duties in any way. Possibly the Chief Administrative Officer, the appointive power, if there was a vacancy in that office, the Chief Administrative Officer might have the re-appointment under the Civil Service Commission.

SUPERVISOR STANTON: Has he the power to switch the employees of one department to another, City employees?

CITY ATTORNEY O'TOOLE: That applies to all departments, Mr. Supervisor. For instance, if we might take the Assessor's office and the Tax Collector's office or Registration office, there are quite a number of seasonal clerks, or clerks working in both those departments. If, for instance, during the times for the actual tax collecting the deputies in the Assessor's office were not absolutely engaged in their own work the Chief Administrative Officer probably would have the power to transfer men from the Assessor's office into the Tax Collector's office for the purpose of taking care of the work there. Of course, men regularly appointed as Deputy Assessors could not be removed to the Tax Collector's office, the rules of the Civil Service Commission and the rights given Civil Service employees under the new Charter would prevent that.

SUPERVISOR McSHEEHY: If I may ask a question, Mr. O'Toole?

CITY ATTORNEY O'TOOLE: Certainly, Supervisor.

SUPERVISOR McSHEEHY: Mr. City Attorney, following Supervisor Shannon's questions in reference to say the Coroner's office, if the Coroner is directly under the City administrative office, he is not elected, the people do not pass on him directly?

SUPERVISOR HAYDEN: No, he is Civil Service.

SUPERVISOR McSHEEHY: Isn't he subject then directly to the orders of the Chief Administrative Officer?

CITY ATTORNEY O'TOOLE: That depends, Mr. Supervisor, on what you mean by orders. He has certain specific duties which are provided under the Charter, and more specifically under the State law. Now there is no question, the Chief Administrative Officer or no one else could change the duties of the office under the State law, because we must have a uniform system of County government, you cannot make the duties of the Coroner's office subject to change in the various Counties and have the duties one thing in San Francisco, another in Alameda and different in other counties, they have to be definitely fixed under the law.

SUPERVISOR McSHEEHY: Then, Mr. O'Toole, to make a comparison between the Coroner and, we will say, the Board of Public Works Commissioner, who is appointed by the City Administrator. The thought I have, as a laymen, is that the Chief Administrative Officer would have jurisdiction over the Board of Works Commissioners, and he would have the same jurisdiction over the Coroner.

CITY ATTORNEY O'TOOLE: No, Supervisor, the Director of Public Works, or the Director of the Department of Public Works is a creature entirely of the Charter, created under the provisions of the Charter, and if the Charter sees fit to commit to some other official certain powers or direction over the Board of Public Works, that is a matter for the people to determine, being strictly a municipal matter and not subject to any conditions in the State law.

SUPERVISOR SHANNON: Isn't the Coroner also a creature of the Charter?

CITY ATTORNEY O'TOOLE: He is, to a certain extent. In so far as the time for their election, the term for which elected and the manner in which said County officials may be elected and/or appointed

for their term of office, and compensation. Now that is about as far as we can regulate the duties of County officials. It may be possible after the next section I will refer to that again. We can confer upon them additional powers or give them at least additional duties. I will come to that in a minute, but as far as anything which is provided for under the State law, we cannot alter that. Sections 8 and 8½ of the Constitution under which our Charter is framed is not as broad as Section 7½ under which County Charters are framed. Under Sections 8 and 8½ we haven't any right, as far as County officials are concerned, to provide anything contrary to State law. For instance, we could not by Charter say that the Bailiff in the Court of first instance, or we will say the Clerk, Deputy Clerk for the Superior Court, that that position should be filled by a man taken from the Tax Collector's office, or that someone from the Tax Collector's office should act as Clerk of Court, or that the Sheriff should act as Clerk of Court. Those duties are fixed by the State law and we cannot, have no power under Sections 8 and 8½, Article 11 of the Constitution, to change them. We may confer some additional duties upon them in matters which are municipal, or possibly even in matters which are more of a County nature, but those must be additional duties and not in contravention of the State law.

SUPERVISOR PEYSER: In regard to County officers, have we a right by Charter to fix the term of offices—

CITY ATTORNEY O'TOOLE (interrupting): The Supreme Court decided in the Rand case—

SUPERVISOR PEYSER: I mean, would that hold true in all cases?

CITY ATTORNEY O'TOOLE: Of course, we are the only City and County, all of the other Charters are framed under Section 7½, and all of the others are either City or County Charters, municipalities are not consolidated City and County governments. The Charter of the City of Los Angeles, it is entirely silent on the duties of the County Clerk, Sheriff, and all such purely County offices, and the same thing is true of Oakland, Alameda and other Counties. We are in the position of being the only consolidated City and County Government. The Court went a long ways in the Rand case to sustain the matter, and looked at the matter in a very broad way and said that we had the right to fix the terms of such offices, that it was their business and nobody else's.

"The Board of Supervisors may, by ordinance, confer on any officer, board or commission such other and additional powers as the Board may deem advisable."

As already noted, under our present Charter we have the right to confer certain powers upon our Chief of Police, Chief of the Board of Public Works, Health Officers, and others, but this goes further and gives the power to confer additional duties and powers upon your County officers. I think that is legal, provided the powers you do confer do not contravene powers given to them by the State Law. To give you an example: I think there will be presented to you at a very early date an Ordinance that will affect the Tax Collector and the Assessor. Under the law as it stands now the Assessor collects his taxes, personal property taxes, and makes up his rolls up to the 1st day of August, the Assessor's work is completed by the 1st day of August. After the 1st day of August he turns it over to the Auditor for check, and then it is given to the Tax Collector for collection. Now it may happen, we will take for instance the estate of a deceased person, a person dies, we will say, after the 1st of March, or after the 1st of August, for that matter, and the inventory in the estate is not filed with the County Clerk we will say until the 1st of September. On the 1st of September, the Deputy, Mr. Morrow in the Assessor's office, finds out there is a considerable amount of personal property not declared by the owner, who has since died. Now there is no provision in the law for anybody to collect those taxes. The estate may be closed before another year comes around, and the property may

pass into the hands of another owner, and you cannot assess them for double the amount unless the property remains in the hands of the same owner. The Committee has under consideration a series of enactments providing that the Assessor may, at any time during the year when he finds any personal property which has escaped taxation, that he may assess the property and, through the proper channels, collect whatever the amount of the taxes may be. Now that is one additional power which may be given. Of course, you can see others which may arise from time to time. I think those powers can legally be given by the Board of Supervisors, provided they do not change or contravene the duties provided by State law. In other words, you may enlarge but not change them, you may give additional powers.

Now then, the next paragraph: "Whenever the Board of Supervisors by ordinance shall declare that the public interest demands a night university, municipally established, maintained and controlled, they shall submit the proposal to the people, and if approved by a majority of the electors voting thereon, the Board of Supervisors may by ordinance provide for the establishment, maintenance and control of such a night university having courses of instruction in advance of the instruction maintained in high schools or junior colleges. Said university shall have the power to grant academic degrees and shall be open to any resident of the City and County qualified to enter and pursue the courses of instruction therein given." I have made no particular study of that part as yet, but there is no provision as to under whose control such university should be. The school law is silent upon the subject, and ordinarily a university can be authorized to give degrees only by the State itself. It may be possible that the delegation of power to the Board of Supervisors to establish this university may be sufficient to grant the power to grant academic degrees. That may be sufficiently broad, but as we are not establishing any university this year we will postpone any definite decision on that for the present.

Now my half hour is up, what is the pleasure of the Board?

SUPERVISOR McSHEEHY: I would suggest that you continue with the next section.

SUPERVISOR HAVENNER: Yes, if there is nothing else pending.

CITY ATTORNEY O'TOOLE: All right. The next section number, Compensation and Meetings of Supervisors. "The Board of Supervisors shall consist of eleven members elected at large, provided that for the period January 8, 1932, to January 8, 1934, the Board shall consist of fifteen members."

In other words, for the next two years this Board will consist of fifteen members, that is, the six members elected this year and the nine who had two years additional of their respective terms to serve, but after that the Board shall consist of eleven members.

"Each member of the Board shall be paid a salary of twenty-four hundred dollars (\$2400) per year,"—I call your attention to the fact that the compensation is not raised. However, the bond, I think, is reduced, if that is any consolation, the bond has been reduced, "and each shall execute an official bond to the City and County in the sum of five thousand dollars (\$5000)." That is reduced from \$10,000.

Now the duties of the Board of Supervisors: "At twelve o'clock noon on the 8th day of January next following their election, the newly elected and continuing members of the Board of Supervisors shall meet at the legislative chamber in the City Hall, and thereafter regular meetings shall be held as fixed by resolution."

I think the present Charter provided for the number of meetings which the Board shall hold, but after the 8th day of January those meetings shall be fixed by your own rules or resolutions.

"The Supervisors constituting the new Board shall, on January 8, 1932, and every second year thereafter, elect one of their number as President of the Board for a two-year term."

The Mayor will no longer act as presiding officer of the Board. The Board shall "elect one of their number as President of the Board," or

presiding officer. There is no direct provision for electing anyone to act in his absence, but I take it that any legislative body has the right to provide, either by rule or by motion, at the proper time, for someone to act in the place of the presiding officer when that presiding officer for any reason is unable to preside.

Now the President: "The President shall preside at all meetings, shall appoint all standing and special committees of the Board and shall have such other powers and duties as the Supervisors may provide."

Now I think your Board has absolute power to appoint such Committees as in your judgment you may deem necessary or proper for the conduct of your business, that is, the presiding officer will have that power, to appoint the committees necessary to attend to the business of your Board. And you may, of course, from time to time suggest the appointment of special committees. Now I don't think, in fact from the provisions here in the Charter I would say that the Board itself has nothing to say regarding the personnel of those Committees. That matter is vested in your presiding officer, and after the 8th day of January if you make a motion that there be appointed a Committee on the matter of the celebration of the Fourth of July, or any other matter you wanted a Committee appointed for, why, the personnel of that Committee would rest in the judgment of your presiding officer.

SUPERVISOR SHANNON: As it is at the present time, it is in the hands of the Mayor?

CITY ATTORNEY O'TOOLE: I understand General Committees are appointed by the Board itself. I understand at the present time the Standing Committees of the Board are appointed by resolution of the Board itself.

SUPERVISOR HAVENNER: Yes.

CITY ATTORNEY O'TOOLE: The next paragraph: "The meetings of the Board shall be held in the City Hall, provided that, in case of emergency, the Board, by resolution, may designate some other appropriate place as its temporary meeting place. The Board shall cause a calendar of the business scheduled for each meeting to be published and shall keep and publish a journal of its proceedings." That is practically the provisions as now obtain regarding the records of the Board. "Notice of any special meeting shall be published at least twenty-four hours in advance of such special meeting." I believe under the present Charter there is no specific method.

SUPERVISOR HAYDEN: The Mayor shall call such Special Meetings as are necessary.

CITY ATTORNEY O'TOOLE: "Notice of any Special Meeting shall be published at least twenty-four hours in advance of such Special Meeting." It would seem to be necessary to have some character of publication.

SUPERVISOR HAVENNER: Who calls the Special Meetings?

SUPERVISOR HAYDEN: Suppose during the interim of a meeting it were necessary to continue, or call a Special Meeting?

CITY ATTORNEY O'TOOLE: You will have to provide for all that by rules, and undoubtedly the President of the Board will have that power.

SUPERVISOR McSHEEHY: Mr. O'Toole, wouldn't it be incumbent on the Board to provide for by rule when the Board shall meet—

CITY ATTORNEY O'TOOLE (interrupting): That is a matter which should be given very careful consideration by the Supervisors, that is, regarding the powers given to you and the powers taken away from you and vested in other bodies of the Municipal government.

SUPERVISOR McSHEEHY: I wanted to ask you this question: Wouldn't it be incumbent on the Board to meet as soon as possible

and agree upon a set of rules so that they could function as a Board of Supervisors?

SUPERVISOR GALLAGHER: I am bringing that question up, Mr. McSheehy, under my name on roll call.

CITY ATTORNEY O'TOOLE: Answering Supervisor McSheehy's question, it is very important that that should be done, because there are many things which you must provide for by rule. For instance, an ordinance does not have to be published for five days as heretofore under the old Charter. That is not provided for by Charter; it is up to the Board of Supervisors to prescribe by rule the number of publications an ordinance or resolution shall receive, and so on.

SUPERVISOR GALLAGHER: I submit, that unless there are some more questions someone has to ask at this time, we might call it an afternoon, for this time.

SUPERVISOR HAVENNER: Before the City Attorney leaves I would like to ask him if he would be good enough to be prepared to discuss with the Board at the next meeting the authority and responsibility which will be vested in the various committees which this Board may decide to appoint. I have heard it suggested that there will be very little need for any committees of this Board after the new Charter goes into effect.

SUPERVISOR GALLAGHER: The Committee on Charter Installation has a proposal in that connection.

SUPERVISOR HAVENNER: That's all right, but I want the City Attorney to advise us, Supervisor Gallagher, if he will be good enough to do so, and to consider the present committees of the Board.

CITY ATTORNEY O'TOOLE: I think the matter of appointment of committees will depend largely upon the duties now devolving upon the Board, and that if the Board feels that it would perform under the advice of committees rather than to act as a committee as a whole, I think they would have a right to appoint what committees they saw fit.

SUPERVISOR HAVENNER: It seems to me that is one of the most important matters before the Board under the new Charter, and particularly in view of the fact that we only have a very short time before us, and I would suggest that that be taken under consideration not later than the next meeting of this Board.

SUPERVISOR SHANNON: You want a suggestion to come from the City Attorney?

SUPERVISOR HAVENNER: I don't want him necessarily to tell us what committees we shall appoint, but what responsibilities they shall have.

CITY ATTORNEY O'TOOLE: That could only be as a suggestion, Mr. Supervisor, because the Board must determine itself the matters of policy. If they have certain matters regarding finances, for example, devolving upon them, or certain questions regarding water, and they wanted one committee to determine one matter and one another, I think that is a matter of policy for the Board to determine. If I advise the Board as to its duties under the new Charter, then it is a question for the determination of the Board as to how they shall handle those duties.

SUPERVISOR SHANNON: I think if the Board made a request of you to make a suggestion to us as to the formation of committees, I think that should come in its regular form, and then we could work around to it. At the present time we have eighteen committees, and at a meeting of the Charter Committee Mr. Nanary had a proposed matter of only five committees and incorporated their duties, the duties of all the present committees, in those five committees. Now we have got to have a suggestion come to us from some source, and I think the Board as a whole would prefer to have it from our City Attorney rather than from someone on the outside, a suggestion

for the operation of committees under the new Charter. You can't expect us to dig it out.

CITY ATTORNEY O'TOOLE: I think when you know the duties you will have to perform under the new Charter, and knowing the committees now functioning, you will know which committees you will need under the new Charter and which you will not. In fact, I think it is a matter you gentlemen are far better qualified upon than I am, as to the committees you will need. I will advise you as to your duties and responsibilities, and then it is a matter of policy on your part.

SUPERVISOR McSHEEHY: Like some suggest, that we will operate more as a committee of the whole. I have given some attention to the new Charter, and particularly in reference to our duties as a committee of the whole. I am told by some who had part in the framing of the new Charter that one of the great particular points of the new Charter was that this Board should function more or less as a committee of the whole, and not so much by sub-committees, and I would ask Mr. O'Toole if, during the week, he would give some thought to that question, so that we might know what our duties might be as a committee of the whole.

CITY ATTORNEY O'TOOLE: What do you mean, a committee as a whole; working in executive session?

SUPERVISOR McSHEEHY: Yes, I take it, in open sessions.

SUPERVISOR PEYSER: Is it not a fact that our duties in committee are purely legislative, in other words, we have no administrative functions?

SUPERVISOR STANTON: I can't hear a word.

CITY ATTORNEY O'TOOLE: I don't know, Mr. Supervisor, because under the present Charter there are many powers and duties given to certain officials, and some of those powers are continued, and some taken away, and the provision of the new Charter is that if they are not taken away they are continued, so it is a question of having to check up the powers and responsibilities of the Board very carefully.

SUPERVISOR PEYSER: Can you take up the matter of committees, committee by committee, take the present Traffic Committee, the Police Committee, Welfare and so on, and discuss them and their powers?

SUPERVISOR HAVENNER: I was going to suggest that if the City Attorney would be good enough to do it, that a very practical way to get at a decision of the matter would be to discuss, for instance, the present standing committees and their duties, and what their duties may or may not be under the new Charter, and discuss also the recommendation of the Charter Committee and their recommendations for five committees.

SUPERVISOR RONCOVIERI: I would like to know from the Clerk if there are any more copies of the City Charter like this.

THE CLERK: I have none of them.

SUPERVISOR RONCOVIERI: They are printed and have a nice index.

CITY ATTORNEY O'TOOLE: No, sir, there are none in existence; I had about twelve copies printed for my own office, so I will have to find out where you got that one, Mr. Supervisor.

SUPERVISOR RONCOVIERI: Where did you get them?

CITY ATTORNEY O'TOOLE: Mr. Leavy, the City Purchasing Agent, has the complete Charter almost ready for the printer, with a better binding and better and more complete index than this.

SUPERVISOR SHANNON: Mr. Chairman, under my name under roll call, I desire to call attention to the hour——

THE CHAIR: What is the hour?

SUPERVISOR SHANNON: —also to the fact that these preliminary lessons we are getting from the City Attorney on the new Charter are not getting very far; we are only on page 6 of the Charter, and I think the members of the Board should give some consideration to this matter, and set a date, a day or an evening, for this very important work. We take it out of the heart of our meetings when there are interested citizens here on matters they are called here for, and they have to sit and listen, but they are not learning anything, it is for us. I think the members of the Board should either set a morning for the work or have a meeting on Monday night, because if we don't do something of this kind we are not going to get through with that Charter.

SUPERVISOR SHANNON: I make a motion that we meet at 1 o'clock on next Monday, and request that the City Attorney be here at that hour.

THE CHAIR: Is there any objection? If not it is so ordered (bringing down the gavel).

SUPERVISOR HAVENNER: If I may be permitted to make a motion, Mr. Chairman, I move that a transcript of the City Attorney's discussion be prepared for the Journal each week.

SUPERVISOR CANEPA: I second the motion.

THE CHAIR: It has been regularly moved and seconded that a transcript of the City Attorney's discussion of the new Charter be prepared. Is there any objection? (Bringing down the gavel.)

Action Deferred.

The following matter was, on motion, *referred to the Buildings and Lands Committee and Police Committee:*

Consummation of Purchase of Sneath Ranch for County Jail.

Resolution No. 34737 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors of the City and County of San Francisco, expressed in regular meeting assembled this thirteenth day of July, 1931, to purchase the following described piece or parcel of real estate located in San Mateo County, State of California, for the purpose of establishing a jail thereon:

A portion of the San Pedro Rancho and Buri Buri Rancho, located approximately one and one-fourth miles northwest of San Andreas Lake and one-half mile west of the Skyline boulevard, and containing 245 acres, more or less.

That said property is to be purchased from Jersey Farms Company for the sum of forty-seven thousand five hundred dollars (\$47,500), and that this Board hereby sets the tenth day of August, 1931, as the date for the final consummation of said purchase.

UNFINISHED BUSINESS.

Establishing Grades on Houston Street, Columbus Avenue to Jones Street.

On recommendation of Streets Committee.

Bill No. 9515, Ordinance No. ——— (New Series), as follows:

Changing and re-establishing the official grades on Houston street, Columbus avenue to Jones street.

Whereas, the Board of Supervisors, on the written recommendation of the Board of Public Works, did on the 19th day of August, 1931, by Resolution No. 34924 (New Series), declare its intention to change and re-establish the grades on Houston street, Columbus avenue to Jones street.

Whereas, said resolution was so published for ten days, and the Board of Public Works within ten days after the first publication of said resolution of intention caused notices of the passage of said resolution to be conspicuously posted along all streets specified in the resolution, in the manner and as provided by law; and

Whereas, more than forty days has elapsed since the first publication of said resolution of intention; therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The grades on the following named streets at the points hereinafter named and at the elevations above City base as hereinafter stated, are hereby changed and established as follows:

Section 2. This ordinance shall take effect immediately.

Establishing Grades on Stanyan Street.

Also, Bill No. 9517, Ordinance No. ——— (New Series), as follows:

Changing and re-establishing the official grades on Stanyan street, Estee to Clarendon avenue.

Whereas, the Board of Supervisors, on the written recommendation of the Board of Public Works, did on the 21st day of July, 1931, by Resolution No. 43776 (New Series), declare its intention to change and re-establish the grades on Stanyan street, Estes to Clarendon avenue.

Whereas, said resolution was so published for ten days, and the Board of Public Works within ten days after the first publication of said resolution of intention caused notices of the passage of said resolution to be conspicuously posted along all streets specified in the resolution, in the manner and as provided by law; and

Whereas, more than forty days has elapsed since the first publication of said resolution of intention; therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The grades on the following named streets at the points hereinafter named and at the elevation above City base as hereinafter stated, are hereby changed and established as follows:

Stanyan Street.

Estee street, northerly line produced (the same being the present official grade) 465 feet.

15 feet easterly from the westerly line of, 8.03 feet northerly from Belgrave avenue 511.30 feet.

Westerly curb line of, 12.40 feet southerly from the last described point 514.21 feet.

7 feet southerly from Belgrave avenue northerly line, 0.66 feet westerly from Stanyan street (vertical curve passing through the last three described points) 515.57 feet.

15 feet westerly from the easterly line of, 8.03 feet northerly from Belgrave avenue 512 feet.

Easterly curb line of, 11.68 feet southerly from the last described point, 514.99 feet.

7 feet southerly from Belgrave avenue northerly line produced and 0.66 feet westerly from Stanyan street easterly line (vertical curve passing through the last three described points), 517.02 feet.

At a point 33 feet southerly from the northerly line of Belgrave avenue on a line at right angles to the northerly line of Belgrave avenue produced, 0.66 feet westerly from Stanyan street easterly line, 518.58 feet.

At a point 33 feet southerly from the northerly line of Belgrave avenue on a line at right angles to the northerly line of Belgrave avenue, 0.66 feet westerly from Stanyan street, 517.13 feet.

On Stanyan street between the northerly line of former Estee street produced and Clarendon avenue be changed and established to conform to true gradients between the grade elevations above given therefor and the present official grade of Clarendon avenue at Stanyan street.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

Section 2. This ordinance shall take effect immediately.

Changing and Re-establishing Grades on Turk Street Between Broderick and Baker Streets.

Also, Bill No. 9518, Ordinance No. ——— (New Series), as follows:

Changing and re-establishing the official grades on Turk street between Broderick and Baker streets.

Whereas, the Board of Supervisors, on the written recommendation of the Board of Public Works, did on the 2nd day of September, 1931, by Resolution No. 34993 (New Series), declare its intention to change and re-establish the grades on Turk street between Broderick and Baker streets.

Whereas, said resolution was so published for ten days, and the Board of Public Works within ten days after the first publication of said resolution of intention caused notices of the passage of said resolution to be conspicuously posted along all streets specified in the resolution, in the manner and as provided by law; and

Whereas, more than forty days has elapsed since the first publication of said resolution of intention; therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The grades on the following named streets at the points hereinafter named and at the elevations above City base as hereinafter stated, are hereby changed and established as follows:

Turk Street.

Broderick street, 228 feet. (The same being the present official grade.)

Section 2. This ordinance shall take effect immediately.

Ordering Improvement of De Long and Head Streets.

Also, Bill No. 9520, Ordinance No. ——— (New Series), as follows:

Ordering the performance of certain street work to be done in the

City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works, in written communication filed in the office of the Clerk of the Board of Supervisors July 8, 1931, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in twenty installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be six months from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of De Long street from the westerly line of Orizaba avenue produced to the westerly line of Head street, including the crossing of De Long and Head streets, by grading to official line and grade; by the construction of armored concrete curbs; by the construction of one-course concrete sidewalks; by the construction of brick catchbasins with accompanying 10-inch vitrified clay pipe culverts; by the construction of 8-inch and 12-inch vitrified clay pipe sewers with accompanying brick manholes, Y branches, and side sewers; by the furnishing and placing of concrete in stairways, including the furnishing and placing of reinforcing steel; by the construction of redwood headers; and by the construction of an asphalt-concrete pavement, consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch Class "F" concrete base, on the roadway thereof.

And the improvement of Head street between Palmetto avenue and De Long street by the construction of 12-inch vitrified clay pipe sewer with accompanying brick manhole and Y branches.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

That in the opinion of the said Board of Public Works the proposed work or improvement is of more than local or ordinary benefit, and that the assessment to defray the costs and expenses thereof can be more equitably imposed upon the property benefited thereby, and therefore the said Board does hereby determine and declare that the expense of such work or improvement be made chargeable upon a district in accordance with the provisions of Section 5 of the Street Improvement Ordinance of 1918 of said City and County, and does hereby set out the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof as follows:

Within the exterior boundary of all those certain lots delineated, designated and numbered, respectively, as Lots Nos. 1, 2, 3, 4, 5, 6 and 7 of Block No. 7153; Lots Nos. 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29 and 30 of Block No. 7154; Lots Nos. 30 and 31 of Block 7166; Lots 1, 2, 3, 53 and 54 of Block No. 7169, all being designated on the maps and books of the Assessor of the City and County of San Francisco, and upon the assessment book of the City and County of San Francisco current at the time of the inception of the proceedings for the above-mentioned improvement.

The foregoing described lots of land are contained within and constitute the extent of the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof, and reference to the same is hereby made for the description of such district.

The assessments for the work on the crossing of Head and De Long streets, and the intersection of Flournoy street and De Long street shall be distributed in accordance with the provisions of Subdivisions 3 and 4 of Section 21 of the Street Improvement Ordinance of 1918.

Section 2. This ordinance shall take effect immediately.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Adopted.

The following resolutions were presented by Supervisor Gallagher and *adopted*:

Mission Play to Be Enacted in Sonoma County.

Resolution No. 35377 (New Series), as follows:

Whereas, the residents of Sonoma, the county immortalized by Jack London's "The Valley of the Moon," contemplate the production of the Mission Play in that historic county during the year 1932, at a time when the Olympic Games will attract the peoples of the world to California; and

Whereas, the portrayal of this traditional play will re-enact the establishment of the twenty-first and most northerly mission erected by the Padres more than a century ago and will direct the attention of visitors to that part of California in the vicinity of San Francisco and the Redwood Empire; now, therefore be it

Resolved, that this Board of Supervisors does hereby endorse the production of the Mission Play in Sonoma County in 1932 and requests the co-operation of the Native Sons of the Golden West, Native Daughters of the Golden West, the California Society of Piofeers and the California Landmarks Club to insure the success of this undertaking; and be it further

Resolved, that his Honor the Mayor is hereby respectfully requested to appoint three members of the Board of Supervisors to co-operate in every way possible with the directors of this most laudable endeavor, to the end that the project contemplated may culminate in a manner worthy of the epoch which it depicts.

Adopted by the following vote:

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Ronco-
vieri, Shannon, Spaulding, Stanton—16.

Endorsing the Work of Butano State Park Association.

Also, Resolution No. 31378 (New Series), as follows:

Whereas, in San Mateo County, between Big Basin Park and San Mateo Memorial Park, stands a primeval forest of California redwoods of thirteen thousand acres known as "Butano Forest"; and

Whereas, this magnificent stand of rare sempervirens is privately owned and is inaccessible to the citizens of this State; and

Whereas, the Honorable Richard M. Tobin, President of the Butano Forest State Park Association, formed for the preservation and public acquisition of this tract, has taken a most laudable, personal interest in opening this beautiful forest to the public; and

Whereas, the San Francisco Examiner has heartily commended editorially the work of Honorable Richard M. Tobin and the Butano Forest State Park Association; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco unanimously endorses the work undertaken by the association for the preservation and acquisition of Butano Forest and commends highly the work thus far accomplished under the direction of the Honorable Richard M. Tobin, and also is in complete accord

with the editorially expressed ideas of the San Francisco Examiner in the matter of acquiring Butano Forest.

SPECIAL ORDER—1 P. M.

Discussion of the New City Charter.

Prior to the transaction of other business, the following proceedings were had in connection with a discussion of the new Charter provisions by City Attorney John J. O'Toole.

THE CHAIRMAN: Mr. O'Toole, you have the floor. Kindly proceed.

CITY ATTORNEY O'TOOLE: We were, Mr. Chairman, discussing the provisions relative to the Board of Supervisors.

SUPERVISOR SHANNON: I think we were on Section 11, page 7.

CITY ATTORNEY O'TOOLE: We concluded, I think, Section 10. Now, Section 11 relates to the suspension and removal of elective and appointive officers. The first portion of the section reads as follows:

"Any elective municipal officer, including Municipal Court judges and any member of the Civil Service Commission or Public Utilities Commission or School Board may be suspended by the Mayor and removed by the Board of Supervisors for official misconduct, and the Mayor shall appoint a qualified person to discharge the duties of the office during the period of suspension."

This provision, I think, is valid in so far as it relates to the officers mentioned, with the exception of the judges of the Municipal Court. Sections 8 and 8½ of the State Constitution provided that it was proper for a Charter to determine the manner in which, the times at which, and terms for which, officials may be appointed, and also for their removal. That goes, in so far as it applies to any of the officials who are elected, a member of the Civil Service Commission or Public Utilities Commission, or School Board, they may be suspended by the Mayor and removed by the Board of Supervisors for official misconduct—

THE CHAIRMAN (interrupting): Who removes the Supervisors? Is there any provision in connection with their removal?

CITY ATTORNEY O'TOOLE: They are elective officials, so I presume they might remove themselves.

THE CHAIRMAN: That's the way it looks.

SUPERVISOR STANTON: Sometimes the people do it.

CITY ATTORNEY O'TOOLE: In regard to municipal judges, in fact I am quite sure this does not apply to municipal judges. The matter of the removal of the municipal judges is provided for in the Constitution itself, and it is provided that the judges of the Superior Court, District Court of Appeals, and Supreme Court, may be removed by means of a joint resolution of both houses of the Legislature. That is, a judge may be impeached, and if the impeachment proceedings are sustained he may be removed. The provisions are that all other judicial officers, with the exception of justices of the peace, may be removed for official misconduct by the Governor of the State with the approval of the Senate. Of course, the Constitution takes precedence over our Charter, and I doubt very much—in fact, I think I can say positively the Mayor has no right, nor has the Board of Supervisors, any right whatsoever, in regard to the removal of municipal judges or in regard to the appointment of a judge to fill the place pending charges against him, or to appoint a successor to such judge, as the power of removal rests in the Governor with the concurrence of the Senate.

Now: "On such suspension, the Mayor shall immediately notify the Supervisors thereof in writing and the cause therefor, and shall present written charges against such suspended officer to the Board of Supervisors at or prior to its next regular meeting following such suspension."

In other words, if the Mayor should see fit to suspend an elective official, a member of the Civil Service Commission, or a member of the Public Utilities Commission, or School Board, he must present those charges in writing not later than the next regular meeting. He may present them prior to the meeting, but they must be presented not later than the next regular meeting following his action.

SUPERVISOR HAVENNER: To the best of your opinion, then, the removal of a municipal judge should not properly be included in that section? In your opinion, does that invalidate the whole section?

CITY ATTORNEY O'TOOLE: I would say it does not. I think they have that saving clause in the Charter, but even if they didn't

it is a portion of the section which may be segregated from the other provisions of the section, and therefore I think that under the well settled principle of law where any portion of a section can be segregated without any injury to the balance of the section, it does not invalidate the entire section.

Now, a person shall be entitled to a copy of the charges. "And shall immediately furnish copy of same to such officer, who shall have the right to appear with counsel before the Board in his defense."

The hearing: "Hearing by the Supervisors shall be held not less than five days after the filing of written charges."

In other words, if charges were filed with this Board today, provided we were operating under the new Charter, then within five days thereafter those charges would have to be heard.

"If the charges are deemed to be sustained by not less than a three-fourths vote of all members of the Board, the suspended officer shall be removed from office; if not so sustained, or if not acted on by the Board of Supervisors within thirty days after the filing of written charges, the suspended officer shall thereby be reinstated."

Now, there seems to be somewhat of a complication in that particular provision, which would seem to give the Board thirty days within which to act on the charges, and five days within which to commence the hearing. I think perhaps both those provisions, while they appear to be somewhat in conflict, can be read together to provide that the hearing must be commenced within five days and must be concluded and the judgment of the Board announced within a period of thirty days after the charges are filed.

Then it gives further authority to the Mayor:

"The Mayor must immediately suspend from office any elective official guilty of official misconduct or convicted of a crime involving moral turpitude, and failure of the Mayor to act shall constitute official misconduct on his part."

I doubt if that adds anything to the section. It is his duty to remove any person who fails to do his proper duty, and if the Mayor fails to do it, under general law, he would be guilty of misconduct himself.

The next paragraph deals with the Mayor's authority as to appointees:

"Any appointee of the Mayor, exclusive of Civil Service and Public Utilities Commissioners, and members of the School Board, may be removed by the Mayor. Any nominee or appointee of the Mayor whose appointment is subject to confirmation by the Board of Supervisors, except the Chief Administrative Officer and the Controller, as in this Charter otherwise provided, may be removed by a majority of such Board and with the concurrence of the Mayor."

In other words, where the appointment of any particular official is made by the Mayor and subject to the approval of the Board of Supervisors, that official can only be removed with the concurrence of the Board of Supervisors.

SUPERVISOR STANTON: Where are you reading from now?

CITY ATTORNEY O'TOOLE: At the top of page eight, Mr. Supervisor. This also applies to the Chief Administrative Officer, although his appointment is not subject to approval by the Board of Supervisors, and he can only be removed under the provisions of the Charter, with the approval of the Board.

SUPERVISOR HAVENNER: It has to be a three-fourths vote. Who are the appointees subject to confirmation by the Board?

CITY ATTORNEY O'TOOLE: I think there is the Controller and the members of the War Memorial Trustees, and it may be the Board of Permits and Appeals, I am not quite sure whether they are subject or not. I will answer that question in just a second. I think it is only the Controller and the Board of War Memorial Trustees. Just

one second, Supervisor Havenner. No, it is just the Trustees of the War Memorial and the Controller.

SUPERVISOR STANTON: They are the only officers subject to that?

CITY ATTORNEY O'TOOLE: Whose removal is subject to approval by the Board of Supervisors.

The section goes on:

"In each case, written notice shall be given or transmitted to such appointee of such removal, the date of effectiveness thereof, and the reasons therefor, a copy of which notice shall be printed at length in the Journal of Proceedings of the Board of Supervisors, together with such reply in writing as such official may make. Any appointee of the Mayor or the Board of Supervisors guilty of official misconduct or convicted of a crime involving moral turpitude, must be removed by the Mayor or the Board of Supervisors, as the case may be, and failure of the Mayor or any Supervisor to take such action shall constitute official misconduct on his or their part."

Now, the section is written so that it will apply not only to those officials whose removal can be made with the concurrence of the Board of Supervisors, but also those whom the Mayor may remove directly, such as members of the Fire Commission, and Police Commission, and so on.

SUPERVISOR PEYSER: Does that last provision mean that the Supervisors themselves must take action in regard to their own membership? That is, if any member fails to take action that is misconduct on his part?

CITY ATTORNEY O'TOOLE: There is nothing in there, I don't know just what the provision would be as to the action to be taken by the Supervisors. They certainly can not try themselves. They might try one individual member, if charges were preferred against one Supervisor, as an elective official, he might be suspended pending trial of the charges.

SUPERVISOR PEYSER: What is the meaning, then, of those last three or four lines of that section?

CITY ATTORNEY O'TOOLE: Any appointee of the Mayor or the Board of Supervisors, and so forth. That does not provide for the trial—that paragraph deals with elective officials: "Any appointee of the Mayor or the Board of Supervisors guilty of official misconduct or convicted of a crime involving moral turpitude must be removed by the Mayor or the Board of Supervisors, as the case may be, and failure of the Mayor or any Supervisor to take such action shall constitute official misconduct on his or their part."

That would mean any appointee of the Mayor or Board of Supervisors. It might be, for instance, a person who would be appointed a War Memorial Trustee or it might be the Controller, or it might be a member of the Fire Commission, if he were found guilty of any official misconduct or after having been convicted of a crime involving moral turpitude, then it is the duty of the Mayor and the Board to remove such officer.

Now, the subsequent heading is "Legislative Procedure," which, of course, is directly interesting to your Board, and very much so. The first under that, Section 12, "The Board of Supervisors shall appoint a Clerk, who shall be designated as Clerk of the Board of Supervisors, and who shall, ex-officio, be Clerk of the Board of Equalization."

That provision is practically the same as it is in our present Charter. The powers, however, in the subsequent portion of the section, are increased, as you will see:

"The Clerk shall have charge of the office and records of the Board and its committees, and the personnel employed to handle the business, affairs and operations of the Board, its committees and members when engaged in official duty. The Clerk shall be the appointing

officer for such personnel, subject to the Civil Service provisions of this Charter."

Heretofore all appointments in the office of the Board have been made by the Board, and now that power will be vested in the Clerk of your Board, so that when your new Clerk is appointed under the present Charter he will become the appointing power of the personnel of his office, subject, of course, to the civil service regulations of the Charter in so far as they pertain to his office.

"The Clerk shall keep a Journal of Proceedings of the Board and files of all ordinances and resolutions and properly index the same," which is no change from his present duties.

"He shall be responsible for the publication, as required by law, of ordinances, resolutions and other matters acted on by the Board for which publication is specified. He shall have such other duties and responsibilities as the Board shall prescribe."

I doubt if that last language changes his duties and powers to any extent. At the present time he is charged with the responsibility for the publication of ordinances and resolutions, and, of course, the Board may from time to time give him such additional authority as it may see fit, and that power is continued in the Board under the new Charter, to give him such additional powers and responsibilities as the Board shall prescribe.

Section 13 relates to the matter of the passage of ordinances and resolutions, and is somewhat of a departure from the provisions of our present Charter:

"Action of the Board of Supervisors shall be by ordinance or resolution introduced in writing and passed or adopted by at least a majority of all the members at each reading."

Now, whether or not the power to act on motion is done away with I don't know, but it would appear that any action taken by the Board must be either by resolution or ordinance. That means that every appointment of an employee must be by ordinance or resolution, as the interests of the case may be.

SUPERVISOR HAVENNER: What does the present Charter say in regard to that? Does it make mention of it?

CITY ATTORNEY O'TOOLE: No, I doubt very much whether there is any provision on that in the present Charter, but I think that is a power which is vested in all legislative bodies, to act, at least to some extent, on motion.

"Every legislative act shall be by ordinance."

SUPERVISOR HAVENNER: May I ask a question here, Mr. City Attorney?

CITY ATTORNEY O'TOOLE: Certainly, Mr. Supervisor.

SUPERVISOR HAVENNER: Suppose that the Board desires to adjourn to some special date, would that mean that we could not adjourn by motion?

CITY ATTORNEY O'TOOLE: Oh, no, I think all of those powers which are parliamentary powers and which are vested in any legislative body are vested in this Board. A motion to adjourn, things of that kind, I don't think necessitate a resolution or ordinance. I think it is possible that when the Board takes some action regarding matters outside of its own conduct, if I may put it that way, is what is meant.

"Every legislative act shall be by ordinance." The same as under the present Charter. Now, as to enactments:

"The enacting clause of all ordinances shall be, 'Be it ordained by the people of the City and County of San Francisco.'"

That is not changed from our present Charter.

"Every ordinance and resolution, except ordinances making appropriations, shall be confined to one subject, which shall be clearly expressed in the title, and ordinances making annual or supplemental appropriations shall be confined to the subject of appropriations."

That is practically the rule at the present time, the purpose of the ordinance must be expressed in the title.

"Any ordinance enacting or revising and re-enacting a complete municipal code for the City and County, which code shall supersede or repeal all general ordinances prior thereto, shall be construed to be confined to a single subject."

In other words, the code, when completed, will be your ordinances as codified and arranged, and shall be construed merely as an ordinance directing the codifying and publication of those ordinances as already passed.

"If any subject is embraced in an ordinance and is not expressed in the title thereof, the ordinance shall be void only as to so much thereof as is not expressed in the title."

That is to say, if an ordinance dealt with the repair of a street, and also dealt with something in regard to a public building, for example, such ordinance might be void as to either one, but would not be void as to both. For instance, if the title to the ordinance was in regard to the repair of a public street, and in the body of the ordinance it dealt with the conduct or repair of a public building, the ordinance would be void only as to that portion which was not expressed in the title, and would be valid as to that portion thereof which was expressed in the title.

Now, this is extremely important:

"No ordinance shall be amended in whole or in part unless each section of such ordinance be printed in full, together with the proposed amendment or amendments thereto at the time such amendment or amendments are introduced and voted upon."

Now, I don't know the reason for that provision, but it is certainly going to entail a rather considerable expense. You take, for instance, our building ordinance, which covers a great number of pages; if we want to amend, say, Section 3 of Article 6 of the Building Ordinance relative to a particular matter, such as the construction of roofs, within certain fire limits, we merely amend Section 6, and the title to our ordinance would be an ordinance amending Section 6 of article 6 and so, in regard to public buildings. Now, under this provision, if we want to amend a single section, after this Charter becomes effective, it means that we will have to publish the whole ordinance in full. Now, I don't know the reason for that, but it is written in there very specifically, and I see no way in which it can be avoided.

SUPERVISOR SHANNON: It will cause considerable delay. If we are considering an ordinance today and some necessary amendments would occur to a member of the Board, he would then have to state it at that meeting—rather, he would offer his amendment at this meeting, and the next meeting it would be printed in full.

CITY ATTORNEY O'TOOLE: I think it is provided further down that when an ordinance is amended it must be published. This seems to be very specific: "No ordinance shall be amended in whole or in part unless each section of such ordinance be printed in full, together with the proposed amendment or amendments thereto at the time such amendment or amendments are introduced and voted upon."

Now, I don't know about "introduced and voted upon." It may be introduced at today's meeting and not voted on for several meetings away.

THE CLERK: Mr. City Attorney, does "printed in full" mean printed on the calendar or published in the official newspaper?

CITY ATTORNEY O'TOOLE: I think possibly "printed in full" means printed on the calendar, Mr. Clerk, unless the subsequent language may clarify that.

SUPERVISOR PEYSER: Is there no way of construing that as to mean each section?

CITY ATTORNEY O'TOOLE: "Unless each section of such ordinance be printed in full, together with the proposed amendment or amendments thereto."

SUPERVISOR PEYSER: Might that not mean that each section shall be printed in full, with the amendments thereto? It doesn't seem to me it should be necessary to print the complete ordinance in each case.

CITY ATTORNEY O'TOOLE: I don't know any reason for it, but as it reads, it is very specific—"unless each section of such ordinance be printed in full." It don't say the sections to be amended, but each section of such ordinance. However, we may be able to get around it, and your suggestion is worth giving very careful consideration to.

"An ordinance shall be passed by the Board of Supervisors only after reference to and report thereon from committee, unless it be an ordinance prepared and reported out by committee, and after two readings and votes at separate meetings of the board, which meetings shall be at least ten days apart; provided, however, that as to an emergency measure as defined in Section 16, reference to committee or readings and votes at separate meetings may be waived by a three-fourths vote of all members of the Board."

Now, Section 16 deals with emergency measures.

"No ordinance shall become effective until ten days after final passage, unless adopted by a three-fourths vote of all members of the Board as an emergency measure as defined in this section. No ordinance affecting franchises, grants, bond issues, or the sale, lease or purchase of land, shall ever be passed as an emergency measure, and the people by initiative or referendum ordinance may further restrict the matters that may be passed as emergency measures. Immediate necessary preservation of public peace, property, health or safety, provision for the uninterrupted operation of any city and county department or office, or action required to comply with time limitations as established by law, shall be emergencies within the meaning hereof; provided, however, that such emergency shall actually exist and shall be specifically stated and defined in such ordinance, and shall be specifically voted on as provided in Section 13 of this Charter."

Now, that shows you what may be included in the matters which are considered emergency measures.

SUPERVISOR HAVENNER: This provision that there shall be ten days between the first passage and second passage entails a new delay, doesn't it

CITY ATTORNEY O'TOOLE: It does.

SUPERVISOR HAVENNER: Did you ever hear any discussion of the purpose of that

CITY ATTORNEY O'TOOLE: I don't know the purpose of it, no.

SUPERVISOR HAVENNER: My question was, did you ever hear any discussion of the purpose of it?

CITY ATTORNEY O'TOOLE: No, I don't know the purpose of it. If you met every two weeks, that would make it fourteen days—in other words, from Monday to Monday would not be the requisite ten days.

"The existing or impending emergency as defined in such ordinance shall be declared by specific vote of the Board. No other resolution shall be adopted by the Board of Supervisors on the date of its introduction and without reference to committee, except by the unanimous consent of the Supervisors present."

I think that is possibly covered by your rules.

THE CLERK: Such as on privilege of the floor

SUPERVISOR SHANNON: Have you any explanation of the wording of Section 16 where it refers to "reference to committee or the readings and votes at separate meetings may be waived by a three-fourths vote of all members of the Board?" We won't have to go through that?

CITY ATTORNEY O'TOOLE: No, not if you had a three-fourths vote of all members of the Board. That would mean three-fourths of the members of the board, and not three-fourths of those present.

The second paragraph on page 9.

SUPERVISOR HAVENNER: Where is that?

CITY ATTORNEY O'TOOLE: The second paragraph on page nine, right after the figures "1-6," in the second paragraph:

"Reference to committee or the readings and votes at separate meetings may be waived by a three-fourths vote of all members of the Board."

That would mean if a matter was introduced that the Board desired to pass on at once, it could be done.

SUPERVISOR SHANNON: Three-fourths of fifteen figures eleven and one-quarter; that would mean we would need twelve votes.

CITY ATTORNEY O'TOOLE: Twelve votes, yes, Mr. Supervisor.

SUPERVISOR HAVENNER: That could only be done in the case of an emergency measure.

CITY ATTORNEY O'TOOLE: "Provided, however, that as to an emergency measure as defined in Section 16," which I just read, "reference to committee or the readings and votes at separate meetings may be waived by a three-fourths vote of all members of the board."

SUPERVISOR HAVENNER: That applies only to emergency measures.

CITY ATTORNEY O'TOOLE: Yes, only emergency measures.

"The existing or impending emergency as defined in such ordinance shall be declared by specific vote of the Board."

That means practically just as we have now in the Charter, regarding the existing dollar limit, or dollar and sixty-five cents limit, it can be done if an emergency does exist. Now, whether the same rule would apply under this as under the old Charter, I could not say at this time. In other words, the Supreme Court has said that the courts had the right to determine whether or not an emergency did exist and not the Board of Supervisors, and it is a question whether the Board would have the final say on that.

"No other resolution shall be adopted by the Board of Supervisors on the date of its introduction and without reference to committee, except by the unanimous consent of the Supervisors present."

I think that covers the point you were discussing, "No other resolution shall be adopted—except by the unanimous consent of the Supervisors present."

"Annual budget and appropriation ordinances shall be passed only after two readings, not less than five days apart, and the second or final passage shall be not less than fifteen days after the introduction of each such ordinance."

I think possibly the reason for the change there from five to ten days between readings, the limitation is due to the fact, as we all know, when it comes down to the matter of the appropriations the time for the Board to act upon the budget is very short, and any unusual delay might possibly prevent it being acted upon within the time specified.

"No ordinance granting a franchise shall be finally passed within ninety days of its introduction."

That is practically the provision of the present Charter.

"Except as otherwise provided in this Charter, proposed ordinances which are introduced and referred to committee shall be published in full within three days after their presentation to the Board and, if modified, also upon passage on first reading, or as an emergency measure as herein defined; provided, however, that ordinances passed to codify, rearrange and publish existing ordinances, as provided for in Section 17, shall not require publication. The term 'published' as used in this Charter shall mean publication in the official newspaper as required by ordinance or by this Charter."

On the matter of the number of publications of ordinances this Charter is silent, and therefore it will be incumbent upon the Board to provide the number of publications an ordinance must receive before final passage. At the present time an ordinance must be published

five days, five times, Sundays and legal holidays excepted, and it will now be incumbent upon this Board to provide, by ordinance, how often an ordinance shall be published in the official newspaper before it is passed.

Also, it is not entirely clear from this section as to when an ordinance must be published. "Except as otherwise provided in this Charter, proposed ordinances * * * shall be published in full within three days after their presentation to the Board and, if modified, also upon passage on first reading." Now, it is difficult to say whether that means that as soon as an ordinance is introduced in this Board it must be published, and it may go to a committee and may never see the light of day again, but still it would have to be published. Now, some contend that "presented to this Board" means when they come from committee. It is somewhat difficult to reconcile that interpretation, for the reason of the additional proviso, "Provided, however, that ordinances passed," and so forth.

THE CLERK: May I interrupt just a moment, Mr. O'Toole? Would that include these stereotyped ordinances, all of the street ordinances, for example, are stereotype.

CITY ATTORNEY O'TOOLE: Of course, you might be able to get around those street ordinances by resolution, the Board having the power to direct the Board of Public Works, by resolution, to proceed with certain work, as in the past. This seems to apply only to ordinances, Mr. Dunnigan.

"The official newspaper is hereby defined to be a daily newspaper of general circulation, published in the city and county and which has a bona fide daily circulation of at least eight thousand copies."

That is practically the same as the present Charter.

THE CLERK: Except that under the present Charter it must be a newspaper which has been in existence for at least five years.

CITY ATTORNEY O'TOOLE: "The vote on all ordinances and resolutions upon each reading shall be by ayes and noes. The vote by ayes and noes on all measures shall be recorded in the Journal of Proceedings of the Board." Which is not different from the present practice. Of course, if it is possible—you are going to adopt rules, and it might be possible to provide that an ordinance when presented to the Board would be deemed filed rather than presented, and that such ordinance might be deemed presented only when it came from committee, and thus do away with what seems to be a conflict. There are so many ordinances which go to a committee and are modified and changed. That might be possible.

SUPERVISOR HAVENNER: Has anybody been appointed to draft rules for the Board?

THE CLERK: The Mayor has been asked to, and recently appointed one.

SUPERVISOR HAYDEN: We haven't a very extensive calendar today, and I think we could go along with this a little further. What is the pleasure of the Board?

SUPERVISOR HAVENNER: I move that the City Attorney proceed.

SUPERVISOR HAYDEN: Is there any objection to City Attorney O'Toole proceeding with the discussion of the Charter at this time? There being no objection, it is so ordered. Proceed, Mr. O'Toole.

CITY ATTORNEY O'TOOLE: The next section deals with the action of the Mayor on ordinances and resolutions passed or not passed by the Board.

"Each proposed resolution or ordinance voted on by the Supervisors and failing of passage and each ordinance or resolution adopted by the Supervisors shall, within twenty-four hours of such action, be transmitted to the Mayor by the Clerk of the Board, with appropriate notation of the action of the Board thereon."

Heretofore it has not been the practice or necessity under the Charter to transmit to the Mayor ordinances or resolutions which had not received the approval of the Board. Why it should be neces-

sary to send them to him I don't know, except that he is no longer the presiding officer of the Board, and I presume it is merely to advise him that such action was or was not taken. Under this Charter, it will be incumbent to transmit not only those ordinances and resolutions which received approval, but likewise those which are refused approval.

"Any resolution acted upon by the Board of Supervisors by unanimous consent of those present on the date of the introduction of such resolution and any ordinance adopted by the Board as an emergency measure shall be acted upon by the Mayor within three days after receipt thereof by him from the Clerk of the Board. All other ordinances or resolutions shall be acted upon by the Mayor within ten days of such receipt."

Now, at the present time there is no distinction drawn between emergency and other ordinances, as far as approval by the Mayor is concerned. He has ten days after receipt to approve or disapprove, but if the matter acted upon be by unanimous consent of the Board, or if it is an emergency measure such as would come within the provisions of Section 16, that must be acted upon within three days.

"The Mayor shall either approve each resolution or ordinance adopted by the Supervisors by signing and returning same to the Clerk of the Board within the time limit, or he shall disapprove and veto any resolution or ordinance, or veto or reduce any separate appropriation item therein and shall return each such resolution or ordinance to the Clerk of the Board with his written objections within the time limit."

Now, I presume that means that the Board might pass an ordinance carrying with it appropriations of several items, and it would then lie with the Mayor to veto any one or two of those items without nullifying the whole ordinance or resolution.

"His failure to make such return shall constitute approval and such ordinance or resolution shall take effect without the Mayor's signed approval."

Which is not any different from the present provision of our Charter.

SUPERVISOR HAVENNER: Under the present Charter has the Mayor the right to reduce any item?

CITY ATTORNEY O'TOOLE: I think it is only in the budget.

SUPERVISOR HAVENNER: As I understand, this is a new power vested in the Mayor?

CITY ATTORNEY O'TOOLE: Yes, Mr. Supervisor, this is a new power vested in the Mayor.

SUPERVISOR HAVENNER: Then if he took our regular appropriation ordinance and reduced one of the items, what would happen to that item? Would the ordinance then go into effect with the reduction or would it come before the Board again?

CITY ATTORNEY O'TOOLE: I think it would be a veto as to that particular item, and might be passed by the Board, by the requisite number of votes, over his veto.

SUPERVISOR HAVENNER: I am not talking about a veto.

CITY ATTORNEY O'TOOLE: If changed or reduced, it would appear to me to be a veto of that particular item.

SUPERVISOR HAVENNER: A reduction would constitute a veto?

CITY ATTORNEY O'TOOLE: I would think so. In other words, where it requires either approval or disapproval, and where it states is vetoed or reduced by the Mayor.

SUPERVISOR SHANNON: That item right there would not indicate that would constitute a veto, would it?

CITY ATTORNEY O'TOOLE: "If any separate appropriation item in any resolution or ordinance is vetoed or reduced by the Mayor as herein provided, the remainder of any such ordinance or resolution may be approved by the Mayor and, if not specifically approved by

the Mayor, shall take effect without such approval and shall be so noted by the Clerk of the Board."

Now, it seems to me, "vetoed or reduced"—

SUPERVISOR POWER: Where is that?

CITY ATTORNEY O'TOOLE: The second paragraph at the top of page ten—"If any separate appropriation item in any resolution or ordinance is vetoed or reduced by the Mayor as herein provided, the remainder of any such ordinance or resolution may be approved by the Mayor and, if not specifically approved by the Mayor, shall take effect without such approval and shall be so noted by the Clerk of the Board."

SUPERVISOR POWER: And then the next paragraph.

CITY ATTORNEY O'TOOLE: "The Board of Supervisors may reconsider any resolution or ordinance vetoed or disapproved, or any separate appropriation item vetoed or reduced by the Mayor, and if, after such reconsideration, two-thirds of all the members of the Board shall vote in favor of passage thereof, it shall become effective notwithstanding the Mayor's vote."

That is as I stated a few minutes ago.

"If a larger vote is required for the adoption of a measure by the provisions of this Charter, such larger vote shall be required to overcome the veto of the Mayor."

I don't know just what that would mean. Supposing a three-fourths vote is required to pass a matter originally, is a two-thirds vote sufficient to pass it over the Mayor's veto or should you get a larger vote, and if so, how much larger?

SUPERVISOR HAVENNER: It says, "such larger vote shall be required."

CITY ATTORNEY O'TOOLE: A proportionately larger vote, I presume. I think that is something that would have to be calculated mathematically, and I don't know just how it would work out.

"The vote of reconsideration of each such vetoed resolution, ordinance or separate appropriation item therein shall be taken at the convenience of the Board. If the ordinance, resolution or separate appropriation item is not passed over the Mayor's veto within thirty days, the measure or item shall be lost."

I think that is practically the same provision under the present Charter, that it must be acted upon within thirty days.

"In the event of any absence of the Mayor for which he or the Board of Supervisors has failed to designate an acting Mayor, no resolution or ordinance adopted by the Board of Supervisors shall take effect by reason of the failure of the Mayor to approve, or disapprove, and return such resolution or ordinance within the time limits applicable thereto, and, in such case, the time periods or limitations as fixed by this section shall not start until an acting Mayor is appointed by the Mayor or elected by the Supervisors, as in this Charter provided, or the return of the Mayor."

In other words, while the Mayor is absent, or not qualified to act, unless an acting Mayor is appointed, either by himself or by the Board, why, the time for him to act upon the ordinance is not running.

"All ordinances, after final passage or upon their becoming effective, shall be certified by the Clerk of the Board and recorded in a book kept for that purpose, and resolutions adopted shall be certified and recorded in like manner. Except in case of an emergency measure passed and not previously published, and except as otherwise specified in this Charter, publication of ordinances and resolutions in full shall not be required after final passage."

SUPERVISOR HAVENNER: I think you omitted one section, or rather the final paragraph of Section 14.

CITY ATTORNEY O'TOOLE: Yes, Mr. Supervisor.

"Any proposed resolution or ordinance voted on by the Board of Supervisors and failing of passage shall be reconsidered by the Board

on the written request of the Mayor, stating his reasons therefor, filed with the Clerk of the Board by the Mayor within ten days of the Board's action on such resolution or ordinance. The Board shall reconsider such measure at its convenience, but not later than thirty days after the filing of the Mayor's request therefor."

Which would mean, the reason for the sending of an ordinance, which has not passed, back to the Board by the Mayor, it lies within the power of the Mayor to return to the Board any such matter with the request that they again take action.

SUPERVISOR HAVENNER: There is no such provision in the present Charter.

CITY ATTORNEY O'TOOLE: No.

SUPERVISOR HAVENNER: It does not interfere in any way with the right of the Board to give notice of reconsideration.

CITY ATTORNEY O'TOOLE: No, Mr. Supervisor, it does not; that is a parliamentary power; any member of the Board can give notice of reconsideration.

SUPERVISOR STANTON: When it doesn't pass, the Mayor can send it back any time?

CITY ATTORNEY O'TOOLE: No, he must send it back within ten days. It may be filed by the Mayor "within ten days of the Board's action on such resolution or ordinance."

SUPERVISOR ANDRIANO: Supposing an ordinance is not acted upon within thirty days as herein required, what then?

SUPERVISOR RONCOVIERI: It does.

CITY ATTORNEY O'TOOLE: I think it is mandatory upon him that he should act, that possibly it would be a mandate that he act upon it even if it was simply—"shall be reconsidered by the Board on the written request of the Mayor, stating his reasons therefor, filed with the Clerk of the Board by the Mayor within ten days of the Board's action on such resolution or ordinance." Now, I think it is mandatory upon the Board to act, and failure to do so would be a violation of the provisions of the Charter.

SUPERVISOR SHANNON: In other words, resolutions and ordinances have the same dignity under this Charter? Or practically?

CITY ATTORNEY O'TOOLE: The same as under the present Charter, resolutions carrying appropriations or granting any permit.

SUPERVISOR PEYSER: Now, in the matter of appointment of committees of the Board, Mr. O'Toole?

CITY ATTORNEY O'TOOLE: I think the matter of appointment of committees rests with the Board.

SUPERVISOR PEYSER: And special committees of the Board, would that all have to go through the same procedure?

CITY ATTORNEY O'TOOLE: No, sir, I don't think so, Mr. Supervisor, because the Mayor would have nothing to do with the appointment of committees; their appointment is vested with the chairman of the Board.

"All ordinances, after final passage or upon their becoming effective—"

I read that, I think.

"Notice that an ordinance or resolution has passed or become final shall be published once within five days of such final passage."

I think perhaps I had better read all of the previous portion of that section first.

"All ordinances, after final passage or upon their becoming effective, shall be certified by the Clerk of the Board and recorded in a book kept for that purpose, and resolutions adopted shall be certified and recorded in like manner. Except in case of an emergency measure passed and not previously published, and except as otherwise specified in this Charter, publication of ordinances and resolutions in full shall not be required after final passage. Notice that an ordinance or resolution has passed or become final shall be published once within five days of such final passage."

Now, that final sentence means that while you don't have to publish an ordinance itself in order to make that ordinance effective, you will have to publish the fact that ordinance number so-and-so, relating to such and such a matter, finally passed, and so on.

THE CLERK: Final passage must await the Mayor's action, ordinarily?

CITY ATTORNEY O'TOOLE: I would say so, yes.

"To amend an ordinance which has proceeded to second reading shall require publication of the ordinance as amended and proceeding *de novo*."

In other words, if an ordinance has gone as far as the second reading, and is amended or changed, it must be republished. It seems to me that is no different from our present provisions. In other words, if upon final passage an ordinance is amended, or a resolution if it required publication, why, it must be republished.

Now, I will just conclude these two sections and take up the next section at the next meeting.

"No ordinance shall become effective until ten days after final passage, unless adopted by a three-fourths vote of all members of the Board—," which is different from the present Charter. Now, at the present time an ordinance usually contains the clause, "shall become effective immediately after passage." I think that can no longer be done, unless it be an emergency measure, as provided for in this section.

SUPERVISOR HAVENNER: The new Charter provides two ways in the time limit for legislation; it provides five days and ten days more before an ordinance can become effective.

CITY ATTORNEY O'TOOLE: In other words, it would be almost impossible to get an ordinance through, when you take into consideration the ordinary delays; I think it would be safe to say that it would be practically thirty days from the date of the introduction of an ordinance.

"No ordinance affecting franchises, grants, bond issues or the sale, lease or purchase of land shall ever be passed as an emergency measure, and the people by initiative or referendum ordinance may further restrict the matters that may be passed as emergency measures."

SUPERVISOR HAVENNER: It doesn't look like this new Charter was going to do all that was claimed for it in the way of expediting the public business.

SUPERVISOR SHANNON: It is going to delay public business.

CITY ATTORNEY O'TOOLE: "Immediate necessary preservation of public peace, property, health or safety, provision for the uninterrupted operation of any City and County department or office, or action required to comply with time limitations as established by law, shall be emergencies within the meaning hereof."

Now, in other words, if you had to do a certain thing to get your tax rate through within a certain time, the ordinance might become effective upon passage, or if it was a matter which necessitated an appropriation to a particular department in order to enable that department to function, why, that could be made effective at once, and, of course, provided such emergencies actually exist. As I said before, how far the courts would go on the question of sustaining emergency, I don't know. In the tax rate cases they said the courts were the ones to determine whether an emergency existed or not.

Section 17 follows the language of the code:

"Ordinances previously adopted and continuing in force may be codified and rearranged, and thereupon shall be published in book form. Provision for codification and rearrangement may be made in one ordinance containing one or more subjects. Such publication shall constitute publication of the ordinance or several ordinances contained in each book or pamphlet so published. Any such publication shall contain a joint certificate of the Mayor, the Clerk of the Board

of Supervisors and the City Attorney of the correctness of such arrangement and publication. With any publication of the Charter, there shall be included initiative ordinances and digests of reported court decisions relating to said Charter and ordinances."

I think at the present time we only have two initiative ordinances—

THE CLERK: Yes, that is all I know of.

SUPERVISOR HAVENNER: Do you construe Section 17 to be mandatory?

CITY ATTORNEY O'TOOLE: I think it is mandatory. I presume that duty rests upon the Board of Supervisors whenever the requisite funds are available, to have these ordinances codified.

SUPERVISOR RONCOVIERI: Could we have those ordinances published in loose-leaf form?

CITY ATTORNEY O'TOOLE: I presume those could be gotten out in any way your Board directed.

SUPERVISOR RONCOVIERI: There would be no legal objection?

CITY ATTORNEY O'TOOLE: I think not, and in the matter of ordinances, I imagine it would be a good thing. As I say, there are two ordinances only which are to be printed with the Charter, two initiative ordinances, one the garbage collection ordinance and the other the anti-picketing ordinance, and those will be published with the Charter. Now, it will be some time before the ordinances will be in satisfactory shape so they may be codified and so that they may be of any particular benefit. The ordinances will all have to be investigated, read and corrected, and contradictory ordinances repealed before anything can be done, so as far as the enactment of this ordinance is concerned the Board will have ample time for that.

SUPERVISOR PEYSER: I ask to be excused at six o'clock.

THE CHAIRMAN: Is there any objection to Supervisor Peyser being excused at six o'clock? If not, it is so ordered.

SUPERVISOR HAVENNER: I would like to ask the City Attorney whether the time provisions in this Charter, which he explains constitute in all, I believe, about thirty days, whether that applies in all cases?

CITY ATTORNEY O'TOOLE: Except emergency measures.

SUPERVISOR HAVENNER: Would that apply to every appropriation ordinance that comes in here?

CITY ATTORNEY O'TOOLE: Unless the appropriation ordinance might very well be declared to be an emergency measure.

SUPERVISOR HAVENNER: In other words, this provision apparently means that instead of fifteen days it is going to take us thirty days before an appropriation ordinance can become effective and money can be paid?

CITY ATTORNEY O'TOOLE: It would appear that way from a reading of the Charter.

SUPERVISOR HAYDEN: That is going to interfere with the business men of San Francisco.

CITY ATTORNEY O'TOOLE: However, that only applies to ordinances; your resolutions can be adopted without that time, and most appropriations are carried by resolution.

SUPERVISOR HAVENNER: Can they be carried by resolution under the new Charter? I think you read somewhere that every legislative act must be by ordinance.

CITY ATTORNEY O'TOOLE: I don't think the appropriation of money is a legislative act.

SUPERVISOR HAVENNER: You don't think it is?

CITY ATTORNEY O'TOOLE: I doubt very much if it is. I think the provision in our present Charter is that it is not.

THE CLERK: One of your predecessors decided it was an administrative act.

SUPERVISOR HAVENNER: Will you advise us at the next meeting as to your opinion on that?

CITY ATTORNEY O'TOOLE: Yes, I will; I think Judge Long decided that, or Mr. Lane.

THE CHAIRMAN: That will conclude the talk by our City Attorney for today. What is the pleasure of the Board?

SUPERVISOR STANTON: I move that the City Attorney be here at 1:30 o'clock on next Monday, to address us on the Charter.

SUPERVISOR BREYER: I second the motion.

THE CHAIRMAN: Is there any objection? If not, such will be the order.

Mr. O'Toole, you will be here at 1:30 o'clock on next Monday.

SPECIAL ORDER—2:30 P. M.

On motion of Supervisor Shannon the following matter was *ordered dropped from the Calendar*:

The following bill was, on motion, *laid over two weeks and made a Special Order for 3:30 p. m.*:

SPECIAL ORDER—3:30 P. M.

Amending Section 37 of Ordinance No. 7691 (New Series), "Traffic Ordinance."

Bill No. ———, Ordinance No. ——— (New Series), as follows:

Amending Section 37 of Ordinance No. 7691 (New Series), entitled "An ordinance regulating traffic upon the public streets and repealing all ordinances inconsistent herewith," by including Battery, Sansome, California, Pine, Bush, Post and Sutter streets, between points named,

as streets upon which parking is prohibited from 7 a. m. to 6 p. m. except for public passenger vehicles at authorized and licensed locations.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 37 of Ordinance No. 7691 (New Series), the title of which is recited above, is amended to read as follows:

Section 37. *Parking Prohibited on Certain Streets, 7 a. m. to 6 p. m.* Between the hours of seven (7) a. m. and six (6) p. m. of any day, excepting Sundays and legal holidays, and *excepting duly licensed public passenger vehicles at duly authorized and licensed locations*, it shall be unlawful for the operator of a vehicle to stop said vehicle for a period of time longer than is necessary for the actual loading or unloading and delivery of passengers or materials in any of the following places:

Alameda street between Bryant and Florida streets, Annie street, Anthony street, Austin street, *Battery street between California and Market streets*, Bush street between Kearny and Market streets, *California street between Kearny and Battery streets*, Campton place, Cedar street, Clementina street, Cortland avenue on the north side between Mission and Folsom streets, Ecker street, Elm street, Fern street, Florida street for a distance of 275 feet south of Alameda street property line, Hemlock street, Holland court, Ivy street, Linden street, Maiden lane, Minna street, Mint street on the east, south and north sides, Monroe street, Montgomery street between Market and California streets, Myrtle street, Natoma street, Olive street, Pacific avenue on the north side between Columbus avenue and Van Ness avenue, *Pine street between Kearny and Battery streets*, *Post street between Kearny and Market streets*, Redwood street, *Sansome street between California and Market streets*, *Sutter street between Kearny and Market streets*, Tehama street, Willow street.

Signs shall be erected and maintained not more than two hundred (200) feet apart in each block, designating the provisions of this section.

Section 2. This ordinance shall take effect immediately.

SPECIAL ORDER—4 P. M.

Report on disbursement of relief funds by Charles Wollenberg, Superintendent of Laguna Honda Home.

Report of Distribution of Relief Funds by C. M. Wollenberg, Superintendent, Laguna Honda Home.

THE CHAIRMAN: What is the next order of business?

THE CLERK: Special order for four o'clock.

THE CHAIRMAN: Yes, Mr. Wollenberg has been requested to explain, to address the board on the disbursement of relief funds, and to tell you today what is becoming of the money appropriated for unemployment relief.

Mr. Wollenberg.

MR. CHARLES M. WOLLENBERG: Mr. Chairman, Gentlemen of the Board: I have been requested to come here and tell you today what becomes of the money appropriated for unemployment relief. The appropriation of the city is \$700,000; up to the present that is all the money that I know of. The contributions of the employees and officers of the City and County of San Francisco is in process of being collected, and it is expected it will be something around six hundred thousand dollars if the plan is a success, and I think we can say it will be a success.

We have decided to divide our relief into several major activities; the greatest of these is family relief. We have not enough money to consider employment at all, and every dollar contributed by the city is going into relief. To distribute that relief I am using the existing agencies, the existing welfare agencies, the Associated Charities, the Jewish Charities, and the Italian Board of Relief. They make the

investigations and register those in distress. The names are sent to me and I am paying, with the money contributed by the City, for the supplies sent to these families. We have adopted as a formula for those who come under this relief this plan, that our obligation is to those who are residents of San Francisco with a family residing in San Francisco, the bread winner being employable but unemployed. I want you to notice that, "employable but unemployed." That means we are not taking over into our relief picture those people who are not employable. If they are in distress they are taken care of; San Francisco has always provided for individuals of that kind through various charitable organizations financed by the Community Chest, and I take it this fund was placed in my hands to take care of employable people unable at this time to secure employment.

We have worked out, after a long study and a careful study, a scheme whereby we have established a ration for a family of various sizes, and we say to anybody who comes to us who is unemployed and tells their circumstances and the size of their family, we say to them: "We will at once give you relief for three days," and we send them an emergency ration based upon the size of that family. Then we say to the breadwinner, "If you are willing to contribute one week's work to the City of San Francisco the City will supply you food for three weeks."

SUPERVISOR SHANNON: What kind of work?

MR. WOLLENBERG: They are sent to me and assigned to any work for the City which may be available at the time, and that might be the development of a piece of playground work not programmed for this year, or something in the Park, which is something not programmed for this year, or at the Laguna Honda Home, or San Francisco Hospital. Any work we can develop throughout the city government which does not deprive a man from an opportunity to earn something, work not programmed for this year, so he works in any department of the city government where work can be obtained. Just lately we have got thirty men around Lake Merced, cutting the tule and paying them in this way.

Now, we give to that man a week's supplies the week he goes to work, and then for two weeks following. We hope in these two weeks following he will be able to obtain odd jobs that will help pay his way, outside of house rent. We do not obligate ourselves to pay rent, gas or water, but at the same time we have set up an agency which is going to see that no family is evicted. We realize it is a vicious circle, this rent proposition, but we believe there is several million dollars rent due at this time, and if we obligated ourselves to pay rent you can readily see where \$700,000 or \$1,700,000 would go.

In order that you may have a better understanding of the situation, we take as a sample family, a family of five, which is just about the average, the average family is 4.7 members to the family. A family of five receives from the city for that family, five and one-half days' work. The supplies and carfare and lunch that he receives means that he is being paid about \$5.30 a day for his five and one-half days. That is what it costs the City to take care of a family of five for three weeks, just under twenty-seven dollars; that is, in groceries, purchased from wholesalers, under bids, at the very lowest prices.

SUPERVISOR SHANNON: You give carfare to and from work?

MR. WOLLENBERG: Twenty cents, we give twenty cents to pay for carfare to and from work, tobacco, things of that kind.

SUPERVISOR CANEPA: Are the groceries delivered

MR. WOLLENBERG: The groceries are delivered to the home in every instance. We have a storeroom and basement at number 1010 Gough street, and there we have these menus, I might as well call them menus, or rations, in bins so that one package out of every bin fills that order, and so far we are sending out about nearly four thousand boxes weekly, our trucks are running day and night, and the trucks we are using to deliver by are obtained through bids for a

month or two from truckmen, asking what they will deliver for us for. The man takes a lunch box with him, and we give to the wife a check to purchase her meats, the wife receives from us a check, in the case of a family of five, for three dollars and thirty-eight cents a week to purchase meat and bread, that is a part of this whole picture. We send the groceries which are not spoilable, and the family is given an order from the milkman, for this family, of \$1.12 a week, depending on the ages of the children, that is the amount of milk that is delivered to the home. While the man is working, we give him a box lunch that costs us twenty cents, each day.

That is briefly the method of relief, family relief. My grocery bill last month was \$52,000 for family relief.

Now, the second problem is the self-supporting, unattached woman. That means the woman who is working, with no dependents, or the widow with one child, or perhaps with a mother to support. We have another agency set up at one of the schools for our work in giving her support. We are not expecting the same amount of work, of course, from these women. We are paying for these women in exchange for the support given, we are asking them for three days' work. You see, a woman doesn't give as much work because she does not require as much. She gives three days' work, sewing or working at salvage at the Hearst school, on the clothing to be distributed among the children.

Our other operation is the kitchen where we feed the single men, that is at number 52 Ritch street. Last month we fed just under 200,000 meals, yesterday we fed 7392.

SUPERVISOR SHANNON: Does the City own that building?

MR. WOLLENBERG: No, the City does not own it; the man who built the building transferred it to a trust company, who is holding t.t.e. and named a commission to run the kitchen, consisting of the Archbishop, the Superintendent of the Laguna Honda Home, the Chairman of the Finance Committee of the Board of Supervisors, the President of the Commonwealth Club, and the President of the Chamber of Commerce, the President of the Building Trades, and of the Labor Council, and the President of the Federation of Jewish Charities, and they are to have control of that building year after year as long as they desire to maintain it for the charity for which it was erected.

SUPERVISOR SHANNON: What is the man's name?

MR. WOLLENBERG: I will tell you his name, Mr. Shannon, but he has asked that his name be left out of the business. This man has built three other buildings, and this gentleman, I would be glad to give you his name, but he has asked that his name be kept out of the newspapers. This same gentleman has built three other buildings for charitable purposes. I will tell any of you gentlemen, who wish to know, his name, but he does not want publicity. We are paying the expense of maintaining that kitchen, that is ours as long as we want to run it.

SUPERVISOR SHANNON: How many meals a day?

MR. WOLLENBERG: Two meals, breakfast from six-thirty to nine, and in the afternoon, from two-thirty until everybody has had something to eat.

SUPERVISOR SHANNON: Where do they get tickets for that?

MR. WOLLENBERG: No tickets at the present time, although I am going to start a registration scheme. Anybody who stands in line, from six-thirty to nine, I take it is hungry and entitled to a meal; and the same way in the afternoon. That is the test, their willingness to stand there; but in order to regulate it we are going to establish a registration system.

Those are the three major operations of our relief program, costing in the four months of this fiscal year, a little over a quarter million dollars per month. The expenses are increasing, because we are averaging from thirty to thirty-five families a day coming in for relief.

We are finding hundred of families in San Francisco this month, and I think increasingly this month, who have lived for two years on their savings, on what they could buy, on what they could get on several mortgages; they have exhausted all their means, and now have to come and ask us for aid, and that number is increasing every day. We expect the peak at just after the first of the year—as I say, our expenses are increasing every month. My estimate that a budget to carry through this program, with the increased picture that these families make, is about a million four hundred thousand.

In regard to clothing, we find that clothing for these families is getting very scarce. We find that all the salvage shops that have been in existence for many years, that collect your cast-off garments, sell clothing. Some use it for one purpose and some for another. I discovered that I could not find the funds to clothe the children of the unemployed families. Many of them were without shoes—one of the newspapers took the question up for us, and got a thousand pairs of shoes one day for me, but that is just a drop in the bucket as to the picture as a whole; so I took over the Jesse Lilienthal school, and put our unemployed women out there, and appealed to the public, the women's clubs, particularly, for their cast-off garments, and they are coming very fast. Men who are cobblers, in the unemployed, instead of digging in the park, or some other work, have been put to work cobbling shoes. Tailors are rebuilding clothing, and at Jesse Lilienthal school we are giving everything away when reported to us through a teacher or charitable agency. Nothing is to be sold. That does not mean now that a man can come and say, "I need a suit and a pair of shoes." We want to be sure, so we ask that they come to us through the schools and the various welfare agencies, so we feel there has been a check as to whether they should have it before they come to us.

In this picture, as it has developed, the greatest problem, I might say, was the migratory nonresident man, who every year comes to California in large numbers, and winters here, and in normal years brings enough from his summer and fall earnings to support himself. Last year and this year he has come here broke. We thought we had a problem with perhaps seven or eight thousand in San Francisco. We discover there are 125,000 in Los Angeles County. When I was appointed a director for Northern California on the Hoover Commission, the first thing I asked for was a report from the railroads as to the number of unemployed they were bringing in daily at various points. The Southern Pacific and Western Pacific have been tabulating that at Dunsmuir, Sparks and Yuma, and the agricultural department of the State, which maintains a quarantine officer, has been questioning every machine, and we know over thirty-six thousand people came into California last month stating they were looking for work, and were broke. We know we average three to five a day in automobiles. In the automobile route, we could question them better, and in the automobile group an average of fifty-five per cent are bound for Los Angeles County, and only eight per cent for San Francisco, so our problem is not going to be as great as the southern part of the State.

We felt that the State should step into this picture, that it had a responsibility, particularly for the nonresident group, and after considerable effort the State has come to a realization of its part in the program, and Saturday the Governor agreed, in Los Angeles, to take over a part of that burden. He is going to establish camps in the forest reserves, and other places in California, where these nonresident groups, who are here hungry and without a place to sleep, will be sent and given the opportunity of shelter and food in exchange for a few hours' work. The first camp is going to be opened tomorrow at one of your abandoned camps in the Hetch Hetchy. This afternoon we shipped ten men out from the group at the kitchen, to start that camp. We asked for ten volunteers, and found over four hundred who are willing to go. These men are not bums: they are young men, and old

men, and most of them are very decent. That is the South Fork Camp. They want work, and they show it, when you ask for volunteers to go into this camp. We could not register them fast enough. Over four hundred were registered in two hours, for ten men to go. They know they are to receive no compensation. They are perfectly willing to go where they can have the opportunity to be fed and sheltered this winter.

That, briefly, is the story of our unemployment activity. I should be glad to answer any question any Supervisor would like to ask.

Supervisor Hayden has asked me to speak of the municipal officials' and employees' fund that has been raised. I might say every employee in the City, except the school teachers, have entered into an agreement to give one day's pay a month for the next eight months, to a fund to aid in this work, and I am convinced after the teachers have their meeting they will come in, and if they come in, that in addition to the money that the Community Chest has set aside for this work, I think we will see this fiscal year out without any distress in San Francisco.

THE CHAIRMAN: Members of the Board: With my experience as chairman of the Finance Committee—the same experience that Mr. Havenner had in dealing with Mr. Wollenberg—and in particular during these distressful times, I think the board made no mistake in making that appropriation for \$700,000 and putting it into the hands of Mr. Wollenberg for distribution to the right parties. At the meeting in Los Angeles last Saturday, at which I was present with Mr. Wollenberg and Mr. McDonald, I think Mr. Wollenberg in particular brought the picture of the distress that confronts this community, and the relief as it is planned, and as it is being carried out, through the Municipal Government, to the attention of that meeting; and Mr. Wollenberg left an impression of a model plan by which Los Angeles and the southern cities are going to profit. We found in the City of Los Angeles that the city government had made no provision in their tax rate to take care of unemployment during the coming winter. It is true they had their Community Chest drive, which was successful, the same as we had here; and they have other plans, but nothing definite. I think the experience of San Francisco, as outlined by Mr. Wollenberg at the conference of the mayors from all over California, has laid the foundation and set the example by which the whole State of California is going to profit, and I think the Board of Supervisors and the City Government at this time, Mr. Chairman, owes a debt of gratitude, and a word of appreciation at least, to him for the most wonderful work that he has done in that capacity, as superintendent of the Laguna Honda Home, and a director of relief for Northern California. Indeed, I am grateful to him, as chairman of the finance committee, for his work. I have learned something of his trouble, and after the experience one has in dealing with that work, you feel an intentness of purpose to do something for our suffering men, and the real exponent in that direction is our dear friend, Charles Wollenberg, and I am proud to make this public acknowledgment of appreciation to you, in the presence of the Board of Supervisors today. (Applause.)

MR. WOLLENBERG: May I say this: This is all part of my job, and I do not need any thanks for it. I am going to make lots of mistakes, which I hope you will bear with, and I hope to have some successes.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Discussion of Resolution Introduced by Supervisor Andrew J. Gallagher in Connection With the Golden Gate Bridge Bonds.

(Under Supervisor Gallagher's name on roll call, a resolution was read by the Clerk, presented by Supervisor Gallagher, in connection with the Golden Gate bridge bonds.)

SUPERVISOR GALLAGHER: I should like to move the suspension of the rules and the adoption of the following resolution, and I would like to have a second so that I may have a word or two to say.

SUPERVISOR SHANNON: I will second the motion.

SUPERVISOR GALLAGHER: Mr. Chairman, Members of the

Board: If I am right, Mr. Chairman, this is a straight out appeal of this Board of Supervisors to any and all public or semi-public agencies to please—and it is respectful in tone—to please desist in what seems to be, not a policy of establishing a right, but an indulgence in methods that can only lead to more obstruction. Now, it is not for me to say who are the people, because they themselves will best know, who are obstructing this bridge, but this resolution is intended to convey to them the earnest appeal by you, being the voice of the people, against what would seem to be the futility of going on, and against the harm they are doing. If the Golden Gate bridge directors can be permitted at this time, unobstructed, to go ahead with the contracts that they have in view, at the prices that have been submitted, the prices that would obtain under those contracts, the saving, at least to the people, will be tremendous. In addition to that it will release millions of dollars for the employment, principally, of course, of mechanics, here and in the East, because the cable, naturally, can not be made here, and it does seem to me that in the light of the past this might be in order.

Now, I do not bring this in on my own hook, if I may use the expression—this appeal was suggested by a very prominent San Franciscan, by a gentleman who called on me, and who is known for his standing on the corporate side of things, if I may say so, and I said to him: "I don't think it will do much good." He said, "Nevertheless, I would like to see it done." He said, "I have got a notion it might get something done. I have got a notion an appeal made in behalf of all the people, in the light of the terrible unemployment situation, and in the light of the fact that an appeal of the case on the issues can not possibly find weight, inasmuch as our learned and dignified Supreme Court of the State of California, ever jealous of the rights of the taxpayers, has decided this matter and rendered a decision, this might help." I said, "I will be glad to introduce it."

Now, I want, and I would ask, that the Clerk of this Board be directed to send a copy of this resolution to the attorneys, or to such corporations as he may have knowledge of having offered legal opposition to the bridge. I would like him, in his letter, if he sends this to Mr. Olney, to please ask him to see that a copy of this resolution gets into the hands of his clients.

I would like to call attention to the fact that for some years this City has been in a critical condition for transportation. Every effort in the world was made to get quick ferry transportation across the Bay. Why, we even tried at that time to get anything we could to get our people across the Bay to Marin County, and not take all night getting over or back. Just go and take a look at the people waiting today. We can do nothing, our capacity is at its limit. I am referring now to the time when there was only the Northwestern Pacific ferry. All right, the Golden Gate ferry came along and applied for a franchise—however, since then the Golden Gate has been gobbled up—now, just watch what has happened. Immediately the Golden Gate ferries began to run the Northwestern Pacific was practically deserted; I have seen the wharves of the Golden Gate ferries crowded with cars, and I have seen a line backed way upon the slip, and, with improved service on the Northwestern they were practically empty, showing that the people have not forgotten, and what their temper may be on the subject. And what happened again, and we have paid for it? Six million dollars was paid for that mistake, the Golden Gate ferries were bought out by the Southern Pacific Company for—I think I am not in error—six million dollars. Now, take the bus lines: everybody could see that the bus lines and other freight carriers were coming into being, and coming fast. Now, what happened? Like a lot of Mexicans sitting in the sun, they slept. What did they have to do? They had to buy the bus companies out, and at prices, gentlemen, that would startle you if you

knew what they were, when the issue could have been met by the expenditure of a few thousand dollars in meeting this new situation in the proper way at the proper time.

The temper of the people on this Golden Gate bridge project is not a healthy one. Here they find that for no apparent good reason at all, although some people may have thought it is, this project is being obstructed. First, their vote on the bonds was attempted to be knocked down by nine or ten past presidents of the Chamber of Commerce, who changed very quickly, by the way, from opponents of the Golden Gate bridge to proponents of the progress committee, although most people forgot that. However, that is an aside, although if you will check it you will find it true.

Now, the people want to see the directors of the bridge proceed on their way as expeditiously as possible. First comes one subject, and then another; I don't know what some people can be thinking of. I don't see why some of the editors of San Francisco's papers could not constitute themselves a committee to confer with some of these people and say to them, "What is all this getting you? Where do you expect to get? What can only be the unavoidable result if you lose the fight and obstruct the people, and it costs them more money, and delays this project?" The only result can be to have every reasoning man among the people of San Francisco, and the State of California, against every person or every corporation which has had a hand in the efforts to prevent the construction of this bridge.

My resolution, as I say, is not presented by myself, or rather, was suggested to me. Of course, the gentleman would prefer not to have his name mentioned. I wish I could. You gentlemen, I think a great many of you, know him.

My resolution may be somewhat clumsy, and not well worded, but the intent of my resolution is that we appeal, in so far as we can appeal, and in so far as we can express the people's voice, to all institutions to, first, please have common sense, please desist in this obstructive attitude; second, please do not make the people angry at your attitude, please do not make them resentful and revengeful so that you will rue the day that you opposed them. They will soon come to the public utilities table in this City Hall for the new line, and somebody ought to look at the signs of the times, somebody ought to be guided, somebody ought to say to themselves, "Let's stop obstructing this bridge, let's stop putting ourselves in the way, let's try to get back in the good graces of the people of San Francisco and the State of California."

THE CHAIRMAN: What is the pleasure of the Board? Is there any objection to the adoption of Supervisor Gallagher's resolution?

SUPERVISOR HAVENNER: I would like to respectfully suggest to Supervisor Gallagher that it might be a little more effective if the wording of the final paragraph were changed so as to, instead of referring to the people who are making for this delay as obstructionists, to make an appeal to them not to cause anything further to obstruct it.

SUPERVISOR GALLAGHER: I shall be pleased if you will state it.

SUPERVISOR HAVENNER: I would change it in the last paragraph, to read, after stating "Resolved, that the Board of Supervisors of the City and County of San Francisco, the elected representatives of the people," "in the interests of the public welfare, respectfully and urgently appeal to the litigants who have tested the validity of the Golden Gate bridge bonds, and who have tested it in the highest court of California, and who are reported to be considering a further test in the Federal courts, to desist from any further effort which may delay this project."

SUPERVISOR GALLAGHER: I shall be very glad to have that inserted in the resolution in place of my language.

THE CHAIRMAN: What is the pleasure of the Board? Is there any objection to the motion as amended?

If there is no objection, such will be the order (bringing down the gavel).

Adopted.

Whereupon the following resolution was *adopted*:

Urging Corporations and Other Interests to Withdraw Their Opposition to Erection of Golden Gate Bridge.

Resolution No. 35398 (New Series), as follows:

Whereas, the Supreme Court of the State of California has decided that the bonds for the erection of the Golden Gate bridge are valid, thereby, so far as the State Court is concerned, permitting the immediate starting of work on this great project; and

Whereas, the people of the Golden Gate Bridge District overwhelmingly expressed their approval of this project, with the hope and desire that work would be provided and the northern portion of California be served by one of the world's greatest transportation facilities; and

Whereas, the commencement of the work on the Golden Gate bridge would provide much-needed employment for laboring people for several years; and

Whereas, the only delay confronting this great work is the announcement of the probable appeal to the United States courts, which would defer the commencement of the work and the employment of labor for several years; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, the elected representatives of the people, in the interest of public welfare, respectfully and urgently appeal to the litigants who have tested the validity of the Golden Gate Bridge District in the highest court of California, and who are reported to be considering a further test in the Federal courts to desist from any further efforts which may tend to delay the project.

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, Miles, Peyser, Power, Roncoviari, Shannon, Spaulding, Stanton, Suhr—17.

Absent—Supervisor McSheehy—1.

Motion.

Supervisor Shannon moved that in the event of further litigation regarding bonds of Golden Gate Bridge and Highway District that the City Engineer be authorized to aid and assist the attorney representing the Bridge District.

So ordered.

Ambulance Service on Highway.

Supervisor Garrity called attention to deplorable accident on the Skyline boulevard in which two well-known San Franciscans, Mrs. Brickell and Mrs. Snook, met their death, and which, he said, if prompt ambulance service was afforded, would have resulted in the saving of at least one life. He declared that on account of official "red tape" it was over one hour and a half before there was any response to repeated calls for ambulance service.

On motion his Honor the Mayor was authorized to call a conference of San Francisco and San Mateo county officials with a view to remedy conditions.

Finance and Public Welfare Committees Requested to Devise Ways and Means to Provide Luncheons for Needy Children in the Public Schools.

On motion of Supervisor Peyser:

Resolution No. 35399 (New Series), as follows:

Whereas, there has grown up in the public schools of the City and County of San Francisco a most laudable practice, whereby needy and undernourished children are provided with a mid-morning lunch; and

Whereas, these luncheons were provided from funds which came as profits upon the sale of luncheons to other children who were in a position to pay for them; and

Whereas, these profits are inadequate to supply luncheons for all the children who make application therefor; and

Whereas, because of the economic depression, many children are actually hungry and find it difficult to diligently apply themselves to their studies; therefore, be it

Resolved, That the Finance and Public Welfare Committees be and they are hereby authorized and requested to devise ways and means whereby the sum of \$3,000 may be appropriated for the purchase of luncheons for needy children in the public schools during the school year.

Adopted by the following vote:

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—17.

Absent—Supervisor McSheehy—1.

Leave of Absence Granted James W. Ward, Member of the Board of Health.

Resolution No. 35400 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, James W. Ward, M. D., member of the Board of Health, is hereby granted a leave of absence for a period of one week, commencing November 28, 1931, with permission to leave the State.

Adopted by the following vote:

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—17.

Absent—Supervisor McSheehy—1.

Communication.

A communication from the Taxpayers Council favoring jail site in San Francisco was read and *referred to the Joint Committee on Buildings and Police.*

ADJOURNMENT.

There being no further business the Board at 4:30 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors December 7, 1931.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

SPECIAL ORDER—1:30 P. M.**Discussion of the New City Charter by City Attorney.**

Prior to the transaction of other business, the following proceedings were had in connection with a discussion of the new Charter provisions by City Attorney John J. O'Toole.

SUPERVISOR HAVENNER: I move we proceed and that the City Attorney be given the privilege of the floor.

THE CHAIRMAN: If there is no objection, the City Attorney will proceed with the discussion of the new Charter.

CITY ATTORNEY O'TOOLE: Mr. Chairman, gentlemen of the Board. When we closed our discussion on last Monday, I think we had concluded with section 17 on page 11. We will start our discussion this meeting with the "General Powers and Duties of Boards, Commissions, Department Heads and Officers."

We were discussing at the last meeting the powers of the Board of Supervisors in the matter of the canvassing of the votes of any election held in the City and County of San Francisco, and I advised you at that time that the validity of the provision of the new Charter doing away with the election commission and dividing their duties between the Commissioner of Elections and the Board of Supervisors was before the court at that time, and on Friday last Judge Griffin sustained the contention made by our office that the change was perfectly valid, and sustained it in such a way that it practically completes the litigation in this court. Of course, the litigants have the right to appeal to the Supreme Court from the order of Judge Griffin, but Judge Griffin took into consideration the Rand case, which was the first case construing the present Charter, and held that the Charter framers had the right to divide the duties heretofore vested in the election commission between the Commissioner of Elections and the Board of Supervisors, and if that order is sustained it will be the duty of the Board of Supervisors to canvass all votes at any election, and it will be the duty of the Commissioner of Elections, or the former Registrar, to perform all the duties relative to the holding of an election, that is, such as the appointment of the necessary registration officials, the registration of voters, and the conduct of the election, and after the election is held the matter of the canvassing of the votes and the making of the official count will rest with the Board of Supervisors, provided Judge Griffin is sustained in his findings.

SUPERVISOR PEYSER: How will they do it? Will they appoint a committee?

CITY ATTORNEY O'TOOLE: No, they will have to do it themselves.

SUPERVISOR STANTON: When will that have to be done?

CITY ATTORNEY O'TOOLE: I think the first opportunity will be after the presidential primaries, on the 3rd of May.

SUPERVISOR STANTON: I mean, how shortly after the election takes place?

CITY ATTORNEY O'TOOLE: I think it is ten days; I would have to look that up.

SUPERVISOR HAVENNER: Just what function would we perform?

CITY ATTORNEY O'TOOLE: Well, practically the making of the official count.

SUPERVISOR HAVENNER: Would the Clerk of this Board have to make the actual count?

CITY ATTORNEY O'TOOLE: As the election commissioners do at the present time. Of course, the tally sheets come in and are opened at the present time in the presence of the election commissioners, and the number of votes as shown by those tally sheets are all added and the number of votes given to each candidate on each proposition determined. Now, instead of the election commissioners determining that, the Board of Supervisors will have to do it.

SUPERVISOR PEYSER: In open meeting?

CITY ATTORNEY O'TOOLE: Yes.

SUPERVISOR STANTON: We have to sit down and act as clerks in counting these votes?

CITY ATTORNEY O'TOOLE: I suppose you will have clerks to do that, the same as it is done at the present time; it is practically all done on machines, and the votes are tallied in the presence of the election commission, and I presume that will be done before the Board.

SUPERVISOR HAVENNER: Do you know what the intent of the freeholders was?

CITY ATTORNEY O'TOOLE: I do not, Mr. Supervisor.

SUPERVISOR HAVENNER: Mr. Garrity, do you know what the intent of the freeholders was in putting this provision into the new Charter?

SUPERVISOR GARRITY: No, I do not.

SUPERVISOR CANEPA: I will state that in many of the counties the Board of Supervisors sits as the election commission.

CITY ATTORNEY O'TOOLE: That is correct, outside of San Francisco, that is, in the various counties.

SUPERVISOR GARRITY: That is what the City Attorney is doing now, Supervisor Havenner; is explaining what we will have to do under the new Charter.

SUPERVISOR HAVENNER: Yes, but I cannot expect the City Attorney to tell me what the intent of the freeholders was.

CITY ATTORNEY O'TOOLE: That is a practice which is valid in most of the counties at the present time; the county clerk acts as the executive election officer and the Board of Supervisors canvasses the vote and makes the official count, and then makes the requisite certification.

SUPERVISOR PEYSER: That will require a special meeting to be called, of the Board?

CITY ATTORNEY O'TOOLE: Yes, Mr. Supervisor, and it is going to take more than one meeting; always remember that.

"General powers and duties of boards, commissions, department heads and officers." Section 18.

SUPERVISOR STANTON: What section is that?

CITY ATTORNEY O'TOOLE: Section 18, on page 11, "Powers and duties of county officers."

Section 18 provides that: "Each county officer shall have all the powers conferred and shall discharge all the duties imposed by general laws upon said officer of a county or a city and county of this State, and shall have such other powers and duties as in this Charter specifically provided."

Of course, I think that would follow as a matter of law, that a county officer would be subject to all laws regulating, or rather subject to the County Government Act regulating county officers of the different counties. Of course, the additional powers conferred by this Charter are mostly matters that are particularly pertinent to the government of San Francisco or the matter of civil service appointments, or appointments to be made under civil service, the benefit of the pension or retirement act or systems, so that is not anything new.

Section 19 deals with the boards and commissions.

"The Board of Supervisors and each board and commission appointed by the Mayor, or otherwise provided by this Charter, shall have powers and duties as follows:"

You will note as we get into the powers and duties as specified that some of them are such powers as would be exercised only by the Board of Supervisors, although the Charter attempts to give equal powers to each board. I think all boards would have the power to prescribe rules and regulations not inconsistent with the Charter and law, for the conduct and government of its officers and employees, and for the administration and custody of property under its control,

and the books, records and papers pertaining to its office. I think that power is vested with all boards regardless of the Charter. It is a matter of self-preservation:

"(a) To prescribe reasonable rules and regulations not inconsistent with this Charter for the conduct of its affairs, for the distribution and performance of its business, for the conduct and government of its officers and employees, and for the administration, custody and protection of property under its control, and books, records and papers appertaining to its affairs. The Board of Supervisors, by ordinance, may provide that rules and regulations of any board or commission, or general orders of any department head issued by authority of any board or commission that are of general public concern shall be published or posted."

That is, where the Board of Supervisors decides it is of public concern it may require the publication or posting of such matters by the public utilities commission, fire or police or civil service commissions, that they shall have the power to do so.

"(b) To appoint one of its members as President, to hold office for such term as each such board or commission by its rules or regulations, not inconsistent with this Charter, may prescribe."

Of course, the Board of Supervisors are limited to a period of two years, that is, the presiding officer of the Board, or President, is limited to a term of two years, but I do not believe this limitation would be applicable to some of the other boards. I think, for instance, if the Board of Supervisors were to reorganize itself at the present time they might even go so far as to provide by rule that the President should hold office for his full term; in other words, if his term were for four years, or six years, they might even provide that he hold the office of President of the Board for that time, by rule, that that certain person should be President for that full term. That person would, of course, hold office irrespective of changes unless the rule was changed.

SUPERVISOR RONCOVIERI: If the Board should desire to change its President, could they do so? That is, could they recall him? He might be an unruly sort of a President.

CITY ATTORNEY O'TOOLE: I think the provision in the—

SUPERVISOR RONCOVIERI: He might become very autocratic.

CITY ATTORNEY O'TOOLE: I think possibly they could; I do not find it just now. They shall reorganize the Board and appoint a chairman for two years, appoint a President of the Board. I think possibly they could do it at least every two years.

Now, the boards or commissions have a right to "establish such standing or special committees as it shall deem necessary." That is, to transact its business.

Now, here is a provision that would seem to be peculiarly within the province of the Board rather than in any commission or other board:

"(d) To receive, on behalf of the City and County, gifts, devises and bequests for any purpose connected with or incidental to the department or affairs placed in its charge, and to administer, execute and perform the terms and conditions of trust or any gift, devise or bequest which may be accepted by vote of the people or by the Board of Supervisors for the benefit of such department or purpose, and to act as trustees, under any such trust, when so authorized to do by the Board of Supervisors. The title to all real and personal property now owned or hereafter acquired by gift, devise, bequest, or otherwise, by and for the purposes of any board or commission shall vest in the City and County."

The section is not absolutely clear, because it seems to give to any board the right to receive gifts, devises and bequests connected with or incidental to the department or affairs placed in its charge, and then it goes on to say "And to administer, execute and perform the terms and conditions of trusts," and so on. I presume there will be

not much conflict, because the only boards, outside of the Board of Supervisors, which might be called upon to accept or receive bequests would be such as the Park and Playground, the de Young Memorial, or the Board of Health, something of that kind. Of course, I think if those gifts or bequests carry with them any financial responsibility to the City the Board of Supervisors would have to join in the acceptance, otherwise there would be no way of carrying out the conditions under which they were given.

"(e) To require such periodic or special reports of departmental operations, costs and expenditures under its control as may be necessary and, exclusive of the Board of Supervisors, to submit an annual report to the Mayor."

I think that is a duty rather than a privilege, to submit an annual report to the Mayor, under this provision.

"(f) To hold meetings at regular fixed dates and at regular meeting places, which dates or places shall not be changed except as in the manner provided by Section 10 for the meeting times and places of the Board of Supervisors. All such meetings shall be open to the public."

Section No. 10 deals with meetings of the Board of Supervisors, and says that they shall be held at the regular meeting place in the City Hall unless, due to some emergency, it is impossible to do so.

"(g) To hold special meetings for the purposes and in the manner provided by the Board of Supervisors by ordinance, provided that no matter may be considered at any special meeting unless specifically designated in the notice calling such special meeting."

I presume that boards or commissions might—that the Board of Supervisors might pass an ordinance directing any commission to hold special meetings by consent of a certain number of its members, provided that the necessary notice were given to all the members of the commission, and providing further that such meetings were provided for at the time and in the manner directed, and providing for the time and manner in which that notice should be given, and also that it would provide that the objection of the special meeting would have to be specified in the notice of the meeting, and nothing but that matter could be considered at such special meeting.

SUPERVISOR STANTON: You mean they would have to get the permission of the Board of Supervisors to hold a special meeting?

CITY ATTORNEY O'TOOLE: No, Mr. Supervisor; but it would have to be regulated by an ordinance passed by the Board of Supervisors; they would not have to get permission but the matter lies within the power of the Board of Supervisors to supervise. It would mean the adoption of an ordinance providing just the general machinery for holding such meetings after that ordinance were passed.

SUPERVISOR RONCOVIERI: Would the Board of Supervisors have to pass an ordinance before holding a special meeting?

CITY ATTORNEY O'TOOLE: I think that would have to be a matter for consideration by the Board and the passage of the necessary ordinance providing the machinery.

SUPERVISOR HAVENNER: Has the Charter Installation Committee given that matter consideration?

CITY ATTORNEY O'TOOLE: They have not as yet.

SUPERVISOR HAVENNER: I think they ought to do that at once.

CITY ATTORNEY O'TOOLE: I presume they ought; I think that will be taken up at our next meeting.

"(h) To appoint a secretary, a superintendent, or other executive to be the administrative head of the affairs under its control, who, unless otherwise specifically provided, shall not be subject to the civil service provisions of this Charter, and shall hold office at its pleasure."

That is, the pleasure of the appointing board, which means that unless specifically provided otherwise any board or commission, such as the Public Utilities, the Board of Permits and Appeals, Police or

Fire commissions, may appoint a secretary and also a superintendent or executive officer, and the appointments shall not be subject to civil service, unless otherwise specifically provided.

SUPERVISOR HAVENNER: You think that means the appointment of two instead of one?

CITY ATTORNEY O'TOOLE: "To appoint a secretary, a superintendent, or other executive." It would appear to me it means two, although it is not very definite. "To appoint a secretary, a superintendent, or other executive." If it said "secretary or superintendent," but you will note there is only one "or," and that comes between "superintendent" and "other executive." I imagine every board might have to have a secretary to take charge of the office and its records, and also a superintendent or other executive head to manage the affairs of such board or commission.

SUPERVISOR STANTON: There are two different kinds of work entirely; a secretary is the office manager and the superintendent somebody to take charge of the outside work, as I take it.

CITY ATTORNEY O'TOOLE: More than likely.

SUPERVISOR HAVENNER: Yes, the secretary is not usually regarded as an executive.

CITY ATTORNEY O'TOOLE: His duties are those more of an office character, the keeping of records, and minutes of the meetings, and so on.

"(i) To require a bond or other security from each such executive officer and from any employee in such form as the Board of Supervisors may authorize, and in such amount as the Mayor, on the recommendation of the Controller, may approve, the premiums on such bonds to be paid by the City and County."

That merely carries out the matter of the bonding of an employee, when any board or commission deems they should be bonded.

"A quorum for the transaction of official business shall consist of a majority of all the members of each board or commission, but a smaller number may adjourn from time to time and compel the attendance of absent members in the manner and subject to penalties to be provided by ordinance. A majority, two-thirds, three-fourths, or other vote specified by this Charter for any board or commission shall mean a majority, two-thirds, three-fourths, or other vote of all the members of such board or commission. Each board or commission shall keep a record of the proceedings at each meeting and a copy thereof shall be forwarded promptly to the Mayor."

That seems to impose additional duties on boards and commissions, including the Board of Supervisors.

A majority means not of those present, but a majority, where a vote must be by a majority, means a majority of those who have been elected to the position.

Now the next section deals with powers and duties of department heads:

"Each elective officer in charge of an administrative office, the chief executive appointed by each board or commission, the controller, the chief administrative officer, and each department head appointed by the chief administrative officer shall have the powers and duties of a department head, except as otherwise specifically provided in this Charter."

Now, for instance, the Public Utilities Commission, the head of the Municipal Railway, or the Water Department, would be department heads, and they will have all the powers given to the head of any other elective or appointive department. The powers of the office, unless otherwise specifically taken away from them by this Charter, will be the same. For instance, unless the Commission on Public Utilities by rule provides otherwise, or unless the Charter provides otherwise, the superintendent of the Water Department would have the same power in the matter of disciplining employees as I would have in

my own office. In other words, would have all the powers of the head of an office.

"Each appointive department head shall be immediately responsible to the chief administrative officer or the board or commission, as the case may be, for the administration of his department, and shall file an annual report and make such other reports, estimates and recommendations at the time and in the manner required by law, or as required by the chief administrative officer, board or commission."

Of course, that just means that where the head of the department is appointed he is responsible to the chief administrative officer, or to the board or commission which appoints him. For instance, we will take the office of the County Clerk. That office is supposed to be appointive by the chief administrative officer. Of course, he will be responsible to that official, the same as other officers who have been blanketed in.

"He shall be responsible"—First, the next paragraph reads:

"He shall act as the 'appointing officer' under the civil service provisions of this Charter for the appointing, disciplining and removal of such officers, assistants and employees as may be authorized."

That is just what I referred to a moment ago, that the department head shall be the appointing power for those employees in his department, and have the disciplining of any employee in his department.

"On the written recommendation of the department head concerned and the approval of the chief administrative officer, board or commission to whom such department head is responsible, the head of any utility, institution, bureau or other subdivision of such department may be designated as the 'appointing officer' for such utility, institution, bureau or other subdivision."

That refers, as I say, to the head of a particular department, such as the superintendent of the Municipal Railway would be the head of that particular department.

"Non-civil service appointments and any temporary appointments in any department or subdivision thereof, and all removals therefrom shall be made by the department head or bureau head designated as the appointing officer only with the approval of the chief administrative officer or the board or commission in charge, as the case may be."

Now, we will take, for instance, the office of the County Clerk, and a person was to be non-civil service or a temporary appointee in that department. His appointment could only be terminated by the County Clerk himself, with the approval of the chief administrative officer. Now, if it was in the public utilities, for instance, we will say, the head of the Water Department wanted to lay off men, he would not have to go to the chief administrative officer, but would go directly to the Utilities Commission, and such appointments or layoffs might be made directly by the head of the department with the approval of the commission.

"He"—meaning the department head—"shall issue or authorize all requisitions for the purchase of materials, supplies and equipment required by such department, provided that, on the written approval of the chief administrative officer or the board or commission in charge of any department, the head of any utility, institution, bureau or other subdivision of a department may likewise be vested with such power."

In other words, the head of a bureau can be given the same power as a department head, with the approval of the commission, or chief administrative officer to whom responsible, or if not responsible to a commission, then to the chief administrative officer.

"Each department head or the head of a utility, institution, bureau or other subdivision of each department shall be responsible for the proper checking of all materials, supplies, and equipment ordered for its purposes, and for the approval or disapproval of bills for claims rendered for such materials, supplies or equipment."

That is merely providing for the checking of supplies that go into any department.

"The head of any department, through the chief administrative officer or the board or commission in charge thereof, shall recommend to the Board of Supervisors such ordinances as may be required to carry out the powers vested and the duties imposed, and to establish or readjust fees or charges for permits issued to or work performed for persons, firms or corporations when these are subject to his or its jurisdiction."

That requires no comment.

THE CHAIRMAN: Do you think you had better go any further at this time, Mr. O'Toole?

CITY ATTORNEY O'TOOLE: That is entirely up to the Board, Mr. Supervisor.

THE CHAIRMAN: I should like to ask the City Attorney a question in connection with that last section: "The head of any department, through the chief administrative officer or the board or commission in charge thereof shall recommend to the Board of Supervisors such ordinances as may be required"—and so forth, "and to establish or readjust fees or charges"—does that mean that he would have the power to establish, to readjust fees or does it mean that he would have authority only to recommend to the Board of Supervisors?

CITY ATTORNEY O'TOOLE: I think it means merely the power of recommendation to the Board. If you will remember, the Board of Supervisors, on the matter of granting permits, is charged with the duty of determining the cost and fixing the proper fees, which shall not be less than the cost of the investigation and the necessary expense of issuing the permit, and I think that whole thing will have to be read together, and he would have to make a recommendation to the Board of Supervisors as to the matter of any change in fees.

SUPERVISOR HAVENNER: And the Board would have the right to depart from those recommendations?

CITY ATTORNEY O'TOOLE: Oh, surely, Mr. Supervisor.

"Each department head may suggest the creation of positions subject to the provisions of this Charter, and may reduce the forces under his jurisdiction to conform to the needs of the work for which he is responsible, any other provision of this Charter to the contrary notwithstanding."

Those are pretty broad powers, if he feels that he has not got sufficient work for those assigned to him he may dismiss them anyway.

SUPERVISOR PEYSER: And if they were civil service men the same would apply?

CITY ATTORNEY O'TOOLE: It would apply, yes, Mr. Supervisor.

SUPERVISOR PEYSER: And they would lose their standing?

CITY ATTORNEY O'TOOLE: No, they would go back to the Civil Service Commission to be recertified when any such positions were open.

SUPERVISOR RONCOVIERI: You mean he may reduce the number of his employees any time he wants?

CITY ATTORNEY O'TOOLE: Yes. For instance, you might give me seven deputies and if I thought that I could get along with only five, I would have the authority to do so.

SUPERVISOR RONCOVIERI: And if you had seven and needed nine?

CITY ATTORNEY O'TOOLE: Which is much more likely to be the case—why, I would have to come around here and on bended knee ask for them, the same as I always have had to do in the past.

"The Mayor, the chief administrative officer, or the board or commission concerned, on the recommendation of any department head, or on his or its own motion, may combine or may transfer and redistribute among departments or offices under his or its authority, respectively, any function or duty assigned to or continued by this Charter in any department."

Of course, that is a very broad power, and how far the Mayor or the chief administrative officer on recommendation of any department

head could change the duties of one office, I don't exactly know. For instance, take the duties of the County Clerk and transfer them to the Sheriff's office; of course, that would be absolutely impossible, but it might be possible in connection with purely municipal affairs. The Mayor or the chief administrative officer, on the recommendation of any department head, thought that some matter now being handled or investigated by the Bureau of Health could better be transferred to and handled by the Police Department, whether that could be done or not. For instance, plumbing inspection is now being handled, under the old Charter, by the Bureau of Health. Now, if it was thought by the Mayor and the chief administrative officer that the matter of the inspection of plumbing could better be transferred to the Department of Public Works, it could be transferred by order of the Mayor and the chief administrative officer. Still, the Board of Supervisors will have considerable control over that because most of those things are regulated by rules and ordinances, and suitable ordinances have to be passed by the Board of Supervisors.

SUPERVISOR HAVENNER: The wording of that, however, would indicate that any board or commission might combine or transfer or redistribute—

CITY ATTORNEY O'TOOLE (interrupting): "Under his or its authority." It has that saving clause: "The Mayor, the chief administrative officer, or the board or commission concerned, on the recommendation of any department head, or on his or its own motion, may combine or may transfer and redistribute among departments or offices under his or its authority."—

SUPERVISOR HAVENNER: I see. Under its authority.

CITY ATTORNEY O'TOOLE: Now, for instance, the County Clerk and the Tax Collector and the Public Administrator, all of those are County officials under the jurisdiction of the chief administrative officer, and I doubt very much if the County Clerk, with the approval of the chief administrative officer, if he wanted to transfer some of the duties of that office to the Tax Collector, whether it could be done, being a violation of the County law.

SUPERVISOR MCSHEEHY: Mr. Chairman, may I ask Mr. O'Toole a question, while he is still here? There are a great many citizens interested in this. Mr. O'Toole, it is in reference to the Health Committee, of which I happen to be a member. After the first of this year the Health Committee of this Board will not have the power—

SUPERVISOR STANTON (interrupting): I can't hear, Mr. Supervisor.

SUPERVISOR MCSHEEHY: I want to ask Mr. O'Toole this question, and it means a great deal to a number of citizens who are here this afternoon.

Mr. O'Toole, in other words, as this Board is constituted today, we have the right to issue a permit, say, for a stable. After the first of the year that will not be a function of the Board of Supervisors, but will rest with the Board of Health?

CITY ATTORNEY O'TOOLE: Whatever board you would delegate that authority to, Mr. Supervisor.

SUPERVISOR MCSHEEHY: What does the new Charter contemplate in that regard?

SUPERVISOR HAVENNER: The Bureau of Permits will have that power.

CITY ATTORNEY O'TOOLE: No, that is not exactly true, Mr. Supervisor. The Bureau of Permits, as contemplated at the present time—I might say, that whole matter will probably lie over until the new Charter goes into effect, but we are trying to work that out as rapidly as possible. In the matter of permits, that will be a matter for the Board of Supervisors to delegate the issuing of permits to the various departments involved. The matter of investigation and granting of permits will be delegated to the various departments, such as Health Department, the Board of Public Works, and so on, and they

will all be issued or cleared through one central office, so that a person desiring various permits, for instance for plumbing, electricity, and so on, can get them all through one central bureau. Now, the provision of the charge on that is, Mr. Supervisor:

"The Board of Supervisors shall regulate, by ordinance, the issuance and revocation of licenses and permits for the use of, obstruction on or encroachment on public streets and places, exclusive of the granting of franchises governed by other provisions of this Charter; and for the operation of businesses or privileges which affect the health, fire-prevention, fire-fighting, crime, policing, welfare or zoning conditions of or in the City and County, and for such other matters as the Board of Supervisors may deem advisable."

Now, what was your question going to be directed to, Mr. Supervisor?

SUPERVISOR MCSHEEHY: My question is simply this, Mr. O'Toole: After the first of the year, this department will have the right to issue permits, that is, the Bureau of Health will have that power?

CITY ATTORNEY O'TOOLE: Whatever department this Board delegates to handle such matters. I imagine matters affecting the public health would go to the Health Department.

SUPERVISOR MCSHEEHY: This Board, as constituted after the eighth of January, next, will not have power to issue permits as they have today?

CITY ATTORNEY O'TOOLE: They will not.

SUPERVISOR HAVENNER: Has the Committee on Charter Installation devoted any time to the consideration of ordinances covering the delegation of power now held by this Board?

CITY ATTORNEY O'TOOLE: Not as yet. They are giving that consideration now. Several members of the Mayor's Charter Committee, among them Mr. Keesling, have discussed it at very great length no later than last Tuesday. The matter of the committee submitting these ordinances to the Board at this time, that has not been done for the reason they felt that possibly the Board might get the idea that the Charter Committee members were trying to prevail upon the Board to adopt any particular kind of an ordinance, and especially as to that matter of granting permits, I think that is a matter which might more properly be taken up by the Charter Committee of the Board itself, Supervisor Gallagher's committee, so that you might get their ideas on what they deem proper and then throw it into an ordinance. The Committee on Charter Installation has suggested that it does not want the Board to feel that anything submitted by it to the Board is anything more than a recommendation.

SUPERVISOR PEYSER: That is going to be discussed at the next meeting of the committee.

SUPERVISOR HAVENNER: I move that the Charter Committee of this Board be directed to submit recommendations to this Board, then, at its earliest convenience, say within the next two weeks.

CITY ATTORNEY O'TOOLE: Supervisor Peyser says it is to be considered at the next meeting.

SUPERVISOR HAVENNER: As to the delegation of powers of this Board to the various boards and commissions.

I would like to call attention to the fact that we have had thus far three meetings in which the City Attorney has covered twenty sections, and it will be possible to hold four more meetings before the eighth day of January, and if we are able to proceed only at the same rate at which we have been it will bring us only about one-third through the Charter, less than one-third through the Charter. What is the pleasure of the Board with regard to future meetings?

THE CHAIRMAN: Why not devote a day?

SUPERVISOR STANTON: Let's have evening meetings.

CITY ATTORNEY O'TOOLE: I am perfectly willing to do anything the Board desires. If I am proceeding too slowly, I will endeavor to speed it up—

SUPERVISOR HAVENNER: No, that is not the point.

CITY ATTORNEY O'TOOLE: There are many things in this Charter which do not deal in any way with the duties of the Board; now, if the Board wants to go into those matters it will take a great deal of time, that is true. That which we have dealt with so far are matters which are connected with the Board. We will have to go very carefully into the matter of the Budget, and the making up of the annual budget, and the matter of standardization of salaries, and such other matters, but there are many other matters, such as the Fire Commission, Police Commission, and so on, which can be skimmed over very quickly. However, whatever is the pleasure of the Board is mine.

SUPERVISOR HAVENNER: Would you object to some special meetings between now and the first of the year?

CITY ATTORNEY O'TOOLE: Not a bit.

SUPERVISOR STANTON: Would evening meetings be better?

CITY ATTORNEY O'TOOLE: It doesn't make any difference; I will come down in the evenings if you want, although it is pretty hard to talk more than a couple of hours, as after that I wouldn't have much voice left. However, whatever the Board wants is all right with me.

SUPERVISOR HAVENNER: I move that the Board set aside one evening a week for additional discussion by the City Attorney.

THE CHAIRMAN: What is the pleasure of the Board?

SUPERVISOR HAVENNER: How about Wednesday evening?

CITY ATTORNEY O'TOOLE: I wouldn't like to promise Wednesday evening for this week.

SUPERVISOR HAVENNER: All right, Thursday evening?

SUPERVISOR STANTON: At what time?

SUPERVISOR HAVENNER: Eight o'clock. I move that the Board meet each Thursday evening at eight o'clock for the purpose of additional discussion of the Charter by the City Attorney.

THE CHAIRMAN: That brings you into Christmas Eve, which is only two weeks off.

SUPERVISOR McSHEEHY: We could change it if we wished.

SUPERVISOR PEYSER: It seems to me we set the hour at one o'clock two weeks ago today, and didn't start until two o'clock, and it was set for one-thirty today and we didn't get started on time today; if we would get here at the time appointed it wouldn't be necessary to have these special night meetings.

SUPERVISOR HAVENNER: We have discussed that before.

THE CHAIRMAN: How about Tuesday night?

CITY ATTORNEY O'TOOLE: Tuesday night would be very bad, especially this week.

SUPERVISOR HAVENNER: Let's make it for the coming Thursday night, and then appoint the next meeting night at that time.

THE CHAIRMAN: All right. Is there any objection? If not, such will be the order.

HEARING OF APPEAL—2 P. M.

Rezoning Northeast Corner of Jackson and Fillmore Streets.

Hearing of appeal of property owners from the decision of the City Planning Commission approving an application to rezone, from Second Residential District to Commercial District, property located at the northeast corner of Jackson and Fillmore streets.

A writ was presented and read by the Clerk prohibiting any further action on the foregoing subject until the matter is heard in court.

Action Deferred.

Whereupon, the following resolution was *adopted*:

Resolution No. 35401 (New Series), as follows:

Whereas, on or about the second day of December, 1931, Evangelista

Belli, Emilio Belli, Maria Belli and Samuel T. Bush, their attorney, served the members of the Board of Supervisors with a written objection to the hearing of appeal relative to the rezoning of the northeast corner of Jackson and Fillmore streets, pursuant to written appeal filed with the Board of Supervisors on or about the twentieth day of August, 1931; and

Whereas, on or about the third day of December the said Evangelista Belli, Emilio Belli, Maria Belli and Samuel T. Bush, their attorney, filed in the Superior Court of the State of California in and for the City and County of San Francisco a petition for writ of prohibition against the Board of Supervisors to prohibit and restrain said Board of Supervisors from taking any action or proceedings relative to said appeal; and

Whereas, the said Superior Court did on the third day of December, 1931, issue its alternative writ of prohibition, ordering the said Board of Supervisors to forthwith cease, desist and refrain from taking any further action or proceedings in connection with, or relating to, said appeal, and ordering said Board of Supervisors to show cause before said Superior Court on Thursday, the seventeenth day of December, 1931, why said Board of Supervisors should not be absolutely restrained and prohibited from taking any further action or proceedings in relation to or connected with the aforesaid appeal and from hearing and determining said appeal; now, therefore, be it

Resolved, That, in compliance with said written objection and said alternative writ of prohibition and order to show cause, the Board of Supervisors of the City and County of San Francisco does hereby cease, desist and refrain from taking any further action or proceedings in connection with, or relating to, said appeal, and from hearing and determining said appeal, until the further order of the Superior Court, and said matter is hereby continued on the calendar until Monday, the 21st day of December, 1931.

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—17.

Communications.

The following was presented and read and ordered *filed*:

December 7, 1931.

Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen: The undersigned, as the attorney for the applicant and present owner of the property embraced within the zoning application, respectfully requests that this statement be made a part of the record relative to the appeal from the decision of the City Planning Commission which appears upon the calendar of your Honorable Board today, December 7, 1931, affecting property at the northeast corner of Jackson and Fillmore streets.

Directing attention to the petition for writ of prohibition filed on December 3, 1931, in the Superior Court of the State of California, in and for the City and County of San Francisco, entitled "Evangelista Belli vs. Sylvester Andriano, et al.," I desire the record to show that the petitioners on May 15, 1931, filed with the City Planning Commission a written protest against the granting of the application to rezone the property affected.

During the pendency of the matter before the City Planning Commission the petitioners signed and filed with said Commission a protest reading as follows:

"We, the undersigned property owners, firmly object to the rezoning

of the northeast corner of Jackson and Fillmore streets from second residential to commercial district."

In the hearing held by the City Planning Commission on May 26, 1931, the petitioners appeared in person and by their attorney, Samuel T. Bush, Esq., and were heard in protest against the granting of the application.

Subsequently the following letter under date of July 16, 1931, was addressed to the City Planning Commission, to-wit:

"City Planning Commission of the City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen: This is to request that the writer, as the attorney for numerous protestants who have duly recorded their protest and opposition to the rezoning above indicated, be given due and timely notice of any further or additional action or proceedings taken by your Commission on the said application for rezoning.

This request is not to be construed as an admission that the City Planning Commission has any further jurisdiction over the said application. The request is made solely for the purpose of protecting the rights of the protestants aforesaid by such appropriate proceedings as may be deemed advisable in the event of the City Planning Commission taking any further action on the aforesaid application for rezoning.

Very truly yours,

SAMUEL T. BUSH,
Attorney for said Protestants."

Subsequently the said persons who appear as petitioners in the pending proceeding for writ of prohibition prepared, circulated and filed with the Board of Supervisors an appeal from the action of the City Planning Commission and sought from the Board of Supervisors action to reverse the action of the City Planning Commission and petitioned the said Board of Supervisors to hear and determine said appeal, the said appeal being filed on August 20, 1931.

Subsequently and under date of August 26, 1931, Samuel T. Bush, Esq., who appears for the petitioner in the pending proceedings for writ of prohibition, served upon the City Planning Commission the following notice:

"City Planning Commission of the City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen: In view of the proceedings taken by the City Planning Commission with reference to the above designated application certain property holders entitled to make objection to the granting of said application duly filed an appeal to the Board of Supervisors on August 20, 1931, and said appeal is now pending before said Board of Supervisors.

This letter is intended as formal notice of the pendency of said appeal.

Yours very truly,

SAMUEL T. BUSH,
Attorney for Protesting Property Owners."

I respectfully request that at the calling of this matter on the calendar of your Honorable Board today all persons present who have joined in the appeal from the decision of the City Planning Commission and who have been notified of the time set for the hearing thereon be requested to indicate in person or by their respective attorneys whether or not they are prosecuting their appeal from the decision of the City Planning Commission or are joining with the petitioners named in the proceeding for writ of prohibition to prohibit the Board from proceeding with the appeal.

Very sincerely yours,

MILTON MARKS.

Ordering Improvement of De Long and Head Streets.

Also, Bill No. 9520, Ordinance No. 9110 (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works, in written communication filed in the office of the Clerk of the Board of Supervisors July 8, 1931, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco,

said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in twenty installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be six months from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of De Long street from the westerly line of Orizaba avenue produced to the westerly line of Head street, including the crossing of De Long and Head streets, by grading to official line and grade; by the construction of armored concrete curbs; by the construction of one-course concrete sidewalks; by the construction of brick catchbasins with accompanying 10-inch vitrified clay pipe culverts; by the construction of 8-inch and 12-inch vitrified clay pipe sewers with accompanying brick manholes, Y branches, and side sewers; by the furnishing and placing of concrete in stairways, including the furnishing and placing of reinforcing steel; by the construction of redwood headers; and by the construction of an asphalt-concrete pavement, consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch Class "F" concrete base, on the roadway thereof.

And the improvement of Head street between Palmetto avenue and De Long street by the construction of 12-inch vitrified clay pipe sewer with accompanying brick manhole and Y branches.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

That in the opinion of the said Board of Public Works the proposed work or improvement is of more than local or ordinary benefit, and that the assessment to defray the costs and expenses thereof can be more equitably imposed upon the property benefited thereby, and therefore the said Board does hereby determine and declare that the expense of such work or improvement be made chargeable upon a district in accordance with the provisions of Section 5 of the Street Improvement Ordinance of 1918 of said City and County, and does hereby set out the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof as follows:

Within the exterior boundary of all those certain lots delineated, designated and numbered, respectively, as Lots Nos. 1, 2, 3, 4, 5, 6 and 7 of Block No. 7153; Lots Nos. 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29 and 30 of Block No. 7154; Lots Nos. 30 and 31 of Block 7166; Lots 1, 2, 3, 53 and 54 of Block No. 7169, all being designated on the maps and books of the Assessor of the City and County of San Francisco, and upon the assessment book of the City and County of San Francisco current at the time of the inception of the proceedings for the above-mentioned improvement.

The foregoing described lots of land are contained within and constitute the extent of the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof, and reference to the same is hereby made for the description of such district.

The assessments for the work on the crossing of Head and De Long streets, and the intersection of Flournoy street and De Long street shall be distributed in accordance with the provisions of Subdivisions 3 and 4 of Section 21 of the Street Improvement Ordinance of 1918.

Section 2. This ordinance shall take effect immediately.

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—17.

The City Attorney is hereby authorized and directed to commence eminent domain proceedings against the owners of said property, and of all estates or interests therein and claims against or liens upon said property, and of each and every part thereof, for the condemnation of said rights, estates, interests, claims and liens to the public use of the City and County of San Francisco for said purposes above specified.

**Requesting Approval of Board of Supervisors of San Mateo County
for Purchase of Land for San Francisco Jail Site.**

Resolution No. ——— (New Series), as follows:

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby request the approval by the Board of Supervisors of the County of San Mateo of the purchase by the City and County of San Francisco of the certain land, situate in San Mateo County, required by the City and County for the erection of a County Jail thereon. The said land herein referred to is situate east of the highway, distant about one mile south of Half Moon Bay, and known as the "Cassinelli Ranch," comprising approximately 420 acres, and being distant about 28.7 miles from the City and County of San Francisco.

Privilege of the Floor.

Adolph Uhl, representing Taxpayers' Council, was granted the privilege of the floor and urged the selection of a site in the vicinity of Candlestick Point for the new County Jail, where prisoners may be employed in reclamation of valuable tide lands instead of raising vegetables, as at present. He suggested that the City Engineer be requested to make a survey of such tide lands with a view to their availability as potential manufacturing sites.

Rereferred.

Thereupon, on motion of Supervisor McSheehy, the foregoing resolution was *rereferred to the Buildings and Police Committees and City Engineer, to make study of proposed site and report when committee convenes.*

Action Deferred.

The following matter was, on motion, *laid over until March 7, 1932:*

Memorial to Congress to Amend Volstead Act.

On recommendation of Public Welfare Committee.

Resolution No. 35448 (New Series), as follows:

Whereas, data compiled by experts throughout the United States shows that the legal sale and distribution of light wines and beer would constitute a colossal boon to the prevailing economic situation: to the farmer and orchardist through the stimulus lent by the consumption of grain, hops and grapes; to the lumber, steel and allied industries through the demand for materials requisite in the erection of buildings and the fabrication of machinery and other equipment; to the railroads through the haul of raw materials as well as the finished products; to labor; and to the public generally through a reduction in taxes commensurate with the amount to be derived from license and other taxes imposed by the Government, plus the amount saved through the lessened cost of prohibition enforcement; and

Whereas, the American Legion, the American Federation of Labor, the American Bar Association and the American Medical Association, organizations which, because of the high character of their members and their devotion to true American ideals and traditions, hold sacred the welfare of our country; organizations which because they are nation-wide in scope tend to authentically reflect the attitude of the American public, did at their national conventions, go on record as favoring a change in the law to permit the sale and consumption of beverages with an increased alcoholic content; and

Whereas, it is the belief of this Board of Supervisors that the increase in crime in this country is largely attributable to the Prohibition Amendment and the stringent measures of the Volstead Act with its companion laws, and that such severe and unpopular laws tend to imbue the public with a laxity of respect for all laws, particularly children who are incapable of deliberating upon the moral value of a law but who are apt to adopt the attitude of their elders toward the Volstead Act and apply it indiscriminately; and

Whereas, it is the firm belief of this Board of Supervisors, concluded from a general knowledge of metropolitan cities (as indicated by the most accurate surveys possible), and from expressions of senti-

ment coupled with a cognizance of the desires characteristic of our people, that the majority of the citizens and residents of the City and County of San Francisco favor modification of the prohibition laws to permit the sale, distribution and consumption of beverages with an increased alcoholic content; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby memorialize Congress and does urge that the law be amended to permit the sale, distribution and consumption of beverages with an increased alcoholic content; and be it

Further Resolved, That a copy of this resolution be forwarded to all of California's representatives in the United States Congress, as well as to President Hoover and Vice-President Curtis.

Commending Captain Roy N. Francis, Maurice H. Moore, James Crowe and Police Officer Jack A. Eker for Rescues Effected in Bay Off San Francisco Municipal Airport.

Supervisor Spaulding presented:

Resolution No. 35453 (New Series), as follows:

Whereas, on the dates hereunder set forth, the following rescues were effected in the waters of the bay adjacent to the San Francisco Municipal Airport:

May 31, 1931, Captain Roy N. Francis and Maurice H. Moore rescued two men, whose names were not ascertained, from their boat, which was drifting in the bay and awash in the high waves.

June 6, 1931, Captain Roy N. Francis and James Crowe rescued Mr. and Mrs. Charles N. Forbes, whose outboard was disabled by the high waves and whose boat was rapidly sinking from the water shipped.

September 16, 1931, Maurice H. Moore and James Crowe rescued Clarence R. Coates and son, Reese Coates, from a raft which had drifted from shore and which was rapidly breaking up.

November 21, 1931, Officer Jack A. Eker, San Francisco Police Department, and John Zunino, during one of the worst storms of the year, rescued John Chinelli, whose duck blind was adrift and smashing to pieces in the waves.

Now, therefore, be it

Resolved, That Captain Roy N. Francis, Maurice H. Moore, James Crowe and Officer Jack A. Eker be and they are hereby commended by this Board of Supervisors for their respective heroic actions in, at great personal risk to themselves, effecting such rescues, with their consequent saving of human lives.

Urging Populace of San Francisco to Maintain Traditional Old-Fashioned American Christmas to Greatest Possible Degree.

Resolution No. 35439 (New Series), as follows:

Whereas, a movement has been started to popularize the idea of the slogan, "The Joy of Giving Is the Spirit of Christmas;" and

Whereas, in addition to being a joyous religious festival, Americans of all creeds and faiths have celebrated Christmas for many years as a day of gift-giving and bringing happiness to others; and

Whereas, Christmas buying and Christmas business means so much in happiness, prosperity and employment in San Francisco; and

Whereas, the widespread adoption of the spirit of this campaign through the generous giving of Christmas gifts will spread good cheer and happiness both to adults and children; and

Whereas, Santa Claus is a real and kindly personage to thousands of our children; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco do hereby endorse the Christmas Spirit Campaign and commend the civic organizations and individuals responsible for it; and be it

Further Resolved, That this Board of Supervisors does urge San Franciscans to maintain the traditional, old-fashioned American Christmas to the greatest possible degree.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

THURSDAY, DECEMBER 10, 1931, 8 P. M.

A special meeting of the members of the Board of Supervisors of the City and County of San Francisco, State of California, was held at the above time, in the chambers of the Board, City Hall, San Francisco, for the purpose of hearing a discussion of the provisions of the new Charter by City Attorney John J. O'Toole:

Present: Supervisors Breyer, Canepa, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding and Stanton, and City Attorney John J. O'Toole.

CITY ATTORNEY O'TOOLE: On Monday afternoon we had concluded with paragraph—rather the last paragraph of Section 20, on page 14, and the first we will take up this evening is Section 21, on page 14, dealing with the powers and duties of department heads in connection with the holding of hearings, making inquiries and issuing subpoenas and so on. There is very little difference between the power given here in the new Charter and that under the old Charter and that of the general law in this connection. It provides:

"The Mayor, the Board of Supervisors, the Chief Administrative Officer, the Controller, or any board or commission appointed by the Mayor relative solely to the affairs under its control, may require such periodic or special reports of departmental costs, operation and expenditures, examine the books, papers, records and accounts of, and inquire into matters affecting the conduct of any department or office of the City and County, and for that purpose may hold hearings, subpoena witnesses, administer oaths and compel the production of books, papers, testimony and other evidence. It shall be the duty of the Chief of Police to designate a police officer to serve such subpoenas. Any person refusing to obey such subpoena and the other requirements hereof, or to produce such books, shall be deemed in contempt and subject to proceedings and penalties as provided by general law in such instances."

SUPERVISOR RONCOVIERI: On what page is that?

CITY ATTORNEY O'TOOLE: On page 14, Section 21.

Now, under that power given by that section the Board of Supervisors will have rather broad powers, although it would appear in the next section that some of those powers are taken away, or attempted to be taken away from them. The Board of Supervisors, of course, will have the right in the matter of the fixing of the budget to determine the amounts necessary to be appropriated to any particular department, and for that reason they would have a right to inquire into the affairs of that particular department, and for that purpose to subpoena the head of that department and compel the production of the books and records of that department to the same extent they have at the present time.

SUPERVISOR SPAULDING: Doesn't the Treasurer make up the budget?

CITY ATTORNEY O'TOOLE: No, Mr. Supervisor, the Controller and the Mayor make up the budget, or, rather, the matter of the budget lies practically with the Mayor and the Controller, and it is, of course, subject to the approval by the Board of Supervisors.

SUPERVISOR SPAULDING: It comes right back, then, to the same old thing.

CITY ATTORNEY O'TOOLE: Very nearly so, except as to certain conditions, which we will reach before very long when we come to take up the matter of the budget. I will advert to that in a very short time.

"Except for the purpose of inquiry, the Mayor and the Board of Supervisors shall deal with the administrative service for which the Chief Administrative Officer is responsible, solely through such officer."

Now, for instance, I think the meaning of that provision is this: That if this Board of Supervisors wanted to obtain some particular information regarding the operation of the public works, unless it was a matter they were directly investigating, the request for the information would be made through the Chief Administrative Officer, who would be the head of the Department of Public Works, and the chief officer of the Director of Public Works.

SUPERVISOR HAVENNER: It says "Except for the purpose of inquiry."

CITY ATTORNEY O'TOOLE: Yes, Mr. Supervisor. "Except for the purpose of inquiry, the Mayor and the Board of Supervisors shall deal with the administrative service for which the Chief Administrative Officer is responsible, solely through such officer." I would take that to mean, Mr. Supervisor, that if the Board of Supervisors was holding, for instance, an inquiry as to the amount which it might be necessary to allow in the budget for the Board of Public Works, they would deal directly with the Board of Public Works and could compel the attendance of the Director of Public Works and such information as they desired, or the attendance of any of his employees such as the Board might desire to hear from.

"And for administrative or other functions for which elective officials or boards or commissions are responsible, solely through the elective officials, the board or commission or the chief executive officer of such board or commission concerned."

That is practically the same thing.

"Except for the purpose of inquiry, each board or commission, in its conduct of administrative affairs under its control, shall deal with such matters solely through its chief executive officer."

Now, I presume the meaning of that paragraph of the section is that on this Board, for instance, the chief executive officer would be your Clerk, and any information desired by the Board would be requested by the Clerk. However, the Board of Supervisors undoubtedly has a very broad power of making an inquiry any time it sees fit, so it is not so important as far as the Board of Supervisors is concerned.

Now, this next paragraph, Section 22, is particularly important to the Board—

SUPERVISOR SPAULDING (interrupting): Isn't the purpose of that, Mr. O'Toole, in connection with the appointments of employees—

CITY ATTORNEY O'TOOLE (continuing): I am coming to that in just a moment, Mr. Supervisor. This next paragraph reads:

"Neither the Board of Supervisors, nor its committees, nor any of its members, shall dictate, suggest or interfere with appointments, promotions," (now, just remember that, please, and when the Chief Administrative Officer removes somebody, just leave them alone) "compensations, disciplinary actions, contracts, requisitions for purchases or other administrative recommendations or actions of the Chief Administrative Officer, or of department heads under the Chief Administrative Officer, or under the respective boards and commissions. The Board of Supervisors, and each board or commission, relative to the affairs of its own department, shall deal with administrative matters only in the manner provided by this Charter, and any dictation, suggestion or interference herein prohibited on the part of any Supervisor or member of a board or commission shall con-

stitute official misconduct; provided, however, that nothing herein contained shall restrict the power of hearing and inquiry as provided in this Charter."

Now, I presume that if any committee of this Board wants to make an inquiry for the purposes of this Board, the Board of Supervisors would have that jurisdiction over any particular department. To illustrate, we might take for a moment the question of the granting of permits, which we will discuss in the next section, or the next section but one. Now, if you want to provide for the granting of certain permits by the Police Department you would have a perfect right to do that, or to direct the Chief of Police or the Police Commission, or any officers under them, to come here for the purpose of questioning them as to any matter relating to the providing of the necessary machinery for the granting of such permits as you were giving consideration to, and that, as I will advert to in a moment, is one of the questions that you will have to give consideration to very shortly.

SUPERVISOR SPAULDING: That word "contracts" is a rather broad term; and then there is the question of compensation and promotion—

CITY ATTORNEY O'TOOLE (interrupting): Well, now, Mr. Supervisor, you have certain powers over contracts in many ways. For instance, if the Board of Works shall deem it necessary to enter into a certain contract, even now you have no power to say, if the appropriation has already been made for that particular purpose in your annual budget, say for the purpose of constructing a building or any other public work, but for the purpose of the illustration we will leave it to the construction of a building. After that money has once been appropriated you have very little power over how that money shall be spent by the Board of Works. Suppose in your budget you had provided \$500,000 for the construction of a new building, a new hospital or any other kind of a new building, as the case might be. Now, when that appropriation has been made you have no power to say as to the manner in which that building shall be put up, or who should get the contract or what the building shall be built of, or anything of that kind, but there are many of those things which you do have a right to go into before you approve the appropriation. Those things must be provided for either by the annual budget or supplemental budgets. Before you make that budget, or approve any budget which is submitted to you, undoubtedly you have the right to go very extensively into the purpose for that which amount of money is going to be used, but after the appropriation has been made and approved by you, why, as I have said, the manner of spending that money will not be subject to the jurisdiction of your Board.

SUPERVISOR SPAULDING: This word "contracts" is pretty broad. For instance, this present Board has entered into a contract to purchase a certain piece of property from the Mills Estate. While this contract of purchase may be very favorable to the present Board, and we might be willing to go ahead and make certain payments over a number of years, then the City Manager can step in and make that contract null and void without the Supervisors having anything to say about it?

CITY ATTORNEY O'TOOLE: No, Mr. Supervisor. The Charter contains a provision that there is nothing in it which will affect any rights which you may have in any contract, and I think when you come to the matter of the budget, when you come to the preparing of the budget you have, either the Supervisors or the Mayor may insert in any budget an amount necessary for the acquisition or improvement of any public improvement. We will come to that under the making of the budget. As I said a moment ago, the particular manner in which that may be extended may lie with some other body, but if your Board—you will see that when we come to the budget-making power—if your Board should think it necessary to continue an annual appropriation of \$100,000, or \$105,000, I believe it is, for the

acquisition of the airport, it will lie within the power of this Board to make that particular appropriation.

SUPERVISOR SPAULDING: Doesn't this language say that it can not interfere—

CITY ATTORNEY O'TOOLE: That is not a question of interfering, Mr. Supervisor, and when you come to the budget-making power, you will find that you have the power to insert in any budget money for the creation or improvement of any public improvement. For instance, if you thought it necessary to contract a new building of some kind here in the Civic Center, such as a Health Building, or any other building, that power lies with the Board of Supervisors. Whether or not that building might or might not be recommended by any other department or by the Mayor, your Board of Supervisors, in the make-up of the annual budget, has the right to provide sufficient funds in that budget for the erection or construction and operation of that building. Then when it is provided for your power to determine the manner in which such building shall be constructed will cease. However, in making your appropriation you can go into any of those questions in as much detail as you see fit, and make any inquiries or investigations you wish.

SUPERVISOR RONCOVIERI: Suppose the Board of Supervisors should declare that they wish to purchase something of the kind you describe and should insert it in the budget and the Mayor should veto it, would he have that power?

CITY ATTORNEY O'TOOLE: Yes, Mr. Supervisor, I think the Mayor has the power to finally approve or disapprove the budget ordinance, or any item in it, the final veto.

SUPERVISOR RONCOVIERI: He has the power of veto in that connection?

CITY ATTORNEY O'TOOLE: Yes, Mr. Supervisor.

SUPERVISOR RONCOVIERI: And it takes how many votes to pass a matter over the Mayor's veto?

CITY ATTORNEY O'TOOLE: It takes a two-thirds vote to override the veto of the Mayor.

Now, the next section provides for the making of an administrative code, which I think you will find will be extremely necessary and helpful. This section reads:

"The powers and duties of the departments and offices which by this Charter are established or continued as departments or offices under elective offices under elective officers, boards or commissions or the Chief Administrative Officer, as such powers and duties exist at the time this Charter shall go into effect, shall be continued as powers and duties of each such department or office, except as otherwise provided in this Charter."

That last provision appears also in the early part of the Charter, and seems to continue, to a very large extent, powers vested in all boards, although not specifically set forth in this Charter. Now, a question may arise later in connection with that as to whether or not that is a sufficient reference to those powers to embody them in a new Charter. Under the constitutional provisions of Sections 8 and 8½, I believe it is, of Article 11 of the Constitution, such provisions must be printed and copies must be available to those who desire them. There is no question in the law that previous provisions of the Charter and of ordinances may be made applicable by reference, that is frequently done, they may be enacted and placed in the Charter by reference, but whether or not that is a sufficient reference, I believe, is a question which will be urged in the court at some time by those who opposed the present charter.

The balance of that section reads:

"The Board of Supervisors may enact and provide for the publication in printed form of an administrative code, which shall specify or detail the powers, duties, methods and procedure in the several departments and offices."

Now, this section is rather important to this Board. Of course, that is important for two purposes: First, to provide for the methods of the conduct of the office itself, and possibly more important still, to determine the conduct of one office with another.

Now, that question was raised yesterday by members of the Fire Department and the Chief of the Fire Department, as to how the purchaser of supplies would function when he takes over the matter of repairing of all equipment owned by the City, as to how he would function in regard to the equipment of the Fire Department and where it should be repaired. I advised him that I thought many of those things were matters which could be covered by an ordinance of this Board of Supervisors. For instance, I think that it would be in the power of this Board to provide, at least until such time as we are able to obtain and operate a central garage as provided for under the new Charter, that all Fire Department equipment should be repaired at a certain place, and even go so far as to designate the place where it is being repaired at the present time, at Bay and Powell, or Francisco and Powell, whichever it is, the present repair shops of the Fire Department. I think this Board might go further even and go so far as to say that such equipment should be repaired to the satisfaction of the Fire Department. In other words, the Fire Department, being charged with the conduct of its office and the matter of the protection of life and property against fire, would be the best judge as to how the equipment should be repaired.

I think many of those things should and will be covered by ordinance of this Board, to prevent any conflict between departments.

A question arose in Los Angeles, where they have the same plan for the repair of all equipment in a central garage, and the head of the fire department sent certain equipment in there and desired to have the superintendent of the equipment, or assistant chief of the department, stand by and examine the repair of the equipment as it progressed, and the result was that the head of the garage or repair department, whichever it was called down there, told the head of the fire department that he was charged with the repair of the equipment and he would repair it as he saw fit, and the chief of the fire department and his men should stay out until it was finished. Well, of course, there is no necessity for any difficulties or arguments of that kind, and it is a question which may be regulated by ordinance of your Board, and probably will be. Of course, we all know that each department is rather jealous of its own powers, but possibly by the administrative code this Board could enact such ordinances as will regulate the conduct of one department with another, and thus do away with those jealousies which sometimes do arise under the divided control.

Now, the next section, number 24, deals with permits and inspections, and is rather important to your Board—

SUPERVISOR RONCOVIERI (interrupting): Please, Mr. O'Toole, before you go on to that next section, "shall be continued as powers and duties of each such department or office, except as otherwise provided in this Charter." Does that mean that the old Charter, the old powers, shall be continued?

CITY ATTORNEY O'TOOLE: Yes, Mr. Supervisor, that they shall be continued—

SUPERVISOR RONCOVIERI: Then the old Charter is still in effect?

CITY ATTORNEY O'TOOLE: I think we will have to refer many, many times to the old Charter, even though we have a new one, because many of the duties and powers under the old Charter are continued by the new. The whole matter will depend upon the fact as to whether that language as contained in the section which I referred to a few minutes ago, contained in the early part of the Charter, is sufficiently broad to re-enact the provisions of the old Charter.

SUPERVISOR RONCOVIERI: The powers and duties now exercised by the Police Department, the Fire Department, and—

CITY ATTORNEY O'TOOLE (interrupting): Or this Board of Supervisors. For instance, if this Charter should say that the Board of Supervisors shall have all the powers and duties provided by Article 2, Section 1, of the present Charter, that undoubtedly would be a sufficiently broad reference, but now it is a question, and something that will probably have to be determined later, whether saying merely that they shall have all of the powers and duties they have at the present time, except as otherwise provided, is sufficiently broad to re-enact all of those powers, that is something I think will have to be determined later.

SUPERVISOR HAVENNER: Is there anything in this Charter which provides that it shall be the duty of this Board of Supervisors, or any other department of the City government, to preserve and keep available to the public copies of the old Charter?

CITY ATTORNEY O'TOOLE: There is not.

SUPERVISOR HAVENNER: There is no responsibility on us for the preservation of the old Charter?

CITY ATTORNEY O'TOOLE: None whatever.

SUPERVISOR HAVENNER: Suppose that all copies of the old Charter should be destroyed?

CITY ATTORNEY O'TOOLE: Of course, there will always be a record and copy in the archives of the Secretary of State, and they always appear also in the biennial statutes passed every two years by the Legislature, that would contain a copy of the Charter, and also all amendments are filed with the Secretary of the State, and likewise a copy is recorded in the office of the Recorder of the City and County of San Francisco. And, as I say, they are also to be found in the various statutes as issued biennially by the State Legislature.

SUPERVISOR HAVENNER: What about the rights of the public? Is the public entitled to have a copy of this old Charter at its hand whenever necessary?

CITY ATTORNEY O'TOOLE: I don't know as they have any right to be able to turn to a certain shelf, or to come to a certain office and get them. For instance, there is no doubt that if this present Charter said that the Board of Police Commissioners should have all of the powers given to the Board of Police Commissioners in Article 8 of the present Charter, why, that would be sufficient to re-enact those powers in this Charter, and it would then be incumbent upon anybody who wanted to know what those powers were to go and dig up Article 8 of the old Charter.

SUPERVISOR RONCOVIERI: What is meant by the administrative code?

CITY ATTORNEY O'TOOLE: That means a code of ordinances to be adopted by this Board for the governing of the various departments and regulating the relations of one department with another.

SUPERVISOR RONCOVIERI: It is not mandatory on us to pass it, is it? That is, we should do it, but this paragraph says that we may enact and provide for the publication, and so on.

CITY ATTORNEY O'TOOLE: It doesn't seem to be mandatory, from the language used here, but I think we will find before we progress very far that those ordinances will have to be enacted, and then, for the purpose of convenience, will have to be collated and placed where they will be available to all of the people.

Now, in regard to permits and inspections, which is covered in the next section, number 24. This section takes up the very broad power to regulate various businesses for which licenses are issued under the police power which is vested in various bodies of the City and County.

"The Board of Supervisors shall regulate, by ordinance, the issuance and revocation of licenses and permits for the use of, obstruction of or encroachment on public streets and places, exclusive of the granting of franchises governed by other provisions of this Charter; and for the operation of businesses or privileges which affect the health,

fire-prevention, fire-fighting, crime, policing, welfare or zoning conditions of or in the City and County, and for such other matters as the Board of Supervisors may deem advisable."

In other words, the Board of Supervisors, in the matter of enacting ordinances, have almost unlimited authority in exercising the police powers of the City, that is, in enacting any ordinance which regulates any business, calling or anything else subject to regulation.

"Such ordinance shall fix the fees or licenses to be charged, which shall be not less than the cost to the City and County of regulation and inspection:"—

Now, it will be incumbent on this Board therefore to provide by ordinance for the fees or licenses to be charged. For instance, we will say for the issuance of a laundry permit, to determine and provide what charge a person desirous of getting a laundry permit will have to pay, and it will be presumed to be a fair and reasonable amount sufficient to reimburse the City for the expense of regulating and inspection; that is, the amount of expense the City has been put to by making the requisite investigation as to whether or not that permit should be issued.

And it provides further:

"And shall specify which department shall make the necessary investigations and inspections and issue or deny and may revoke the permits and licenses therefor."

Now, heretofore, your Board, through its Fire Committee—we will say, reverting again to the matter of gasoline station permits—have been hearing all applications for such gasoline station permits, or whatever it is you call them, gasoline supply station permits. Now, your Board will not any longer, when this new Charter becomes effective, have any power to issue permits; you will be compelled by ordinance to delegate that power to some other authority. You may delegate it to the Fire Commission, the Police Commission, or whatever commission you deem best qualified to make the requisite investigation and determine whether or not that particular permit should be issued.

"The Chief of Police, in the performance of police duties, shall have power to examine at any time the books and the premises of pawnbrokers, peddlers, junk and second-hand dealers, auctioneers and other businesses designated by the Board of Supervisors, and the Tax Collector shall have power to examine the books of any business for which a license is issued and fee charged on the basis of the receipts of such business, and for these purposes such officials shall have the power of inquiry, investigation and subpoena, as provided by this Charter."

I don't think there is anything new in that; I think that power is given now by ordinances to the different departments. I know that the Police Department has the power at the present time to investigate pawnbrokers, junk dealers, and so on, and that the Tax Collector has the power to require statements from any business which is licensed and which pays a license based upon its earnings, and, of course, if he is not satisfied with the statement submitted to him he has the power to subpoena the owner of the place and to hear his statement or testimony, and he also has the right to go and examine the place and examine the books and records and so on at the place of business, although I doubt if that power is exercised very often, but it is vested in the Tax Collector by the general license ordinance providing for the licensing of various businesses.

"Permits and licenses shall be issued by the departments as designated by ordinance, only after formal application for such permit or license."

In other words, if your Board should delegate to the Police Department the matter of issuing licenses for pawn brokerage places, and a person desired to have such a permit, why, he must make a formal application. I presume it means that this application shall be made in writing and to the department delegated, on such blanks and furnish

such information as that particular department might desire, or which your Board might, by ordinance, require be furnished.

"No such permit or license that is dependent on or affected by the zoning, set-back or other ordinances of the City and County administered by the City Planning Commission shall be issued except on the prior approval of the City Planning Commission."

I don't know if that adds anything to the present provisions of the zoning ordinance; I doubt very much if it does, as the present zoning ordinance is rather complete as to what particular business shall go into any particular zone. Still, I imagine the City Planning Commission will have to approve, for instance, if a permit must be issued for a laundry, I imagine the City Planning Commission would have to approve the location of that laundry, but I doubt very much, unless the power should be given to the City Planning Commission, that they would have the power to say, for instance, if your Board should delegate to the Commissioner of Health, or the Board of Health as it will exist after this Charter is adopted, the right to issue laundry permits, I doubt very much, if the zoning ordinance did not restrict laundries to any particular district, that the Planning Commission would have the right to say that a laundry could not be located in a particular zone. Under the old Charter your Board had the granting and refusal of permits, but that must now be delegated to some department.

"If any application for a permit or license is denied by the department authorized to issue same, the applicant may appeal to the Board of Permit Appeals."

Now, the Board of Permit Appeals, which we will come to in a very few minutes, is a Board which will consist of five members appointed by the Mayor, and they will have the right to hear the appeal of any person who has been refused the granting of an application, or the appeal of any person against the granting of any application. They will have very broad powers, as you will note when we come to the section regarding them, and as far as the granting of permits is concerned, they will be very much in the position your Board is in at the present time. In other words, they will be the final arbiters in the matter of permits. For instance, under the present Charter your Fire Committee might recommend the granting of a permit, but still that permit could not be granted until it is approved by this Board of Supervisors. We will say that your Board should delegate the power of issuing gasoline station permits—we will use that as an illustration again—to the Fire Commission. The Fire Commission might deny the granting of that permit, and in that case the person who is refused that permit would then have the right to appeal to the Board of Permit Appeals and that Board of Permit Appeals would have the final say as to whether or not the permit would issue.

SUPERVISOR RONCOVIERI: The matter would never come to this Board?

CITY ATTORNEY O'TOOLE: No, this Board would have no authority in the matter except to provide the conditions, by ordinance, under which such permits shall be issued, and the board which shall issue them.

"No license tax shall be imposed on any seller or manufacturer of goods, wares, or merchandise, operating at a fixed place of business in the City and County" (That is practically the same as in our present Charter) "except such as require permits or licenses in accordance with or under authority of any local health, sanitary or other ordinance under the police power."

Now, take, for instance, a man operating or conducting a dry goods store in any part of the city, or a grocery store; why, your Board would have no power to provide for any license to be paid by the person who conducted that business, and that is the provision written into the present Charter.

SUPERVISOR MCSHEEHY: On that particular point, I remember on this Board, either twice or three times, there have been efforts

made in the past to change that particular section when certain businesses in the City of San Francisco of a large nature were paying no license whatsoever, and we were told at the time that was attempted to be done that the only way in which it could be done was by a change in the Charter; is that correct, Mr. O'Toole?

CITY ATTORNEY O'TOOLE: That is correct, Mr. Supervisor. Your Board would have no right to change any such provisions without an amendment to the Charter.

SUPERVISOR MCSHEEHY: That is my recollection, Mr. O'Toole, of what occurred when it was up before.

CITY ATTORNEY O'TOOLE: That is correct. I know that matter was submitted on one occasion, and maybe more than one. That matter was submitted to the people and voted down. I remember that.

SUPERVISOR MCSHEEHY: Then that cannot be changed except by Charter amendment?

CITY ATTORNEY O'TOOLE: By Charter amendment only; yes, Mr. Supervisor.

SUPERVISOR HAVENNER: What does "other ordinance under the police powers" mean?

CITY ATTORNEY O'TOOLE: That simply means, Mr. Supervisor, except such as require permits or licenses in accordance with any local sanitary or other ordinance which would come under the police power of the city. The regulation of certain businesses, Mr. Havenner, comes within the exercise of the police power, which is vested in any legislative body of any city, county or State.

SUPERVISOR HAVENNER: The sale or manufacture at a fixed place of business does not come under that power?

CITY ATTORNEY O'TOOLE: Not generally, unless it is one of those matters which are subject to regulation under the police power. Now, for instance, if a person desired to manufacture gunpowder, we will say, in a fixed place of business. Now, the manufacture of gunpowder is a business which may be regulated under the general police power which is vested in every legislative body of a city or county or State, and, therefore, in granting a permit for the manufacture of gunpowder, this Board could provide that it be licensed for revenue or regulation.

For instance, the nature of a butcher shop is such that the conduct of a butcher shop may be licensed for regulation; the conduct of a butcher shop is something which is subject to regulation under the police powers. I think also, under the present Charter, for instance, a restaurant is subject to regulation under the police power, under the ordinary power which a legislative body has to protect the health and welfare of the citizens of a municipality, and under that police power which is given to all cities a restaurant may be licensed, not only for revenue, but for regulation.

Now, in the next section we come to the powers and duties of the executive officer, various elective officers. First, the Mayor:

"The Mayor shall be the chief executive officer of the City and County upon whom process issued by authority of law shall be served." (That is practically the same as now.) "He shall be an elective officer and shall be paid a salary of \$10,000 per year."

Which is an increase of \$4,000 over his present salary, although at the present time he is given a contingent fund of \$3,600 a year which he is not compelled to render any accounting of, and that is not provided for in the present Charter, although it is provided, I think, either in this section or some other section, that the Board of Supervisors may allow such additional amounts as may be necessary, but for which he must make the necessary accounting, and which funds must be expended the same as those of any other officer, upon demand, and be properly audited by the Auditor and payment only through the Treasurer.

SUPERVISOR RONCOVIERI: Would that include his clerks, and so forth?

CITY ATTORNEY O'TOOLE: Well, there are certain clerks given to him by authority of this Charter, which we will come to in a few minutes.

* SUPERVISOR RONCOVIERI: And his chauffeur, for example?

CITY ATTORNEY O'TOOLE: The Board could, of course, provide that he be furnished with a chauffeur or any number of chauffeurs which they thought he needed, but their salary would have to be paid upon demands against the Treasurer, the same as your salary or mine.

SUPERVISOR RONCOVIERI: They could not be paid out of that fund as now?

CITY ATTORNEY O'TOOLE: No, Mr. Supervisor, they could not.

It also provides for his bond. "He shall appoint, and at his pleasure may remove, an executive secretary, and one confidential secretary, and one stenographer."

Now, I don't know the reason for limiting the employees of the Mayor to that extent, because, of course, naturally he would appoint his two secretaries, but he needs and has several stenographers, and he has a chauffeur or two, and he has other persons in his office. Now, I think while he may appoint and remove at his pleasure one executive secretary, and one confidential secretary, and his one stenographer, I am of the opinion—I don't say this definitely, because I haven't had an opportunity to give it a complete investigation—the other employees in the office of the Mayor will be subject to civil service. Now, the reason for that I don't know. Of course, if he should have one stenographer that he could hire or dismiss at his pleasure, I don't know why the others should not be in the same position, should not hold their positions under the same tenure, but I think we will find when we come to give consideration to the civil service provisions of this Charter, all employees, unless specifically exempted, are subject to civil service, and my offhand opinion on that would be that all employees in the office of the Mayor, except those provided for in this Charter as I have just read, will be subject to civil service.

"The Board of Supervisors may annually appropriate additional sums to be expended by the Mayor for purposes and duties incidental to the administration of the office of Mayor, which shall be subject to the provisions of this Charter relative to appropriations and the payment of claims."

Now, that is just as I said a moment ago, and means that the Board will have to make appropriations for these additional funds and those claims will have to be passed upon by the Auditor and will be payable upon demands upon the Treasurer.

"He shall, at the first meeting of the Board of Supervisors in January of each year, communicate by message to the Supervisors a general statement of the condition of the affairs of the City and County, and recommend the adoption of such measures as he may deem expedient and proper."

That, I think, has been the practice, so I doubt if there is anything very new in it.

"The Mayor shall be responsible for the enforcement of all laws relating to the municipality and for the review and submission of the annual executive budget; (We will come to the budget shortly, the making of the budget) "he shall supervise the administration of all departments under boards and commissions appointed by him; he shall receive and examine, without delay" (Now, this is new) "all complaints relating to the administration of the affairs of the City and County, and immediately inform the complainant of findings and actions thereon" (The Mayor is going to be quite busy when he has to do that) "and he shall coordinate and enforce cooperation between all departments of the City and County."

I suppose that means that if my office has a particular scrap with your office, for instance, the Mayor will be called in as a peacemaker.

SUPERVISOR HAYDEN: As a mediator.

CITY ATTORNEY O'TOOLE: Yes.

"The Mayor shall have power to postpone final action on any franchise that may be passed by the Supervisors until such proposed franchise shall have been voted on at the next election."

That is new in the present Charter. Under the old Charter I think it was postponed automatically for a period of ninety days and may be referred by any member of the Board of Supervisors. Now—

"The Mayor shall appoint such members of boards or commissions and other officers as provided by this Charter. He shall also make an ad interim appointment of a qualified person to fill any vacancy occurring by reason of the expiration of a term."

Well, I suppose that would mean if the term of an officer—I cannot imagine where that situation might arise, except by some provision in the Charter where a term would expire on the first Monday of January, or the appointment would be for a definite number of years from the first Monday in January and an interim would occur between the expiration of the term of one officer and the beginning of the other.

SUPERVISOR HAYDEN: For the balance of the term.

CITY ATTORNEY O'TOOLE: "To fill any vacancy occurring by reason of the expiration of a term." I don't know just what that means, Mr. Supervisor, or rather I know what it means but I don't know just where that particular contingency might arise.

SUPERVISOR MCSHEEHY: In the School Department?

CITY ATTORNEY O'TOOLE: No, I don't know where that might arise; it is not by termination—I think that is affected by the next clause. However, I don't think that is important, I cannot imagine where that would come up, where an interim would occur after the unexpired term.

SUPERVISOR RONCOVIERI: There wouldn't be any.

CITY ATTORNEY O'TOOLE: "He shall appoint for the unexpired term of the office vacated a qualified person to fill any vacancy occurring in any elective municipal office, including the office of Municipal Court judge."

Now, as I have advised the Board before, the Mayor has no power at all to appoint a Municipal Court judge; that is, any judge of a Municipal Court as constituted at the present time; and I think wherever in the State we have Municipal Courts the Constitution provides that there shall be no other court provided in that city that shall have jurisdiction at the same time. In other words, when we have the Municipal Court system there cannot be any city judges, and the Municipal Court judges are subject to appointment by the Governor.

SUPERVISOR RONCOVIERI: You say the Mayor could not appoint a judge of the Municipal Court?

CITY ATTORNEY O'TOOLE: He cannot, Mr. Supervisor; that power is vested in the Governor.

"The Mayor shall have a seat, but no vote, in the Board of Supervisors and in any board or commission appointed by him, with the right to report on or discuss any matter before such board or commission concerning the departments or affairs in his charge."

That means that the Mayor may sit in at any of the meetings of this Board, or also the Utilities Commission, or any other board or commission, and be a member of that board without the power to vote, and he shall have the same power in the Board of Education, Police Commission, Fire Commission, or any board he might desire to sit in.

"He shall have power to designate a member of the Board of Supervisors to act as Mayor in his absence."

Now, what "absence" means is not set forth in the Charter. I suppose that if the Mayor went as far as Los Angeles and was in touch with the City at all times there would be no necessity for him or the Board of Supervisors designating anybody to sit in his place, but that it would be the same as at the present time when he should go beyond the jurisdiction of the State and could not act, or would be off ill, the Mayor could appoint somebody to act in his place, and

if he did not do so, and the Board thought there should be someone to so act, they would have that power. Yes, it states:

"Should he fail, neglect or refuse so to do, the Supervisors shall elect one of their number to act as Mayor during his absence."

Then it goes on to say:

"When a vacancy occurs in the office of Mayor, it shall be filled for the unexpired portion of the term by the Supervisors."

That is practically the same as it is at the present time.

"Every person who has served as Mayor of the City and County, so long as he remains a resident thereof, shall have a seat in the Board of Supervisors and may participate in its debates, but shall not be entitled to a vote or to compensation."

Now, this next paragraph is rather important, and I think provoked some discussion at the time it was submitted to the people:

"In case of a public emergency involving or threatening the lives, property or welfare of the citizens, or the property of the City and County, the Mayor shall have the power, and it shall be his duty, to summon, organize and direct the forces of any department in the City and County in any needed service; to summon, marshal, deputize or otherwise employ other persons, or to do whatever else he may deem necessary for the purpose of meeting the emergency. The Mayor may make such studies and surveys as he may deem advisable in anticipation of any such emergency."

Now, this gives to the Mayor very broad powers, and it was argued by many at the time this was submitted to the people, and I think correctly contended, that this gave to the Mayor the power, for instance, in case of a strike, where property might be endangered, to call upon the Police Department to protect property or lives of any persons which might be in danger, and that he might even go beyond that, "to summon, marshal, deputize or otherwise employ other persons, or to do whatever else he may deem necessary for the purpose of meeting the emergency." Those are very broad powers, but I imagine here in San Francisco we can always rely upon our Mayor, whenever contingencies of that kind arise, to meet them in fairness to everybody.

SUPERVISOR MCSHEEHY: He would be authorized to call upon the Governor; he has those powers sufficient to do that?

CITY ATTORNEY O'TOOLE: He is not authorized, I think, in this particular case, but he could at any time, if he felt he could not marshal sufficient aid to handle any particular situation, call upon the Governor, but it would then rest upon the Governor himself to decide whether or not the situation was sufficiently grave to necessitate taking any part in it.

SUPERVISOR MCSHEEHY: His powers are almost unlimited?

CITY ATTORNEY O'TOOLE: Now, this next section, No. 26, deals with the office of the City Attorney, and there is very little change from the present Charter, and it provides that he shall be an elective officer and shall receive an annual salary of \$10,000 a year. That is an increase of \$2,000 over the salary of the City Attorney at the present time.

SUPERVISOR BREYER: There is no objection to that?

CITY ATTORNEY O'TOOLE: Yes, there is, Mr. Supervisor; I have this objection: That I am fearful that Supervisor Hayden, while he wanted to give it to me, will not be able to do so. Now, under the constitutional provisions, the State Constitution, Article 9, I think, or rather Section 9 of Article 11, provides that the compensation of City and County officers shall not be increased during the term of office during which elected or appointed, and I advised the Finance Committee that I thought the City Attorney would not be entitled to the increase in salary until he would be again re-elected. That is, the City Attorney would be elected in 1933 to take the office on the eighth of January, 1934. Since that time I have discussed the matter with persons interested in the framing of the Charter, and also with several men who stand very high at the bar, and they are not

inclined to agree with me, so I may ask your Board to have someone determine the matter, who is not interested. They take the position that the adoption of a new Charter practically provides for the commencement of a new term, and although it may continue the office in force, why, the term itself really begins from the adoption of the new Charter and therefore it would be an increase in the salary of an official if the Charter provides for it. Whether they are right or not I would not care to say at the present time. The courts construed a provision in the San Bernardino County Charter, where there was a Charter amendment providing for an increase in the salary of the Sheriff, that he could not receive the increase. Where the Charter amendment provided for an increase of the salary of the Sheriff and the amount became effective during the term of the incumbent Sheriff, the District Court of Appeals of the Third District determined that that was a legislative act and therefore came within the inhibition of the section of the Constitution. Whether or not there would be the same ruling in this case I do not know. But when I advised the Finance Committee of this Board I had that case in mind. Since then I have discussed the question with men prominent in the Bar Association who feel that they could distinguish between a new Charter and a Charter amendment, because a Charter amendment made no provision for any new appointments, and the adoption of a new Charter, which is absolutely a new Constitution, supersedes the old one, and therefore, while the office is continued the term really begins for the remainder of it at the time the new Charter becomes effective.

However, that is a matter in which the City Attorney is more interested than you are.

"He shall furnish an official bond in the sum of \$10,000."

The same bond.

"He shall appoint and at his pleasure may remove, all assistants and employees in his office. He shall devote his entire time and attention to the duties of his office."

The same provision as now contained in the old Charter.

"He must, at the time of his election, be an elector of the City and County, qualified to practice in all the courts of this State, and he must have been so qualified for at least ten years next preceding his election."

SUPERVISOR HAYDEN: Speaking of that salary and the interpretation of it; as far as it concerns yourself personally and your office, wouldn't it be well to have the opinion of the Attorney-General on that?

CITY ATTORNEY O'TOOLE: I don't think the Attorney-General would bother with it; they would simply say they would get some further information on the matter. I have spoken to Mr. Whiting, the president of the Bar Association, and Maurice Harrison, and I am going to get their views on it, and if they are contrary to that decision, I shall be very glad to give it further consideration; otherwise, I don't think there is anything else to do.

SUPERVISOR HAVENNER: This Charter provides that the City Attorney shall at the time of his election be a qualified elector of the City and County. It doesn't make any similar provision with regard to the Mayor, does it?

CITY ATTORNEY O'TOOLE: Well, I think there is a general provision in there; I know there is in the old Charter, and I am sure it is in this—that all persons elected to office shall be residents, at least residents of the City and County, for a period of at least five years, and while the words "elector" and "resident," Mr. Supervisor, are not exactly synonymous, I think for all practical purposes they are.

Now, he shall have had at least ten years' practice preceding his election. I am sorry to say that I have had a great many more than that.

"The City Attorney must represent the City and County in all actions and proceedings in which it may be legally interested, or,

for or against the City and County, or, any officer of the City and County in any action or proceeding, when directed so to do by the Supervisors, except where a cause of action exists in favor of the City and County against said officer."

Now, a question comes up in connection with that: If an action were brought against the Tax Collector in his official capacity, of course we have defended him without direction, and the Auditor and Treasurer, we have defended them without any direction from the Board of Supervisors. However, if the City Attorney felt disinclined and should say he didn't care about defending the Auditor or Treasurer, it would lie within the power of the Board of Supervisors to direct him to do so.

"Whenever any cause of action exists in favor of the City and County, the City Attorney shall commence the same when within his knowledge or when directed so to do by the Supervisors."

There is little change in that; that has been the practice in the past.

"He shall give his advice or opinion in writing to any officer, board or commission of the City and County when requested."

Of course, I think you have got the best of me there. We could always lay back, under the old Charter, and ask for it in writing, and it looks as though under this present Charter they could ask for it at any time. Means a little more work for me.

"Except as otherwise provided in this Charter, he shall not settle or dismiss any litigation for or against the City and County, unless upon his written recommendation, he is ordered so to do by ordinance."

That is the same provision as contained in the present Charter.

"The City Attorney shall prepare, or approve as to form, all ordinances before they are enacted by the Supervisors."

That is not a regulation, or rather a part of the present Charter, although it has been the custom of this Board in the past to submit most ordinances to the City Attorney, and in all probability there will be a recommendation made to the Charter Installation Committee, because there has been a suggestion made to that effect, that Mr. Moran, who, at the present time looks after ordinances for your Board, be transferred to the office of the City Attorney. However, that is a matter which will be entirely up to your Board.

SUPERVISOR MCSHEEHY: As I understand it, then, Mr. O'Toole, in future, if a member of this Board wishes to submit an ordinance or a resolution he really has to submit it to your office first as to form?

SUPERVISOR HAYDEN: Only ordinances, not resolutions, Mr. McSheehy.

SUPERVISOR MCSHEEHY: Only ordinances?

SUPERVISOR HAYDEN: You would have a fine time of it, Supervisor McSheehy.

CITY ATTORNEY O'TOOLE: Ordinances, yes, Mr. Supervisor.

"He shall approve, by endorsement in writing, the form of all official or other bonds required by this Charter or by ordinance before the same are submitted to the proper commission, board or office for final approval, and no such bonds shall be finally approved without such approval as to form by the City Attorney."

That is his duty at the present time.

SUPERVISOR MCSHEEHY: As to the form of ordinances—

SUPERVISOR RONCOVIERI (interrupting): You don't necessarily have to prepare them, do you?

CITY ATTORNEY O'TOOLE: No; approve them as to the form.

"Except as otherwise in this Charter provided, he shall prepare in writing the draft or form of all contracts before the same are executed on behalf of the City and County."

That is not in the present Charter, and for many years there was no necessity for it, because all contracts entered into by the City had been prepared and submitted to the City Attorney by the Board of Public Works, because they have a very efficient man on that work,

John Gartman, who possibly knew more about contracts of the Board of Public Works and things of that kind than any man in the City Attorney's office. A very efficient man. For many years the City Attorney was relieved of that duty, but since John Gartman's death the duty is reimposed upon us.

"He shall examine and approve the title of all real property to be acquired by the City and County."

That we do at the present time.

"He shall keep on file in his office copies of all written communications and opinions, also all papers, briefs and transcripts used in matters wherein he appears; and books of record and registers of all actions or proceedings in his charge in which the City and County or any officer or board thereof, is a party or is interested."

That has always been done and will continue to be done.

Now, when it comes to the matter of his assistants—for many years we have gotten away from the provision in the old Charter providing for the assistants in the City Attorney's office, and they have been provided for by ordinance, the additional positions, and the same thing will apply under this Charter, the assistants of the City Attorney will depend upon the Board and will be provided for each year in the annual budget.

Now, the next section, No. 27, taxpayers' suits, is a new and rather novel and drastic provision, but I don't know of any, and have no reason to say that it is not legal. And I suppose that if the officials desire to recompense those who sue the City they have a right to do so.

"In the event that a taxpayer of the City and County institute suit or other proceeding as provided by law against any officer, board or commission of the City and County in the name of said taxpayer on behalf of the City and County, if judgment be finally entered in his favor he shall be allowed his costs and also such reasonable compensation for attorney's fees as may be fixed by the court."

It may be that one particular gentleman who has been rather active in actions of that character had something to do with the insertion of that section in the new Charter.

SUPERVISOR HAYDEN: It is rather significant.

CITY ATTORNEY O'TOOLE: However, I cannot say that there is anything illegal in it.

The next section, No. 28, takes up the office of the Assessor—that he shall be an elective officer and shall receive an annual salary of \$8,000, and shall furnish bond of \$50,000.

"He shall appoint, and at his pleasure may remove, one chief assistant or deputy and one confidential secretary."

I think the present Charter provides more places in the Assessor's office which are subject to appointment by the Assessor. Now, those occupying those places heretofore are filled by the Assessors, some will obtain the benefits of civil service and be blanketed into their positions, but the Assessor will still have the power of appointing his chief assistant and one confidential secretary.

Then the next section takes up the office of the District Attorney; states that he shall be an elective officer and receive a salary of \$8,000 a year and furnish bond in the sum of ten thousand.

"He must, at the time of his election, be qualified to practice in all the courts of this State and must have been so qualified for at least five years next preceding his election. He shall appoint, and at his pleasure may remove, all assistants and employees in his office."

In other words, they are not subject to civil service provisions; that is the same as at the present time.

"The District Attorney, either in person or by his assistants, shall prosecute all criminal cases in the Municipal and Superior courts, draw all complaints, and issue warrants for the arrest of persons charged with crime who are to be prosecuted in such courts."

Now, there is no change in that, that is covered by the State law.

"Any amount required by the District Attorney from time to time from the District Attorney's special fund shall be requisitioned by the

District Attorney, stating the general purpose for which required, whereupon the Controller shall draw his warrant therefor and the claim be paid as provided for payment of other warrants by the Treasurer. All such sums may be used by the District Attorney solely as provided by general law and he shall file vouchers with the Controller at the end of each fiscal year showing what disposition he has made of any moneys received by him from such fund and the particular purpose for which it was disbursed, provided that, if a criminal proceeding be pending or under investigation, vouchers for moneys disbursed in such proceeding or investigation, need not be filed until the trial of the criminal proceeding be ended or the investigation concluded. No portion of the fund shall be used for compensation or remuneration of full-time assistants or employees."

Now, the District Attorney has been receiving, as you know, under your annual budget, an appropriation in the form of a contingent fund, a fund which has been given to him under the State law, and he has not been compelled to file vouchers covering the expenditures from that fund. There was some controversy over the matter some years ago, but he is not compelled to file vouchers, and I understand that out of this contingent fund he has been compelled to pay the salaries of certain assistants which he deemed necessary. Of course, that will be prohibited under the incoming Charter. In other words, that fund may be used merely for investigation purposes and not for the compensation of any full-time employees. Whether that will work out or not as well as the old system remains to be seen. I think that as far as Judge Brady is concerned, nobody ever questioned his honesty or integrity, and I think he always felt that he was the best judge of the assistants he needed or the investigations which should be made.

SUPERVISOR RONCOVIERI: Will the contingent fund be appropriated by us?

CITY ATTORNEY O'TOOLE: I think that is provided by State law.

SUPERVISOR RONCOVIERI: "Any amount required by the District Attorney from time to time from the District Attorney's special fund"——

CITY ATTORNEY O'TOOLE: Any amount required will have to be requisitioned from the fund, and, of course, when that fund is exhausted he can not requisition any more unless the Supervisors give him more.

SUPERVISOR RONCOVIERI: Then the old law will continue?

CITY ATTORNEY O'TOOLE: Now the next section takes up the office of the Warrant and Bond Clerk. There is very little change in that office, with the exception that the bond and warrant clerk is not made subject to any bond. The District Attorney asked my opinion on that, as to whether or not the Charter did provide for bond or what should be his duties in regard to requiring a bond from the head of the warrant and bond office. There is not the same provision in the present Charter in giving the head of a department the right to require a bond. I suppose he would have that power where persons hold office at his pleasure, but unless the Board of Supervisors direct the requiring of a bond from any official the premium on that bond cannot be charged against the City.

SUPERVISOR HAVENNER: Could we authorize him to require a bond of the Warrant and Bond Clerk?

CITY ATTORNEY O'TOOLE: It is something that undoubtedly will be asked of your Board. The Warrant and Bond Clerk is a very responsible position and he handles a great deal of money, and undoubtedly the District Attorney himself will make that request of you, that it be covered by some ordinance to require the Warrant and Bond Clerk to be bonded.

"There shall be a warrant and bond office. The District Attorney shall appoint an assistant to have charge of the warrant and bond office to be designated Warrant and Bond Deputy, and such additional

assistants and clerks as may be provided by the budget and appropriation ordinances. No person shall be appointed Warrant and Bond Deputy who is not at the time of his appointment qualified to practice law in all the courts of this State. The Warrant and Bond Deputy shall keep his office open continuously night and day for the transaction of business; he shall draw and approve with his signature all complaints and warrants in criminal actions to be prosecuted in the Municipal Courts and any inferior court established by law in this City and County and possessing criminal jurisdiction; he shall have custody of all bail bonds and appeal bonds taken in such courts.

"The Warrant and Bond Deputy may issue bail bonds and appeal bonds and order the discharge from custody of all persons for whom such bonds are approved by a magistrate."

I think that word "issue" any bonds was meant to read "approve" any bonds.

"He may fix cash bail in misdemeanor cases where arrests are made without warrants and may take cash bail in all cases arising in the Municipal Court and any inferior court established by law in this City and County and possessing criminal jurisdiction, and may order the discharge from custody of all persons for whom cash bail is deposited with him."

Now, that is a power not given to the Bond and Warrant Clerk by the present law, and I doubt very much if he will desire to take a chance of exercising it, as I understand a prisoner is only released on the order of a magistrate or judge, and the Bond and Warrant Clerk is only interested in seeing that the bond is deposited and that it is in proper form.

Now, the next section takes up the office of the Treasurer, who is an elective officer at \$8,000 a year, which is the same salary; and he has to furnish a bond in the sum of \$200,000.

"He shall appoint, and at his pleasure may remove, one chief assistant."

The rest of the employees—

SUPERVISOR RONCOVIERI (interrupting): This Charter provides here that the Warrant and Bond Clerk may discharge from custody any criminal?

CITY ATTORNEY O'TOOLE: I don't think so. If you will read it, the last paragraph of the section, you will see that he is subject to the judge, the judges of the Municipal Court and the judges of any court in the City and County empowered by law to act as magistrates. It doesn't say definitely how he shall get their approval, but I think that is what the Charter means. I feel sure, however, that the District Attorney would not want to take those powers upon himself. However, that is a matter which will come up later.

The Treasurer:

"The Treasurer shall be an elective officer and shall receive a salary of \$8,000 per year. He shall furnish an official bond in the sum of \$200,000. He shall appoint, and at his pleasure may remove, one chief assistant."

Now the next section takes up the office of the Sheriff. The Sheriff is also an elective officer, and there is no change in his salary, \$8,000 a year.

"Said salary shall be exclusive of the compensation received by him from the State for delivery of prisoners to the State prisons, and insane persons to the State asylums for the insane."

Certain fees which he is allowed at the present time by the State law in that connection.

SUPERVISOR SPAULDING: That amounts to quite a lot.

CITY ATTORNEY O'TOOLE: I never knew the exact amount.

SUPERVISOR SPAULDING: He is allowed personally \$5 a head, plus all expenses of the prisoner and the deputy.

SUPERVISOR RONCOVIERI: Who pays that?

SUPERVISOR SPAULDING: The State; that is his own personal fund.

CITY ATTORNEY O'TOOLE: "He shall appoint, and at his pleasure may remove, an attorney, one under-Sheriff, and one confidential secretary."

The rest of his office force are civil service, and I think that is practically the condition it is in now, is it not?

SUPERVISOR SPAULDING: There used to be two teamsters there also, I believe.

CITY ATTORNEY O'TOOLE: If I recall, they were allowed month to month compensation; like many positions that we have had in the past, they were on a month-to-month basis.

The next section takes up the office of the Public Defender, and in that there is very little change. He shall receive \$8,000 a year, and furnish bond, and must have been qualified to practice in all the courts for at least five years.

"He shall appoint, and at his pleasure may remove, such assistants and employees in his office as may be provided by budget and appropriation ordinances. He shall immediately, upon the request of a defendant who is financially unable to employ counsel, or upon order of the court, defend or give counsel or advice to any person charged with the commission of a crime."

That is all practically the same as under the present Charter.

SUPERVISOR HAVENNER: And his office employees will also be civil service?

CITY ATTORNEY O'TOOLE: Yes.

SUPERVISOR McSHEEHY: May I interrupt just a moment, there, Mr. O'Toole?

CITY ATTORNEY O'TOOLE: Yes, certainly, Mr. Supervisor.

SUPERVISOR McSHEEHY: "By budget and appropriation ordinances." If, in the wisdom of this Board, we will say—I don't know how many deputies the Public Defender has at the present time—say he has five today, and if in the wisdom of this Board they wished to cut his force down to two, they could do so?

CITY ATTORNEY O'TOOLE: I think they have that power, Mr. Supervisor, when it comes to the making of the budget. I think that either this Board or the Mayor could do that, whether the Board would have the power to cut out any particular item I do not want to say offhand, but undoubtedly the Mayor has that power in preparing the budget.

Now, the next section, "Assistants and Employees in Elective Offices":

"The elective officers of the City and County may appoint such assistants and employees as are authorized by the Supervisors upon the recommendation of the Mayor, in the annual budget and annual or supplemental appropriation ordinances, and may discipline and remove the same, subject to the civil service provisions of this Charter, except as otherwise specifically exempted by the provisions of this Charter. Each assistant attorney in the offices of the City Attorney, the District Attorney and the Public Defender must, at the time of his appointment, be qualified to practice in all courts of the State and must have been so qualified for at least two years next preceding his appointment. The salaries, wages and compensations of every kind and nature, except pensions and retirement allowances, for assistants and employees in such elective offices, shall be fixed as provided by the salary standardization provisions of this Charter."

There is no provision in the present Charter limiting the time of practice of assistants of any of the three offices named, but now, before any person can be qualified to act as an attorney in either one of those offices he must be admitted to practice for at least two years preceding.

Now we come to the offices or departments under the Mayor. The first is the Police Department, and under this first paragraph there is not much change from the present Charter provision.

"The Police Department shall be under the management of a Police Commission consisting of three members, who shall be appointed by

the Mayor, and each of whom shall receive an annual compensation of \$1,200. The term of each commissioner shall be four years, commencing at 12 o'clock noon on the 15th day of January, in the years 1932, 1933 and 1934, respectively, and the Mayor, after the 8th day of January, 1932, shall reorganize the commission to provide for the four-year terms of three commissioners, as specified in this section."

Fortunately the Mayor has not asked me for any opinion as to what that means; it is rather difficult to ascertain, and I asked several of those who worked upon the forming of this new Charter, and they are somewhat in doubt themselves. I think it does mean—we will take, for instance, Police Commissioner Cook. Police Commissioner Cook's term expires on the 8th day of January, at the time the present Mayor comes into office—his term as police commissioner—and he has three left—Shumate, Roche and Horan—and I think there is one of those commissioners whose term will commence in 1932, and the Mayor could, if he desired, appoint one man to that position, and the other two commissioners will continue until 1933 and 1934. That is as near as I can make anything out of it.

"The Chief of Police in office at the time this Charter shall take effect shall continue until the expiration of the term of his appointment, subject to removal for cause by the commission, and thereafter the commission shall appoint a Chief of Police who shall hold office at its pleasure. The commission may also appoint, and at its pleasure remove, one secretary and one police surgeon."

SUPERVISOR SPAULDING: How long is the Chief of Police appointed for?

CITY ATTORNEY O'TOOLE: For a term of four years, so the present Chief of Police will serve out his present term, and then the matter of the appointment of a chief will rest with the Police Commission, and he shall hold office only at the pleasure of the commission.

SUPERVISOR SPAULDING: I didn't know they appointed the Chief of Police.

CITY ATTORNEY O'TOOLE: Yes, sir, Mr. Supervisor, for a four-year term.

SUPERVISOR RONCOVIERI: Pardon me: "At the pleasure of the commission." Of course, I believe we all understand what that means, but I have heard it said that "at the pleasure" they mean the commissioners may give him a ten-year appointment, at their pleasure, and the next commissioners that come in have got to keep that fellow whether they like it or not.

CITY ATTORNEY O'TOOLE: I don't think that is the law, Mr. Supervisor, because it states that the officer in the office at the time this Charter becomes effective will hold office until his term expires, and then, at the pleasure of the commission, they may, if they desire, appoint another chief; undoubtedly they would have power to do so.

"The police commissioners shall be the successors in office of the police commissioners holding office in the City and County at the time this Charter shall go into effect, and shall have all the powers and duties thereof except as in this Charter otherwise provided."

That appears in regard to nearly all commissions; it continues all of the powers they have under the present Charter.

"They shall have power to regulate traffic, including the location and use of traffic control devices for that purpose."

That is another power no longer vested in the Board of Supervisors; that power is now a matter of regulation by the police commissioners; the matter of the regulation of traffic on the streets is placed in the hands of the Police Commission, and they shall be the ones to say where stop signals shall be put, or where start and go signals shall go, or pedestrian lanes, and so forth.

SUPERVISOR STANTON: Subject to the appropriation of the Board?

CITY ATTORNEY O'TOOLE: Always; the Supervisors will always control that, or at least the approval of it.

"All positions in the Police Department legally authorized shall be continued, and incumbents therein legally appointed thereto shall be continued as officers and employees of the department under the conditions governing their respective appointments, and except as otherwise provided in this Charter. The police force of the City and County shall not exceed one police officer for each 500 inhabitants thereof. The annual compensation for the several ranks in the department shall be as follows: Chief of Police, \$7,200; captain of inspectors, formerly captain of detectives, \$5,000; captain of police for traffic, \$4,000; property clerk, chief clerk and captains, \$3,600; lieutenants, \$3,000; inspectors, formerly detective sergeants, \$2,760; photographer, \$2,700; sergeants, \$2,640; corporals, \$2,580; and police surgeon, police officers, police patrol drivers and women protective officers, \$2,400."

Now, that is as far as there is anything set forth in the new Charter regarding the ranks of anybody, so we have to look to the old Charter to determine the various ranks in the Police Department. Now, an interesting question came up in the Police Department regarding what is the rank of an inspector, and whether it is a rank that will be promotional under the civil service, and if it is, where does it come in? In the matter of compensation, it is between the compensation of a sergeant and the compensation of a lieutenant, and under the Charter amendment as adopted in 1930, providing for these inspectors, they were to be appointed by the Chief of Police. In other words, all those in the position were blanketed in, and future inspectors were to be appointed from the ranks of the assistant inspectors, who were also subject to appointment by the Chief of Police. So you can see that the matter of promotion of inspectors, if that matter is continued under the same provisions as the old Charter, that is a matter that is left to the Chief of Police, so that there will be very little chance of holding any promotional examinations for that position. A man might be a lieutenant of inspectors, or he might be a sergeant of inspectors, he can still be an inspector, he can be a corporal and still be an inspector, or he may be a patrolman and still be an inspector, so that is something the Civil Service Commission will have to work out—what they are going to do with the position of inspector when it comes to rating them as to rank. However, that is something we don't have to worry about now.

"The Chief of Police may refuse to issue any permit that is subject to police department investigation and issuance if it shall appear that the character of the business or the applicant requesting such permit does not warrant the issuance thereof, or he may revoke any such permit as soon as it shall appear that the business or calling of the person to whom it was granted is conducted in a disorderly or improper manner, or that the place in which the business is conducted or maintained is not a proper or suitable place in which to conduct or maintain such business or calling."

Now, we read a few sections back that the matter of the granting of these permits would be referred to such department as this Board might determine. It might appear from this that it would be obligatory upon this Board to refer the matter of all those police permits to the Chief of Police. Chief Quinn appeared before the Mayor's committee a few days ago and asked if it would not be possible to place that power somewhere else, as he did not think it should be a one-man power, and that its exercise was one which was taking too much time from the Chief of Police. He was perfectly willing to reserve the power, if he saw a permit was being abused, or reserve the right, rather, to revoke it, subject to the approval of such body as this Board might delegate to grant the permit originally. And he also asked if it might not be possible for the Board, by ordinance, to grant to the Police Commission, as they now have the power under this Charter, the granting of all permits that come under police regulation. I told him that I thought it could be done under the provisions of the new Charter, that his request might be complied

with. Primarily the reason he thought this should be done was because he did not think one man should be vested with that power, and the further reason that some of those hearings often took a great deal of time, sometimes three or four weeks, before they could be determined, because a large number of citizens wanted to be heard, and they could best be heard by the Police Commission rather than an individual. *

"In the suppression of any riot, public tumult, disturbance of the public peace, or organized resistance against the laws or public authority, the Chief of Police, in the lawful exercise of his functions, shall have all the powers that are now or that may be conferred on the sheriff by the laws of this State."

That is practically the same as our present Charter.

"The Supervisors shall provide in the annual budget an amount not to exceed in any one fiscal year the sum of \$10,000, to be known as the contingent fund of the Chief of Police. The Chief of Police may, from time to time, disburse such sums for contingent expenses of the department as in his judgment shall be for the best interests of the City and County, and the Police Commission shall allow and order paid out of such contingent fund, upon orders signed by the Chief of Police, such amounts as may be required."

I think it is running a little larger than that under the old Charter, isn't it, Supervisor Hayden?

SUPERVISOR HAYDEN: What is it, Mr. Curtis?

MR. CURTIS: \$750 a month.

CITY ATTORNEY O'TOOLE: The last paragraph of that section, I think the Chief of Police at the present time has exclusive control of that fund. Isn't that correct, Mr. Curtis?

MR. CURTIS: Yes, payable to him directly.

CITY ATTORNEY O'TOOLE: "At its discretion or upon the petition of any person, firm or corporation, the Police Commission may appoint, and at its pleasure remove, special police officers. Such officers shall be subject to all the rules and regulations of the commission. The Police Commission may appoint and, for cause, remove patrol special police officers. Each patrol special police officer shall be, at the time of appointment, not less than twenty-one years of age nor more than forty-five years of age, and must possess such physical qualifications as may be required by the commission. Age qualifications shall not apply to patrol special police officers appointed and acting at the time this Charter shall go into effect, nor to their reappointment."

Of course, you all know the difference between a special officer and a patrol special officer. For instance, a store may want a special officer detailed for duty inside of the store, and those are not patrol special officers. A patrol special officer is one who patrols the streets and watches or gives special attention to any particular building or series of buildings.

"On the recommendation of the Chief of Police the commission may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the commission, but not to exceed one month's salary in any one instance."

I was very much alarmed when I first read that provision, and then I found that we already had it under the present Charter, and I found that the Chief of Police and Police Commission have not availed themselves of it, and that will probably be the case in the future; the only reward, aside from a citation, will be the benefit the officer receives in his civil service examination, and possibly additional days off which possibly he would not be otherwise entitled to.

"The Police Commission shall have power, by regulation, to provide for the care and restitution of property that may come into possession of the department or any officer or employee thereof, or the sale, at annual public auction of all such unclaimed property and the dispo-

sition of such property as shall consist of weapons or articles used or that may be used in the commission of crime."

The same as the property clerk at the present time.

Then we come to the Fire Department. The matter of appointments in the Fire Department are just the same as the Police Department.

"The Fire Department shall be under the management of a Fire Commission consisting of three members, who shall be appointed by the Mayor, and each of whom shall receive an annual compensation of \$1,200. The term of each commissioner shall be four years, commencing at 12 o'clock noon on the 15th day of January, in the years 1932, 1933 and 1934, respectively, and the Mayor, after the 8th day of January, 1932, shall reorganize the commission to provide for four-year terms of three commissioners, as specified in this section."

"The Fire Commission shall appoint a chief engineer, a secretary and a department physician, who shall hold office at its pleasure."

Now, under the old Charter there is no limitation, no term fixed for the chief, nor was it provided that he shall hold office at the pleasure of the commission. At the time, some many years ago, as some of you may remember, when the fire commissioners made the attempt to remove the late Chief Murphy, why, the matter was taken to the courts and tried before Judge Soule, and Judge Soule ruled at that time, under the provisions of the present Charter, which contains the provision that no member of the Fire Department may be removed except for cause, that the commission did not have the power to remove him, and he was reinstated in his position. However, under the new Charter, the Chief of the Fire Department shall hold office merely at the pleasure of the commissioners. That is, he shall hold office at the time the Charter goes into effect, the same as in the Police Department, but thereafter only at the pleasure of the commissioners.

"The fire commissioners shall be successors in office of the fire commissioners holding office in the City and County at the time this Charter shall go into effect, and shall have all the powers and duties thereof, except as in this Charter otherwise provided. The commissioners shall have power, upon recommendation of the chief engineer, to send fire boats, apparatus and men outside the City and County of San Francisco for fire-fighting purposes."

I think that is merely providing by organic law for a custom that has always applied in so far as our police and fire departments are concerned.

SUPERVISOR STANTON: Can they send the police boat wherever they want?

CITY ATTORNEY O'TOOLE: No; this is the Fire Commission; I see nothing regarding the police boat, Mr. Supervisor, and I think that has to remain in local waters.

SUPERVISOR STANTON: We can regulate that by ordinance?

CITY ATTORNEY O'TOOLE: Yes, Mr. Supervisor.

"Positions of officers and employees of the Fire Department legally authorized shall continue, and incumbents therein legally appointed thereto shall continue as the officers and employees of the department under the conditions governing their respective appointments, and except as in this Charter otherwise provided. The annual compensation for the several ranks in the department shall be as follows: Chief engineer, \$7,200; first assistant and second assistant chief engineers, \$4,800; battalion chiefs, \$4,200; captains, \$2,820; lieutenants, \$2,670; engineers, \$2,640; chief's operators, \$2,520; drivers, stokers, tillermen, truckmen and hosemen for first year of service, \$2,160; for second year of service, \$2,280; and for third year of service and thereafter, \$2,400; pilots of fire boats and marine engineers of fire boats, \$3,060; firemen of fire boats, \$2,460."

That is practically the same as the Police Department, and I don't think I need to take the time to advert to that further.

SUPERVISOR McSHEEHY: Touching on that particular point, Mr. O'Toole, I was asked the question the other day, and if you will remember, a few months back a majority of this Board increased the personnel of the Fire Department, lieutenants of the Fire Department, and the matter was opposed by the fire commissioners, and the matter was brought to the attention of the Mayor and he vetoed the ordinance that this Board adopted creating this number of lieutenants. I am told now that under the new Charter this Board would have the right to create those lieutenants irrespective of the wishes of the Mayor or irrespective of the wishes of the commission.

CITY ATTORNEY O'TOOLE: I don't think, Mr. Supervisor, that the Board is given that power. I haven't found it yet, and when we come to the making of the budget we may find it, but it is not in this article. In other words, there is no provision made for any number of men, and I think you will find that any commission or the head of any office would have the right to dismiss employees when he found they were not necessary for the service, so I don't think that that is correct.

"Each period of twenty-four hours shall be divided into two tours of duty, to-wit: from 8 o'clock a. m. to 6 o'clock p. m., and from 6 o'clock p. m. to 8 o'clock a. m. The uniformed force of the Fire Department shall be divided into two platoons, the officers and members assigned to which shall alternate on the tours of duty at intervals of not more than one week. No officer or member shall be required to remain on duty for more than fourteen consecutive hours except when changing from one tour of duty to the other, or in case of a conflagration requiring the services of more than one-half of the force of the department."

I am not exactly clear on that, whether there is any change in that or not. Some of the men told me they thought it was not quite as favorable to the men, but I haven't had the time to go into it very thoroughly. Of course, it does not provide for any days off, and I think we will come to that when we come to the civil service provisions.

Then the next paragraph contains the same provision for reward for any member of the department, the same as the Police Department.

"The chief engineer, or, in his absence, any assistant chief engineer, or, in their absence, any battalion chief in charge, may, during a conflagration, cause to be cut down or otherwise removed any buildings or structures for the purpose of checking the progress of such conflagration."

That is the same as the present Charter. Next we have the fire marshal:

"The Chief of the Fire Department, with the approval of the Fire Commission, may appoint a fire marshal and assistants on the recommendation of the Underwriters Fire Patrol of San Francisco, to serve without compensation from the City and County."

I think the present Charter provides that he shall be paid by the Fire Underwriters; however, that is not important, because we couldn't make them pay it.

"The Board of Supervisors may empower the fire marshal to sell property saved or salvaged from any fire and for which no owner can be found. The fire marshal may call upon police officers to assist in the protection or salvaging of property and shall have such other powers and duties as by ordinance may be prescribed relative to the protection of property at fires and the storage of property salvaged therefrom. He shall have such duties appertaining to the enforcement of laws relative to the storage, sale and use of oils, combustible materials and explosives as the Fire Commission by rule, or the Supervisors by ordinance, may prescribe."

Of course, that may lead to an interesting question which may never arise. If the Fire Department should provide by rules for the storage

of gasoline, we will say, and the Supervisors should provide some other rules, why, the poor fire marshal would be in a difficult position.

SUPERVISOR STANTON: We would refer that to the City Attorney.

CITY ATTORNEY O'TOOLE: Yes, no doubt. These powers are not as broad as under the present Charter, and it would depend on what powers are given to him under the rules of the Fire Commission or by this Board.

Section 38 takes up fire prevention. I see Captain Smith out there, and I know that he knows a whole lot more about this part of the Charter than I do.

"The Bureau of Fire Prevention and Public Safety, under the jurisdiction of the Fire Commission, is hereby established. The commission shall detail to said bureau from the uniformed force of the department an officer to have charge of said bureau and such other personnel as it may deem necessary, who shall be paid the salary or salaries for their respective ranks in the Fire Department."

The Fire Prevention Bureau under the present Charter is not given any particular powers; it is practically a creature of ordinance; and I think we have enacted into this most of the provisions, with possibly some additional ones not in the present Charter. I think that position at the present time pertains to Captain Trivett. Isn't that correct, Captain Smith?

CAPTAIN SMITH: Captain Trivett, yes.

CITY ATTORNEY O'TOOLE: And then:

"The bureau shall inspect all structures and premises to determine whether or not compliance is being had with statutes and ordinances relative to fire prevention, fire protection and fire-spread control, and the protection of persons and property from fire. It shall enforce said statutes and ordinances and shall report violations to departments having jurisdiction."

They do that at the present time, and I think a large part of that is done by the battalion chiefs and men in the district in connection with fire prevention, and they do a great deal in the Building Department in the matter of plans and specifications.

"The bureau shall examine the application, plans and specifications for the erection, and for alterations or repairs estimated to exceed \$1,000 in cost, of any structure or premises subject to the statutes and ordinances referred to in this section. The bureau shall by written report, filed with the Superintendent of Building Inspection, approve such plans and specifications, or report to said superintendent the particulars wherein non-compliance exists, and upon modification of the application, plans and specifications to comply therewith, the bureau shall inform said superintendent of its approval. No permit for alteration or repair exceeding \$1,000 in cost, or for erection, shall be issued unless said approval is given."

All of those matters will come before your Board, and your Supervisors' Committee on Charter Installation is giving that matter special consideration tomorrow.

"The Fire Commission, relative to permits subject to issuance or revocation by the Chief Engineer of the Fire Department, shall, by regulation, prescribe such duties of the Bureau of Fire Prevention as it shall deem appropriate. Any structure or premises wherein there exists any violation of statutes or ordinances referred to in this section, or which is maintained or used in such manner as to endanger persons or property by hazard of fire, explosion or panic and any structure or premises hereafter constructed, altered or repaired in violation of said statutes and ordinances is hereby declared to be a public nuisance, and it shall be the duty of the bureau to prosecute abatement proceedings."

Of course, that gives the Bureau some additional power. In other words, it became a question probably of both law and fact as to whether or not it was a public nuisance, but now it is made that by declaration of statute, and will possibly aid the Fire Department in

abating some of those structures we all know are extra hazardous and dangerous to both life and property.

"An Appeal and Advisory Board is hereby created consisting of the Chief Engineer of the Fire Department, who shall be the chairman, the Fire Marshal, and the heads of the Bureau of Building Inspection and the Department of Electricity, and a lay member to be appointed by the Mayor for a four-year term. Said Board shall serve without compensation.

"An appeal may be taken from any act, determination or order of the Bureau, performed under this section, by filing a written appeal with the Appeal and Advisory Board."

I think there is no compensation provided for that lay member.

"Pending action on such appeal any construction, alteration or repair, embraced therein, may proceed if a building permit therefor has been issued, but no such permit may be issued while action on an appeal is pending."

In other words, if a person comes in to the Fire Prevention Bureau and wants to put up a building, the commission will not issue any permit while there is an appeal pending, but if the permit has been issued, the construction or alteration or repair may continue during the appeal.

"No certificate of completion or occupancy shall be issued by any officer or employee until said appeal has been determined. The Advisory and Appeal Board may affirm, reverse or modify the act and determination of the Bureau. If the appeal is determined adversely to the appellant, said structure or premises shall be made to comply with such decision. It shall require four votes of the board to reverse or modify the act, order or determination of the Bureau."

Now, here we come to the Board of Permit Appeals, and then we will get through the rest of it down to the Department heads very quickly.

"The Mayor shall appoint five qualified electors, other than City and County officials or employees, for terms of four years, to constitute a Board of Permit Appeals. The compensation for each member shall be \$15 per meeting of the Board actually attended by such members provided that the total amount paid all members of the Board shall not exceed \$5,000 per year. The persons first appointed shall determine their terms by lot so that one such term shall expire at twelve o'clock noon on the fifteenth day of January in each of the years 1933, 1934 and 1935, and the remaining two terms at twelve o'clock noon on the fifteenth day of January, 1926, and upon these and successive expirations the Mayor shall appoint their successors for four-year terms.

"Any applicant for a permit or license who is denied such permit or license by the department authorized to issue same, or whose license or permit is ordered revoked by any department, or any person who deems that his interests or property or that the general public interest will be adversely affected as the result of operations authorized by or under any permit or license granted or issued by any department, may appeal to the Board of Permit Appeals. Such Board shall hear the applicant, the permit-holder, or other interested parties, as well as the head or representative of the department issuing or refusing to issue such license or permit, or ordering the revocation of same. After such hearing and such further investigation as the Board may deem necessary, it may concur in the action of the department authorized to issue such license or permit, or, by the vote of four members, may overrule the action of such department and order that the permit or license be granted, restored or refused."

Therefore, suppose that your Board should delegate to the Fire Commission, we will say, the right to issue gasoline station permits—we will come back to that same illustration again—and a permit should be granted or denied, as the case may be. Now, either the person refused the permit or those objecting to it, could appeal to the Board of Permit Appeals, but unless they got four out of five members of the Board of Permit Appeals to vote their way the action

of the lower board would remain. You can see that this Board of Permit Appeals will be a board of considerable power, and while their decision is not by the Charter made final, and therefore made reviewable by the courts, of course it will follow the ordinary rule in those cases; it will be subject to review only for an abuse of discretion, and not because the court may think that in one particular case a permit should be issued and the Board of Permit Appeals that it should not.

Next we come to the Park Department:

"The Park Department shall be under the management of a Park Commission consisting of five members who shall be appointed by the Mayor and shall serve without compensation. The term of office of each Commissioner shall be four years, provided that the Commissioners in office at the time this Charter shall go into effect shall be continued in office until twelve o'clock noon on the fifteenth day of January of the year of expiration of their terms, and thereafter their successors shall be appointed for four-year terms, commencing at twelve o'clock noon on the fifteenth day of January in such respective years."

In other words, there is no change made in the present Charter.

"The Park Commission shall appoint a secretary and a superintendent of parks, who shall hold office at its pleasure. The superintendent shall be the chief executive of the department. He shall appoint, and at his pleasure may discipline and remove, all employees of the Park Department."

In other words, the matter of appointment and dismissal of park employees will not hereafter rest in the Park Commission but rather in the superintendent of parks.

SUPERVISOR HAVENNER: Under the present Charter do they hold term appointments, the Commissioners?

CITY ATTORNEY O'TOOLE: Yes, they alternate.

SUPERVISOR RONCOVIERI: For how long?

CITY ATTORNEY O'TOOLE: I think all for four years.

"The Park Commission shall be successors in office of the Park Commissioners holding office in the City and County at the time this Charter shall go into effect and shall have all the powers and duties thereof, except ordinance-making powers and except as in this Charter otherwise provided."

The next section takes up the control of the parks. Under the present Charter the conduct of the parks and the conduct of persons in the parks is given to the Park Commissioners. I don't know if they have exercised that power, but I believe they have certain rules governing those things. This section, as you see, gives the commissioners complete control of the parks. It reads:

"The commissioners shall have the complete and exclusive control, management, and direction of the parks, squares, avenues, grounds and recreation centers, now or hereafter placed under charge of the commission, including exclusive right to erect and to superintend the erection of buildings and structures thereon, except as in this Charter otherwise provided."

SUPERVISOR MCSHEEHY: That is now with the Board of Supervisors?

CITY ATTORNEY O'TOOLE: The Supervisors may now pass such ordinances as they deem necessary for the conduct of the park, and the conduct of persons therein. Of course, the superintendent may make such rules as he sees fit.

SUPERVISOR MCSHEEHY: The superintendent may then by ordinance provide the regulation of the parks?

SUPERVISOR RONCOVIERI: It says so here.

CITY ATTORNEY O'TOOLE: How far the Board could by ordinance interfere with the conduct of the park I don't know; I don't think it is possible the Supervisors could take any powers away from the Park Commission by the adoption of any ordinance. I think, though, that under the old Charter the Park Commissioners had the

right of adopting rules that had the same force as an ordinance, and if the Park Commission adopted a rule and the violation of that rule really became a misdemeanor, that power could not be taken away from the Park Commissioners. I suppose the conduct of the parks, or the conduct of the people in the parks, would rest, under this new Charter, with the Park Commission. The Board might also have the power, they might provide that any person breaking the shrubbery or destroying anything in the park would be guilty of a misdemeanor.

"The commissioners shall not lease any part of the lands under its control nor permit the building or maintenance or use of any structure on any park, square, avenue or ground, except for recreation purposes, and each letting or permit shall be subject to the approval of the Board of Supervisors by ordinance, but the commission may lease to the highest responsible bidder for a term not to exceed fifty years and upon such other terms and conditions as it may determine, sub-surface space under any public park and the right and privilege to conduct and operate therein a public automobile parking station, provided that the said construction, when completed, and the operation will not be, in any material respect or degree, detrimental to the original purpose for which said park was dedicated or in contravention to the conditions of any grant under which said park might have been received. The revenues derived from any such lease shall be credited to the park fund."

SUPERVISOR MCSHEEHY: That is a point that is vital to a degree. Under the present ordinance, as I understand it, all moneys collected by the parks and playgrounds, wherever they have supervision, all of those moneys and all accounts from collections, the Park Commission receives those moneys and they expend those moneys irrespective of any supervision by this Board. Will we, under the new Charter, have supervision and control of those moneys?

CITY ATTORNEY O'TOOLE: I don't think so.

SUPERVISOR MCSHEEHY: The same condition will maintain?

CITY ATTORNEY O'TOOLE: The Park Commission is charged with them.

SUPERVISOR STANTON: We don't have anything to do with any money they collect; for instance, from the Aquatic Park or Yacht Harbor or anywhere?

CITY ATTORNEY O'TOOLE: You might possibly require them to budget it for the purpose of the set-up and to show how much money they should receive in each given year.

SUPERVISOR MCSHEEHY: We have other departments, such as the County Clerk, the Board of Public Works, and so on, and the money they collect in fees is all placed in the general fund and known as money receivable from other sources, and so forth, but not the Park Commission—

CITY ATTORNEY O'TOOLE: They have exclusive charge; your old Charter, Mr. Supervisor, provided that they had the power to make leases and grant permits and so on.

SUPERVISOR MCSHEEHY: And that becomes a part of this Charter?

CITY ATTORNEY O'TOOLE: I think it does, yes.

SUPERVISOR RONCOVIERI: Mr. O'Toole, it doesn't say so. Could the amounts they take in from outside sources be deducted from the amount they are allowed in the tax rate? I think they have increased that up to fifteen cents.

CITY ATTORNEY O'TOOLE: I think under the new provision it is to be not less than ten cents, but there is no limit on the amount, Mr. Supervisor, that they can be allowed, but that is the amount you must allow them, and they have complete jurisdiction over all funds from concessions, rentals, and so on, so therefore the Supervisors will have no power over them at all. Nor could they deduct from the income, or from the amount they require, the income from those sources, from the amount you will be compelled under the new Charter

to allow them, which shall be at least ten cents. Before it was not to exceed ten cents, but now it is made not less than ten cents.

SUPERVISOR HAVENNER: Would that apply to the restaurant and other concessions in the parks?

CITY ATTORNEY O'TOOLE: If it is done by lease it would, Mr. Supervisor—let or rent. I suppose, even for the matter of permits, the matter of concessions in the parks, of course that will require a permit.

"The commission shall have power to lease any stadium or recreation field under its jurisdiction for athletic contests and exhibitions and may permit the lessee to charge an admission fee."

I think possibly the leasing of the stadium is something this Board will not have any jurisdiction over.

The next section covers the recreation department and reads:

"The Recreation Department shall be under the management of a Recreation Commission consisting of seven members, five of whom shall be appointed by the Mayor, and who shall serve without compensation. Three of the members appointed by the Mayor shall be men and two shall be women. The Superintendent of Schools and the Superintendent of Parks shall be members of the commission ex-officio."

That is the same, practically, as under the old Charter.

"The terms of office of the commissioners shall be four years, commencing at twelve o'clock noon on the fifteenth day of January in the years 1932, 1933, 1934 and 1935, respectively. The Mayor, after the eighth day of January, 1932, shall reorganize the commission to provide for one of each such terms to expire on the fifteenth day of January in the years 1933, 1934 and 1935, respectively, and two of such terms to expire on the fifteenth day of January, 1936."

SUPERVISOR HAYDEN: That is, they are all reappointed, that is the new commissioners?

CITY ATTORNEY O'TOOLE: He reorganizes the commission; there is no vacancy in that commission until 1933, one year hence, Mr. Supervisor.

"The Recreation Commission shall appoint a superintendent, who shall hold office at the pleasure of the commission.

"The Recreation Commissioners shall be the successors in office of the Playground Commissioners holding office at the time this Charter shall go into effect. The powers and duties of the commissioners relative to the management and control of playgrounds and public recreation centers, exclusive of those located in public parks or delegated to the Park Commission, as such powers and duties exist at the time this Charter shall go into effect, shall be continued as the powers and duties of the Recreation Commission under this Charter, except as otherwise provided.

"All positions in the Recreation Department, except that of superintendent and those in part-time service, are hereby made subject to the civil service provisions of this Charter, and all incumbents in such positions at the time this Charter shall go into effect who have held such positions continuously for one year prior thereto are hereby declared appointed under civil service, and entitled to all rights and benefits thereof."

That makes all of the employees in that department civil service, with the exception of the superintendent, and all of those persons who are employed, or who have been employed by the Playground Commission for one year prior to the time this Charter goes into effect, or one year before the eighth day of January, 1932, get the benefits of civil service.

SUPERVISOR HAVENNER: It says here, "except that of superintendent and those in part-time service." Aren't a lot of them part-time?

CITY ATTORNEY O'TOOLE: Yes, I guess you are correct; I had reference to full-time positions. The boys and students who are at-

tending school and who take charge of playgrounds mornings or afternoons, those are only part-time.

SUPERVISOR STANTON: There is no salary attached to that commission?

CITY ATTORNEY O'TOOLE: None, Mr. Supervisor.

Now, I don't know how long you want to continue tonight, but if we can get through a few more pages we will get down to where we can take up the separate boards.

SUPERVISOR HAYDEN: It's pretty cold here, or we would go all night with you.

CITY ATTORNEY O'TOOLE: The next section takes up the Library Department:

"The Library Department shall be under the management of a Library Commission consisting of eleven members who shall be appointed by the Mayor and shall serve without compensation."

Now, the present Library Commission is practically a self-perpetuating board, but they will be so no longer.

"The eleven library trustees constituting the Board of Library Trustees in office at the time this Charter shall go into effect shall, by lot, classify their respective terms of office so that three of such terms shall begin at twelve o'clock noon on the fifteenth day of January, 1932, 1933 and 1934, respectively, and two such terms shall begin at twelve o'clock noon on the fifteenth day of January, 1935. The term of each commissioner shall be four years, at the expiration of which the Mayor shall appoint his successor."

SUPERVISOR HAVENNER: In other words, the Mayor could make no new appointments to that board at this time unless there should be a vacancy?

CITY ATTORNEY O'TOOLE: It would appear that way, yes, Mr. Supervisor.

SUPERVISOR HAVENNER: It says, "the eleven Library Trustees constituting the Board of Library Trustees in office at the time this Charter shall go into effect shall, by lot, classify their respective terms of office," and so on.

CITY ATTORNEY O'TOOLE: So that they shall begin at twelve o'clock noon the fifteenth day of January, 1935.

SUPERVISOR HAVENNER: The Mayor would have no appointments to make until those terms expire?

CITY ATTORNEY O'TOOLE: He would have no appointments to make during this term, according to that language, because the first term begins 1932. That is one of those things which are hard to determine, or rather it is hard to determine the intention of the framers, but it was the intention, I know, that this board should no longer be self-perpetuating.

"The Library Commission shall appoint a librarian and a secretary who shall hold office at its pleasure. The librarian shall be the chief executive of the department. He shall appoint, and at his pleasure may discipline and remove, all employees of the Library Department."

Not subject to civil service.

"The Library Commission shall be the successors in office of the Board of Library Trustees holding office at the time this Charter shall go into effect and shall have all of the powers and duties thereof, except as in this Charter otherwise provided."

The next section takes up the war memorial, and provides that the trustees shall charge of the construction, administration and operation and so forth, and that the board shall consist of eleven members, and the language is contrary to the language used in regard to the Library Department, because the language used in regards to the war memorial trustees' appointments provides when all terms shall expire, not when they commence, and therefore it is not so hard to determine that.

The provision regarding appointments, that the appointments shall be subject to the Board's approval, and that in making appointments to said board the Mayor shall give due consideration to veterans of all wars, and to such other classes of persons who may have a special interest in the purpose for which that war memorial is to be constructed and maintained. The trustees shall serve without compensation.

"The board shall have the power to appoint a secretary and a managing director, each of whom shall hold office at its pleasure, and such other employees as may be provided by the annual budget and appropriation ordinance."

Other employees to be civil service.

"The Board of Supervisors shall annually appropriate to the war memorial board an amount sufficient to defray the cost of maintaining, operating and caring for said memorial."

Now, that has been very much shortened from the present act, and whether the ordinance under which they act at the present time is sufficiently broad, or whether this Charter is sufficient to give them the powers given to them under the old Charter, I don't know offhand, but of course that can be given to them by ordinance.

SUPERVISOR MCSHEEHY: I move we adjourn.

SUPERVISOR HAYDEN: Second the motion.

MONDAY, DECEMBER 14, 1931, 2 P. M.

In Board of Supervisors, San Francisco, Monday, December 14, 1931, 2 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Andriano, Breyer, Canepa, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—17.

Absent—Supervisor Colman—1.

Quorum present.

His Honor Mayor Rossi being absent, Supervisor Breyer was elected to preside.

His Honor Mayor Rossi appeared at 3:05 p. m. and presided over the session until 6 p. m., when he was excused to attend important business in his office, and Supervisor Breyer resumed the chair.

The Journals of Proceedings of the meetings of November 30 and December 7, 1931, were considered read and approved.

Salary Ordinance.

A tentative draft of the salary ordinance, as required by the new Charter, was presented by the Supervisors' Charter Installation Committee, and *laid over for hearing before said committee on Wednesday evening, December 16, 1931, in the chambers of the Board.*

PRESENTATION OF PROPOSALS.

Thirty-five Hundred Copies of the Charter of the City and County of San Francisco.

Sealed proposals were received and opened between the hours of 2 and 3 p. m. this date for furnishing 3500 copies of the Charter of the City and County of San Francisco, and *referred to Supplies Committee.*

Hardware and Castings.

Sealed proposals were received and opened between the hours of 2 and 3 p. m. this date for furnishing "Class 7—Hardware and Castings" that may be ordered from time to time during the semi-annual term commencing January 1 and ending June 30, 1932, and referred to *Supplies Committee*.

SPECIAL ORDER—1:30 P. M.**Discussion of New City Charter by City Attorney John J. O'Toole.**

The following proceedings were had in connection with a discussion of the provisions of the new Charter by City Attorney John J. O'Toole:

SUPERVISOR HAVENNER: If there is no objection, I would move at this time that we proceed with the discussion of the Charter by the City Attorney.

THE CHAIRMAN: All right, Mr. O'Toole, you may proceed.

CITY ATTORNEY O'TOOLE: Mr. Chairman, Gentlemen of the Board: When we were overcome by the lack of heat here on last Thursday evening we had concluded the discussion of the provisions regarding the War Memorial, Section 44, on pages 26 and 27; we will now commence Section 45, which deals with the Art Commission, which is a new commission under the present Charter. The section provides:

"An Art Commission for the City and County is hereby created, consisting of ten members appointed by the Mayor and six ex-officio members. The ex-officio members shall be the Mayor and the chairmen of the following boards and commissions: Public Library, Park, City Planning, de Young Memorial Museum and California Palace of the Legion of Honor. The Mayor shall appoint three lay members, and an artist-painter, an artist-sculptor, a musician, litterateur, two architects and one landscape architect. In appointing the seven professional members the Mayor shall solicit nominations from architectural, art, musical, literary and other cultural organizations of the City."

It will evidently be a very select organization.

"The first appointments by the Mayor shall be made not later than the 15th day of January, 1932, and shall be for the following terms, which shall expire at 12 o'clock noon on the 15th day of January in the respective years: One landscape architect and one lay member, one-year terms; one artist-sculptor and one architect, two-year terms; one musician and one lay member, three-year terms; one litterateur and one architect, four-year terms; and one artist-painter and one lay member, five-year terms. Upon the expiration of the terms, all successive appointments shall be for a period of five years."

Notwithstanding the various duties of this commission, no compensation is provided for; in fact, it is specifically provided that the commission shall serve without compensation.

"The members of the commission shall serve without compensation. No member of this commission shall receive from the City and County, or from any trust, donation or legacy, any compensation for any service as an artist for the benefit of the City and County."

The next section deals with the powers and duties of this Art Commission.

"No work of art shall be contracted for or placed or erected on property of the City and County or become the property of the City and County by purchase, gift or otherwise, except for any museum or art gallery, unless such work of art, or a design or model of the same as required by the commission, together with the proposed location of such work of art, shall first have been submitted to and approved by the commission."

Now, that means that the Art Commission shall have jurisdiction of all works of art placed anywhere in the city, except the de Young Memorial Museum or any other museum that may be created, or the Palace of the Legion of Honor, and shall have jurisdiction of the

statues which shall go into the parks, notwithstanding the parks are under the Park Commission.

"The term 'work of art' as used in this Charter shall comprise paintings, mural decorations, stained glass, statues, bas-reliefs or other sculptures; monuments, fountains, arches or other structures of a permanent or temporary character intended for ornament or commemoration."

Now, this next section provides for existing works of art:

"No existing work of art in the possession of the City and County shall be removed, relocated or altered in any way without the approval of the commission, except as otherwise provided herein."

Now, I understand that at the present time there is a movement on foot in connection with the putting of a monument on top of Telegraph Hill, by Mr. White, and, of course, if that is not provided for before this Charter becomes effective, that will have to have the approval of the Art Commission. They go even beyond works of art.

"The commission shall have similar powers with respect to the design of buildings, bridges, viaducts, elevated ways, approaches, gates, fences, lamps or other structures erected or to be erected upon land belonging to the City and County, and concerning arches, bridges, structures and approaches which are the property of any corporation or private individual and which shall extend over or upon any street, avenue, highway, park or public place belonging to the City and County."

You can remember here a short time ago we had a considerable amount of discussion relative to lighting standards. If that comes up again under the new Charter, after the Art Commission is appointed they will take all of that upon themselves.

They have even a stronger—

SUPERVISOR STANTON (interrupting): They would have the power to select the lighting standards?

CITY ATTORNEY O'TOOLE: Not to select them, but to approve or disapprove, Mr. Supervisor.

SUPERVISOR RONCOVIERI: It is only the design they would approve?

CITY ATTORNEY O'TOOLE: Only the design, yes.

SUPERVISOR RONCOVIERI: What is that reference to buildings and bridges? How far could they go regarding buildings? It says here, "The commission shall have similar powers with respect to the design of buildings, bridges" etc. How far could they go regarding buildings? It says the commission shall have authority regarding the design of buildings. Does that mean that they will draw all plans?

CITY ATTORNEY O'TOOLE: In other words, Mr. Supervisor, that they will approve all such plans. For instance, if we were to erect a public building in the square here, the Civic Center, after this Charter becomes effective, I presume the Art Commission would have the right to approve or disapprove the design, but not the actual structural work. They also have broad powers regarding certain matters heretofore in the Board of Public Works and the Board of Supervisors: "and concerning arches, bridges, structures and approaches which are the property of any corporation or private individual and which shall extend over or upon any street, avenue, highway, park or public place belonging to the City and County." Now, at the present time permission is granted from time to time—I think at the present time by the Board of Public Works—for the erection of say a marquee in front of a store, hotel, or theatre. Now, that cannot be done in the future until after the design is approved by the Art Commission. In fact, I have a very grave doubt if it does not place with the Art Commission the right to approve electrical signs which swing out over the street. That is, the design of such signs, not the structural features of them.

SUPERVISOR HAVENNER: It is also given jurisdiction over the construction of public buildings in the Civic Center?

CITY ATTORNEY O'TOOLE: A public building, as to the design it would. Of course, the Charter will supersede an ordinance at any time. Now:

"Nothing herein contained shall be construed to limit or abridge the legal powers of the governing boards of the War Memorial, the M. H. de Young Memorial Museum or the California Palace of the Legion of Honor."

They seem to be exempted from the power of the Art Commission. Also (Supervisor Roncovieri, you may be interested in this): "The commission shall supervise and control the expenditure of all appropriations made by the Board of Supervisors for music and the advancement of art and music."

SUPERVISOR HAVENNER: Will the commission control the popular concerts in the Auditorium?

CITY ATTORNEY O'TOOLE: That will depend upon whether an appropriation is made by the Board of Supervisors. Maybe the manager of the Auditorium could, under an ordinance of the Board of Supervisors, arrange the matter of these concerts on a percentage basis, or under such conditions as the Board might provide by such ordinance. The Art Commission seems to have control of the expenditure "of all appropriations made by the Board of Supervisors for music and the advancement of art or music." How far they will have power to supervise any concert which might be given by the Auditorium Committee or by the director of the Auditorium, or whether there is any provision whatsoever for those unless this Board passed an ordinance vesting those powers in a certain board, I doubt very much whether the Art Commission would have control.

SUPERVISOR HAVENNER: Those concerts cannot be given and never have been given without an appropriation by this Board.

CITY ATTORNEY O'TOOLE: There is a provision in your ordinance, I believe, which provides that the Auditorium may be let upon a percentage basis.

SUPERVISOR HAVENNER: The popular concerts cannot be held upon that basis.

CITY ATTORNEY O'TOOLE: Then, of course, they will be subject to the Art Commission:

"The commission shall exercise all reasonable supervision of policy connected with the arts as may hereafter be assigned to it by ordinance or executive action.

"The commission shall decide upon any expenditure of less than one thousand dollars within fifteen days after submission, and upon any other matter within thirty days after submission. If it fails so to do, its decision shall be considered unnecessary."

It don't say expenditure for what, but I presume a matter of some expenditure over which they may have jurisdiction.

"The commission may volunteer advice or suggestion to the owners of private property in relation to the beautification of the same; and any person contemplating the erection of any building or making any improvement may submit the plans and designs or sketches thereof to the Art Commission for advice and suggestion, for which no charge shall be made by the Art Commission."

How far that service will be availed of remains to be seen.

The next section, No. 47, takes up control of the harbor by the City and County. I don't know as it is necessary to go into that, other than that it makes provision for the control of the harbor should the City and County ever be fortunate enough to obtain control, the commissioners to be appointed, having practically the same powers as the commissioners appointed for the Public Utilities Commission.

Then Section 48 takes up the type of City and County harbor management to be established.

Section 49 refers to any other departments which may be under the Mayor.

"The Mayor shall nominate members of the Board of Education for confirmation by the voters, and shall appoint two members of the Retirement Board, and shall also appoint members of the Public Utilities, City Planning and Civil Service Commissions, each of which said

boards or commissions to have the membership, terms of members, and powers and duties as are provided in this Charter."

They are provided in a different section.

Now, we come to the separate boards and departments. Section 50 takes up the California Palace of the Legion of Honor.

"The California Palace of the Legion of Honor shall be known as such in perpetuity. The management, superintendence, and operation thereof, and the lands set aside therefor shall be vested in a board of eleven trustees, of which the Mayor and the president of the Park Commission shall be ex-officio members. All vacancies occurring in said board shall be filled by the vote of a majority of the remaining members thereof."

It is one of those self-perpetuating boards.

"None of said trustees shall receive any compensation for his or her services. Trustees need not be residents of the City and County."

"The board shall have exclusive charge of the said memorial, the lands set aside therefor, and its affairs, and of all real and personal property thereunto belonging, or which may be acquired by loan, purchase, gift, devise, bequest or otherwise, when not inconsistent with the terms and conditions of the loan, gift, devise or bequest. It shall meet for its purposes at least once in three months, and at such other times as the president or any three members thereof may appoint, in a place to be provided for the purpose. It shall appoint a director, a curator, and a secretary, and such other assistants and employees as may be necessary, who shall hold office at its pleasure."

The civil service provisions do not apply.

"The secretary shall keep a full account of all property, money, receipts and expenditures, and a record of all its proceedings, and shall file annually a report with the Controller. The trustees shall have power to insure loan exhibits against any risk."

Now, here is the part that you gentlemen may be interested in:

"The Supervisors, for the purpose of maintaining, operating and superintending said memorial, and the purchase of objects of art, literary productions and other personal property, shall provide an amount sufficient for the maintenance, operation, and superintendence thereof, subject to the budget and fiscal provisions of this Charter, and to that end shall levy a tax annually, the proceeds of which shall be credited to and deposited in a fund in the treasury of the City and County to be known as the 'California Palace of the Legion or Honor Fund,' and shall be used exclusively for the purposes thereof."

"It is the intention that the administration and control of the California Palace of the Legion of Honor shall be continued with the powers granted and under the conditions imposed by the terms of the donation and accepted by the City and County."

The Board of Supervisors has control of the amount which shall be appropriated.

I think the de Young Memorial is practically the same, only it provides that the minimum amount appropriated shall not be less than \$40,000.

SUPERVISOR HAVENNER: Are Sections 47 and 48 the same as the present Charter?

CITY ATTORNEY O'TOOLE: No; but I thought you were not particularly interested, but, of course, if you want to go into that at this time we can do so, but that does not apply until such time as we might take over the harbor.

The de Young Memorial is practically the same, also a self-perpetuating board.

The next section takes up the Steinhart Aquarium.

"The management, superintendence and operation of the Steinhart Aquarium shall be in charge and under the direction of the California Academy of Sciences of San Francisco. Necessary funds for the maintenance and operation of said aquarium shall be furnished by the City and County to the California Academy of Sciences of San Francisco, subject to the budget and fiscal provisions of this Charter."

We are coming now to the Municipal Courts, and I don't know as we need pay any particular attention to them; the section provides that they shall have the powers and duties as under the Constitution and the general law, except as in this Charter otherwise provided. The Charter has no power to say how many judges we shall have, as there shall be as many as the general law provides, and the salary is also fixed by the Legislature.

SUPERVISOR HAVENNER: The salaries now received by the Municipal Court judges is in excess of the amount fixed here, is it not? Is that legal?

CITY ATTORNEY O'TOOLE: Yes, sir, Mr. Supervisor, it is, because it is provided directly in the general law, the compensation for judges of courts of record, which shall be fixed as prescribed by the Legislature.

SUPERVISOR HAVENNER: I notice this section fixes the compensation at \$6,000 per year.

CITY ATTORNEY O'TOOLE: In other words, the Charter has no right to fix the compensation of a municipal judge.

SUPERVISOR HAVENNER: Has that been decided in any court?

CITY ATTORNEY O'TOOLE: I don't think we need it, Mr. Supervisor, the Constitution says that a Municipal Court is a court of record, and Section 11 of Article 6 provides that the compensation of judges of all courts of record shall be fixed and the payment prescribed by the Legislature.

SUPERVISOR HAVENNER: In other words, Mr. O'Toole, the Auditor, without any test of the court, has continued to pay the increased salaries of the municipal judges?

CITY ATTORNEY O'TOOLE: I think he has been doing it since it became effective on the 13th of August, or 14th.

"The judges of the Municipal Court shall annually choose one of their number to be presiding judge. The presiding judge shall have the general superintendence of the business of the court, shall classify and distribute the same, fix the vacations of the judges, and assign the judges to the several departments of the court; but any judge may proceed in any such department in the absence or the inability of the judge regularly assigned thereto. The presiding judge shall supervise and direct the work of the clerk of the Municipal Court, and shall be responsible for the proper keeping of records and making of reports by the clerk."

Then the next section:

"The judges of the Municipal Court shall meet at least once in each month, and at such other times as the presiding judge may require, and shall prescribe rules and regulations not inconsistent with general laws as are necessary and proper for the advancement of justice and prevention of delay in the business of the court."

They have that power without any provision of the Charter.

"Not later than the tenth day of each month, the presiding judge, through the clerk of the Municipal Court, shall file with the Board of Supervisors a consolidated report of the business of the court and the judges thereof for the preceding month. Copies of such reports shall be filed with the City Attorney, the District Attorney, the Chief of Police and the clerk of the Municipal Court. In January of each year, the presiding judge, through the clerk, shall file a similar report covering the preceding calendar year. The Board of Supervisors may cause copies of such annual reports to be printed for free distribution to citizens who request them."

I don't know whether the Charter has that power or not, but I suppose they will file that report, if anybody wants it.

"The clerk of the Municipal Court shall be appointed by the judges of the court, and shall hold office at their pleasure. The clerk shall appoint, subject to the civil service provisions of this Charter, such clerks, stenographers, interpreters and other personnel," and so forth. I think that is right, because under the provisions of the Constitution—there may be some conflict between Section 8½ of Article 11, and Section 11 of Article 6 of the Constitution, because it provides the number

of attaches shall be fixed by the Legislature, and Section 8½ provides that the number of clerks in any department may be provided for in the Charter, so that is something we will have to provide for.

The next section deals with Superior Court appointments, and deals with the secretary of the court and his staff, which are provided for in our budget.

SUPERVISOR HAVENNER: In your judgment the provisions regarding Municipal Courts are in conflict with the Constitution?

CITY ATTORNEY O'TOOLE: Certain ones, fixing the salaries and the number of judges, and as to the matter of attaches there may be a conflict, which we will have to determine by investigation or an action in court, to see whether the special provisions of the general law control, or whether the general provisions written in the Constitution authorizing us to adopt a Charter control.

The next section, Number 57, takes up the San Francisco Law Library, which is also brought directly under the Charter. It provides for the trustees—"which shall consist of seven appointive members of the San Francisco bar, and the Mayor, the presiding judge and the three judges of the appellate department of the Superior Court, ex official." We have here an appellate department of the Superior Court which hears appeals from judgments of the Municipal Court. Of course, they change from time to time, or are subject to change from time to time, but I see no objection to constituting the board in that way.

SUPERVISOR HAVENNER: Section 56, the last sentence, "Subject to the approval of the court, he shall appoint and, at his pleasure, may remove his assistants and employees." Is that the present provision of the law?

CITY ATTORNEY O'TOOLE: Our present Charter is absolutely silent, that is under the State law, the court appoints its attaches directly. I suppose there will always be a conflict between the Charter and the law regulating the courts of record, and, in all probability the Supreme Court, if the matter is ever passed up to them, will hold that the courts have the right to make those appointments and conduct their business, or the business of the court themselves. The courts have gone very far in that already, in the matter of salary changes. In Los Angeles, in a case some two years ago regarding the Municipal Courts, where they held that the general law covered the appointment of attaches in the Municipal Court in Los Angeles, the Charter was silent regarding the matter of appointments, and delegated that power to all Supervisors, and the Superior Court held that the State law and not the ordinance of the Board of Supervisors prevailed, and while the situation in Los Angeles may be somewhat different it is something we will have to work out here.

The same thing, Supervisor Havenner, would apply to the attaches of the Superior Court, as to the Municipal Courts, they are both courts of record and what would apply to one would apply to the other.

Now, the law library, the board of trustees is also a self-perpetuating board.

The law library, as you know, is practically supported by contributions received in the filing of various cases in court under the State law. As you know, when a complaint is filed, there is an additional fee of one dollar which goes to the library fund, and also when a defendant comes in and answers a complaint he also must pay one dollar, and that practically takes care of your law library.

"The board of trustees shall appoint and at its pleasure may remove a librarian, who shall be its executive officer, and such assistants as are necessary for the proper conduct and operation of the library. The salaries of the librarian and the assistants and employees shall be fixed by the Board of Supervisors as provided by this Charter for other City and County employees.

"The Supervisors shall provide suitable and sufficient quarters for the law library, fit up and furnish the same and provide for the supply of necessary light, heat, stationery and other conveniences. The library

shall be so located as to be readily accessible to the judges and the officers of the court."

Then it provides:

"The County Clerk and the clerk of the Municipal Court shall collect the fees provided for law libraries by general law and the fees so collected by such officers or by any officers under any other provisions of the law shall be paid to the treasurer of the law library monthly, and shall constitute a law library fund to be expended by the law library trustees in the purchase of books and periodicals, and in the establishment and maintenance of the law library."

I think possibly all of those amounts go directly to the treasurer and are accounted for each day by the clerk of the court, and paid directly to the treasurer.

Shall we continue, gentlemen?

SUPERVISOR GALLAGHER: If the City Attorney is asking me, I would say that the class is adjourned.

SUPERVISOR HAYDEN: All right, I move that we discontinue this hearing until another time.

CITY ATTORNEY O'TOOLE: I am perfectly willing, gentlemen, to come here at any time if anybody wants to hear me, but it is certainly no pleasure to stand here and talk and get no attention.

THE CHAIRMAN: What is the pleasure of the Board?

SUPERVISOR HAVENNER: First, what is the pleasure of the Board with respect to further hearings on the Charter? I don't blame our City Attorney one bit, he comes over here and gives us the benefit of his time and study upon the Charter and then the Board don't pay any attention, the majority of them, but a few of us are getting the benefit of it. What is the pleasure of the Board with respect to further hearings?

SUPERVISOR HAYDEN: Make a motion on it yourself, Mr. Havenner.

SUPERVISOR STANTON: Would Wednesday night be agreeable, Mr. O'Toole?

CITY ATTORNEY O'TOOLE: I am sorry, Mr. Supervisor, but I have no nights open this week.

SUPERVISOR PEYSER: This idea of making meetings for 1:30 on Monday is ridiculous. I was here at 1:30 today and we didn't start until 2:30, and if the members of the Board wish to be here I am perfectly willing to come, and have been here every time, and every time this matter has been set for 1:30 I have been here, and have had to sit around for an hour or one hour and a half, and my time is just as valuable to me as that of any other member of the Board, and I don't think we should set these hearings for any particular time unless we expect to be here.

SUPERVISOR HAVENNER: Set it for 2 o'clock, then.

THE CHAIRMAN: If there is no objection there will be a further discussion on the new Charter by our City Attorney at 2 o'clock on Monday next.

It is so ordered.

Action Deferred.

The following matter was, on motion of Supervisor Garrity, laid over one week and made a Special Order for 3 p. m.:

SPECIAL ORDER—3 P. M.

Bid of Berry-Ortmeyer Engineering Company for Disposal of Garbage to Be Considered by Board of Supervisors as a Whole and That Date for Said Hearing Be Fixed.

Resolution No. ——— (New Series), as follows:

Whereas, on the twenty-second day of June, 1931, the Board of Supervisors, by Resolution No. 34580, requested bids for the disposal of garbage and refuse of the City and County of San Francisco; and

Whereas, bids were received by this Board and referred to the Health Committee of this Board for a report; and

Whereas, the Health Committee requested an opinion from the City Attorney as to the legality of said bids and the City Attorney, in writing, notified the Health Committee that all of said bids with the exception of the bid of Berry-Ortmeyer Engineering Company were illegal; and

Whereas, on November 23, 1931, the Board of Supervisors in pursuance of said opinion, rejected all of the bids rendered herein, with the exception of the bid of the said Berry-Ortmeyer Engineering Company.

Resolved, That the bid of the Berry-Ortmeyer Engineering Company be further considered by this Board as a whole, and that for this purpose this Board fix a date for a full and complete hearing on said bid submitted by Berry-Ortmeyer Engineering Company, and that City Engineer M. M. O'Shaughnessy, City Health Officer Dr. Jacob Geiger, and Professor Charles Gilman Hyde, of the University of California, be invited to participate in said hearing of the plan of operation of the plant of the said Berry-Ortmeyer Engineering Company, which will on that occasion be presented by its representatives and engineers.

SPECIAL ORDER—3:30 P. M.

The following matter was taken up:

Amending Section 37 of Ordinance No. 7691 (New Series), "Traffic Ordinance."

Bill No. 9530, Ordinance No. ——— (New Series), as follows:

Amending Section 37 of Ordinance No. 7691 (New Series), entitled "An ordinance regulating traffic upon the public streets and repealing all ordinances inconsistent herewith," by including Battery, Sansome, California, Pine, Bush, Post and Sutter streets, between points named, as streets upon which parking is prohibited from 7 a. m. to 6 p. m. except for public passenger vehicles at authorized and licensed locations.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 37 of Ordinance No. 7691 (New Series), the title of which is recited above, is amended to read as follows:

Section 37. *Parking Prohibited on Certain Streets, 7 a. m. to 6 p. m.* Between the hours of seven (7) a. m. and six (6) p. m. of any day, excepting Sundays and legal holidays, and excepting duly licensed public passenger vehicles at duly authorized and licensed locations, it shall be unlawful for the operator of a vehicle to stop said vehicle for a period of time longer than is necessary for the actual loading or unloading and delivery of passengers or materials in any of the following places:

Alameda street between Bryant and Florida streets, Annie street, Anthony street, Austin street, *Battery street between California and Market streets*, *Bush street between Kearny and Market streets*, *California street between Kearny and Battery streets*, Campton place, Cedar street, Clementina street, Cortland avenue on the north side between Mission and Folsom streets, Ecker street, Elm street, Fern street, Florida street for a distance of 275 feet south of Alameda street property line, Hemlock street, Holland court, Ivy street, Linden street, Maiden lane, Merchant street between Battery and Sansome streets, Minna street, Mint street on the east, south and north sides, Monroe street, Montgomery street between Market and California streets, Myrtle street, Natoma street, Olive street, Pacific avenue on the north side between Columbus avenue and Van Ness avenue, *Pine street between Kearny and Battery streets*, *Post street between Kearny and Market streets*, Redwood street, *Sansome street between*

California and Market streets, Sutter street between Kearny and Market streets, Tehama street, Willow street.

Signs shall be erected and maintained not more than two hundred (200) feet apart in each block, designating the provisions of this section.

Section 2. This ordinance shall take effect immediately.

Privilege of the Floor.

E. Easton, secretary of North Central Improvement Association, was granted the privilege of the floor and heard in support of the proposed legislation.

Mr. Vizzard, insurance broker, was heard in opposition. He read numerous letters of property owners and business firms of the district, protesting against the proposed legislation.

Passed for Printing.

Whereupon, the roll was called and the foregoing bill was *passed for printing* by the following vote:

Ayes—Supervisors Breyer, Canepa, Gallagher, Garrity, Havenner, McGovern, McSheehy, Power, Shannon, Spaulding, Stanton, Suhr—12.
Noes—Supervisors Andriano, Miles, Peyser, Roncovieri—4.
Absent—Supervisors Colman, Hayden—2.

Notice of Reconsideration.

Before the result of the foregoing vote was announced, Supervisor Peyser changed his vote from *no* to *aye* and gave notice of reconsideration at next meeting. City Attorney to be requested to advise as to "whether notice of reconsideration would have the effect of stopping the passage of an ordinance to print."

Rereferred.

The following matter was, on motion, *rereferred to the Finance Committee* (Supervisor Gallagher dissenting):

SPECIAL ORDER—4 P. M.

Payment of \$51,350 Out of County Road Fund, Second Installment, to Joint Highway District No. 9.

Resolution No. ————— (New Series), as follows:

Resolved, That the sum of \$51,350 be and the same is hereby set aside and appropriated out of the County Road Fund and authorized in payment to Joint Highway District No. 9 of the State of California; being payment of second installment of San Francisco's contribution toward the construction of the San Francisco-San Mateo-Santa Cruz Shore Line highway. (Claim dated Aug. 27, 1931.)

UNFINISHED BUSINESS.

Final Passage.

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

NEW BUSINESS.

Rereferred.

The following matters were, on motion, ordered *rereferred to the Supervisors' Charter Committee*:

Establishing Central Permit Bureau.

Bill No. ———, Ordinance No. ——— (New Series), as follows:

An ordinance providing for the establishment of a central permit bureau in the Department of Public Works and for the powers, duties and functions thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A Central Permit Bureau is hereby established in the Department of Public Works. All applications for permits enumerated in Section 2 shall be filed with said bureau. Said bureau shall arrange for the consideration of such applications as require approval of departments and bureaus of the City and County as specified in Section 2 and, on the filing of approval thereof by all interested departments and bureaus, the Central Permit Bureau shall issue the permit applied for and shall collect the fees therefor as fixed by law.

The fees collected by the Central Permit Bureau shall be credited to the account of the department or bureau required by ordinance, pursuant to Section 24 of the Charter, to act thereon. The Controller, in conjunction with the Central Permit Bureau and the departments concerned, shall analyze the cost to the City and County of regulation and inspection required by each such class of permit and shall propose the rates to be fixed therefor by ordinance, which shall be not less than the cost to the City and County of such regulation and inspection.

Section 2. In any case where plans and specifications are by ordinance required to be filed with an application for permit, the Central Permit Bureau shall transmit such plans and specifications to the Bureau of Building Inspection, and other departments or bureaus required to act thereon shall inspect such plans and specifications at the offices of said bureau. The Central Permit Bureau shall receive applications for permits for the following purposes and shall refer such applications or

Ordinance Regulating Sale of Electrical Materials, Devices, Etc.

Bill No. 9531, Ordinance No. ——— (New Series), as follows:

An ordinance regulating the sale or exposure for sale in the City and County of San Francisco of any electrical material, device or appliance designed for attachment to or installation in or on any electrical circuit or system for light, heat or power; providing that only such materials, devices or appliances shall be sold, offered for sale, or exposed for sale which are approved for sale, installation and use in accordance with the provisions of this ordinance; providing that the maker's name, trade-mark or other identification symbol shall be placed thereon, together with appropriate ratings necessary to determine the purpose for which intended, and that same shall not be removed, altered, changed or defaced; and providing for penalties for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Every person, firm or corporation, before selling, offering for sale, or exposing for sale any electrical material, device or appliance designed for attachment to or installation in or on any electrical circuit or system for light, heat or power, shall first determine if such material, device or appliance is approved for installation and use in the City and County of San Francisco in accordance with the provisions of this ordinance; and it shall be unlawful for any person,

firm or corporation, or any principal agent or employee thereof, to sell, offer for sale, or expose for sale any such material, device or appliance which does not comply with all of the provisions of this ordinance.

Section 2. All electrical devices or appliances, including materials used in installation thereof, or in the installation of the necessary wiring for the utilization of electricity for light, heat or power, shall be only those which are approved for the purpose intended, and the maker's name, trade-mark or other identification symbol shall be placed thereon, together with such other markings giving voltage, current, wattage or other appropriate ratings as may be necessary to determine the purpose and use for which intended; and it shall be unlawful for any person, firm or corporation to remove, alter, change or deface the maker's name, trade-mark or other identification symbol, or any of the necessary rating markings required by this ordinance.

Section 3. The Chief of the Department of Electricity of the City and County of San Francisco is hereby authorized and empowered to enforce all of the provisions of this ordinance, and to make, adopt and promulgate such rules, regulations and specifications as may be necessary or useful in determining conformity of electrical materials, devices and appliances with approved methods of construction for safety to life and property, upon which approval for sale in the City and County of San Francisco shall be based. Conformity of electrical materials, devices and appliances with standards of Underwriters' Laboratories, Inc., as approved by the American Standards Association, and other standards approved by the American Standards Association, shall be prima facie evidence that such electrical materials, devices and appliances comply with the requirements of this ordinance.

Section 4. The Chief of the Department of Electricity may grant "provisional approval" of electrical materials, devices or appliances under the following conditions:

(a) Where no standard has been prepared or adopted to which they should conform.

(b) Where no other materials, devices or appliances of similar type are regularly listed or approved.

(c) Temporary acceptance, in emergency, may be given to materials, devices and appliances not listed by Underwriters' Laboratories, Inc., provided such materials, devices or appliances have been submitted to the Laboratories for test and approval. Such temporary acceptance will ordinarily be granted for a period of 90 days only.

"Provisional approval" (except where no standard has been prepared or adopted to which they should conform) applies only to the particular sample so "provisionally approved" and not to the line as manufactured, stored, sold, installed or attached, and shall be granted only for such materials, devices and appliances which, in the opinion of the Chief of the Department of Electricity, are reasonably safe.

Section 5. Any person, firm or corporation, or any principal, agent or employee thereof, violating any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than three hundred dollars (\$300.00), or by imprisonment in the city jail for a period of not more than ninety (90) days, or by both such fine and imprisonment.

Section 6. If any section, sub-section, sentence, clause or phrase of this ordinance is, for any reason, held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors of the City and County of San Francisco hereby declares that it would have passed this ordinance and each section, sub-section, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, sub-sections, sentences, clauses or phrases be declared unconstitutional.

Section 7. All ordinances or parts of ordinances conflicting with the provisions of this ordinance are hereby repealed.

Section 8. This ordinance shall take effect thirty days after its passage and publication.

The following bill was, on motion of Supervisor Andriano, *referred to the Police Committee*:

Jitney Ordinance Amendment.

Bill No. ———, Ordinance No. ——— (New Series), as follows:

Amending Sections 3 and 5 of Ordinance 3212 (New Series), regulating the use of the streets of the City and County of San Francisco by self-propelled motor vehicles carrying passengers for hire, and providing for the licensing of such vehicles and for the penalty for a violation of said ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 3 of Ordinance 3212 (New Series), is hereby amended so as to read as follows:

Section 3. Application for a "jitney bus" permit shall be made in writing and filed with the Chief of Police annually on or before the fifteenth day of December and shall state:

(a) The type of motor vehicle and the name of the manufacturer or popular name thereof;

(b) The horsepower thereof;

(c) The factory number and State license number thereof;

(d) The seating capacity thereof according to its trade rating;

(e) The name of the owner or lessee and of the person to be in immediate charge thereof as operator or chauffeur and the number of his State license;

(f) That the operator is a citizen of the United States and has been a resident of the City and County of San Francisco for more than

one year; or now has a permit and has heretofore taken out his first papers;

(g) Whether the driver has had a six months' experience in operating automobiles over the streets of the City and County of San Francisco as hereinafter provided;

(h) That the driver is physically qualified to drive a motor car safely and that said driver's hearing and eyesight are unimpaired;

(i) *The streets over which the applicant proposes to operate;*

(j) The driver shall pass an oral examination as to knowledge of traffic laws and rules of the City and County;

(k) The signature of each applicant shall be acknowledged before a notary public or some other officer or magistrate duly authorized to administer oaths. At the same time and in the same manner as herein provided application shall be made to renew the chauffeur's permit by each and every operator or chauffeur of a "jitney bus."

Section 2. Section 5 of Ordinance 3212 (New Series) is hereby amended to read as follows:

Section 5. The Police Commission shall, without unnecessary delay, hear such application and shall grant the same unless it shall appear:

(a) That the bond or insurance policy herein required is insufficient to properly safeguard the public interest and safety;

(b) That the vehicle for which the permit is applied for is inadequate or unsafe for the purpose intended or insufficiently equipped with skid chains or other safety devices;

(c) That the operator is incompetent or has not had sufficient experience in driving an automobile in the City and County of San Francisco, or is not of good moral character, or has heretofore violated any of the provisions of this ordinance or the laws of the State of California;

(d) That the driver is not physically qualified to drive a motor car safely or possesses defective eyesight or hearing;

(e) *That the route over which the applicant proposes to operate will be rendered hazardous to life or property, or that undue congestion of traffic will be caused thereon by, and through, the operation of jitney busses. But in passing upon this question the Board of Police Commissioners shall exercise a sound and reasonable discretion, and the permit shall be granted unless public interest and safety may otherwise require;*

(f) Permit shall be numbered, and such number, not less than three (3) inches in height and one-half ($\frac{1}{2}$) inch wide shall be affixed to the bus with such conspicuousness as may be required by the Chief of Police.

All metal permit tags shall be obtained from the office of the Tax Collector upon receipt of proper notification by the latter office from the Chief of Police.

Section 3. This ordinance shall take effect immediately.

**Contract With San Francisco Chamber of Commerce, Publicity
Sunnyvale Dirigible Base.**

On motion of Supervisor Hayden.

Resolution No. ——— (New Series), as follows:

Whereas, The San Francisco Chamber of Commerce, a non-profit corporation, among other activities is engaged in advertising the resources of said City and County of San Francisco, encouraging the trade and commerce thereof, inducing immigration thereto and conducting exhibitions therein, and for those purposes spends upwards of fifty thousand dollars annually; and

Whereas, the City and County of San Francisco is desirous of advertising and exploiting and making known the resources and advantages of the City and County for the purpose of increasing immigration to and increasing the trade and commerce thereof; and

Whereas, the San Francisco Chamber of Commerce is well equipped as an agency for the performance of such work and for the accomplishment of such purposes and has offered to serve the City and County as such an agency and has agreed to enter into a contract in that behalf with the City and County of San Francisco in form as hereinafter set forth; and

Whereas, said contract with said City and County of San Francisco which said San Francisco Chamber of Commerce has offered to make and enter is in words and figures as follows, to-wit:

Agreement.

This agreement, made and entered into this ——— day of July, 1931, by and between the City and County of San Francisco, a municipal corporation organized and existing under and by virtue of the laws of the State of California (hereinafter called the "City and County"), and the San Francisco Chamber of Commerce, a corporation organized and existing under and by virtue of the laws of the State of California (hereinafter called the "Contractor").

Witnesseth:

Whereas, the City and County is desirous of advertising, exploiting and making known the resources of the City and County for the purpose of inducing immigration to and increasing the trade and commerce of said City and County and of advertising and exhibiting for said purposes the agricultural, horticultural, industrial, commercial, climatic, educational, recreational, artistic, musical, cultural and other resources and advantages of said City and County; and

Whereas, a valuable opportunity for the effective advertising, exploiting and making known the resources and advantages of said City and County for the purposes aforesaid is available through the dissemination of literature, facts and figures and other written or printed matter setting forth said resources and advantages and also by the intelligent and effective presentation of the advantages and resources of said City and County by highly trained representatives thoroughly conversant with all of the facts, through correspondence, personal contacts, speeches, addresses, and other means; and

Whereas, to advertise, exploit and make known said resources and advantages effectively for the purposes aforesaid, proper surveys, analyses and classifications thereof must be carefully and accurately prepared and kept up to date by those experienced in such work, and domestic and foreign trade opportunities must be sought and explored, encouraged and developed by those qualified for such efforts, and full information of said resources and advantages must be currently de-

veloped by competent persons and be so kept as to be available promptly to those who may be interested in visiting or residing in said City and County or establishing a business therein or business connections therewith, or otherwise interested in any activity which may increase the trade or commerce of said City and County or induce immigration thereto; and

Whereas, the said contractor is well equipped as an agency for the performance of such work and for the accomplishment of such purposes; and

Whereas, the City and County desires to employ or secure the services of said contractor as herein provided to advertise, exploit and make known the resources and advantages of said City and County for the purpose of inducing immigration thereto and increasing the trade and commerce thereof;

Now, therefore, in consideration of the mutual promises and agreements contained herein it is hereby agreed as follows:

1. The contractor agrees to render to the City and County service for the term commencing with the date hereof and ending June 30, 1936, and in the performance of said service to actively and continuously promote the interests of the City and County by advertising, exploiting and making known, as hereinafter provided, its resources and advantages for the purpose of inducing immigration thereto and increasing the trade and commerce of said City and County, the work to be done, the services to be rendered and materials to be supplied for the purposes aforesaid to be that outlined in the plan or plans to be hereafter submitted by the contractor to the Board of Supervisors of said City and County within the current and succeeding fiscal years as hereinafter provided;

2. The contractor for each fiscal year within the term of this contract shall submit to said Board of Supervisors a plan or plans outlining for such fiscal year generally the work to be done, the services to be rendered and the materials to be supplied under authority of this contract and the general manner of the performance thereof proposed and the estimated cost thereof. The Board of Supervisors may approve such plan or plans (including the estimated cost thereof), modify or alter the same in any particular acceptable to the contractor, or may finally reject any such plan in its entirety or may direct the submission of a new plan which may be approved, modified, altered or rejected in the same manner. Upon the final approval of any such plan, including the estimated cost thereof, and for the execution thereof by said contractor, the City and County shall pay the contractor upon its demand, as hereinafter provided, the cost of executing said plan, which shall not, as to any item thereof, exceed the approved estimated cost as hereinabove provided, by more than ten per cent (10%) thereof and which shall not in all exceed the amount limited for any fiscal year as hereinafter provided.

3. The contractor shall submit any plan herein referred to in duplicate in a written communication addressed to the Clerk of the Board of Supervisors of said City and County and the acceptance of any such plan and the estimated cost thereof by said Board of Supervisors may be noted by endorsement thereon stating the fact and date of approval and signed by the Mayor of said City and County and attested by said Clerk under the seal of said City and County and one copy of said plan so endorsed shall thereupon be delivered to said contractor by said Clerk.

4. The obligation of the City and County to the contractor for any work done or services rendered or material supplied in the current fiscal year in executing any plan or plans approved as aforesaid under authority of this contract may equal but shall not exceed the sum of fifty thousand dollars (\$50,000).

5. All moneys due said contractor under this contract shall be paid upon demands presented and audited as required by the provisions of the Charter of said City and County as in force at the time when such demands are so presented and audited, and such demands shall

be supported by a statement of the contractor showing the amount expended or liabilities incurred, forming the basis of such claim, in executing such plan or plans as may, under authority of this contract, be approved as hereinabove provided.

6. The term of this contract shall be from the date hereof to and including the thirtieth day of June, 1936. The obligation of the City and County to the contractor for any work done or services rendered or materials supplied in the fiscal years which succeed the current fiscal year and are within the term of this contract in executing in any of said fiscal years any plan or plans for such fiscal year approved as aforesaid under authority of this contract may equal but shall not exceed the sum of fifty thousand dollars (\$50,000) for any one of said fiscal years.

7. The cost of executing any plan or plans approved as hereinabove provided shall be paid to the contractor in monthly installments upon demands presented and audited as hereinabove provided until the full amount of said cost limited and hereinabove provided shall have been paid to the contractor.

In witness whereof, in duplicate, said City and County has executed this agreement by causing it to be subscribed by the Mayor of said City and County and the seal of said City and County to be affixed and attested by the Clerk of the Board of Supervisors of said City and County, and the said contractor has caused this agreement to be executed by its president and secretary thereunto duly authorized by its board of directors and its corporate seal to be hereto affixed, the day and year first above written.

CITY AND COUNTY OF SAN FRANCISCO,

By
Mayor of the City and County of
San Francisco.

Attest:
Clerk of the Board of Supervisors of the City
and County of San Francisco.

SAN FRANCISCO CHAMBER OF COMMERCE,

By
President,

By
Secretary.

Now, therefore, be it Resolved, That the City and County of San Francisco do make and enter into such a contract with said San Francisco Chamber of Commerce and that the Mayor of the City and County of San Francisco be and he is hereby authorized and directed to sign and execute said contract in duplicate in the name and on behalf of the City and County of San Francisco and that the Clerk of the Board of Supervisors of said City and County of San Francisco be and he is hereby authorized and directed to attest the same in duplicate with his signature and the seal of the City and County of San Francisco and to deliver one copy thereof so executed to said San Francisco Chamber of Commerce.

Widening Roadway at Clay Street and The Embarcadero.

Supervisor Shannon presented:

Resolution No. ————— (New Series), as follows:

Whereas, the City and County of San Francisco, in conjunction with the State of California, did heretofore purchase certain real property on the northwest corner of Clay street and The Embarcadero, for the purpose of widening the roadway at the junction of Clay street and The Embarcadero, the purchase price of said property being paid as follows: by the State of California, through the Board of State Harbor Commissioners, the sum of \$150,000; by the City and County of San Francisco, the sum of \$55,000; and the ownership in said property being as follows, to wit: The State of California, 150/205ths thereof; the City and County of San Francisco, 55/205ths thereof; and

Whereas, for the purpose of conveyance, the title to said property was taken in the name of the California Pacific Title and Trust Company, and said California Pacific Title and Trust Company holds title to said property for the benefit of the State of California and the City and County of San Francisco, in the proportions hereinbefore set forth; and

Whereas, it is now necessary that certain portions of said property be taken for the purposes for which said property was acquired, and to that end that certain leases heretofore existing on said property should be canceled; now therefore, be it

Resolved, That the City and County of San Francisco does hereby consent to the using of such portions of the above mentioned property as may be necessary for the widening of Clay street and The Embarcadero at the junction of said streets, in accordance with the plans for said widening as prepared by the Engineer of the State Board of Harbor Commissioners, and that such portions of said buildings may be removed and demolished as may be necessary for the widening of said streets, and that the cost of widening said streets and the demolition of said buildings may be paid from the revenues heretofore accrued or hereafter accrued from said buildings, and now in the possession of, or hereafter to be received by said California Pacific Title and Trust Company;

And be it Further Resolved, That said California Pacific Title and Trust Company be, and it is hereby authorized to cancel the lease of Foster & Kleiser for the use of the roof of said building, upon said Foster & Kleiser paying to said California Pacific Title and Trust Company the rental due on said lease to the 1st day of December, 1931, to wit, the sum of \$875;

And be it Further Resolved, That said California Pacific Title and Trust Company take such steps as may be necessary to terminate any other lease in said building on said above mentioned property as may be necessary to obtain possession of such portions of said building as may have to be demolished in order to provide for the widening of said above mentioned streets;

And be it Further Resolved, That His Honor the Mayor be, and he is hereby authorized, empowered and directed to take any action and to execute all necessary documents, instruments and papers for and on behalf of the City and County of San Francisco as may be necessary to carry out the purposes of this resolution.

Directing City Attorney to Intervene in Suit, Garland Company, Ltd., vs. Board of Directors of Golden Gate Bridge and Highway District and W. W. Felt, Jr., Its Secretary.

Supervisor Gallagher presented:

Resolution No. 35498 (New Series), as follows:

Resolved, That whereas an action has been commenced in the Southern Division of the United States District Court for the Northern District of California by Garland Company, Ltd., a corporation, as plaintiff, vs. The Board of Directors of Golden Gate Bridge and Highway District, and W. W. Felt, Jr., its secretary, which action is numbered in equity No. 3109-K, and

Whereas, said action was brought for the purpose of attacking the organization of said Golden Gate Bridge and Highway District, and preventing the financing of the Golden Gate Bridge, and the sale of the bonds of the said district, and the construction of the Golden Gate Bridge is for the best interests of the City and County of San Francisco, and the successful prosecution of said litigation is inimical to this City and County;

Now, therefore, the City Attorney of this City and County is hereby directed to intervene in said suit in behalf of the defendants therein named, or in lieu of such intervention is directed to take such steps as he may deem necessary and proper for the purpose of successfully defending said action.

Be it Further Resolved, That the rapid and successful defense of said suit is deemed essential for the successful completion of said Golden Gate Bridge, and therefore the City Attorney is hereby directed to do every act and thing within his power to hasten the said successful defense of said suit.

Limiting Height of Buildings.

Supervisor Gallagher presented:

Bill No. ——— Ordinance No. ——— (New Series), as follows:

Limiting the height of buildings hereafter to be erected in a certain district in the City and County of San Francisco, and establishing the boundaries of said district, and providing penalties for the violation of its provisions.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. No building, except as hereinafter provided, shall be erected in the City and County of San Francisco to a height greater than forty (40) feet, within the territory bounded by Twin Peaks boulevard, Graystone terrace, Pemberton place and Clayton street.

Section 2. No addition to or alteration of improvement of any building within the above-described district shall be made which shall increase the height of any building as limited by this ordinance.

Section 3. No limitation of the height of buildings in the City and County of San Francisco, as provided by this ordinance, shall apply to public buildings, churches, schools, steeples, towers, domes, cupolas, belfries (not used for human occupancy), nor to chimneys, gas holders, skylights, ventilators, pent houses, water tanks, flag staffs, railings, weather vanes, nor to other similar structures such as are usually erected or maintained above the roof line of buildings.

Section 4. The method of determining the height of buildings, for the purpose of this ordinance, shall be the same as provided in Ordinance No. 1008 (New Series), and the provisions of Section 78 shall apply within said territory.

Section 5. No building permit shall be issued by the Board of Public Works for the erection or alteration of any building or structure contrary to the provisions of this ordinance, and any permit so issued shall be void.

Section 6. Any person, firm or corporation violating any provision of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine not exceeding \$500 or by imprisonment for a term of not exceeding six months, or by both such fine and imprisonment. Such persons, firm or corporation shall be deemed guilty of a separate offense for each and every day during any portion of which such violation of this ordinance is committed, continued or permitted by such person, firm or corporation, as herein provided.

Section 7. This ordinance shall take effect immediately.

City Attorney Requested to Advise if There Has Been a Compliance With All Conditions of the Franchise Granted to Southern Pacific-Golden Gate Ferries, Ltd.

Supervisor Gallagher presented:

Resolution No. 35500 (New Series), as follows:

Whereas, There is provided in the franchise granted to the Southern Pacific-Golden Gate Ferries, Ltd. by the Board of Supervisors, a condition requiring construction and extension of piers and terminals in conjunction with the development of Aquatic Park; and

Whereas, The Board of Supervisors are required to give sixty (60) days' notice to the Southern Pacific-Golden Gate Ferries Ltd. when a failure to meet the conditions of the franchise exists; now, therefore, be it

Resolved, That the City Attorney is hereby requested to advise this Board of Supervisors if all terms and conditions of the Southern Pacific-Golden Gate Ferries, Ltd. franchise have been complied with by said company.

Adopted by the following vote:

Ayes—Supervisors Andriano, Breyer, Canepa, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncoviari, Shannon, Spaulding, Stanton, Suhr—17.

Construction of Golden Gate Bridge.

Supervisor Gallagher presented the following communication:

Board of Supervisors, San Francisco, California.

Gentlemen: The Divisional Highway Association, in regular meeting December 10, resolved as follows:

It is the sense of the Divisional Highway Association that the Golden Gate bridge must be built without delay, and to this end every lawful means must be brought into action to remove the opposition now being exerted by corporate interests to obstruct and delay the immediate commencement of the work. This association will co-operate in every way and to its full power to assist those responsible for the construction of the bridge to bring to an end all measures tending to obstruct the carrying out of the Golden Gate bridge project.

HENRY BECKER, President.

DOUGLAS KLINE, Secretary.

Investigation of Franchises of Southern Pacific-Golden Gate Ferries, Ltd.

Supervisor Stanton presented:

Resolution No. ————— (New Series), as follows:

Whereas, Southern Pacific-Golden Gate Ferries, Ltd., a corporation, is alleged to hold certain franchises heretofore supposedly granted by this Board of Supervisors of the City and County of San Francisco to predecessors in interest of said Southern Pacific-Golden Gate Ferries, Ltd.; and

Whereas, said franchises, if valid and if in existence, permit the operation of certain ferries by said corporation to Sausalito, Marin County, California; to Oakland, Alameda and Berkeley, Alameda County, California, and to Vallejo, Solano County, California; and

Whereas, the citizens of this City and County, by a vote of three to one, have approved the construction of the Golden Gate bridge, from this City and County to Marin County; and

Whereas, the construction of said bridge is for the best interests of the City and County of San Francisco, and the early commencement of the construction of said bridge will assist in the solution of the unemployment problem of the City and County of San Francisco; and

Whereas, said Southern Pacific-Golden Gate Ferries, Ltd., has interposed obstacles in the way of the speedy construction and early completion of said Golden Gate bridge, for selfish and partisan motives, and said action of said corporation is against the interests of the people of this City and County; and

Whereas, this Board of Supervisors is of the opinion that a corporation whose activities are inimical to the interests of the people of this City and County should not be favored by the people of this City and County; now, therefore,

Resolved, That the City Attorney is hereby directed to investigate all franchises now held by Southern Pacific-Golden Gate Ferries, Ltd., in order to ascertain whether the same may be cancelled, annulled or revoked upon any legal and proper ground, and that if such legal and proper ground exists for the cancellation, revocation or annulment of any of said franchises, that said City Attorney be and he is hereby directed to take such steps as may be necessary or proper to effect such cancellation, revocation or annulment.

Referred to Public Utilities Committee.

Requesting Board of Health to Establish Minimum Standards for Clinics.

Supervisor Garrity presented:

Resolution No. 35501 (New Series), as follows:

Whereas, the San Francisco County Medical Society declares that many clinics now existing in San Francisco are operating without adhering to recognized minimum standards, and are not required to obtain a license; now, therefore, be it

Resolved, That the Board of Health is hereby respectfully requested to publish minimum standards for clinics and to recommend proper legislation for the licensing of said clinics.

Adopted by the following vote:

Ayes—Supervisors Andriano, Breyer, Canepa, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—17.

Contract With San Francisco Chamber of Commerce for Publicity for the City and County.

On recommendation of Public Welfare Committee.

Resolution No. 35505 (New Series), as follows:

Whereas, The San Francisco Chamber of Commerce, a non-profit corporation, among other activities is engaged in advertising the resources of said City and County of San Francisco, encouraging the trade and commerce thereof, inducing immigration thereto and conducting exhibitions therein, and for those purposes spends upwards of fifty thousand dollars annually; and

Whereas, the City and County of San Francisco is desirous of advertising and exploiting and making known the resources and advantages of the City and County for the purpose of increasing immigration to and increasing the trade and commerce thereof; and

Whereas, the San Francisco Chamber of Commerce is well equipped as an agency for the performance of such work and for the accomplishment of such purposes and has offered to serve the City and County as such an agency and has agreed to enter into a contract in that behalf with the City and County of San Francisco in form as hereinafter set forth; and

Whereas, said contract with said City and County of San Francisco which said San Francisco Chamber of Commerce has offered to make and enter is in words and figures as follows, to-wit:

Agreement.

This agreement, made and entered into this ——— day of July, 1931, by and between the City and County of San Francisco, a municipal corporation organized and existing under and by virtue of the laws of the State of California (hereinafter called the "City and County"), and the San Francisco Chamber of Commerce, a corporation organized and existing under and by virtue of the laws of the State of California (hereinafter called the "Contractor").

Witnesseth:

Whereas, the City and County is desirous of advertising, exploiting and making known the resources of the City and County for the purpose of inducing immigration to and increasing the trade and commerce of said City and County and of advertising and exhibiting for said purposes the agricultural, horticultural, industrial, commercial, climatic, educational, recreational, artistic, musical, cultural and other resources and advantages of said City and County; and

Whereas, a valuable opportunity for the effective advertising, exploiting and making known the resources and advantages of said City and County for the purposes aforesaid is available through the dissemination of literature, facts and figures and other written or printed matter setting forth said resources and advantages and also by the intelligent and effective presentation of the advantages and resources of said City and County by highly trained representatives thoroughly conversant with all of the facts, through correspondence, personal contacts, speeches, addresses, and other means; and

Whereas, to advertise, exploit and make known said resources and

advantages effectively for the purposes aforesaid, proper surveys, analyses and classifications thereof must be carefully and accurately prepared and kept up to date by those experienced in such work, and domestic and foreign trade opportunities must be sought and explored, encouraged and developed by those qualified for such efforts, and full information of said resources and advantages must be currently developed by competent persons and be so kept as to be available promptly to those who may be interested in visiting or residing in said City and County or establishing a business therein or business connections therewith, or otherwise interested in any activity which may increase the trade or commerce of said City and County or induce immigration thereto; and

Whereas, the said contractor is well equipped as an agency for the performance of such work and for the accomplishment of such purposes; and

Whereas, the City and County desires to employ or secure the services of said contractor as herein provided to advertise, exploit and make known the resources and advantages of said City and County for the purpose of inducing immigration thereto and increasing the trade and commerce thereof;

Now, therefore, in consideration of the mutual promises and agreements contained herein it is hereby agreed as follows:

1. The contractor agrees to render to the City and County service for the term commencing with the date hereof and ending June 30, 1936, and in the performance of said service to actively and continuously promote the interests of the City and County by advertising, exploiting and making known, as hereinafter provided, its resources and advantages for the purpose of inducing immigration thereto and increasing the trade and commerce of said City and County, the work to be done, the services to be rendered and materials to be supplied for the purposes aforesaid to be that outlined in the plan or plans to be hereafter submitted by the contractor to the Board of Supervisors of said City and County within the current and succeeding fiscal years as hereinafter provided;

2. The contractor for each fiscal year within the term of this contract shall submit to said Board of Supervisors a plan or plans outlining for such fiscal year generally the work to be done, the services to be rendered and the materials to be supplied under authority of this contract and the general manner of the performance thereof proposed and the estimated cost thereof. The Board of Supervisors may approve such plan or plans (including the estimated cost thereof), modify or alter the same in any particular acceptable to the contractor, or may finally reject any such plan in its entirety or may direct the submission of a new plan which may be approved, modified, altered or rejected in the same manner. Upon the final approval of any such plan, including the estimated cost thereof, and for the execution thereof by said contractor, the City and County shall pay the contractor upon its demand, as hereinafter provided, the cost of executing said plan, which shall not, as to any item thereof, exceed the approved estimated cost as hereinabove provided, by more than ten per cent (10%) thereof and which shall not in all exceed the amount limited for any fiscal year as hereinafter provided.

3. The contractor shall submit any plan herein referred to in duplicate in a written communication addressed to the Clerk of the Board of Supervisors of said City and County and the acceptance of any such plan and the estimated cost thereof by said Board of Supervisors may be noted by endorsement thereon stating the fact and date of approval and signed by the Mayor of said City and County and attested by said Clerk under the seal of said City and County and one copy of said plan so endorsed shall thereupon be delivered to said contractor by said Clerk.

4. The obligation of the City and County to the contractor for any work done or services rendered or material supplied in the current

fiscal year in executing any plan or plans approved as aforesaid under authority of this contract may equal but shall not exceed the sum of fifty thousand dollars (\$50,000).

5. All moneys due said contractor under this contract shall be paid upon demands presented and audited as required by the provisions of the Charter of said City and County as in force at the time when such demands are so presented and audited, and such demands shall be supported by a statement of the contractor showing the amount expended or liabilities incurred, forming the basis of such claim, in executing such plan or plans as may, under authority of this contract, be approved as hereinabove provided.

6. The term of this contract shall be from the date hereof to and including the thirtieth day of June, 1936. The obligation of the City and County to the contractor for any work done or services rendered or materials supplied in the fiscal years which succeed the current fiscal year and are within the term of this contract in executing in any of said fiscal years any plan or plans for such fiscal year approved as aforesaid under authority of this contract may equal but shall not exceed the sum of fifty thousand dollars (\$50,000) for any one of said fiscal years.

7. The cost of executing any plan or plans approved as hereinabove provided shall be paid to the contractor in monthly installments upon demands presented and audited as hereinabove provided until the full amount of said cost limited and hereinabove provided shall have been paid to the contractor.

In witness whereof, in duplicate, said City and County has executed this agreement by causing it to be subscribed by the Mayor of said City and County and the seal of said City and County to be affixed and attested by the Clerk of the Board of Supervisors of said City and County, and the said contractor has caused this agreement to be executed by its president and secretary thereunto duly authorized by its board of directors and its corporate seal to be hereto affixed, the day and year first above written.

Ordinance Regulating Sale of Electrical Materials, Devices, Etc.

On recommendation of Lighting Committee.

Bill No. 9531, Ordinance No. 9120 (New Series), as follows:

An ordinance regulating the sale or exposure for sale in the City and County of San Francisco of any electrical material, device or appliance designed for attachment to or installation in or on any electrical circuit or system for light, heat or power; providing that only such materials, devices or appliances shall be sold, offered for sale, or exposed for sale which are approved for sale, installation and use in accordance with the provisions of this ordinance; providing that the maker's name, trade-mark or other identification symbol shall be placed thereon, together with appropriate ratings necessary to determine the purpose for which intended, and that same shall not be removed, altered, changed or defaced; and providing for penalties for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Every person, firm or corporation, before selling, offering for sale, or exposing for sale any electrical material, device or appliance designed for attachment to or installation in or on any electrical circuit or system for light, heat or power, shall first determine if such material, device or appliance is approved for installation and use in the City and County of San Francisco in accordance with the provisions of this ordinance; and it shall be unlawful for any person, firm or corporation, or any principal agent or employee thereof, to sell, offer for sale, or expose for sale any such material, device or appliance which does not comply with all of the provisions of this ordinance.

Section 2. All electrical devices or appliances, including materials used in installation thereof, or in the installation of the necessary wiring for the utilization of electricity for light, heat or power, shall be only those which are approved for the purpose intended, and the maker's name, trade-mark or other identification symbol shall be placed thereon, together with such other markings giving voltage, current, wattage or other appropriate ratings as may be necessary to determine the purpose and use for which intended; and it shall be unlawful for any person, firm or corporation to remove, alter, change or deface the maker's name, trade-mark or other identification symbol, or any of the necessary rating markings required by this ordinance.

Section 3. The Chief of the Department of Electricity of the City and County of San Francisco is hereby authorized and empowered to enforce all of the provisions of this ordinance, and to make, adopt and promulgate such rules, regulations and specifications as may be necessary or useful in determining conformity of electrical materials, devices and appliances with approved methods of construction for safety to life and property, upon which approval for sale in the City and County of San Francisco shall be based. Conformity of electrical materials, devices and appliances with standards of Underwriters' Laboratories, Inc., as approved by the American Standards Association, and other standards approved by the American Standards Association, shall be prima facie evidence that such electrical materials, devices and appliances comply with the requirements of this ordinance.

Section 4. The Chief of the Department of Electricity may grant "provisional approval" of electrical materials, devices or appliances under the following conditions:

(a) Where no standard has been prepared or adopted to which they should conform.

(b) Where no other materials, devices or appliances of similar type are regularly listed or approved.

(c) Temporary acceptance, in emergency, may be given to materials, devices and appliances not listed by Underwriters' Laboratories, Inc., provided such materials, devices or appliances have been submitted to the Laboratories for test and approval. Such temporary acceptance will ordinarily be granted for a period of 90 days only.

"Provisional approval" (except where no standard has been prepared or adopted to which they should conform) applies only to the particular sample so "provisionally approved" and not to the line as manufactured, stored, sold, installed or attached, and shall be granted only for such materials, devices and appliances which, in the opinion of the Chief of the Department of Electricity, are reasonably safe.

Section 5. Any person, firm or corporation, or any principal, agent or employee thereof, violating any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than three hundred dollars (\$300.00), or by imprisonment in the city jail for a period of not more than ninety (90) days, or by both such fine and imprisonment.

Section 6. If any section, sub-section, sentence, clause or phrase of this ordinance is, for any reason, held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors of the City and County of San Francisco hereby declares that it would have passed this ordinance and each section, sub-section, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, sub-sections, sentences, clauses or phrases be declared unconstitutional.

Section 7. All ordinances or parts of ordinances conflicting with the provisions of this ordinance are hereby repealed.

Section 8. This ordinance shall take effect thirty days after its passage and publication.

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovi, Shannon, Spaulding, Stanton, Suhr—17.

Chair (Supervisor Hayden) ruled notice of reconsideration out of order.

Whereupon, Supervisor Peyser appealed from the decision of the Chair.

Thereupon, Supervisor Shannon put the question: "Shall the decision of the Chair be the decision of the Board?" and the Chair was *sustained* by the following vote:

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Power, Shannon, Spaulding, Stanton, Suhr—11.

Noes—Supervisors Andriano, McSheehy, Miles, Peyser—4.

Absent—Supervisors McGovern, Roncovieri—2.

Excused from voting—Supervisor Hayden—1.

Statement for the Record.

Supervisor Peyser: I make the statement for the record that as a member of this Board I have asked for the opinion of the City Attorney before the vote on the appeal from the decision of the Chair which right has been denied me, and the appeal has been called for in the face of that, without the ruling of the City Attorney. I ask also, that the matter be held up and be not signed by the Mayor until the opinion of the City Attorney is obtained.

PRESENTATION OF BILLS AND ACCOUNTS.

Jitney Ordinance Amendment.

On recommendation of Police Committee.

Bill No. 9535, Ordinance No. ——— (New Series), as follows:

Amending Sections 3 and 5 of Ordinance 3212 (New Series), entitled "Regulating the use of the streets of the City and County of San Francisco by self-propelled motor vehicles carrying passengers for hire, and providing for the licensing of such vehicles and for the penalty for a violation of said ordinance."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Sections 3 and 5 of Ordinance 3212 (New Series), the title of which is recited above, are hereby amended so as to read as follows:

Section 3. Application for a "jitney bus" permit shall be made in writing and filed with the Chief of Police annually on or before the fifteenth day of December and shall state:

(a) The type of motor vehicle and the name of the manufacturer or popular name thereof;

(b) The horsepower thereof;

(c) The factory number and State license number thereof;

(d) The seating capacity thereof according to its trade rating;

(e) The name of the owner or lessee and of the person to be in immediate charge thereof as operator or chauffeur and the number of his State license;

(f) That the operator is a citizen of the United States and has been a resident of the City and County of San Francisco for more than one (1) year; or now has a permit and has heretofore taken out his first papers;

(g) Whether the driver has had a six months' experience in operating automobiles over the streets of the City and County of San Francisco as hereinafter provided;

(h) That the driver is physically qualified to drive a motor car safely and that said driver's hearing and eyesight are unimpaired;

(i) *The streets over which the applicant proposes to operate;*

(j) The driver shall pass an oral examination as to knowledge of traffic laws and rules of the City and County;

(k) The signature of each applicant shall be acknowledged before a notary public or some other officer or magistrate duly authorized to administer oaths. At the same time and in the same manner as herein provided application shall be made to renew the chauffeur's permit by each and every operator or chauffeur of a "jitney bus."

Section 5. The Police Commission shall, without unnecessary delay, hear such application and shall grant the same unless it shall appear:

(a) That the bond or insurance policy herein required is insufficient to properly safeguard the public interest and safety;

(b) That the vehicle for which the permit is applied for is inadequate or unsafe for the purpose intended or insufficiently equipped with skid chains or other safety devices;

(c) That the operator is incompetent or has not had sufficient experience in driving an automobile in the City and County of San Francisco, or is not of good moral character, or has heretofore violated any of the provisions of this ordinance or the laws of the State of California;

(d) That the driver is not physically qualified to drive a motor car safely or possesses defective eyesight or hearing;

(e) *That the route over which the applicant proposes to operate will be rendered hazardous to life or property, or that undue congestion of traffic will be caused thereon by, and through, the operation of jitney busses. But in passing upon this question the Board of Police Commissioners shall exercise a sound and reasonable discretion, and the permit shall be granted unless public interest and safety may otherwise require;*

(f) Permit shall be numbered, and such number, not less than three (3) inches in height and one-half ($\frac{1}{2}$) inch wide shall be affixed to the bus with such conspicuousness as may be required by the Chief of Police.

All metal permit tags shall be obtained from the office of the Tax Collector upon receipt of proper notification by the latter office from the Chief of Police.

Section 2. This ordinance shall take effect immediately.

Investigation of Franchises of Southern Pacific-Golden Gate Ferries, Ltd.

Also, Resolution No. 35525 (New Series), as follows:

Whereas, Southern Pacific-Golden Gate Ferries, Ltd., a corporation, is alleged to hold certain franchises heretofore supposedly granted by this Board of Supervisors of the City and County of San Francisco to predecessors in interest of said Southern Pacific-Golden Gate Ferries, Ltd.; and

Whereas, said franchises, if valid and if in existence, permit the operation of certain ferries by said corporation to Sausalito, Marin County, California; to Oakland, Alameda and Berkeley, Alameda County, California, and to Vallejo, Solano County, California; and

Whereas, the citizens of this City and County, by a vote of three

to one, have approved the construction of the Golden Gate bridge, from this City and County to Marin County; and

Whereas, the construction of said bridge is for the best interests of the City and County of San Francisco, and the early commencement of the construction of said bridge will assist in the solution of the unemployment problem of the City and County of San Francisco; and

Whereas, said Southern Pacific-Golden Gate Ferries, Ltd., has interposed obstacles in the way of the speedy construction and early completion of said Golden Gate bridge, for selfish and partisan motives, and said action of said corporation is against the interests of the people of this City and County; and

Whereas, this Board of Supervisors is of the opinion that a corporation whose activities are inimical to the interests of the people of this City and County should not be favored by the people of this City and County; now, therefore,

Resolved, That the City Attorney is hereby directed to investigate all franchises now held by Southern Pacific-Golden Gate Ferries, Ltd., in order to ascertain whether the same may be cancelled, annulled or revoked upon any legal and proper ground.

Changing and Reestablishing Grades on Hamilton Street Between Burrows and Bacon Streets.

Also, Bill No. 9537, Ordinance No. ——— (New Series), as follows:

Changing and reestablishing the official grades on Hamilton street between Burrows and Bacon streets.

Whereas, the Board of Supervisors, on the written recommendation of the Board of Public Works, did on the seventh day of October, 1931, by Resolution No. 35153 (New Series), declare its intention to change and reestablish the grades on Hamilton street between Burrows and Bacon streets.

Whereas, said resolution was so published for ten days, and the Board of Public Works within ten days after the first publication of said resolution of intention caused notices of the passage of said resolution to be conspicuously posted along all streets specified in the resolution, in the manner and as provided by law; and

Whereas, more than forty days has elapsed since the first publication of said resolution of intention; therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The grades on the following named streets at the points hereinafter named and at the elevations above City base as hereinafter stated, are hereby changed and established as follows:

Hamilton street.

Burrows street southerly line, 159 feet (the same being the present official grade.)

Improvement of Garfield Street.

On recommendation of Streets Committee.

Bill No. 9538, Ordinance No. ———— (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works, in written communication filed in the office of the Clerk of the Board of Supervisors December 8, 1931, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in twenty installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be six months from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of Garfield street from Orizaba avenue to the easterly line of Head street, the crossing of Orizaba avenue with Grafton avenue and Garfield street, respectively, and the crossing of Bright street with Garfield street, by grading to official line and grade; by the construction of unarmored concrete curbs; by the construction of one-course concrete sidewalks of the full official width on the angular corners thereof; by the construction of brick catchbasins with accompanying 10-inch vitrified clay pipe culverts; by the construction of 8-inch and 12-inch vitrified clay pipe sewers with accompanying manholes, Y branches and side sewers; and by the construction of an asphalt-concrete pavement, consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch Class "F" concrete base on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

That in the opinion of the said Board of Public Works the proposed work or improvement is of more than local or ordinary benefit, and that the assessment to defray the costs and expenses thereof can be more equitably imposed upon the property benefited thereby, and, there-

fore, the said Board does hereby determine and declare that the expense of such work or improvement be made chargeable upon a district, in accordance with the provisions of Section 5 of the Street Improvement Ordinance of 1918 of said City and County, and does hereby set out the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof, as follows:

Beginning at a point on the easterly line of Head street 90.819 feet southerly from the intersection formed by the easterly line of Head street and the southerly line of Garfield street; thence northerly along the easterly line of Head street to a point 96.889 feet northerly from the northerly line of Garfield street; thence at right angles easterly to the easterly line of Bright street; thence at right angles northerly 25 feet; thence at right angles easterly 100 feet; thence at right angles northerly 25 feet; thence at right angles easterly to the westerly line of Orizaba avenue; thence southerly along the westerly line of Orizaba avenue to a point 202.904 feet southerly from the southerly line of Garfield street; thence westerly to the point of beginning, excepting and excluding all public streets.

The crossing of Garfield and Bright streets, and the crossing of Orizaba avenue with Garfield street and Grafton avenue, respectively, shall be improved in accordance with the provisions of Subdivisions 3 and 4 of Section 21 of the Street Improvement Ordinance of 1918.

Section 2. This ordinance shall take effect immediately.

City Attorney to Prepare Legislation Controlling So-Called Charitable Organizations.

On recommendation of Public Welfare Committee.

Resolution No. 35535 (New Series), as follows:

Whereas, through the vigilance of our daily newspapers it has been brought to the attention of the authorities that a fraud is being perpetrated upon the people of our City through the collection of funds by organizations purporting to be charitable in nature and which in reality are merely avaricious individuals masquerading as apostles of mercy, and whose sole purpose is their own financial enhancement; and

Whereas, such deplorable actions are the more despicable because they are accomplished under the guise of charity and constitute a vile imposition upon those earnestly contributing to what is represented as a work of benevolence; and

Whereas, to permit the continuance of such activities would result in a wavering of public belief in all charitable endeavors and would in a measure frustrate the purposes of such legitimate and efficient agencies as the Community Chest and all the other worthy organizations in the City; now, therefore, be it

Resolved, That the City Attorney be and he is hereby authorized and requested to prepare such suitable legislation as will place any new agencies of this type under the surveillance of the municipal authorities and require an investigation as to the necessity for its existence, its purpose and the general procedure under which it proposes to operate.

Establishing Central Permit Bureau.

On recommendation of Supervisors' Charter Committee.

Bill No. 9545, Ordinance No. ——— (New Series), as follows:

An ordinance providing for the establishment of a central permit bureau in the Department of Public Works and for the powers, duties and functions thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A Central Permit Bureau is hereby established in the Department of Public Works. All applications for permits enumerated in Section 2 shall be filed with said bureau. Said bureau shall arrange for the consideration of such applications as require approval of departments and bureaus of the City and County as specified in Section 2 and, on the filing of approval thereof by all interested departments and bureaus, the Central Permit Bureau shall issue the permit applied for and shall collect the fees therefor as fixed by law.

The fees collected by the Central Permit Bureau shall be credited to the account of the department or bureau required by ordinance, pursuant to Section 24 of the Charter, to act thereon. The Controller, in conjunction with the Central Permit Bureau and the departments concerned, shall analyze the cost to the City and County of regulation and inspection required by each such class of permit and shall propose the rates to be fixed therefor by ordinance, which shall be not less than the cost to the City and County of such regulation and inspection.

Section 2. In any case where plans and specifications are by ordinance required to be filed with an application for permit, the Central Permit Bureau shall transmit such plans and specifications to the Bureau of Building Inspection, and other departments or bureaus required to act thereon shall inspect such plans and specifications at the offices of said bureau. The Central Permit Bureau shall receive applications for permits for the following purposes and shall refer such applications or notice thereof, to departments and bureaus designated in connection with each specific purpose, each of which departments and bureaus shall approve or disapprove each such application with due diligence:

(a) For the erection, alteration, reconstruction, shoring, underpinning or demolition of, or the excavation for, any building, including scaffolding required by such operations—to the Bureau of Building Inspection, the Fire Prevention Bureau, the Fire Marshal, the City Planning Commission;

(b) For the construction or maintenance of any scaffolding on or about a building—to the Bureau of Building Inspection; and when in close proximity to electric light and power wires, to the Department of Electricity; also,

(c) For the installation, alteration or reconstruction of any heating or ventilating systems, fixtures or apparatus in or for the use of any building and incinerators or equipment in connection therewith—to the Department of Health, the Fire Prevention Bureau and the Bureau of Building Inspection;

(d) For the installation, alteration or reconstruction of any refrigerating or sprinkler systems, fire appliances and equipment, fixtures or apparatus in and for the use of any building—to the Department of Public Health, Bureau of Building Inspection, Fire Prevention Bureau, and Fire Marshal;

(e) For the connection of any plumbing or drains of any building with the City's sewer system—to the Health Department and the Bureau of Engineering;

(f) For the erection, alteration or reconstruction of any patented chimney or flue—to the Bureau of Building Inspection and the Fire Prevention Bureau;

(g) For the erection, alteration or reconstruction of any billboard—to the City Planning Commission and Bureau of Building Inspection;

(h) For the erection, alteration or reconstruction of any sign, as provided in Ordinance No. 8962 (New Series)—to the City Planning Commission, the Fire Prevention Bureau, and Bureau of Building Inspection;

(i) For the erection, alteration or reconstruction of any tower or tank—to the Bureau of Building Inspection and Fire Prevention Bureau, if for the storage of inflammables, to the Fire Marshal;

(j) For the moving of buildings through or over any public street or way—to the City Planning Commission, Department of Electricity, Bureau of Building Inspection, the Bureau of Engineering and the Chief Engineer of the Fire Department;

(k) For the moving of steam shovels and other apparatus designated by regulations of the Department of Public Works as likely to create traffic obstruction or to crush or injure the pavement of streets—to the Bureau of Engineering and Chief Engineer of the Fire Department;

(l) For the installation, erection, repair or operation of any steam engine, steam boiler, or pressure vessel—to the Bureau of Building Inspection and Fire Prevention Bureau;

(m) For the use of any sub-sidewalk space, exclusive of sub-sidewalk space now in use—to the Bureau of Building Inspection and the Bureau of Engineering;

(n) For the use of any portion of a public street or sidewalk for the placing or storage of materials, appliances or structures used in the erection, alteration or repair of a building—to the Bureau of Building Inspection, the Bureau of Engineering and the Fire Prevention Bureau;

(o) For the excavation of any portion of a public street or sidewalk for the construction or repair of any sub-surface pipe, conduit, cable or tunnel, or for any other purpose—to the Bureau of Engineering and Fire Prevention Bureau;

(p) For any blasting in connection with the construction or demolition of buildings, the construction of streets and other public ways, or the grading of private property—to the Bureau of Engineering and the Fire Marshal notified thereof;

(q) For the street numbering of any building—to the Director of Public Works.

Section 3. The Superintendent of the Bureau of Building Inspection, in conjunction with the Chief of the Department of Electricity, the Chief Inspector of Plumbing and Drainage of the Health Department, the officer in charge of the Fire Prevention Bureau, the Fire Marshal and the Secretary of the City Planning Commission, shall fix regular meeting times at a designated place in the City Hall, at which times and place representatives of the several departments will be in attendance for conference with applicants for permits as to any details of plans and specifications requiring alteration or modification before said application may be approved.

Section 4. The Central Permit Bureau shall issue certificates of occupancy for buildings erected, altered or reconstructed under building permits as hereinbefore provided. Before any such certificate of occupancy may be issued by the Central Permit Bureau, it shall secure a certificate of completion or a certificate of partial completion from the Bureau of Building Inspection and shall likewise secure approval of the proposed occupancy from the Health Department, the Department of Electricity, the Fire Prevention Bureau and Fire Marshal.

Section 5. Clerical employments in the several departments or bureaus heretofore assigned to the duties of receiving and filing applications for permits, issuing and recording permits, and receiving fees in payment thereof, when such assignment has been for full time or a major portion of the time of any such employee, shall be transferred to the Central Permit Bureau by the Civil Service Commission; provided that employments assigned to the checking and investigation of applications and inspection of work done under permits shall not be included in such transfer, and provided, further, that the reallocation of posi-

tions by such transfer shall not adversely affect the civil service rights of any incumbent regularly holding any position so transferred.

Section 6. This ordinance shall take effect at twelve o'clock noon on January 8, 1932.

Employees' Retirement.

Also, Bill No. 9547, Ordinance No. ——— (New Series), as follows:

An ordinance carrying into effect Sections 158 to 172, both inclusive, of the Charter, which provide, through a retirement system for officers and employees of the City and County of San Francisco, for the payment of retirement allowances to aged and disabled employees and for the payment of death benefits and compensation insurance benefits; prescribing the conditions under which said allowances and benefits shall be paid; fixing rates of contribution and the amounts of retirement allowances and death benefits; and providing for the administration of said retirement system in accordance with the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Definitions.

Section 1. The following words and phrases as used in this ordinance, unless a different meaning is plainly required by context, shall have the following meanings:

(a) "Retirement System" or "System" shall mean "San Francisco City and County Employees' Retirement System" as created in Section 158 of the Charter.

(b) "Employee" shall mean any person in the employ, either as an officer or employee, of the City and County of San Francisco whose compensation is paid wholly out of funds contributed by the City and County; except that, for the purpose of this ordinance, any person employed on the fire boats in the Fire Department or as a teacher shall be considered as "employee", although all or a portion of the compensation of such person is paid out of funds contributed by the State of California.

(c) "Member" shall mean any person included in the membership of the retirement system as provided in Section 2 of this ordinance.

(d) "City" shall mean "City and County of San Francisco."

(e) "Board" shall mean "Retirement Board" as created in Section 159 of the Charter.

(f) "Retirement Fund" shall mean "San Francisco City and County Employees' Retirement Fund" as created and established in Section 7 of this ordinance.

(g) "City service" shall mean service rendered as an employee of the City for compensation, and for the purpose of this ordinance a member shall be considered as being in the "City-service" only while he is receiving compensation from the City for such service.

(h) "Prior service" as applied to:

(1) Persons employed as teachers at the time of their entry into the retirement system and persons, as former teachers, to whom or on account of whose death, payments are made by the retirement system under Section 3 of this ordinance, shall mean City-service, excluding City-service as a member of the San Francisco City Employees' Retirement System, rendered before October 1, 1925.

(2) Persons who are members of the Police or Fire Departments on January 8, 1932, persons employed by the Board of Trustees of the Police Relief and Pension Fund on such date, and former members of such departments, to whom or on account of whose death, payments by the retirement system are made under Section 167 and 170 of the Charter, shall mean City-service rendered as members of the San Francisco Police or Fire Departments, or as employees of said Board, respectively, before January 8, 1932.

(3) Persons referred to in the last two sentences of the first paragraph of Section 158 of the Charter, shall mean city-service, excluding

city-service rendered as lawful members of the San Francisco City Employees' Retirement System, rendered before January 9, 1932.

(4) All other members of the Retirement System and all other persons, as former members of the San Francisco City Employees' Retirement System, to whom or on account of whose death, payments by the Retirement System are made under Section 3 of this ordinance, shall mean city-service rendered before April 1, 1922, except as provided in paragraph (7), subdivision (b), Section 2, of this ordinance.

(i) "Continuous service" shall mean uninterrupted city-service, except that discontinuance of city-service as a member from any cause whatever followed by reentrance into city-service within three years from the date of such discontinuance shall not be considered as a break in the continuity of service, and except that any absence from city-service by reason of service in the military or naval forces of the United States in any war which the United States has engaged or may become engaged shall not be considered as a break in the continuity of service; but time during which a person has been or shall be absent, for any reason, from city-service shall not be included in calculating any benefit under the Retirement System or in determining whether a member qualifies for retirement.

(j) "Beneficiary" shall mean any person in receipt of a retirement allowance, a death benefit or any other benefit from the Retirement System.

(k) "Compensation," as distinguished from benefits under the Workmen's Compensation, Insurance and Safety Law of the State of California, shall mean the remuneration payable in cash by the City plus the monetary value, as determined by the Retirement Board, of board, lodging, fuel, laundry and other advantages allowed as remuneration by the City; and the "compensation" during any fiscal year received by a person as a teacher shall be taken as such an amount as shall bear the same proportion to the total remuneration paid to such teacher by the San Francisco School Department during such fiscal year as the amount contributed during the previous fiscal year by the City to the Common School Fund bears to the total amount contributed to the Common School Fund during the previous fiscal year by the City and by the State of California. In no case, even including two classes of service, shall the "compensation" as defined in this subdivision be taken to exceed five hundred (\$500) dollars per month.

(l) "Compensation earnable" by a member shall mean the average compensation as determined by the Retirement Board upon the basis of the average period of employment of members in the same group or class of employment and at the same rate of pay, but such "compensation earnable" shall not exceed five hundred (\$500) dollars per month.

(m) "Final compensation" shall mean the average compensation earnable by a member during the ten years immediately preceding his retirement.

(n) "Regular interest" shall mean interest at four per centum per annum, compounded at each June thirtieth, subject to the provisions of Subdivision (b), Section 6 hereof, plus such additional interest as the Retirement Board may declare from year to year in accordance with the provisions of this ordinance.

(o) "Normal contributions" shall mean contributions at the rates provided for in Subdivision (b), Section 4 of this ordinance.

(p) "Additional contributions" shall mean contributions at the rates provided for in Subdivision (e), Section 4 of this ordinance.

(q) "Accumulated normal contributions" shall mean the sum of all the normal contributions, deducted from the compensation of a member, standing to the credit of his individual account, together with regular interest thereon.

(r) "Accumulated additional contributions" shall mean the sum of all the additional contributions, deducted from the compensation of a member, standing to the credit of his individual account, together with regular interest thereon.

(s) "Accumulated contributions" shall mean accumulated normal contributions plus accumulated additional contributions plus such contributions, with interest, as may have been made at the rate of two dollars per month.

(t) "Pension" shall mean payments for life derived from contributions made by the City as provided in this ordinance.

(u) "Annuity" shall mean payments for life derived from contributions made by a member as provided in this ordinance.

(v) "Retirement allowance" shall mean the pension plus the annuity.

(w) "Teacher" shall mean any person employed by the school district of the City and County of San Francisco who is entitled also to retirement benefits provided by the State of California under the California Public School Teachers' Retirement Salary Fund or its successor.

(x) "Actuarial equivalent" shall mean a benefit of equal value when computed upon the basis of such mortality tables as shall be adopted by the Retirement Board and interest at four per centum per annum, compounded annually.

(y) "Member of Police Department" or "member of Fire Department" shall mean any officer or employee of the San Francisco Police or Fire Department, respectively, whose employment therein began prior to January 1, 1900, or whose employment therein began or shall begin after that date and was or shall be subject to a Charter maximum age at the time of employment of thirty-five years.

(z) "School Department" shall mean school district of the City and County of San Francisco.

(aa) "The Charter" shall mean the Charter adopted by the voters of the City and County of San Francisco on March 26, 1931, and ratified by the Legislature on April 13, 1931.

(bb) Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural, and the plural the singular.

Membership in Retirement System

Section 2. (a) With the exception of those employees who are excluded from membership as provided in Subdivision (b) of this section, all employees shall become members of the Retirement System as follows:

(1) Every employee who shall be a member of the San Francisco City Employees' Retirement System, now existing, a member of the Police or Fire Department, at twelve o'clock noon on January 8, 1932, or an employee of the Board of Trustees of the Police Relief and Pension Fund on such date, the date upon which the Retirement System becomes effective, shall become a member of the Retirement System upon that date.

(2) Every employee in city-service at 12 o'clock noon on January 8, 1932, and not already a member under the next preceding paragraph (1), shall become a member of the Retirement System on January 9, 1932, provided such employee is certified from a civil service list for permanent employment, is employed by one of the offices referred to in the second sentence of Section 158 of the Charter or is a teacher; otherwise such employee shall become a member of the Retirement System upon the completion of six months of city-service uninterrupted by a break of more than one month.

(3) Every other employee who shall enter City-service after January 8, 1932, shall become a member of the retirement system upon such entry, provided such employee is certified from a civil service list for permanent employment or is a teacher; otherwise such employee shall become a member of the retirement system upon the completion of six months of City-service uninterrupted by a break of more than one month. If the medical examination required of employees included in the two classes set forth in the next preceding sentence shall be unsatisfactory to the Retirement Board, the said board may require such

employees to complete six months of City-service uninterrupted by a break of more than one month as a requisite to membership in the retirement system.

(b) The following employees shall not be members of the retirement system:

- (1) Elective officers and members of boards and commissions.
- (2) Employees, not already members, certified from civil service lists for temporary employment.
- (3) Inmates of City institutions who are allowed compensation for such service as they are able to perform.
- (4) Persons in City institutions principally for the purpose of training, but who receive compensation.
- (5) Persons employed under contract for a definite period and for the performance of specific duties requiring professional or high technical skill.

(6) Employees, not already members, serving on a part-time basis or as substitutes, provided that attorneys employed in the office of the City Attorney, District Attorney or Public Defender on monthly compensation, and surgeons employed in the Emergency Hospital Service, Department of Public Health, on a monthly compensation and required to keep regular hours at least every day except holidays in offices maintained by the City shall not be prevented under this paragraph from being members.

(7) Employees, not already members, engaged outside the City on the Hetch Hetchy project, provided that employees of the Hetch Hetchy project on units certified, from time to time, to the Retirement System by the Utilities Commission as being completed and placed on a permanent operating basis shall not be excluded from membership in the Retirement System under this paragraph, and, also, that employees on the Hetch Hetchy project who shall complete ten years of continuous service on that project shall not be prevented under this paragraph from becoming members of the Retirement System. Any employee on the Hetch Hetchy project, who has been or shall be so excluded from membership in any Retirement System and who has become or shall become a member of such Retirement System through any change in status occasioned by transfer or assignment to other employment or by amendment to the retirement ordinance, shall receive credit for service with the City rendered prior to the date he enters the Retirement System, including service as an employee of the Hetch Hetchy project, in the same manner as credit for prior service is granted to other members.

(8) Employees, not already members, engaged outside the City by the Utilities Commission on construction work for the Water Department, provided that employees on such construction work, certified by the Utilities Commission as being in a permanent status shall not be prevented under this paragraph from being members of the Retirement System.

(9) Persons in city-service on June 28, 1922, who had not at that time affirmatively exercised the option of becoming members of the Retirement System as then provided and whose compensation then equaled or exceeded five hundred (\$500) dollars per month.

(c) It shall be the duty of the head of each office or department to give immediate notice in writing to the Retirement Board of the change in status of any member in his office or department resulting from transfer, promotion, leave of absence, resignation, reinstatement, dismissal, death or other cause. The head of each office or department shall furnish such other information concerning any member as the Board may require.

(d) Each member and beneficiary shall be subject to all the provisions of this ordinance and to all the rules and regulations adopted by the Retirement Board, and shall furnish to the Board such information affecting his status as a member or beneficiary of the System as the Board may require. Should the city-service of any member, in any period of ten consecutive years, amount to less than five years, or

should he die or be retired, or should he be paid more than one-quarter of his accumulated normal contributions, or, if he be a member who does not contribute as provided in subdivision (a), Section 4 of this ordinance, should he resign or be discharged, he shall thereupon cease to be a member.

Retirement Allowances Continued

Section 3. Any person receiving a retirement allowance or other benefit on January 8, 1932, under the San Francisco City Employees' Retirement System, the Police Relief and Pension Fund or the Firemen's Relief Fund, now existing, shall continue to receive such retirement allowance or other benefit, subject to the provisions of this ordinance, to the provisions of Section 166 of the Charter or to the provisions of Section 169 of the Charter, respectively, governing the payment of retirement allowances or other benefits. Such retirement allowances or other benefits, however, shall be paid by the Retirement System beginning with January, 1932.

Contributions

Section 4. (a) Each person who is a member of the Police Department on January 8, 1932, shall contribute two dollars to the Retirement System for each month, beginning with January, 1932, during any part of which he is in city-service as such member. Persons who are members of the Fire Department on January 8, 1932, shall not be required to make any contribution to the Retirement System as such members. If, however, prior to July 1, 1932, such members of the Fire or Police Departments shall exercise affirmatively the option provided in Sections 166 and 169, respectively, of the Charter, of becoming members of the Retirement System under the provisions of Sections 168 and 171, of the Charter respectively, then they shall contribute, effective January 8, 1932, to the Retirement System in accordance with subdivision (b) of this section, any contributions made by such members under the provisions of this subdivision being credited on the contributions required of them under said subdivision (b).

(b) The normal rates of contribution of all other members shall be those adopted by the Retirement Board and shall be based on sex and nearest age at time of entry into the Retirement System, or nearest age at time of entry into the San Francisco City Employees' Retirement System, now existing, if members of that system, such normal rates to be such as will provide, on the basis of experience as interpreted by the actuary, an average annuity at age fifty-five for persons who are members under section 171 of the Charter, equal to three-fourths of one per centum of the final compensation of such members, for each year of service as members, and an average annuity at age sixty-two for all other male members, equal to two-thirds of one per centum, and for all female members, equal to five hundred eighty-six thousandths of one per centum, of the final compensation of such members, for each year of service as members. The actual amount of annuity receivable, however, by a member upon retirement for service shall be the actuarial equivalent of his accumulated contributions as provided in section 10 hereof. The rates so adopted shall remain in full force and effect until revised or changed by the Retirement Board in the manner provided in section 6 of this ordinance.

If a person who is a member under Section 166, Section 168, Section 169 or Section 171 of the Charter shall cease to be a member of the Police or Fire Department and shall be a member under any other section of the Charter, or if the reverse be true, then the accumulated contributions standing to his credit or redeposited by him shall remain in his individual account, and the rate of his contribution thereafter shall be the normal rate provided for in this subdivision for persons in his new group or class of employment and at his age when he first became a member, subject to Section 8 hereof in the event he did not redeposit accumulated contributions withdrawn from the System. In the case of such person who shall cease to be a member under Section 166 or Section 169 of the Charter, the accumulated contributions of

the City held for his benefit on account of city-service rendered after January 8, 1932, shall continue to be held for his benefit and applied at his retirement as provided in this Ordinance.

(c) The normal rate of contribution established for age sixty-one, or age fifty-five for members under section 171 of the Charter, shall be the rate for any member who has attained a greater age before entrance into the Retirement System. In like manner the normal rate of contribution established for age twenty shall be the rate for any member who enters the Retirement System at a lesser age.

(d) The Retirement Board shall certify to the head of the proper office or department and the Controller the normal rate of contribution for each member provided for in subdivision (b) of this section and the amount of contributions provided for in subdivision (a) of this section. The head of such office or department or the Controller shall apply such rate of contribution to so much of the compensation of the member as does not exceed five hundred (\$500) dollars per month to determine the amount to be contributed by each member, and shall furnish immediately to the Retirement Board a copy of each and every such pay-roll; and each of said amounts shall be deducted by the Controller and shall be deposited by the Retirement Board in the Retirement Fund, hereinafter provided for, and shall be credited by the Retirement Board, together with regular interest, to the individual account of the member for whom the contribution was made. The Retirement Board, however, may accept cash payments by any member of amounts necessary to correct or adjust the contribution account of such member, the amount so accepted to be deposited and credited in the same manner as if deducted on a pay-roll and the Controller to be notified of such payment. Every member shall be deemed to consent and agree to the contribution made and provided for herein, and shall receipt in full for his salary or compensation, and payment less said contribution shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except his claims to the benefits to which he may be entitled under the provisions of this ordinance.

(e) Any member, except persons who are members under Sections 166 and 169 of the Charter, may elect to contribute at rates in excess of those provided for in subdivision (b) of this section, for the purpose of providing additional benefits, but the exercise of this privilege by a member shall not place on the city any additional financial obligation. The provisions of subdivision (d) of this section shall apply also to additional contributions. The Retirement Board, upon application, shall furnish to such member information concerning the nature and amount of additional benefits to be provided by such additional contribution.

(f) After the close of each month the Retirement Board shall determine the aggregate amount of the normal contributions for such month, excluding contributions provided for in subdivision (a) of this section, and the portions of such aggregate amount deducted from compensation paid from: (a) funds of operating public utilities, which shall include units of the Hetch Hetchy project certified from time to time by the Utilities Commission as being completed and placed on a permanent operating basis; (b) bond funds not included under the preceding item (a); (c) funds of the San Francisco School Department; (d) County Roads Fund; (e) other special funds; (f) all other sources. There shall be paid to the Retirement Fund from each of the funds included under items (a), (b), (c), (d) and (e), as set forth in the immediately preceding sentence, an amount equal to the total normal contributions deducted from compensation paid from such fund. The Board shall certify to the Controller the amount of normal contributions deducted from compensation paid from all other sources as set forth in item (f), and the Controller shall charge an equal amount to the appropriation for the Retirement System in the budget

for the then current fiscal year. Nothing in this subdivision (f), however, shall prevent the determination of the amount of normal contributions deducted from compensation paid from any fund, on payrolls carrying compensation from more than one fund, as being the amount which bears the same ratio to the total normal contributions deducted on such roll as the compensation paid from such fund bears to the total compensation paid from all funds on such roll.

(g) The city shall pay to the Retirement System an amount equal to the contributions, improved with interest at the rate of four per centum per annum, compounded at June 30th of each year, from the first day of the month following that for which the contribution was made to January 8, 1932, made to the Police Relief and Pension Fund by persons who are members of the Police Department on January 8, 1932. The individual account of each of such persons shall be credited with that portion of such accumulated contributions, which is made up of contributions, with interest, made by him to such fund. Any balance due under this paragraph from the city to the Retirement System on and after January 8, 1932, shall be improved with regular interest on and after that date.

(h) There shall be paid into the Retirement Fund, by contributions of the city, the amounts necessary to pay all pensions and all other benefits allowable under this ordinance to members on account of prior service. Until the amount accumulated in the Retirement Fund becomes not less than the present value of all amounts thereafter payable from the Retirement Fund, the amount due in each fiscal year to the said fund under this subdivision shall be the amount payable from said fund in such fiscal year on account of prior service. Such portion of the amount as is annually due to the Retirement Fund on account of prior service rendered by persons as employees of municipally owned operating public utilities, which shall include units of the Hetch Hetchy project certified from time to time by the Utilities Commission as being completed and placed on a permanent operating basis, or on account of prior service rendered by persons as employees of the San Francisco School Department, shall be paid from the funds of such public utilities or from the funds of the San Francisco School Department, respectively, provided that no amount due to the Retirement Fund on account of prior service rendered by persons receiving retirement allowances under the provisions of subdivision (c), Section 165 of the Charter, shall be paid from the funds of the San Francisco School Department. After the close of each month, the Board shall certify to the Controller the amount due to the Retirement Fund under this subdivision on account of prior service rendered by persons other than employees of such public utilities and the School Department, and the Controller shall charge an equal amount to the appropriation for the Retirement System in the budget for the then current fiscal year.

(i) The administrative costs of the Retirement System shall be met by contributions of the city, such contributions to be charged against the appropriation for the system in the budget for the then current fiscal year and paid from other funds as determined by the Controller on the basis of information furnished by the Retirement Board.

(j) During each fiscal year the Retirement Board shall certify to the Controller the amount of the contribution required of the city for such year on account of service rendered during such year by persons who are members of the Retirement System under Sections 166 and 169 of the Charter, and the Controller shall charge an equal amount to the appropriation for the Retirement System in the budget for the then current fiscal year.

(k) All assets and all records of the San Francisco City Employees' Retirement System, the Police Relief and Pension Fund and the Firemen's Relief Fund, now existing, shall be transferred on January 8, 1932, to the Retirement System to be held for the same purpose as under the Retirement System or fund from which they were trans-

ferred, beneficiaries nominated in such records to continue until changed as provided herein.

(1) During the fiscal year beginning July 1, 1932, and during each fiscal year thereafter, the Retirement Board shall determine, on the basis of payrolls, the amount of contributions required, during such fiscal year, of the city under the Compensation, Insurance and Safety Law of the State of California, as provided in Section 16 of this ordinance, such contributions to be segregated as to funds in the manner required for normal contributions in subdivision (f) of this section. There shall be paid into the Retirement Fund from each of such funds an amount equal to the required contributions on account of compensation, as defined herein, paid from such fund. The Retirement Board shall certify to the Controller the amount of contributions required of the city under said law on account of compensation, as defined herein, other than that charged against such funds, and the Controller shall charge an equal amount to the appropriation for the Retirement System for the then current fiscal year. Nothing in this ordinance shall prevent the determination of contributions under this subdivision by the use of average rates for groups or classes of employees, such average rates to be redetermined once during each fiscal year or at more frequent intervals if deemed necessary by the Retirement Board. Contributions required of the city during any fiscal year to make up deficits in contributions for fiscal years previous thereto, chargeable against funds no longer existing, shall be paid from the general fund.

Contributions to the Retirement Fund required of the city to meet benefits payable during the current fiscal year and fiscal years subsequent thereto, under claims pending at January 8, 1932, and claims incurred from that date to and including June 30, 1932, shall be in addition to the contributions required by the next preceding paragraph, provided that such contributions shall be paid to the Retirement Fund from the funds against which they would have been chargeable had this ordinance not been passed, except that if any of such funds shall be no longer existing when such contributions become payable, then such contributions shall be paid from the general fund, and provided, further, that the Retirement Board may arrange for the payment, to and including June 30, 1932, of benefits under such pending and incurred claims, by the proper offices or departments direct to the beneficiaries instead of through the Retirement System.

Guaranty

Section 5. The payments of the city into the San Francisco City and County Employees' Retirement Fund, as provided in Section 4 of this ordinance, are hereby made obligations of the city. There shall be appropriated, in the budget for each fiscal year, such amounts as are necessary to make such payments, less the portions to be paid from the several funds set forth in the said section, and the amounts so appropriated shall be provided for in the tax levy. Provision shall be made for the payment from the said several funds of such amounts as shall be necessary to meet the obligations of the City under the Retirement System on account of employees whose compensation is or has been paid from such funds.

Duties of Board of Administration

Section 6. The management and control of the Retirement System shall be vested in the Retirement Board as provided in Section 159 of the Charter. The Board shall exercise the powers and perform the duties conferred on it by said Charter and by other sections of this ordinance, and in addition thereto:

(a) Shall credit contributions of members, of beneficiaries and of the city with interest at the rate of four per centum per annum, compounded on June 30th of each year, subject to the provisions of subdivision (b) next following. The Board, however, at the end of

each fiscal year, may credit to all contributions held in the Retirement Fund at the end of such fiscal year such additional interest as it may deem proper in the light of the earnings on the Retirement Fund during such fiscal year, provided that the total interest credited to contributions during any fiscal year shall not exceed the earnings on the Retirement Fund during that year, and provided, further, that interest at the rate of four per centum per annum, compounded annually, shall be used in the calculation of benefits under any mortality table adopted by the Board, subject to the provisions of subdivision (b) next following, regardless of any additional interest allowed on contributions under this paragraph.

(b) Shall keep in convenient form such data as shall be necessary for the actuarial valuation of the Retirement System. As of June 30, 1933, and in not to exceed six-year periods thereafter, the Board shall make an actuarial investigation into the mortality, service and compensation experience of the members and beneficiaries as defined by this ordinance, and further shall make an actuarial valuation of the assets and liabilities of the Retirement System, and upon the basis of such investigation and valuation shall:

(1) Adopt for the Retirement System such interest rate and such mortality, service and other tables as shall be deemed necessary;

(2) Make such revision in the rates of contribution under the Retirement System as shall be deemed necessary.

(c) In addition to other records and accounts, shall keep such records and accounts as shall be necessary to show at any time:

(1) The total accumulated contributions of members.

(2) The total accumulated contributions of retired members less the annuity payments made to such members.

(3) The accumulated contributions of the City held for the benefit of members on account of service rendered as members of the Retirement System.

(4) All other accumulated contributions of the City, which shall include the amounts available to meet the obligation of the City on account of benefits that have been granted and on account of prior service to members.

A portion of the accumulated contributions of the City previously held for the benefit of members, excluding persons who are members under Sections 166 and 169 of the Charter, on account of service rendered as members of the Retirement System, equal to the accumulated normal contributions withdrawn by a member, or paid to a beneficiary upon the death of a member or applied to purchase an annuity upon the retirement of a member, shall thereafter be included in the amounts available to meet the obligation of the City on account of benefits that have been granted and on account of prior service of members. No transfer of accumulated contributions of the City shall be made on account of the withdrawal of accumulated contributions by a person who is a member under Sections 166 or 169 of the Charter, but upon the death or retirement of such a member, accumulated contributions of the City, previously held for the benefit of such member, actuarially equivalent to that portion of the benefit granted to him or to his beneficiary, which is chargeable to service rendered as a member of the Retirement System, shall thereafter be included in the amounts available to meet the obligation of the City on account of benefits that have been granted and on account of prior service of members.

(d) Shall determine the city-service rendered by members and shall fix and may modify allowances for service and disability and fix other benefits. One year and proportionate parts thereof shall be credited on the basis of two hundred and fifty or more days of city-service rendered by per diem employees, on the basis of ten months or more of city-service rendered by monthly employees, and on the basis of the receipt of ten-twelfths of the annual salary by teachers, but not more than one year shall be credited for all service in any fiscal year.

Time during which a member was or shall be absent from city-service without pay shall not be allowed in computing service.

Credit for prior service shall be granted to each member who has rendered such service as defined in this ordinance and who enters the Retirement System on January 8 or 9, 1932, except as provided in Section 8 and Section 13 of this ordinance, for re-entrants, and except, further, that any such member who has failed to redeposit accumulated contributions withdrawn by him from the San Francisco City Employees' Retirement System, now existing, shall receive credit for such prior service only if, upon being notified by the Retirement Board, he make such redeposit, in the same manner as provided in Section 8 of this ordinance for persons reentering city-service. However, prior service so credited shall be the basis for a retirement allowance or benefit as provided in this ordinance only if membership continues unbroken until retirement on a retirement allowance or until the granting of such other benefit, provided that a termination of membership by the withdrawal of accumulated contributions followed by the redeposit of such contributions upon re-entrance into city-service shall not constitute a break in membership.

The method heretofore used under the San Francisco City Employees' Retirement System in calculating the amount of city-service to be credited to members, in fixing disability and service retirement allowances and other benefits, in determining effective dates of membership in the Retirement System and in calculating members' contributions to the Retirement System, based on the assumption that teachers, subsequent to first entering into their duties, are in city-service throughout that part of the interims between school terms, during which they have been or shall be paid salary installments, is hereby approved solely for the purpose of this ordinance and regardless of the status of said teachers under the State law. No adjustments affecting teachers under the Retirement System shall be made on the basis of payment of teachers' salaries in other than twelve monthly installments, provided, however, that this paragraph shall not prevent adjustments, prior to termination of membership in the Retirement System, in contributions because of underpayments or overpayments of salary, nor shall it prevent the Retirement Board from modifying the method referred to in the first sentence of this paragraph in the event that teachers' salaries shall be paid in other than twelve monthly installments, but such modification shall apply only to city-service rendered thereafter.

(e) Shall publish annually in the official newspaper a financial statement showing an actuarial valuation of the assets and liabilities of the Retirement System and a statement as to the accumulated cash and securities in the Retirement Fund as certified by the Controller, provided that, until all prior service is verified, the Retirement Board may omit from the financial statement published annually assets and liabilities resulting from such prior service.

Retirement Fund.

Section 7. (a) A fund is hereby created and established to be known as the San Francisco City and County Employees' Retirement Fund and to consist of all the moneys paid into it in accordance with the provisions of this ordinance, whether such moneys shall take the form of cash, securities or other assets. The Retirement Board shall have exclusive control, as provided in Section 159 of the Charter, of the administration and investment of the said fund.

(b) The Retirement Board may deposit cash belonging to the Retirement Fund in any licensed national bank or banks in this State or in any bank or banks authorized or licensed to do a banking business and organized under the laws of this State, subject to the provision of Section 82 of the Charter.

(c) The Treasurer shall be the custodian of the Retirement Fund under the provisions of Section 83 of the Charter, subject to the exclusive control of the Retirement Board as to the administration,

deposit and investment of said fund. Payments from said fund shall be made by him only upon warrant drawn by the Controller and no such warrant shall be drawn except in payment of claims or payrolls prepared and signed by the Secretary of the Retirement Board.

(d) Interest on any cash and on any investments constituting a part of the said fund shall be paid into said fund as received.

(e) Except as herein provided, no member or employee of the Retirement Board shall have any interest, direct or indirect, in the making of any investment, or in the gains or profits accruing therefrom. No member of the Retirement System and no member or employee of the said Board, directly or indirectly, for himself or as an agent or partner of others, shall borrow any of its funds or in any manner use the same except to make such current and necessary payments as are authorized by said Board; nor shall any member or employee of Board become an indorser or surety or become in any manner an obligor for moneys invested by the Board.

Withdrawals

Section 8. Should the city-service of a member be discontinued except by death or retirement, he shall be paid not less than six months after the date of discontinuance, such part of his accumulated contributions as he shall demand; provided that, if in the opinion of the Retirement Board, said member is permanently separated from city-service by reason of such discontinuance, he shall be paid forthwith all of his accumulated contributions, and provided also that the Retirement Board may in its discretion, withhold for not more than one year after a member last rendered city-service, all or part of his accumulated normal contributions if after a previous discontinuance of city-service he withdrew all or a part of his accumulated normal contributions and failed to redeposit such withdrawn amount in the Retirement Fund as provided in this section.

Any member may redeposit in the Retirement Fund, in one sum or in not to exceed six monthly or twelve semi-monthly payments, an amount equal to that which he withdrew therefrom or from its predecessor at the last termination of his membership. If a member upon reentering the Retirement System after a termination of his membership shall not make such redeposit, he shall reenter as a new member without credit for any service and the rate of his contribution for future years shall be the normal rate provided for in subdivision (b), section 4 of this ordinance, at his age of reentrance, except that persons who are members under Section 166 of the Charter shall contribute as provided in subdivision (a), section 4, of this ordinance; otherwise his rate of contribution for future years shall be the same as his rate prior to the last termination of his membership subject to subdivision (b), section 4 of this ordinance, and his membership shall be the same as if unbroken by such last termination and, if he never failed to redeposit accumulated contributions withdrawn from a San Francisco Retirement System, or, if he shall redeposit such accumulated contributions upon first reentering hereafter, then he shall receive credit for prior service in the same manner as persons who become members on January 8, 1932, provided that members under section 169 of the Charter shall receive credit for such prior service even though, having withdrawn no accumulated contributions, they shall make no redeposit. In the event such redeposit is made by a member, excluding persons who are members under Section 166 of the Charter, an amount equal to the accumulated normal contributions so redeposited shall again be held for the benefit of the said member and shall no longer be included in the amounts available to meet the obligations of the city on account of benefits that have been granted and on account of prior service of members.

Service Retirements

Section 9. Retirement of a member for service shall be made by the Retirement Board as follows:

(a) Each member, except persons who become members under Sec-

tion 169 of the Charter, who has attained the age of seventy years at the time of his entrance into the Retirement System, shall be retired forthwith, and each member, except persons who are members under Section 169 of the Charter, in city-service, or within four months after discontinuance of city-service, or while physically or mentally incapacitated for the performance of his duty if such incapacity has been continuous from discontinuance of city-service, who attains the age of seventy years shall be retired on the first day of the calendar month next succeeding that in which the said member shall have attained the age of seventy years.

(b) Any member in the city-service, or within four months after discontinuance of city-service, or while physically or mentally incapacitated for the performance of his duty, if such incapacity has been continuous from discontinuance of city-service, may retire upon written application to the Retirement Board, stating what time he desires to be retired, provided that said member—

(1) if he be a member under Section 166 of the Charter, shall be credited, at the time so specified for his retirement, with thirty years of continuous service as a member of the Police Department and shall have attained the age of sixty-two years;

(2) if he be a member under Section 169 of the Charter, shall be credited, at the time so specified for his retirement, with

(a) twenty-five years of continuous service as a member of the Fire Department, regardless of his age, or

(b) twenty years of continuous service as a member of the Fire Department, and shall have attained the age of fifty-five years;

(3) if he be a member under Section 168 of the Charter, shall be credited, at the time so specified for his retirement, with

(a) twenty-five years of continuous service and shall have attained the age of sixty-two years, or

(b) thirty years of continuous service and shall have attained the age of fifty-seven years;

(4) if he be a member under Section 171 of the Charter, shall be credited at the time so specified for his retirement, with

(a) twenty years of continuous service and shall have attained the age of fifty-five years, or

(b) thirty years of continuous service and shall have attained the age of fifty-two years.

(5) if he be a member under any other Charter provision, shall be credited, at the time so specified for his retirement, with

(a) ten years of continuous service and shall have attained the age of sixty-two years, or

(b) thirty years of continuous service and shall have attained the age of fifty-seven years.

Allowance on Service Retirement

Section 10. A member, upon retirement for service as provided in the next preceding Section 9—

(a) if he be a member under Section 166 or 169 of the Charter, shall receive a retirement allowance as provided in such sections for members, at January 8, 1932, of the Police and Fire Departments, respectively, upon service retirement as distinguished from disability retirement and death. Such retirement allowance shall be provided by the accumulated contributions credited to the member's individual account and by the city's contributions on account of prior service and on account of service as a member of the System, in proportions as determined by the Retirement Board;

(b) If he be a member under any other Charter provision, shall receive a retirement allowance, which shall consist of

(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and

(2) A pension, purchased by the contributions of the city, equal to that portion of the annuity purchased by the accumulated normal contributions of the member, and a pension which shall be the actuarial equivalent of the accumulated contributions of the city held for his

benefit on account of city-service rendered after January 8, 1932, as a member under Section 166 or Section 169 of the Charter; and

(3) An additional pension, purchased by the contributions of the city, which shall be equal to one and one-third ($1\frac{1}{3}$) per centum, or one and one-half ($1\frac{1}{2}$) per centum if he be a member under Section 171 of the Charter, of his final compensation multiplied by the number of years of prior service credited to him, less an amount equal to the portion of the annuity purchased by accumulated contributions of the member based on service as a member of the Police Relief and Pension Fund, except that if a member shall retire after thirty years of continuous service and before attaining the age of sixty-two years, or fifty-five years if he be a member under Section 171 of the charter, the additional pension shall be such as can be purchased at the age of retirement by the actuarial value, at the age of retirement, of a pension, deferred to age sixty-two years, or fifty-five years if he be a member under Section 171 of the Charter equal to one and one-third ($1\frac{1}{3}$) per centum, or one and one-half ($1\frac{1}{2}$) per centum if he be a member under Section 171 of the Charter, of his final compensation multiplied by the number of years of prior service credited to him, less an amount equal to the portion of the annuity purchased by accumulated contributions of the members based on service as a member of the Police Relief and Pension Fund; provided that, in the calculation of any additional pension under this paragraph in the case of a member having credit for more than one class of prior service, that is, prior service as a teacher in the day schools, as a teacher in the evening schools or as an employee in any other position, separate additional pensions shall be calculated, in the manner prescribed, for each class of prior service, the final compensation in each case being that for the respective class of service;

(c) Any member who receives credit for prior service, and who is retired by reason of attaining the age of seventy years, shall receive on account of prior service such additional pension, purchased by the contributions of the city, as will make his total retirement allowance, exclusive of the annuity provided by his accumulated additional contributions not less than four hundred and eighty (\$480) dollars per year unless such four hundred and eighty (\$480) dollars exceeds one-half of his final compensation, in which event his total retirement allowance, exclusive of the annuity provided by his accumulated additional contributions, shall be not less than one-half of his final compensation.

Disability Retirement

Section 11. Retirement of a member for disability shall be made by the Retirement Board upon medical examination as follows: Any member while in the city-service, or within four months after the discontinuance of city-service, or while physically or mentally incapacitated for the performance of his duty if such incapacity has been continuous from discontinuance of city-service, shall be examined by one or more physicians or surgeons appointed by the Retirement Board, upon the application of the head of the office or department in which said member is employed, or upon the application of said member or of a person acting in his behalf, stating that said member is physically or mentally incapacitated for the performance of duty and ought to be retired, provided

(a) if he be a member under Section 166 or 169 of the Charter, such disability is claimed to result from bodily injury received in the performance of duty;

(b) if he be a member under Section 168 or 171 of the Charter, he has rendered ten or more years of continuous service immediately preceding the date proposed for his retirement or such disability is claimed to result from bodily injury received in the performance of duty;

(c) if he be a member under any other Charter provision, he has rendered ten or more years of continuous service immediately preceding the date proposed for his retirement.

If such medical examination and other available evidence show, to the satisfaction of the Retirement Board, that the said member is physically or mentally incapacitated for the performance of duty and ought to be retired, and, if he be a member under Section 166 or 169 of the Charter, or a member under Section 168 or 171 of the Charter and has not had ten or more years of continuous city-service immediately preceding the date proposed for his retirement, that the disability is the result of bodily injury received in the performance of duty, then the Retirement Board shall retire the said member for disability forthwith.

The Retirement Board shall secure such medical services and advice as may be necessary to carry out the purpose of this section and of Section 13 of this ordinance, and shall pay for such medical services and advice such compensation as the Board shall deem reasonable.

Allowance on Disability Retirement

Section 12. Upon retirement for disability as provided in the next preceding Section 11, a member who has qualified for retirement for service under the provision of Section 10 of this ordinance, except the provisions of such section permitting retirement below the normal retirement age after thirty years of continuous service, shall receive a service retirement allowance as provided in said Section 10 and shall be considered as a service retirement, except as provided in subdivision (b) of this section, otherwise said member

(a) if he be a member under Section 166 or 169 of the Charter, shall receive a retirement allowance as provided in such sections for members, at January 8, 1932, of the Police and Fire Departments, respectively, upon disability retirement as distinguished from service retirement and death. Such retirement allowance shall be provided by the accumulated contributions credited to the member's individual account and by the city's contributions on account of prior service and on account of service as a member of the system, in proportions as determined by the Retirement Board.

(b) if he be a member under Section 168 or 171 of the Charter and if his disability, in the opinion of the Retirement Board, is the result of bodily injury received in the performance of duty, shall receive

(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and

(2) A pension purchased by contributions of the city, which, together with the annuity provided by his accumulated normal contributions, shall make his total retirement allowance, exclusive of the annuity provided by his accumulated additional contributions, equal to one-half of his final compensation. If said member shall have been continuously incapacitated for the performance of any duties from the date of, and shall die as a result of said injury, while receiving said retirement allowance, then said retirement allowance shall be continued, after his death, to his surviving wife to whom said member was married prior to sustaining said injury, to continue as long as she shall live or until her remarriage; or if there be no widow, or if the widow die before any child of such deceased member shall have attained the age of sixteen years, then to his child or children under said age collectively, to continue until every child dies or attains said age. A member qualifying for continuation of retirement allowance under this paragraph shall not be subject to the provisions of this section referring to service retirement.

(c) if he be a member under Section 168 or 171 of the Charter and if his disability, in the opinion of the Retirement Board, is not the result of bodily injury received in the performance of duty, or if he be a member under any other Charter provision, he shall receive

(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and

(2) A pension purchased by the contributions of the city which, together with the annuity provided by his accumulated normal contributions, shall make the retirement allowance, exclusive of the annuity provided by his accumulated additional contributions, equal to (a) one and one-fourth ($1\frac{1}{4}$) per centum of his final compensation multiplied by the number of years of city-service credited to him, if such retirement allowance exceeds one-fourth of his final compensation; otherwise, (b) one and one-fourth ($1\frac{1}{4}$) per centum of his final compensation multiplied by the number of years of city-service which would be creditable to him were his city-service to continue until attainment by him of age sixty-two, but such retirement allowance shall not exceed one-fourth of such final compensation. In the calculation of a retirement allowance under this paragraph in the case of a member having credit for more than one class of service, that is, service as a teacher in the day schools, as a teacher in the evening schools or as an employee in any other position, separate retirement allowances shall be calculated, in the manner prescribed, for each class of service, the final compensation in each case being that for the respective class of service; provided that the final compensation upon which the minimum total retirement allowance is calculated in such case shall be based on the compensation earnable by the member in the classes of service rendered by him during the ten years immediately preceding his retirement.

Safeguards on Disability Retirement

Section 13. (a) The Retirement Board may, at its pleasure, require any beneficiary who has been retired for disability and who has not attained the age of sixty-two years, to undergo medical examination, such examination to be made by a physician or surgeon, appointed by the Retirement Board, at the place of residence of said beneficiary or other place mutually agreed upon. Upon the basis of such examination the Board shall determine whether said disability beneficiary is still incapacitated, physically or mentally, for service in the office or department of the city where he was employed and in the position held by him when retired for disability. If the Retirement Board shall determine that said beneficiary is not so incapacitated, his retirement allowance shall be cancelled forthwith, and he shall be reinstated to the position of the same class as that held by him when retired for disability.

(b) Should a beneficiary after retirement for disability re-enter the city-service and be eligible for membership in the Retirement System in accordance with subdivision (a), Section 2 of this ordinance, his retirement allowance shall be cancelled and he shall immediately become a member of the Retirement System, his rate of contribution for future years being that established for his age at the time of such re-entry, except that, if he be a member under Section 166 or 169 of the Charter, he shall contribute as provided in subdivision (a), Section 4 of this ordinance. His individual account shall be credited with an amount which shall be the actuarial equivalent, at the time of such re-entry, based on a disabled life, of his annuity, but such amount shall not exceed the amount of his accumulated contributions as it was at the time of his retirement, provided that, if such beneficiary be a person who received a retirement allowance under Section 167 or Section 170 of the Charter, then he shall be considered as entering the Retirement System under Section 166 or Section 169, respectively, of the Charter, and his individual account shall be credited with an amount which shall be the actuarial equivalent, at the time of such entry, based on a disabled life, of the annuity which would have been purchased by his accumulated contributions in the pension fund under which he was retired, if applied as under the Retirement System, but such amount shall not exceed the amount of his accumulated contributions as it was at the time of his retirement, and

the city shall pay into the Retirement System an amount equal to such actuarial equivalent in the manner prescribed in subdivision (g), Section 4 of the ordinance, for similar payments.

An amount equal to such actuarial equivalent shall again be held for the benefit of said member and shall no longer be included in the amounts available to meet the obligation of the City on account of benefits that have been granted and on account of prior service of members, provided that the amount so again held for the benefit of a person who is a member under Section 166 or Section 169 of the Charter, shall be the actuarial equivalent, at the time of such re-entry, based on a disabled life, of his pension granted on account of service as a member, but such amount shall not exceed the City's accumulated contribution held for his benefit on account of service as a member, at the time of his retirement. Such member shall receive credit for prior service in the same manner as if he had never been retired for disability.

(c) Should any retired person, except persons retired for service prior to January 8, 1932, and persons retired because of disability incurred in the performance of duty, engage in a gainful occupation, prior to attaining age sixty-two, the Retirement Board shall reduce the amount of his monthly pension as defined herein to an amount which, when added to the compensation earned monthly by him in such occupation, shall not exceed the amount of the compensation on the basis of which his retirement allowance was determined. Should the earning capacity of such beneficiary be further altered, the Board may further alter his said pension to an amount which shall not exceed its amount when he was originally retired, but which, subject to such limitation, shall equal, when added to the compensation earned by him, the amount of his compensation on the basis of which his retirement allowance was determined. When said beneficiary reaches age sixty-two, his retirement allowance shall be made equal to the amount upon which he was originally retired, and shall not again be modified for any cause.

(d) Should any beneficiary retired for disability refuse, under age sixty-two, to submit to medical examination, his pension may be discontinued until his withdrawal of such refusal, and should such refusal continue for one year his retirement allowance may be cancelled.

Optional Allowances on Retirement

Section 14. Until the first payment on account of any retirement allowance is made, and subject to the condition that, if the said retired person shall die within thirty days from the date upon which said election is made, then the said election is void and of no effect, a retired person, except persons who are members under Section 169 of the Charter, may elect to receive the actuarial equivalent of his retirement allowance as of the date of retirement, in a lesser retirement allowance, payable throughout his life with the provision that:

Option 1. If he die before he receives in lesser annuity payments the amount of his accumulated contributions as it was at his retirement, the balance of such accumulated contributions shall be paid to his estate or to such person having an insurable interest in his life, as he shall nominate by written designation duly executed and filed with the Retirement Board, or

Option 2. Upon his death, his lesser retirement allowance shall be continued throughout the life of and paid to such person having an insurable interest in his life, as he shall nominate by written designation duly executed and filed with the Retirement Board at the time of his retirement, or

Option 3. Upon his death, one-half of his lesser retirement allowance shall be continued throughout the life of and paid to such person having an insurable interest in his life, as he shall nominate by writ-

ten designation duly executed and filed with the Retirement Board at the time of his retirement.

Death Benefits

Section 15. (a) Upon the death of any person who is a member under Section 166 or 169 of the Charter, if such death shall result from the performance of duty as prescribed in such sections, respectively, or if such death in the case of members under Section 169 of the Charter shall occur after qualification for service retirement, there shall be paid to the widow, children or parents of such member, the benefits provided in such sections for members, at January 8, 1932, of the Police and Fire Departments, upon death resulting from the performance of duty and upon death occurring after qualification for service retirement. If such death after qualification for service, retirement shall not result from the performance of duty, and if there be no surviving wife, children or parents to whom benefits are payable under this subdivision, the benefits provided in the next following subdivision shall be paid to the beneficiary nominated by him as prescribed therein.

(b) Upon the death before retirement, if such death be not included under the next preceding subdivision (a), of a member while in the city-service, or within four months after the discontinuance of city-service, or while physically or mentally incapacitated for the performance of his duty, if such incapacity has been continuous from discontinuance of city-service, the Retirement System shall be liable for a death benefit, which, if an amount be due under paragraph (3) next following, and if there be a surviving wife or surviving children, shall be paid in monthly installments and to the surviving wife and children as prescribed therein, otherwise such death benefits shall be paid to his estate, or to such person having an insurable interest in his life as he has nominated or shall nominate by written designation duly executed and filed with the Retirement Board, and such death benefit shall consist of

(1) His accumulated contributions, and in addition thereto,

(2) An amount equal to the compensation earnable by him during the six months immediately preceding his death, but such compensation earnable for any month shall not exceed five hundred dollars, and, if such member be a member under Section 168 or 171 of the Charter and if such death, in the opinion of the Retirement Board, be the result of bodily injury sustained while in the performance of duty, in addition thereto,

(3) An amount sufficient, when added to the amounts provided in the next preceding paragraphs (1) and (2), to provide, when applied according to mortality tables adopted by the Board, a monthly death benefit allowance, equal to one-half of the compensation earnable by such member during the ten years immediately preceding his death, to be paid to the surviving wife to whom said member was married prior to sustaining the said injury, to continue as long as she shall live or until her remarriage; or if there be no widow, or if the widow die before any child of such deceased member shall have attained the age of sixteen years, then to his child or children under said age collectively, to continue until every such child dies or attains said age. If payment of the allowance be stopped because of remarriage of the widow or attainment of the age of sixteen years by a child, before the sum of the monthly payment made shall equal the sum of the amounts provided in the next preceding paragraphs (1) and (2), then an amount equal to the difference between said sums shall be paid in one amount to the remarried widow, or if there be no widow, to the surviving children of the deceased member, share and share alike.

(c) A member, or a beneficiary after the death of a member, may elect, by written designation duly executed and filed with the Retirement Board, to have the death benefit provided in this section paid in monthly or annual installments instead of in one lump sum, subject to such rules and regulations as the said Board may adopt.

(d) Upon the death of any person, except persons referred to in Sections 166, 167, 169 and 170 of the Charter, after retirement and while receiving a retirement allowance from the Retirement System, there shall be paid to his estate, or to such person having an insurable interest in his life as he shall have nominated by written designation duly executed and filed with the Retirement Board, the sum of one hundred (\$100) dollars for each completed year of city-service, not to exceed five years, credited to him at the time of his retirement, provided that the sum so paid upon the death of a person now receiving a retirement allowance under the San Francisco City Employees' Retirement System, now existing, or of a person who became a member of such System by reason of his status as an employee of a public utility acquired by the City shall be five hundred (\$500) dollars regardless of the city-service credited, the funds for payments under this subdivision to be derived from the accumulated contributions of the City held to meet the obligation of the City on account of benefits that have been granted and on account of prior service of members.

(e) A person, while a member or after retirement, shall have the right to revoke the nomination of a beneficiary made by him under the Retirement System, and to nominate a beneficiary in lieu thereof, all by written designation duly executed and filed with the Retirement Board, provided that this right shall not extend to beneficiaries nominated under options 2 and 3, Section 14 of this ordinance, nor shall it extend to dependents designated as beneficiaries by State law, the Charter or this ordinance, to receive benefits payable on account of death or disability incurred in the performance of duty.

Compensation Benefits

Section 16. The Retirement Board shall administer the benefit provisions of the Workmen's Compensation, Insurance and Safety Law of the State of California for employees, regardless of whether such employees are members of the Retirement System, as provided in Section 172 of the Charter. Such legal services as may be required in said administration shall be furnished by the City Attorney.

The Retirement Board shall determine the amounts to be contributed by the City during each fiscal year to carry out the provisions of said law and shall pay from such amounts, the premium required under risks reinsured with the State Compensation Fund and benefits under risks not reinsured. Amounts to be contributed by the City on account of risks assumed by it through the Retirement System shall be based on the rates used by said State Fund, but such rates may be increased or decreased if a study of the practices and experience in any of the City's operations indicate such rates are not appropriate therefor, provided that such contributions shall be calculated to carry all claims to maturity and to produce a reasonable reserve against the catastrophe hazard. Any excess in the contributions of the City above the amount necessary to meet the purposes for which they were calculated shall be credited or paid to the City. Any deficit in such contributions shall be made up by extra amounts to be included in the contributions required of the City during the fiscal year next following the determination of such deficit. Reserve funds shall be improved with regular interest.

Records and accounts shall be kept on both assumed and reinsured risks, sufficient to permit a determination of which policy, to assume or reinsure, is for the best interests of the City. Each office and department shall furnish such information concerning employees therein as the Board may require in carrying out the provisions of this section.

Medical, surgical and hospital treatment required under the said Compensation, Insurance and Safety Law, including all items enumerated in said law, shall be furnished by the San Francisco Hospital to every employee injured in the performance of duty, said hospital to be reimbursed for such service and supplies by the Retirement Board from contributions by the City, provided that at all times the charges for such services and supplies shall be in accordance with an agreement to be made and revised from time to time between the Retire-

ment Board and the Department of Public Health, and provided that the Retirement Board shall have the authority to arrange for such treatment at other hospitals, for employees outside the City, and also to provide such additional special treatment for all injured employees as it may deem necessary. Each employee shall have the right, however, to provide, at his own expense, a consulting physician or any attending physicians whom he may desire.

No modification of the benefits provided in other sections of this ordinance shall be made on account of any amounts payable to a beneficiary, as defined herein, under the said Compensation, Insurance and Safety Law, except that benefits provided by the City's contributions under such other sections for members of the Police or Fire Department on account of disability or death incurred in the performance of duty, shall be reduced by the amount of any benefits obtainable under said law, but the total benefits including compensation benefits under this section, provided by the City's contributions in such cases of disability or death shall be not less than the equivalent of the benefits obtainable under said law. For accounting purposes and the determination of charges to the City for covering the benefits under such Workmen's Compensation, Insurance and Safety Law, such reductions shall be considered as an obligation under such coverage.

Monthly Payments

Section 17. A pension, an annuity, retirement allowance or death benefit allowance granted under the provisions of this ordinance shall be payable in equal monthly installments or in smaller pro rata amounts when the pension, annuity, retirement allowance or death benefit allowance begins after the first day of the month or ends before the last day of the month, provided that nothing herein shall prevent the payment at shorter intervals, of benefits under the Compensation, Insurance and Safety Law of the State of California.

Exemption from Execution

Section 18. The right of a person to a pension, an annuity or a retirement allowance, to the return of contributions, the pension, annuity or retirement allowance itself, any optional benefit, any other right or benefit accrued or accruing to any person under the provisions of this ordinance and the moneys in the fund created under this ordinance shall not be subject to execution, garnishment, attachment, or any other process whatsoever, and shall be unassignable except as in this ordinance specifically provided.

Estimate of Service, Compensation or Age

Section 19. If it shall be impracticable for the Retirement Board to determine from the records the length of service, the compensation or the age of any member, the said Board may estimate, for the purposes of this ordinance, such length of service, compensation or age.

Service After Retirement

Section 20. No person retired for service or disability and in receipt of a retirement allowance under the Retirement System shall serve in any elective or appointive position in the City and county service, including membership on boards and commissions, nor shall such person receive any payment for service rendered to the City and County after retirement, provided that service as an election officer or juror shall not be affected by this section.

Constitutionality

Section 21. If any section, or sections, or part of any section, of this ordinance shall be found to be unconstitutional or invalid, for any reason, the remainder of the ordinance shall not thereby be invalidated, but shall remain in full force and effect.

Repealing Conflicting Ordinances

Section 22. Ordinance No. 5561 (New Series) and amendments thereto, and all ordinances and parts of ordinances in so far as they conflict with this ordinance, are hereby repealed.

Ordinance to Take Effect

Section 23. This ordinance shall take effect at 12 o'clock noon on the 8th day of January, 1932.

Centralized Collection of Delinquent Revenues.

Supervisor Gallagher presented:

Bill No. 9546, Ordinance No. ——— (New Series), as follows:

An ordinance providing for the Centralized Collection of All Delinquent Revenues and Delinquent Accounts Receivable of all departments and offices of the City and County.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A bureau of delinquent revenue collection is hereby established, the operations of which shall be under the direction and control of the Tax Collector. The Tax Collector shall arrange for the temporary assignment of employees for the work and purposes of said bureau by assigning such employees from the Tax Collector's office as can be released from regular duties from time to time; and the Tax

Collector, in co-operation with the Civil Service Commission, the Assessor, the Registrar of Voters and the heads of other city and county departments and offices, shall arrange for the temporary assignment to such bureau of such employees in the various city and county departments and offices as can be temporarily released from regular duties and assigned to the work of the bureau of delinquent revenue collections.

Section 2. The head of every department and office in the city and county shall report to the bureau of delinquent revenue collections all accounts receivable uncollected for a period in excess of ninety days, as shown by the records of each such department or office, including the name of the person, firm or corporation indebted to the city and county, the nature of the indebtedness, the amount involved and the fund to which credit is due. The Tax Collector shall report to said bureau all persons, firms and corporations shown by the delinquent tax list of 1930 as owing unsecured personal property taxes to the city and county.

Section 3. The bureau of delinquent revenue collections shall energetically prosecute the collection of all such claims filed with it by the various city and county departments and offices. The City Attorney, on request of the bureau of delinquent revenue collections, shall institute legal action and recover any amount reported to him to be due to the city and county. Before any action to collect any claim for money owing the city and county is abandoned, the bureau of delinquent revenue collections shall report same to the Auditor, and after January 8, 1932, to the Controller, whose approval of such abandonment shall be required. Before the Auditor, or, after January 8, 1932, the Controller shall draw any warrant in payment of any claim of any person, firm or corporation, which is delinquent, as hereinbefore defined, in the payment of any amount due the city and county, he shall deduct the amount of such indebtedness, with penalty, if any, from the amount of the claim due such person, firm or corporation.

Section 4. This ordinance shall take effect immediately.

Board of Supervisors Invites Democratic Party to Hold Its National Convention in San Francisco.

Supervisor Shannon presented:

Resolution No. 35540 (New Series), as follows:

Whereas, the Democratic national party will, during the month of July, 1932, call and convene a convention of the delegates and representatives of said party in some city in the United States, for the purpose of selecting the Democratic candidates for President and Vice-President, to be voted for at the presidential election in November, 1932; and

Whereas, if said convention can be held in the City and County of San Francisco it will tend to induce immigration to said City and County, and to increase the trade and commerce of said City and County, and make known the industrial, commercial, climatic, educational, recreational and other resources and advantages of said City and County; and

Whereas, a delegation of the citizens of the City and County of San Francisco are endeavoring to obtain the holding of said convention in the City and County of San Francisco during the month of July, 1932; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby invite the Democratic National Party to hold its convention for the nomination of a candidate for President and a candidate for Vice-President in the City and County of San Francisco during the month of July, 1932, or at such other date as may be agreeable to said party, and does hereby pledge itself that if the Chief Administrative Officer of the City and County of San Francisco will include in his budget for the year 1932-33 an item of fifty thousand (\$50,000) dollars to defray a portion of the cost of holding said convention in the City and County of San Francisco, that it will include in

the tax to be levied for publicity and advertising an amount sufficient to produce the said sum of \$50,000 for said purpose, which said sum shall be available for the purpose of defraying the expenses of said Democratic national convention only should the same be held in the City and County of San Francisco.

Referred to Street Committee.

Traffic Improvement at Fishermen's Wharf.

Supervisor Suhr presented:

Resolution No. ——— (New Series), as follows:

Whereas, Fishermen's Wharf is one of the most highly advertised points of interest peculiar to San Francisco, and is visited by throngs of sightseers daily, particularly on Sundays and holidays; and

Whereas, The fishermen of that district are anxious to have some-

thing done to relieve traffic conditions and make the surroundings more attractive; and

Whereas, The Board of Harbor Commissioners are spending great sums of money in the building of a bulkhead and improving conditions on that section of the water front; and

Whereas, The City and County of San Francisco owns a substantially sized lot on Jefferson street, directly opposite Fishermen's Wharf, which is bringing to the city little or no income and which the people of that district are anxious to have cleared up; and

Whereas, This property owned by the City and County of San Francisco could be cleared up at little expense, thus greatly improving the appearance of the district, and could be utilized, also, as space for some of the many machines whose parking now, necessarily, makes the streets nearly impassable; therefore, be it

Resolved, That the Real Estate Department, created under the new Charter, be instructed to investigate the feasibility of leasing this property for automobile parking purposes.

Referred to Committee on Public Buildings and Lands.

Palace of Legion of Honor Bus Line

Supervisor Gallagher presented a petition for a bus line from end of Municipal car to serve the Palace of the Legion of Honor, which petition was *ordered referred to the Public Utilities Committee.*

Communication From Park Commissioners

The following was presented by Supervisor McSheehy and *ordered spread in Journal:*

To The Honorable James B. McSheehy, City Hall, San Francisco, California.

Subject: Report on Recreation Pier at Aquatic Park.

Work was started on Aquatic Park about August 1, 1931.

A contract with the Healy-Tibbitts Construction Co. was entered into for the construction of approximately 636 feet of the Recreation Pier.

To date, 126 feet of this pier is complete; 150 feet is 55 per cent complete; 200 feet is 25 per cent complete; the remaining 120 feet is 10 per cent complete.

I am attaching hereto Inspector L. D. Smith's report on the progress of this recreation pier, which is self-explanatory; also a report from Foreman Hansen on the hand labor in excavation and the salvaging of piles which has taken place on the beach since approximately August 17.

B. P. LAMB, Secretary.

December 19, 1931.

Following is a report from Foreman Bill Hansen at Aquatic Park:

Started work on Aquatic Park August 17, 1931, with 22 men, cleaned property from Polk to Larkin and from Beach Street to the Beach, graded property from Polk to Larkin on Beach Street to 6 inches below curb. Built a protecting fence of salvaged cable from Polk to Larkin and from Beach to Jefferson. Excavated portion of stadium seats and playground. Moved dirt to make parking place off Beach Street. Excavated below railroad and towards the beach from Larkin Street to a point near the rowing club, placing dirt on fill for parking space, and borrowed small R. R. hand-car from Belt railroad, built dump-car, moving balance of dirt to a point near Van Ness Avenue and south of the railroad trestle where a cribbing was built of salvaged lumber. Total yards, approximately 6000 yards.

Second week, 585 yards; third week, 460 yards; fourth week, 200 yards; fifth week, 470 yards; sixth week, 480 yards; seventh week, 565 yards; eighth week, 678 yards; ninth week, 804 yards. Balance

moved with the salvaged piles from old slip of Golden Gate ferry which was torn down November 26 in storm.

Seeing opportunity in using same, made arrangements to have them towed to a point on Van Ness Avenue north of railroad trestle and at no cost to the Aquatic Park. Will salvage about 250 piles at a cost of about \$2.50 each (lengths from 20 to 60 feet), worth to the City about \$20 each. All surplus wood that could not be used in cribbing will be traded to a wood man and in exchange will receive dry and short wood suitable for household use, which will be turned over to the Associated Charities to be distributed to needy families, which will amount to about ten cords.

August 28—Hauling of twenty-two trucks of cobblestones from various points in San Francisco to Aquatic Park and was piled at Larkin and Jefferson Streets.

October 16—Sent fourteen men to Twenty-third and Pennsylvania, loaded twelve railroad cars of cobbles which were hauled and unloaded at Aquatic Park.

October 18—Loaded twenty-five army trucks of cobblestones at Fort Scott, which were hauled to Aquatic Park.

As work progressed an office was built at Polk and Beach Streets, also a signboard at Larkin and Beach—both from salvaged lumber.

Prior to Columbus Day, the beach was cleaned and graded for the celebration.

December 18, 1931.

Following is L. D. Smith's report on the progress at Recreation Pier, Aquatic Park, to date:

Concrete jacket casting, 100 per cent complete; driving concrete jackets, 59 per cent complete; green piles on hand, 54 per cent complete; driving green piles, 65 per cent complete; green brace piles, 44 per cent complete; wave baffle slabs, 42 per cent complete; placing baffle slabs, 32 per cent complete; wooden false work and forms, 40 per cent complete; waterproofing, 35 per cent complete; deck steel, 33 per cent complete; concrete deck, 31 per cent complete; total 535 per cent which, divided by eleven, gives a total of 48.6 per cent complete.

Casting concrete jackets started August 4, completed October 16. The casting of concrete jackets takes the longest period to complete. It is necessary to hold them for curing for 45 days before using.

Started removing old Fort Mason Pier September 14; completed October 3. Started driving piles on October 6, which up to date (December 18) makes 51 working days.

ADJOURNMENT.

There being no further business, the Board, at 7:25 p. m., adjourned.

J. S. DUNNIGAN, Clerk.

ALL-INCLUSIVE BUDGET

December 24, 1931.

To the Honorable, the Board of Supervisors, City and County of San Francisco.

Gentlemen: Herewith is submitted a complete budget for the fiscal year 1931-32, as provided for in the new Charter, which was prepared by the Mayor's committee on complete budget.

The details contained herein have been approved by your committee.

Respectfully,

J. EMMET HAYDEN,
Chairman Finance Committee.

JEH/c

December 24, 1931.

Hon. J. Emmet Hayden, Chairman, Finance Committee, Board of Supervisors, San Francisco, Calif.

Dear Sir: The special committee, consisting of Fred D. Bullock, chairman, Auditor Benning Wentworth, Finance Committee Accountant Arthur Curtis, City Attorney John J. O'Toole and W. H. Nanry, secretary of the Mayor's Committee on Charter Installation, appointed by the Mayor at the request of the Mayor's Committee on Charter Installation, is submitting herewith a "complete budget" for the fiscal year ending June 30, 1932. This budget, as passed upon in detail by your committee, is prepared in conformity with the provisions of the new Charter.

The preparation of this document was rendered necessary, in accordance with the recommendation of the Mayor's Committee on Charter Installation and the opinion of the City Attorney, for the following reasons:

(1) That the Controller would have no legal basis for auditing payrolls after January 8 unless all municipal employees are included in the annual salary ordinance and specific appropriations for all payrolls are included in the budget, as herein proposed for adoption by the Board of Supervisors;

(2) Because of the necessity of the Supervisors providing, by ordinance and before January 8, for all anticipated expenditures for the balance of the fiscal year. Unless this is done, the Controller would have no legal basis of auditing payments heretofore unbudgeted. If not adopted by January 8, the Supervisors probably could not act until the last Monday in January. Furthermore, under the new Charter, all appropriations other than those contained in this proposed appropriation ordinance must receive the approval of the Controller before being passed by the Board of Supervisors, and the Controller, before giving his approval, must take into consideration the ultimate collectibility

of all of the items of estimated receipts. In other words, it is necessary to meet appropriations already made before authorizing additional ones.

The proposed appropriation ordinance as presented is a complete statement of all of the estimated receipts and estimated expenditures of the city and county. The total expenditures as shown herein amount to \$70,881,988. This figure compares with the total expenditures previously budgeted of about \$44,000,000.

The appropriation ordinance does not effect a reappropriation of sums appropriated in the budget ordinance adopted in June and in other ordinances and resolutions appropriating moneys. Under the language of the proposed ordinance, the only amounts appropriated are sums not heretofore appropriated. Former appropriations are included for record purposes only.

The adoption of the proposed appropriation ordinance, including all proposed expenditures for the balance of the fiscal year, will replace the procedure now followed, whereby the Finance Committee presents to the Board weekly expenditures additional to the original budget. After the passage of this proposed ordinance, expenditures of money are made under the supervision of the Chief Administrative Officer and the heads of departments under the Mayor, subject to the audit and control of the Controller.

An important feature is the inclusion of amounts heretofore unbudgeted, consisting largely of salaries of employees carried on the rolls of departments and paid out of special funds. This includes such departments as the Bureau of Engineering, the City Architect and the Bureau of Stores and Yards of the Department of Public Works. Coincident with adding the amount of the estimated expenditures to the budget, there has been added to receipts an offsetting item representing estimated reimbursements. The provisions of the proposed ordinance establish a procedure whereby expenditures of this character cannot be made in the future unless they are covered by estimated receipts. This prevents any possibility of the salaries of these added employees becoming a charge on general city revenues.

Estimated expenditures exceeded the amount of estimated receipts by \$95,388. Therefore, the like sum had to be included as "additional receipts" to balance the financial program. This sum is included in receipts from general sources. It is anticipated that collections by the new bureau established in the Tax Collector's office to handle the collection of delinquencies and estimated receipts from fees which will result from the adoption by ordinance of the new license and permit rates required by the new Charter will make up the amount required.

Various bequests, state law funds and other special and trust funds now carried on the city's books, the disbursements from each of which are fixed by law or conditions of bequests, are included in the proposed ordinance to comply with various provisions of the new Charter. The amount of these, however, is not included in the totals in the proposed ordinance.

A summary by funds of receipts and expenditures appropriated in the attached ordinance, together with fund balances at the beginning and the end of the fiscal year, is attached.

Respectfully submitted,

FRED D. BULLOCK,

Chairman, Mayor's Committee on "Complete Budget."

ANNUAL APPROPRIATION ORDINANCE, 1931-32**An Ordinance Appropriating All Estimated Receipts and All Estimated Expenditures of the City and County for the Fiscal Year Ending June 30, 1932.**

Bill No. 9558, Ordinance No. ——— (New Series), as follows:

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts enumerated herein are hereby appropriated for the fiscal year ending June 30, 1932, for the several funds or departments to which such sums are herein allocated and for the purposes herein specified. The several amounts of proposed expenditure enumerated herein are hereby appropriated to the several departments or funds as herein allocated. Each department for which an appropriation is herein made shall be authorized to use the amount of funds so appropriated for the purposes specified in this appropriation ordinance. Appropriations for bond interest or redemption, fixed charges and other purposes not allocated to a specific department shall be subject to the administration of and expenditure by the Chief Administrative Officer for the respective purposes for which such appropriations are made.

Liabilities incurred and expenditures made under the appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless this is increased by supplemental appropriations made in the manner provided by Section 80 of the charter. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of, and the salary or wage for, employments in each class as enumerated in Ordinances 9001 and 9002 (N. S.) and the annual salary ordinance, except as additional employments may be authorized under the provisions of Section 80 of the charter.

Where personal service appropriations are made for other than permanent salaries, or where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the department head shall file with the Controller, at least monthly, in advance, an estimate of the amount of any such personal service expenditures to be made during the ensuing period, and if sufficient funds are available, the Controller shall forthwith encumber the appropriation with the amount thereof.

Items of proposed expenditure designated with the symbol (#) are appropriated for the use of the department only to the extent that any expenditures made therefrom will be recollectible in full from the departments, persons or institutions for which the service is rendered, and provided that each department head to which such a provisional appropriation is made shall file with the Controller monthly an estimate in detail of the proposed expenditures for the ensuing period, also a statement of the amount of expenditures made and the reimbursements received or receivable since the last report. If sufficient funds are available, the Controller shall forthwith encumber the appropriation with the amount of the proposed expenditure.

The term "department" as used in this ordinance shall mean department, bureau, office, utility, board or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the charter.

The Controller is hereby authorized and directed to set up appropriate accounts for the items of receipts and expenditures appropriated herein, subject to the provisions of the charter dealing with the appropriation and the transfer of funds, and the approval and payment of warrants.

The Controller shall periodically re-estimate the receipts to be received for services performed by any department for any other department or for any outside agency, and shall notify the Mayor,

the Chief Administrative Officer, and the head of any such department performing such services in case the estimated receipts therefor shall appear to be less than estimated payrolls and other costs.

Appropriation items designated with the symbol of one star (*) are, and shall be understood to be, items heretofore appropriated in the annual budgets for 1931-32, adopted by the Board of Supervisors, and are not additional appropriations. Appropriation items designated with the symbol of two stars (**) are, and shall be understood to be, appropriations heretofore made during 1931-32 by specific ordinances or resolutions of the Board of Supervisors, and are not additional appropriations.

The Controller, in setting up appropriate receipt and expense appropriation items or accounts under the provisions of this ordinance, shall consider as additional appropriations only the items contained herein not heretofore covered by budget ordinances or other ordinances or resolutions appropriating funds.

Section 2. The several amounts of estimated receipts herein appropriated and each fund or department to which such appropriation is made, are as follows:

Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter, positions in City and County departments and offices, segregated, where such positions are subject to civil service or salary standardization provisions of the Charter, by class numbers and class titles according to the civil service classification of employments, and with rate of compensation and number or quantity of positions or employments indicated in each item, are hereby created and established, as indicated in the following sections of this Ordinance, and the appointing powers as specified in the Charter are hereby authorized to make appointments to positions as indicated in said sections, but in no case to exceed the quantity of positions, or the compensation, fixed in this ordinance, unless otherwise stated, for any item; *provided* that, in departments subject to the civil service and salary standardization provisions of the Charter, where funds are appropriated for such purpose in the annual appropriation ordinance, appointments to positions defined by the rules of the Civil Service Commission as seasonal positions, may be made by the respective appointing powers in excess of the quantity of positions herein stated for any class, but such seasonal appointments shall be at a rate not to exceed the entrance rate fixed for such positions in the proposed schedule of compensations issued by the Civil Service Commission under date of April 9, 1930, or as amended or extended by the Civil Service Commission, unless otherwise specifically provided in this ordinance; and *provided further*, that where the word "vacancy" appears in any item of this ordinance in lieu of the civil service class title, no appointment shall be made under such item until, with the approval of the chairman of the Finance Committee of the Board of Supervisors, a position shall first be established and classified for such items; and *provided further*, that where a vacancy hereafter occurs in any position named in this ordinance such vacancy shall not be filled except with the approval of the chairman of the Finance Committee of the Board of Supervisors, but when unforeseen vacancies occur in positions involving the essential and safe operation of a public utility, temporary emergency appointments to such vacancies may be made for a period not to exceed two weeks pending a decision of the chairman of the Finance Committee of the Board of Supervisors.

Section 73. When a vacancy occurs in any position created by this ordinance which is subject to salary standardization, the person appointed to such vacancy shall receive only the salary of the entrance grade of the class to which the position belongs, as specified in the salary standardization ordinance; but in the event that said salary standardization ordinance has not yet been adopted when such vacancy occurs, the rate paid shall not exceed the rate fixed for such position in the proposed schedule of compensations issued by the Civil Service Commission under date of April 9, 1930, or as amended or extended by the Civil Service Commission as provided in Section 71 of the Charter, provided, however, that employees who are re-employed after layoff or leave of absence shall be re-employed at the compensation received at the time laid off or granted such leave.

Section 74. In cases of persons employed by the City and County in its hospitals and other institutions, where it is customary to provide such employees with board, room and laundry, and no provision therefor has been made in the salary rates herein named, the appointing power, in its discretion, is hereby authorized to allow in such cases board, room and laundry, in addition to the salary rate herein specified.

Section 75. In no case shall appointment be made to any position named in this ordinance when such appointment will cause the appropriation fixed for such purpose in the appropriation ordinance to be exceeded, and any appointment so made shall be void.

Section 76. The monthly compensation for those employments des-

igned in Sections 11, 33, 43, 44, 47, 48, 49 and 50 by an asterisk (*) shall be computed and paid as provided in Ordinance No. 9019 (New Series).

Section 77. All ordinances or parts of ordinances in conflict with this ordinance or any part of this ordinance are hereby repealed to the extent of such conflict.

Section 78. This ordinance shall take effect at 12 o'clock noon, January 8, 1932.

Regulating Hours and Methods of Business of Places Where Fresh, Frozen, Uncured or Uncooked Meats Are Sold or Offered for Sale.

Bill No. ———, Ordinance No. ——— (New Series), as follows:

An ordinance regulating the hours and methods of business of places where fresh, frozen, uncured or uncooked meats are sold or offered for sale; prescribing a penalty for the violation thereof, and repealing Ordinance No. 6157 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm, partnership, association or corporation, within the City and County of San Francisco, to sell or offer for sale any fresh, frozen, uncooked or uncured meats except during the hours between 7 o'clock a. m. and 6 o'clock p. m., and all such places of business shall be closed upon all Sundays and legal holidays; provided, however, that when a holiday shall fall upon a Saturday, such business may then be conducted between the hours of 7 o'clock a. m. and 12 o'clock noon; provided further, that any place of business where strictly Kosher meats are sold or offered for sale may be kept open for business on Saturdays from sun down to 12 o'clock p. m., and on Sundays between the hours of 8 o'clock a. m. and 12 o'clock noon.

Section 2. It shall be unlawful for any such place of business to be so conducted, operated or maintained, unless said place of business is equipped with refrigeration boxes, containers or counters, in accordance with the rules and regulations of the Department of Public Health.

Section 3. Every person, firm, partnership, association or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than \$50.00 nor more than \$200.00, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment.

Section 4. Ordinance No. 6157 (New Series) of the City and County of San Francisco is hereby expressly repealed, as are all other ordinances or parts thereof in conflict herewith.

Widening Roadway at Clay Street and The Embarcadero.

Resolution No. ——— (New Series), as follows:

Whereas, the City and County of San Francisco, in conjunction with the State of California, did heretofore purchase certain real property on the northwest corner of Clay street and The Embarcadero, for the purpose of widening the roadway at the junction of Clay street and The Embarcadero, the purchase price of said property being paid as follows: by the State of California, through the Board of State Harbor Commissioners, the sum of \$150,000; by the City and County of San Francisco, the sum of \$55,000; and the ownership in said property being as follows, to wit: The State of California, 150/205ths thereof; the City

Whereas, for the purpose of conveyance, the title to said property and County of San Francisco, 55/205ths thereof; and

erty was taken in the name of the California Pacific Title and Trust Company, and said California Pacific Title and Trust Company holds title to said property for the benefit of the State of California and the City and County of San Francisco, in the proportions hereinbefore set forth; and

Whereas, it is now necessary that certain portions of said property be taken for the purposes for which said property was acquired, and to that end that certain leases heretofore existing on said property should be canceled; now therefore, be it

Resolved, That the City and County of San Francisco does hereby consent to the using of such portions of the above mentioned property as may be necessary for the widening of Clay street and The Embarcadero at the junction of said streets, in accordance with the plans for said widening as prepared by the Engineer of the State Board of Harbor Commissioners, and that such portions of said buildings may be removed and demolished as may be necessary for the widening of said streets, and that the cost of widening said streets and the demolition of said buildings may be paid from the revenues heretofore accrued or hereafter accrued from said buildings, and now in the possession of, or hereafter to be received by said California Pacific Title and Trust Company;

And be it Further Resolved, That said California Pacific Title and Trust Company be, and it is hereby authorized to cancel the lease of Foster & Kleiser for the use of the roof of said building, upon said Foster & Kleiser paying to said California Pacific Title and Trust Company the rental due on said lease to the 1st day of December, 1931, to wit, the sum of \$875;

And be it Further Resolved, That said California Pacific Title and Trust Company take such steps as may be necessary to terminate any other lease in said building on said above mentioned property as may be necessary to obtain possession of such portions of said building as may have to be demolished in order to provide for the widening of said above mentioned streets;

And be it Further Resolved, That His Honor the Mayor be, and he is hereby authorized, empowered and directed to take any action and to execute all necessary documents, instruments and papers for and on behalf of the City and County of San Francisco as may be necessary to carry out the purposes of this resolution.

Stop Construction of Corral Hollow Pipe Line.

Supervisor Havenner moved that the opinion of Nelson Eckart, Superintendent and General Manager of the San Francisco Water Department, be obtained as to the right of the City, in view of the recent plenteous rainfall, to halt construction of the Corral Hollow temporary pipe line and thereby prevent any further expenditure of money.

Supervisor Miles also suggested a report on power at Moccasin Creek as result of recent rains.

Supervisor Colman announced a meeting of the Public Utilities Committee to hear such report on Wednesday at 2:30 p. m.

Plans for Rearrangement of Chambers.

Supervisor Hayden presented plans for rearrangement of seats in chambers of the Board of Supervisors, and the Board of Public Works was directed to proceed with necessary work.

SPECIAL ORDER—8 P. M.

The following matters were presented and *read by the Clerk*:

ALL-INCLUSIVE BUDGET

December 24, 1931.

To the Honorable, the Board of Supervisors, City and County of San Francisco.

Gentlemen: Herewith is submitted a complete budget for the fiscal year 1931-32, as provided for in the new Charter, which was prepared by the Mayor's committee on complete budget.

The details contained herein have been approved by your committee.

Respectfully,

JEH/c

J. EMMET HAYDEN,
Chairman Finance Committee.

December 24, 1931.

Hon. J. Emmet Hayden, Chairman, Finance Committee, Board of Supervisors, San Francisco, Calif.

Dear Sir: The special committee, consisting of Fred D. Bullock, chairman, Auditor Benning Wentworth, Finance Committee Accountant Arthur Curtis, City Attorney John J. O'Toole and W. H. Nanry, secretary of the Mayor's Committee on Charter Installation, appointed by the Mayor at the request of the Mayor's Committee on Charter Installation, is submitting herewith a "complete budget" for the fiscal year ending June 30, 1932. This budget, as passed upon in detail by your committee, is prepared in conformity with the provisions of the new Charter.

The preparation of this document was rendered necessary, in accordance with the recommendation of the Mayor's Committee on Charter Installation and the opinion of the City Attorney, for the following reasons:

(1) That the Controller would have no legal basis for auditing payrolls after January 8 unless all municipal employees are included in the annual salary ordinance and specific appropriations for all payrolls are included in the budget, as herein proposed for adoption by the Board of Supervisors:

(2) Because of the necessity of the Supervisors providing, by ordinance and before January 8, for all anticipated expenditures for the balance of the fiscal year. Unless this is done, the Controller would have no legal basis of auditing payments heretofore unbudgeted. If not adopted by January 8, the Supervisors probably could not act until the last Monday in January. Furthermore, under the new Charter, all appropriations other than those contained in this proposed appropriation ordinance must receive the approval of the Controller before being passed by the Board of Supervisors, and the Controller, before giving his approval, must take into consideration the ultimate collectibility of all of the items of estimated receipts. In other words, it is necessary to meet appropriations already made before authorizing additional ones.

The proposed appropriation ordinance as presented is a complete statement of all of the estimated receipts and estimated expenditures of the city and county. The total expenditures as shown herein amount to \$70,881,988. This figure compares with the total expenditures previously budgeted of about \$44,000,000.

The appropriation ordinance does not effect a reappropriation of sums appropriated in the budget ordinance adopted in June and in other ordinances and resolutions appropriating moneys. Under the language of the proposed ordinance, the only amounts appropriated are sums not heretofore appropriated. Former appropriations are included for record purposes only.

The adoption of the proposed appropriation ordinance, including all proposed expenditures for the balance of the fiscal year, will replace the procedure now followed, whereby the Finance Committee presents to the Board weekly expenditures additional to the original budget. After the passage of this proposed ordinance, expenditures of money are made under the supervision of the Chief Administrative Officer and the heads of departments under the Mayor, subject to the audit and control of the Controller.

An important feature is the inclusion of amounts heretofore unbudgeted, consisting largely of salaries of employees carried on the rolls of departments and paid out of special funds. This includes such departments as the Bureau of Engineering, the City Architect and the Bureau of Stores and Yards of the Department of Public Works. Coincident with adding the amount of the estimated expenditures to the budget, there has been added to receipts an offsetting item representing estimated reimbursements. The provisions of the proposed ordinance establish a procedure whereby expenditures of this character cannot be made in the future unless they are covered by estimated receipts. This prevents any possibility of the salaries of these added employees becoming a charge on general city revenues.

Estimated expenditures exceeded the amount of estimated receipts by \$95,388. Therefore, the like sum had to be included as "additional receipts" to balance the financial program. This sum is included in receipts from general sources. It is anticipated that collections by the new bureau established in the Tax Collector's office to handle the collection of delinquencies and estimated receipts from fees which will result from the adoption by ordinance of the new license and permit rates required by the new Charter will make up the amount required.

Various bequests, state law funds and other special and trust funds now carried on the city's books, the disbursements from each of which are fixed by law or conditions of bequests, are included in the proposed ordinance to comply with various provisions of the new Charter. The amount of these, however, is not included in the totals in the proposed ordinance.

A summary by funds of receipts and expenditures appropriated in the attached ordinance, together with fund balances at the beginning and the end of the fiscal year, is attached.

Respectfully submitted,

FRED D. BULLOCK,
Chairman, Mayor's Committee on "Complete Budget."

ANNUAL APPROPRIATION ORDINANCE, 1931-32**An Ordinance Appropriating All Estimated Receipts and All Estimated Expenditures of the City and County for the Fiscal Year Ending June 30, 1932.**

Bill No. 9558, Ordinance No. ——— (New Series), as follows:

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts enumerated herein are hereby appropriated for the fiscal year ending June 30, 1932, for the several funds or departments to which such sums are herein allocated and for the purposes herein specified. The several amounts of proposed expenditure enumerated herein are hereby appropriated to the several departments or funds as herein allocated. Each department for which an appropriation is herein made shall be authorized to use the amount of funds so appropriated for the purposes specified in this appropriation ordinance. Appropriations for bond interest or redemption, fixed charges and other purposes not allocated to a specific department shall be subject to the administration of and expenditure by the Chief Administrative Officer for the respective purposes for which such appropriations are made.

Liabilities incurred and expenditures made under the appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless this is increased by supplemental appropriations made in the manner provided by Section 80 of the charter. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of, and the salary or wage for, employments in each class as enumerated in Ordinances 9001 and 9002 (N. S.) and the annual salary ordinance, except as additional employments may be authorized under the provisions of Section 80 of the charter.

Where personal service appropriations are made for other than permanent salaries, or where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the department head shall file with the Controller, at least monthly, in advance, an estimate of the amount of any such personal service expenditures to be made during the ensuing period, and if sufficient funds are available, the Controller shall forthwith encumber the appropriation with the amount thereof.

Items of proposed expenditure designated with the symbol (#) are appropriated for the use of the department only to the extent that any expenditures made therefrom will be recollectible in full from the departments, persons or institutions for which the service is rendered, and provided that each department head to which such a provisional appropriation is made shall file with the Controller monthly an estimate in detail of the proposed expenditures for the ensuing period, also a statement of the amount of expenditures made and the reimbursements received or receivable since the last report. If sufficient funds are available, the Controller shall forthwith encumber the appropriation with the amount of the proposed expenditure.

The term "department" as used in this ordinance shall mean department, bureau, office, utility, board or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the charter.

The Controller is hereby authorized and directed to set up appropriate accounts for the items of receipts and expenditures appropriated herein, subject to the provisions of the charter dealing with

the appropriation and the transfer of funds, and the approval and payment of warrants.

The Controller shall periodically re-estimate the receipts to be received for services performed by any department for any other department or for any outside agency, and shall notify the Mayor, the Chief Administrative Officer, and the head of any such department performing such services in case the estimated receipts therefor shall appear to be less than estimated payrolls and other costs.

Appropriation items designated with the symbol of one star (*) are, and shall be understood to be, items heretofore appropriated in the annual budgets for 1931-32, adopted by the Board of Supervisors, and are not additional appropriations. Appropriation items designated with the symbol of two stars (**) are, and shall be understood to be, appropriations heretofore made during 1931-32 by specific ordinances or resolutions of the Board of Supervisors, and are not additional appropriations.

The Controller, in setting up appropriate receipt and expense appropriation items or accounts under the provisions of this ordinance, shall consider as additional appropriations only the items contained herein not heretofore covered by budget ordinances or other ordinances or resolutions appropriating funds.

Section 2. The several amounts of estimated receipts herein appropriated and each fund or department to which such appropriation is made, are as follows:

SPECIAL ORDER—8 P. M.

Regulating Hours and Methods of Business of Places Where Fresh, Frozen, Uncured or Uncooked Meats Are Sold or Offered for Sale.

On recommendation of Public Health Committee.

Bill No. 9557, Ordinance No. ——— (New Series), as follows:

An ordinance regulating the hours and methods of business of places where fresh, frozen, uncured or uncooked meats are sold or offered for sale: prescribing a penalty for the violation thereof, and repealing Ordinance No. 6157 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm, partnership, association or corporation, within the City and County of San Francisco, to sell or offer for sale any fresh, frozen, uncooked or uncured meats except during the hours between 7 o'clock a. m. and 6 o'clock p. m., and all such places of business shall be closed upon all Sundays and legal holidays; provided, however, that when a holiday shall fall upon a Saturday, such business may then be conducted between the hours of 7 o'clock a. m. and 12 o'clock noon; provided further, that any place of business where strictly kosher meats are sold or offered for sale may be kept open for business on Saturdays from sundown to 12 o'clock p. m., and on Sundays between the hours of 8 o'clock a. m. and 12 o'clock noon.

Section 2. It shall be unlawful for any such place of business to be so conducted, operated or maintained, unless said place of business is equipped with refrigeration boxes, containers or counters, in accordance with the rules and regulations of the Department of Public Health.

Section 3. Every person, firm, partnership, association or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than \$50.00 nor more than \$200.00, or by imprisonment in the City Prison for not more than six months, or by both such fine and imprisonment.

Section 4. Ordinance No. 6157 (New Series) of the City and County of San Francisco is hereby expressly repealed, as are all other ordinances or parts thereof in conflict herewith.

The following Bill was laid over and made a *Special Order of Business for 5 p. m. Monday, January 4, 1932*:

Jitney Ordinance Amendment.

Bill No. 9535, Ordinance No. ——— (New Series), as follows:

Amending Sections 3 and 5 of Ordinance No. 3212 (New Series), entitled "Regulating the use of the streets of the City and County of San Francisco by self-propelled motor vehicles carrying passengers for hire, and providing for the licensing of such vehicles and for the penalty for a violation of said ordinance."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Sections 3 and 5 of Ordinance No. 3212 (New Series), the title of which is recited above, are hereby amended so as to read as follows:

Section 3. Application for a "jitney bus" permit shall be made in writing and filed with the Chief of Police annually on or before the fifteenth day of December and shall state:

(a) The type of motor vehicle and the name of the manufacturer or popular name thereof;

(b) The horsepower thereof;

(c) The factory number and State license number thereof;

(d) The seating capacity thereof according to its trade rating;

(e) The name of the owner or lessee and of the person to be in immediate charge thereof as operator or chauffeur and the number of his State license;

(f) That the operator is a citizen of the United States and has been a resident of the City and County of San Francisco for more than one (1) year; or now has a permit and has heretofore taken out his first papers;

(g) Whether the driver has had a six (6) months' experience in operating automobiles over the streets of the City and County of San Francisco as hereinafter provided;

(h) That the driver is physically qualified to drive a motor car safely and that said driver's hearing and eyesight are unimpaired;

(i) *The streets over which the applicant proposes to operate;*

(j) The driver shall pass an oral examination as to knowledge of traffic laws and rules of the City and County;

(k) The signature of each applicant shall be acknowledged before a notary public or some other officer or magistrate duly authorized to administer oaths. At the same time and in the same manner as herein provided application shall be made to renew the chauffeur's permit by each and every operator or chauffeur of a "jitney bus."

Section 5. The Police Commission shall, without unnecessary delay, hear such application and shall grant the same unless it shall appear:

(a) That the bond or insurance policy herein required is insufficient to properly safeguard the public interest and safety;

(b) That the vehicle for which the permit is applied for is inadequate or unsafe for the purpose intended or insufficiently equipped with skid chains or other safety devices;

(c) That the operator is incompetent or has not had sufficient experience in driving an automobile in the City and County of San Francisco, or is not of good moral character, or has heretofore violated any of the provisions of this ordinance or the laws of the State of California;

(d) That the driver is not physically qualified to drive a motor car safely or possesses defective eyesight or hearing;

(e) *That the route over which the applicant proposes to operate will be rendered hazardous to life or property, or that undue congestion of traffic will be caused thereon by, and through, the operation of jitney busses. But in passing upon this question the Board of Police Commissioners shall exercise a sound and reasonable discretion, and the permit shall be granted unless public interest and safety may otherwise require;*

(f) Permit shall be numbered, and such number, not less than three (3) inches in height and one-half ($\frac{1}{2}$) inch wide shall be affixed to the bus with such conspicuousness as may be required by the Chief of Police.

All metal permit tags shall be obtained from the office of the Tax Collector upon receipt of proper notification by the latter office from the Chief of Police.

Section 2. This ordinance shall take effect immediately.

Final Passage.

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

Changing and Reestablishing Grades on Hamilton Street Between Burrows and Bacon Streets.

Also, Bill No. 9537, Ordinance No. 9125 (New Series), as follows:

Changing and reestablishing the official grades on Hamilton street between Burrows and Bacon streets.

Whereas, the Board of Supervisors, on the written recommendation of the Board of Public Works, did on the seventh day of October, 1931, by Resolution No. 35153 (New Series), declare its intention to change and reestablish the grades on Hamilton street between Burrows and Bacon streets.

Whereas, said resolution was so published for ten days, and the Board of Public Works within ten days after the first publication of said resolution of intention caused notices of the passage of said resolution to be conspicuously posted along all streets specified in the resolution, in the manner and as provided by law; and

Whereas, more than forty days has elapsed since the first publication of said resolution of intention; therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The grades on the following named streets at the points hereinafter named and at the elevations above City base as herein-after stated, are hereby changed and established as follows:

Hamilton street.

Improvement of Garfield Street.

Also, Bill No. 9538, Ordinance No. 9126 (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works, in written communication filed in the office of the Clerk of the Board of Supervisors December 8, 1931, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in twenty installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be six months from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of Garfield street from Orizaba avenue to the easterly line of Head street, the crossing of Orizaba avenue with Grafton avenue and Garfield street, respectively, and the crossing of Bright street with Garfield street, by grading to official line and grade; by the construction of unarmored concrete curbs; by the construction of one-course concrete sidewalks of the full official width on the angular corners thereof; by the construction of brick catchbasins with accompanying 10-inch vitrified clay pipe culverts; by the construction of 8-inch and 12-inch vitrified clay pipe sewers with accompanying manholes, Y branches and side sewers; and by the construction of an asphalt-concrete pavement, consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch Class "F" concrete base on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

That in the opinion of the said Board of Public Works the proposed work or improvement is of more than local or ordinary benefit, and that the assessment to defray the costs and expenses thereof can be more equitably imposed upon the property benefited thereby, and, therefore, the said Board does hereby determine and declare that the expense of such work or improvement be made chargeable upon a district, in accordance with the provisions of Section 5 of the Street Improvement Ordinance of 1918 of said City and County, and does hereby set out the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof, as follows:

Beginning at a point on the easterly line of Head street 90.819 feet southerly from the intersection formed by the easterly line of Head

street and the southerly line of Garfield street; thence northerly along the easterly line of Head street to a point 96.889 feet northerly from the northerly line of Garfield street; thence at right angles easterly to the easterly line of Bright street; thence at right angles northerly 25 feet; thence at right angles easterly 100 feet; thence at right angles northerly 25 feet; thence at right angles easterly to the westerly line of Orizaba avenue; thence southerly along the westerly line of Orizaba avenue to a point 202.904 feet southerly from the southerly line of Garfield street; thence westerly to the point of beginning, excepting and excluding all public streets.

The crossing of Garfield and Bright streets and the crossing of Orizaba avenue with Garfield street and Grafton avenue, respectively, shall be improved in accordance with the provisions of Subdivisions 3 and 4 of Section 21 of the Street Improvement Ordinance of 1918.

Establishing Central Permit Bureau.

On recommendation of Supervisors' Charter Committee.

Bill No. 9545, Ordinance No. 9132 (New Series), as follows:

An ordinance providing for the establishment of a central permit bureau in the Department of Public Works and for the powers, duties and functions thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A Central Permit Bureau is hereby established in the Department of Public Works. All applications for permits enumerated in Section 2 shall be filed with said bureau. Said bureau shall arrange for the consideration of such applications as require approval of departments and bureaus of the City and County as specified in Section 2 and, on the filing of approval thereof by all interested departments and bureaus, the Central Permit Bureau shall issue the permit applied for and shall collect the fees therefor as fixed by law.

The fees collected by the Central Permit Bureau shall be credited to the account of the department or bureau required by ordinance, pursuant to Section 24 of the Charter, to act thereon. The Controller, in conjunction with the Central Permit Bureau and the departments concerned, shall analyze the cost to the City and County of regulation and inspection required by each such class of permit and shall propose the rates to be fixed therefor by ordinance, which shall be not less than the cost to the City and County of such regulation and inspection.

Section 2. In any case where plans and specifications are by ordinance required to be filed with an application for permit, the Central Permit Bureau shall transmit such plans and specifications to the Bureau of Building Inspection, and other departments or bureaus required to act thereon shall inspect such plans and specifications at the offices of said bureau. The Central Permit Bureau shall receive applications for permits for the following purposes and shall refer such applications or notice thereof, to departments and bureaus designated in connection with each specific purpose, each of which departments and bureaus shall approve or disapprove each such application with due diligence:

(a) For the erection, alteration, reconstruction, shoring, underpinning or demolition of, or the excavation for, any building, including scaffolding required by such operations—to the Bureau of Building Inspection, the Fire Prevention Bureau, the Fire Marshal, the City Planning Commission;

(b) For the construction or maintenance of any scaffolding on or about a building—to the Bureau of Building Inspection; and when in close proximity to electric light and power wires, to the Department of Electricity; also,

(c) For the installation, alteration or reconstruction of any heating or ventilating systems, fixtures or apparatus in or for the use of any building and incinerators or equipment in connection therewith—to the Department of Health, the Fire Prevention Bureau and the Bureau of Building Inspection;

(d) For the installation, alteration or reconstruction of any refrigerating or sprinkler systems, fire appliances and equipment, fixtures or apparatus in and for the use of any building—to the Department of Public Health, Bureau of Building Inspection, Fire Prevention Bureau, and Fire Marshal;

(e) For the connection of any plumbing or drains of any building with the City's sewer system—to the Health Department and the Bureau of Engineering;

(f) For the erection, alteration or reconstruction of any patented chimney or flue—to the Bureau of Building Inspection and the Fire Prevention Bureau;

(g) For the erection, alteration or reconstruction of any billboard—to the City Planning Commission and Bureau of Building Inspection;

(h) For the erection, alteration or reconstruction of any sign, as provided in Ordinance No. 8962 (New Series)—to the City Planning Commission, the Fire Prevention Bureau, and Bureau of Building Inspection;

(i) For the erection, alteration or reconstruction of any tower or tank—to the Bureau of Building Inspection and Fire Prevention Bureau, if for the storage of inflammables, to the Fire Marshal;

(j) For the moving of buildings through or over any public street or way—to the City Planning Commission, Department of Electricity, Bureau of Building Inspection, the Bureau of Engineering and the Chief Engineer of the Fire Department;

(k) For the moving of steam shovels and other apparatus designated by regulations of the Department of Public Works as likely to create traffic obstruction or to crush or injure the pavement of streets—to the Bureau of Engineering and Chief Engineer of the Fire Department;

(l) For the installation, erection, repair or operation of any steam engine, steam boiler, or pressure vessel—to the Bureau of Building Inspection and Fire Prevention Bureau;

(m) For the use of any sub-sidewalk space, exclusive of sub-sidewalk space now in use—to the Bureau of Building Inspection and the Bureau of Engineering;

(n) For the use of any portion of a public street or sidewalk for the placing or storage of materials, appliances or structures used in the erection, alteration or repair of a building—to the Bureau of Building Inspection, the Bureau of Engineering and the Fire Prevention Bureau;

(o) For the excavation of any portion of a public street or sidewalk for the construction or repair of any sub-surface pipe, conduit, cable or tunnel, or for any other purpose—to the Bureau of Engineering and Fire Prevention Bureau;

(p) For any blasting in connection with the construction or demolition of buildings, the construction of streets and other public ways, or the grading of private property—to the Bureau of Engineering and the Fire Marshal notified thereof;

(q) For the street numbering of any building—to the Director of Public Works.

Section 3. The Superintendent of the Bureau of Building Inspection, in conjunction with the Chief of the Department of Electricity, the Chief Inspector of Plumbing and Drainage of the Health Department, the officer in charge of the Fire Prevention Bureau, the Fire Marshal and the Secretary of the City Planning Commission, shall fix regular meeting times at a designated place in the City Hall, at which times and place representatives of the several departments will be in attendance for conference with applicants for permits as to any details of plans and specifications requiring alteration or modification before said application may be approved.

Section 4. The Central Permit Bureau shall issue certificates of occupancy for buildings erected, altered or reconstructed under building permits as hereinbefore provided. Before any such certificate of occupancy may be issued by the Central Permit Bureau, it shall secure a certificate of completion or a certificate of partial completion from the Bureau of Building Inspection and shall likewise secure approval of the proposed occupancy from the Health Department, the Department of Electricity, the Fire Prevention Bureau and Fire Marshal.

Section 5. Clerical employments in the several departments or bureaus heretofore assigned to the duties of receiving and filing applications for

permits, issuing and recording permits, and receiving fees in payment thereof, when such assignment has been for full time or a major portion of the time of any such employee, shall be transferred to the Central Permit Bureau by the Civil Service Commission; provided that employments assigned to the checking and investigation of applications and inspection of work done under permits shall not be included in such transfer, and provided, further, that the reallocation of positions by such transfer shall not adversely affect the civil service rights of any incumbent regularly holding any position so transferred.

Section 6. This ordinance shall take effect at twelve o'clock noon on January 8, 1932.

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Spaulding—12.

Absent—Supervisors Andriano, McGovern, McSheehy, Shannon, Stanton, Suhr—6.

Collection of Delinquent Revenues.

Also, Bill No. 9546, Ordinance No. 9133 (New Series), as follows:

An ordinance providing for the Centralized Collection of All Delinquent Revenues and Delinquent Accounts Receivable of all departments and offices of the City and County.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A bureau of delinquent revenue collection is hereby established, the operations of which shall be under the direction and control of the Tax Collector. The Tax Collector shall arrange for the temporary assignment of employees for the work and purposes of said bureau by assigning such employees from the Tax Collector's office as can be released from regular duties from time to time; and the Tax Collector, in cooperation with the Civil Service Commission, the Assessor, the Registrar of Voters and the heads of other city and county departments and offices, shall arrange for the temporary assignment to such bureau of such employees in the various city and county departments and offices as can be temporarily released from regular duties and assigned to the work of the bureau of delinquent revenue collections.

Section 2. The head of every department and office in the city and county shall report to the bureau of delinquent revenue collections all accounts receivable uncollected for a period in excess of ninety days, as shown by the records of each such department or office, including the name of the person, firm or corporation indebted to the city and county, the nature of the indebtedness, the amount involved and the fund to which credit is due. The Tax Collector shall report to said bureau all persons, firms and corporations shown by the delinquent tax list of 1930 as owing unsecured personal property taxes to the city and county.

Section 3. The bureau of delinquent revenue collections shall energetically prosecute the collection of all such claims filed with it by the various city and county departments and offices. The City Attorney, on request of the bureau of delinquent revenue collections, shall institute legal action and recover any amount reported to him to be due to the city and county. Before any action to collect any claim for money owing the city and county is abandoned, the bureau of delinquent revenue collections shall report same to the Auditor, and after January 8, 1932, to the Controller, whose approval of such abandonment shall be required. Before the Auditor, or, after January 8, 1932, the Controller shall draw any warrant in payment of any claim of any person, firm or corporation, which is delinquent, as hereinbefore defined, in the payment of any amount due the city and county, he shall

deduct the amount of such indebtedness, with penalty, if any, from the amount of the claim due such person, firm or corporation.

Section 4. This ordinance shall take effect immediately.

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Spaulding—12.

Absent—Supervisors Andriano, McGovern, McSheehy, Shannon, Stanton, Suhr—6.

Employees' Retirement.

Also, Bill No. 9547, Ordinance No. 9134 (New Series), as follows:

An ordinance carrying into effect Sections 158 to 172, both inclusive, of the Charter, which provide, through a retirement system for officers and employees of the City and County of San Francisco, for the payment of retirement allowances to aged and disabled employees and for the payment of death benefits and compensation insurance benefits; prescribing the conditions under which said allowances and benefits shall be paid; fixing rates of contribution and the amounts of retirement allowances and death benefits; and providing for the administration of said retirement system in accordance with the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Definitions.

Section 1. The following words and phrases as used in this ordinance, unless a different meaning is plainly required by context, shall have the following meanings:

(a) "Retirement System" or "System" shall mean "San Francisco City and County Employees' Retirement System" as created in Section 158 of the Charter.

(b) "Employee" shall mean any person in the employ, either as an officer or employee, of the City and County of San Francisco whose compensation is paid wholly out of funds contributed by the City and County; except that, for the purpose of this ordinance, any person employed on the fire boats in the Fire Department or as a teacher shall be considered as "employee", although all or a portion of the compensation of such person is paid out of funds contributed by the State of California.

(c) "Member" shall mean any person included in the membership of the retirement system as provided in Section 2 of this ordinance.

(d) "City" shall mean "City and County of San Francisco."

(e) "Board" shall mean "Retirement Board" as created in Section 159 of the Charter.

(f) "Retirement Fund" shall mean "San Francisco City and County Employees' Retirement Fund" as created and established in Section 7 of this ordinance.

(g) "City service" shall mean service rendered as an employee of the City for compensation, and for the purpose of this ordinance a member shall be considered as being in the "City-service" only while he is receiving compensation from the City for such service.

(h) "Prior service" as applied to:

(1) Persons employed as teachers at the time of their entry into the retirement system and persons, as former teachers, to whom or on account of whose death, payments are made by the retirement system under Section 3 of this ordinance, shall mean City-service, excluding City-service as a member of the San Francisco City Employees' Retirement System, rendered before October 1, 1925.

(2) Persons who are members of the Police or Fire Department on January 8, 1932, persons employed by the Board of Trustees of the Police Relief and Pension Fund on such date, and former members of such departments, to whom or on account of whose death, payments by the retirement system are made under Sections 167 and 170 of the Charter, shall mean City-service rendered as members of the San

Francisco Police or Fire Department, or as employees of said Board, respectively, before January 8, 1932.

(3) Persons referred to in the last two sentences of the first paragraph of Section 158 of the Charter, shall mean city-service, excluding city-service rendered as lawful members of the San Francisco City Employees' Retirement System, rendered before January 9, 1932.

(4) All other members of the Retirement System and all other persons, as former members of the San Francisco City Employees' Retirement System, to whom or on account of whose death, payments by the Retirement System are made under Section 3 of this ordinance, shall mean city-service rendered before April 1, 1922, except as provided in paragraph 7, subdivision (b), Section 2, of this ordinance.

(i) "Continuous service" shall mean uninterrupted city-service, except that discontinuance of city-service as a member from any cause whatever followed by reentrance into city-service within three years from the date of such discontinuance shall not be considered as a break in the continuity of service, and except that any absence from city-service by reason of service in the military or naval forces of the United States in any war which the United States has engaged or may become engaged shall not be considered as a break in the continuity of service; but time during which a person has been or shall be absent, for any reason, from city-service shall not be included in calculating any benefit under the Retirement System or in determining whether a member qualifies for retirement.

(j) "Beneficiary" shall mean any person in receipt of a retirement allowance, a death benefit or any other benefit from the Retirement System.

(k) "Compensation," as distinguished from benefits under the Workmen's Compensation, Insurance and Safety Law of the State of California, shall mean the remuneration payable in cash by the City plus the monetary value, as determined by the Retirement Board, of board, lodging, fuel, laundry and other advantages allowed as remuneration by the City; and the "compensation" during any fiscal year received by a person as a teacher shall be taken as such an amount as shall bear the same proportion to the total remuneration paid to such teacher by the San Francisco School Department during such fiscal year as the amount contributed during the previous fiscal year by the City to the Common School Fund bears to the total amount contributed to the Common School Fund during the previous fiscal year by the City and by the State of California. In no case, even including two classes of service, shall the "compensation" as defined in this subdivision be taken to exceed five hundred (500) dollars per month.

(l) "Compensation earnable" by a member shall mean the average compensation as determined by the Retirement Board upon the basis of the average period of employment of members in the same group or class of employment and at the same rate of pay, but such "compensation earnable" shall not exceed five hundred (500) dollars per month.

(m) "Final compensation" shall mean the average compensation earnable by a member during the ten years immediately preceding his retirement.

(n) "Regular interest" shall mean interest at four per centum per annum, compounded at each June thirtieth, subject to the provisions of Subdivision (b), Section 6 hereof, plus such additional interest as the Retirement Board may declare from year to year in accordance with the provisions of this ordinance.

(o) "Normal contributions" shall mean contributions at the rates provided for in Subdivision (b), Section 4 of this ordinance.

(p) "Additional contributions" shall mean contributions at the rates provided for in Subdivision (e), Section 4 of this ordinance.

(q) "Accumulated normal contributions" shall mean the sum of all the normal contributions, deducted from the compensation of a member, standing to the credit of his individual account, together with regular interest thereon.

(r) "Accumulated additional contributions" shall mean the sum of all the additional contributions, deducted from the compensation of a member, standing to the credit of his individual account, together with regular interest thereon.

(s) "Accumulated contributions" shall mean accumulated normal contributions plus accumulated additional contributions plus such contributions, with interest, as may have been made at the rate of two dollars per month.

(t) "Pension" shall mean payments for life derived from contributions made by the City as provided in this ordinance.

(u) "Annuity" shall mean payments for life derived from contributions made by a member as provided in this ordinance.

(v) "Retirement allowance" shall mean the pension plus the annuity.

(w) "Teacher" shall mean any person employed by the school district of the City and County of San Francisco who is entitled also to retirement benefits provided by the State of California under the California Public School Teachers' Retirement Salary Fund or its successor.

(x) "Actuarial equivalent" shall mean a benefit of equal value when computed upon the basis of such mortality tables as shall be adopted by the Retirement Board and interest at four per centum per annum, compounded annually.

(y) "Member of Police Department" or "member of Fire Department" shall mean any officer or employee of the San Francisco Police or Fire Department, respectively, whose employment therein began prior to January 1, 1900, or whose employment therein began or shall begin after that date and was or shall be subject to a Charter maximum age at the time of employment of thirty-five years.

(z) "School Department" shall mean school district of the City and County of San Francisco.

(aa) "The Charter" shall mean the Charter adopted by the voters of the City and County of San Francisco on March 26, 1931, and ratified by the Legislature on April 13, 1931.

(bb) Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural, and the plural the singular.

Membership in Retirement System

Section 2. (a) With the exception of those employees who are excluded from membership as provided in Subdivision (b) of this section, all employees shall become members of the Retirement System as follows:

(1) Every employee who shall be a member of the San Francisco City Employees' Retirement System, now existing, a member of the Police or Fire Department, at twelve o'clock noon on January 8, 1932, or an employee of the Board of Trustees of the Police Relief and Pension Fund on such date, the date upon which the Retirement System becomes effective, shall become a member of the Retirement System upon that date.

(2) Every employee in city-service at 12 o'clock noon on January 8, 1932, and not already a member under the next preceding paragraph (1), shall become a member of the Retirement System on January 9, 1932, provided such employee is certified from a civil service list for permanent employment, is employed by one of the offices referred to in the second sentence of Section 158 of the Charter or is a teacher; otherwise such employee shall become a member of the Retirement System upon the completion of six months of city-service uninterrupted by a break of more than one month.

(3) Every other employee who shall enter city-service after January 8, 1932, shall become a member of the Retirement System upon such entry, provided such employee is certified from a civil service list for permanent employment or is a teacher; otherwise such employee shall become a member of the Retirement System upon the completion of six

months of city-service uninterrupted by a break of more than one month. If the medical examination required of employees included in the two classes set forth in the next preceding sentence shall be unsatisfactory to the Retirement Board, the said board may require such employees to complete six months of city-service uninterrupted by a break of more than one month as a requisite to membership in the Retirement System.

(b) The following employees shall not be members of the Retirement System:

(1) Elective officers and members of boards and commissions.

(2) Employees, not already members, certified from civil service lists for temporary employment.

(3) Inmates of City institutions who are allowed compensation for such service as they are able to perform.

(4) Persons in City institutions principally for the purpose of training, but who receive compensation.

(5) Persons employed under contract for a definite period and for the performance of specific duties requiring professional or high technical skill.

(6) Employees, not already members, serving on a part-time basis or as substitutes, provided that attorneys employed in the office of the City Attorney, District Attorney or Public Defender on monthly compensation, and surgeons employed in the Emergency Hospital Service, Department of Public Health, on a monthly compensation and required to keep regular hours at least every day except holidays in offices maintained by the City shall not be prevented under this paragraph from being members.

(7) Employees, not already members, engaged outside the City on the Hetch Hetchy project, provided that employees of the Hetch Hetchy project on units certified, from time to time, to the Retirement System by the Utilities Commission as being completed and placed on a permanent operating basis shall not be excluded from membership in the Retirement System under this paragraph, and, also, that employees on the Hetch Hetchy project who shall complete ten years of continuous service on that project shall not be prevented under this paragraph from becoming members of the Retirement System. Any employee on the Hetch Hetchy project, who has been or shall be so excluded from membership in any Retirement System and who has become or shall become a member of such Retirement System through any change in status occasioned by transfer or assignment to other employment or by amendment to the retirement ordinance, shall receive credit for service with the City rendered prior to the date he enters the Retirement System, including service as an employee of the Hetch Hetchy project, in the same manner as credit for prior service is granted to other members.

(8) Employees, not already members, engaged outside the City by the Utilities Commission on construction work for the Water Department, provided that employees on such construction work, certified by the Utilities Commission as being in a permanent status shall not be prevented under this paragraph from being members of the Retirement System.

(9) Persons in city-service on June 28, 1922, who had not at that time affirmatively exercised the option of becoming members of the Retirement System as then provided and whose compensation then equaled or exceeded five hundred (500) dollars per month.

(c) It shall be the duty of the head of each office or department to give immediate notice in writing to the Retirement Board of the change in status of any member in his office or department resulting from transfer, promotion, leave of absence, resignation, reinstatement, dismissal, death or other cause. The head of each office or department shall furnish such other information concerning any member as the Board may require.

(d) Each member and beneficiary shall be subject to all the provisions of this ordinance and to all the rules and regulations adopted

by the Retirement Board, and shall furnish to the Board such information affecting his status as a member or beneficiary of the System as the Board may require. Should the city-service of any member, in any period of ten consecutive years, amount to less than five years, or should he die or be retired, or should he be paid more than one-quarter of his accumulated normal contributions, or, if he be a member who does not contribute as provided in subdivision (a), Section 4 of this ordinance, should he resign or be discharged, he shall thereupon cease to be a member.

Retirement Allowances Continued

Section 3. Any person receiving a retirement allowance or other benefit on January 8, 1932, under the San Francisco City Employees' Retirement System, the Police Relief and Pension Fund or the Firemen's Relief Fund, now existing, shall continue to receive such retirement allowance or other benefit, subject to the provisions of this ordinance, to the provisions of Section 166 of the Charter or to the provisions of Section 169 of the Charter, respectively, governing the payment of retirement allowances or other benefits. Such retirement allowances or other benefits, however, shall be paid by the Retirement System beginning with January, 1932.

Contributions

Section 4. (a) Each person who is a member of the Police Department on January 8, 1932, shall contribute two dollars to the Retirement System for each month, beginning with January, 1932, during any part of which he is in city-service as such member. Persons who are members of the Fire Department on January 8, 1932, shall not be required to make any contribution to the Retirement System as such members. If, however, prior to July 1, 1932, such members of the Fire or Police Departments shall exercise affirmatively the option provided in Sections 166 and 169, respectively, of the Charter, of becoming members of the Retirement System under the provisions of Sections 168 and 171, of the Charter, respectively, then they shall contribute, effective January 8, 1932, to the Retirement System in accordance with subdivision (b) of this section, any contributions made by such members under the provisions of this subdivision being credited on the contributions required of them under said subdivision (b).

(b) The normal rates of contribution of all other members shall be those adopted by the Retirement Board and shall be based on sex and nearest age at time of entry into the Retirement System, or nearest age at time of entry into the San Francisco City Employees' Retirement System, now existing, if members of that system, such normal rates to be such as will provide, on the basis of experience as interpreted by the actuary, an average annuity at age fifty-five for persons who are members under section 171 of the Charter, equal to three-fourths of one per centum of the final compensation of such members, for each year of service as members, and an average annuity at age sixty-two for all other male members, equal to two-thirds of one per centum, and for all female members, equal to five hundred eighty-six thousandths of one per centum, of the final compensation of such members, for each year of service as members. The actual amount of annuity receivable, however, by a member upon retirement for service shall be the actuarial equivalent of his accumulated contributions as provided in section 10 hereof. The rates so adopted shall remain in full force and effect until revised or changed by the Retirement Board in the manner provided in section 6 of this ordinance.

If a person who is a member under Section 166, Section 168, Section 169 or Section 171 of the Charter shall cease to be a member of the Police or Fire Department and shall be a member under any other section of the Charter, or if the reverse be true, then the accumulated contributions standing to his credit or redeposited by him shall remain in his individual account, and the rate of his contribution thereafter shall be the normal rate provided for in this subdivision for persons in his new group or class of employment and at his age when he first

became a member, subject to Section 8 hereof in the event he did not redeposit accumulated contributions withdrawn from the System. In the case of such person who shall cease to be a member under Section 166 or Section 169 of the Charter, the accumulated contributions of the City held for his benefit on account of city-service rendered after January 8, 1932, shall continue to be held for his benefit and applied at his retirement as provided in this Ordinance.

(c) The normal rate of contribution established for age sixty-one, or age fifty-five for members under section 171 of the Charter, shall be the rate for any member who has attained a greater age before entrance into the Retirement System. In like manner the normal rate of contribution established for age twenty shall be the rate for any member who enters the Retirement System at a lesser age.

(d) The Retirement Board shall certify to the head of the proper office or department and the Controller the normal rate of contribution for each member provided for in subdivision (b) of this section and the amount of contributions provided for in subdivision (a) of this section. The head of such office or department or the Controller shall apply such rate of contribution to so much of the compensation of the member as does not exceed five hundred (500) dollars per month to determine the amount to be contributed by each member, and shall furnish immediately to the Retirement Board a copy of each and every such pay-roll; and each of said amounts shall be deducted by the Controller and shall be deposited by the Retirement Board in the Retirement Fund, hereinafter provided for, and shall be credited by the Retirement Board, together with regular interest, to the individual account of the member for whom the contribution was made. The Retirement Board, however, may accept cash payments by any member of amounts necessary to correct or adjust the contribution account of such member, the amount so accepted to be deposited and credited in the same manner as if deducted on a pay-roll and the Controller to be notified of such payment. Every member shall be deemed to consent and agree to the contribution made and provided for herein, and shall receipt in full for his salary or compensation, and payment less said contribution shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except his claims to the benefits to which he may be entitled under the provisions of this ordinance.

(e) Any member, except persons who are members under Sections 166 and 169 of the Charter, may elect to contribute at rates in excess of those provided for in subdivision (b) of this section, for the purpose of providing additional benefits, but the exercise of this privilege by a member shall not place on the city any additional financial obligation. The provisions of subdivision (d) of this section shall apply also to additional contributions. The Retirement Board, upon application, shall furnish to such member information concerning the nature and amount of additional benefits to be provided by such additional contribution.

(f) After the close of each month the Retirement Board shall determine the aggregate amount of the normal contributions for such month, excluding contributions provided for in subdivision (a) of this section, and the portions of such aggregate amount deducted from compensation paid from: (a) funds of operating public utilities, which shall include units of the Hetch Hetchy project certified from time to time by the Utilities Commission as being completed and placed on a permanent operating basis; (b) bond funds not included under the preceding item (a); (c) funds of the San Francisco School Department; (d) County Roads Fund; (e) other special funds; (f) all other sources. There shall be paid to the Retirement Fund from each of the funds included under items (a), (b), (c), (d) and (e), as set forth in the immediately preceding sentence, an amount equal to the total normal contributions deducted from compensation paid from such fund.

The Board shall certify to the Controller the amount of normal contributions deducted from compensation paid from all other sources as set forth in item (f), and the Controller shall charge an equal amount to the appropriation for the Retirement System in the budget for the then current fiscal year. Nothing in this subdivision (f), however, shall prevent the determination of the amount of normal contributions deducted from compensation paid from any fund, on payrolls carrying compensation from more than one fund, as being the amount which bears the same ratio to the total normal contributions deducted on such roll as the compensation paid from such fund bears to the total compensation paid from all funds on such roll.

(g) The city shall pay to the Retirement System an amount equal to the contributions, improved with interest at the rate of four per centum per annum, compounded at June 30th of each year, from the first day of the month following that for which the contribution was made to January 8, 1932, made to the Police Relief and Pension Fund by persons who are members of the Police Department on January 8, 1932. The individual account of each of such persons shall be credited with that portion of such accumulated contributions, which is made up of contributions, with interest, made by him to such fund. Any balance due under this paragraph from the city to the Retirement System on and after January 8, 1932, shall be improved with regular interest on and after that date.

(h) There shall be paid into the Retirement Fund, by contributions of the city, the amounts necessary to pay all pensions and all other benefits allowable under this ordinance to members on account of prior service. Until the amount accumulated in the Retirement Fund becomes not less than the present value of all amounts thereafter payable from the Retirement Fund, the amount due in each fiscal year to the said fund under this subdivision shall be the amount payable from said fund in such fiscal year on account of prior service. Such portion of the amount as is annually due to the Retirement Fund on account of prior service rendered by persons as employees of municipally owned operating public utilities, which shall include units of the Hetch Hetchy project certified from time to time by the Utilities Commission as being completed and placed on a permanent operating basis, or on account of prior service rendered by persons as employees of the San Francisco School Department, shall be paid from the funds of such public utilities or from the funds of the San Francisco School Department, respectively, provided that no amount due to the Retirement Fund on account of prior service rendered by persons receiving retirement allowances under the provisions of subdivision (c), Section 165 of the Charter, shall be paid from the funds of the San Francisco School Department. After the close of each month, the Board shall certify to the Controller the amount due to the Retirement Fund under this subdivision on account of prior service rendered by persons other than employees of such public utilities and the School Department, and the Controller shall charge an equal amount to the appropriation for the Retirement System in the budget for the then current fiscal year.

(i) The administrative costs of the Retirement System shall be met by contributions of the city, such contributions to be charged against the appropriation for the system in the budget for the then current fiscal year and paid from other funds as determined by the Controller on the basis of information furnished by the Retirement Board.

(j) During each fiscal year the Retirement Board shall certify to the Controller the amount of the contribution required of the city for such year on account of service rendered during such year by persons who are members of the Retirement System under Sections 166 and 169 of the Charter, and the Controller shall charge an equal amount to the appropriation for the Retirement System in the budget for the then current fiscal year.

(k) All assets and all records of the San Francisco City Employees' Retirement System, the Police Relief and Pension Fund and the Firemen's Relief Fund, now existing, shall be transferred on January 8, 1932, to the Retirement System to be held for the same purpose as under the Retirement System or fund from which they were transferred, beneficiaries nominated in such records to continue until changed as provided herein.

(l) During the fiscal year beginning July 1, 1932, and during each fiscal year thereafter, the Retirement Board shall determine, on the basis of payrolls, the amount of contributions required, during such fiscal year, of the city under the Compensation, Insurance and Safety Law of the State of California, as provided in Section 16 of this ordinance, such contributions to be segregated as to funds in the manner required for normal contributions in subdivision (f) of this section. There shall be paid into the Retirement Fund from each of such funds an amount equal to the required contributions on account of compensation, as defined herein, paid from such fund. The Retirement Board shall certify to the Controller the amount of contributions required of the city under said law on account of compensation, as defined herein, other than that charged against such funds, and the Controller shall charge an equal amount to the appropriation for the Retirement System for the then current fiscal year. Nothing in this ordinance shall prevent the determination of contributions under this subdivision by the use of average rates for groups or classes of employees, such average rates to be redetermined once during each fiscal year or at more frequent intervals if deemed necessary by the Retirement Board. Contributions required of the city during any fiscal year to make up deficits in contributions for fiscal years previous thereto, chargeable against funds no longer existing, shall be paid from the general fund.

Contributions to the Retirement Fund required of the city to meet benefits payable during the current fiscal year and fiscal years subsequent thereto, under claims pending at January 8, 1932, and claims incurred from that date to and including June 30, 1932, shall be in addition to the contributions required by the next preceding paragraph, provided that such contributions shall be paid to the Retirement Fund from the funds against which they would have been chargeable had this ordinance not been passed, except that if any of such funds shall be no longer existing when such contributions become payable, then such contributions shall be paid from the general fund, and provided, further, that the Retirement Board may arrange for the payment, to and including June 30, 1932, of benefits under such pending and incurred claims, by the proper offices or departments direct to the beneficiaries instead of through the Retirement System.

Guaranty

Section 5. The payments of the city into the San Francisco City and County Employees' Retirement Fund, as provided in Section 4 of this ordinance, are hereby made obligations of the city. There shall be appropriated, in the budget for each fiscal year, such amounts as are necessary to make such payments, less the portions to be paid from the several funds set forth in the said section, and the amounts so appropriated shall be provided for in the tax levy. Provision shall be made for the payment from the said several funds of such amounts as shall be necessary to meet the obligations of the City under the Retirement System on account of employees whose compensation is or has been paid from such funds.

Duties of Board of Administration

Section 6. The management and control of the Retirement System shall be vested in the Retirement Board as provided in Section 159 of the Charter. The Board shall exercise the powers and per-

form the duties conferred on it by said Charter and by other sections of this ordinance, and in addition thereto:

(a) Shall credit contributions of members, of beneficiaries and of the city with interest at the rate of four per centum per annum, compounded on June 30th of each year, subject to the provisions of subdivision (b) next following. The Board, however, at the end of each fiscal year, may credit to all contributions held in the Retirement Fund at the end of such fiscal year such additional interest as it may deem proper in the light of the earnings on the Retirement Fund during such fiscal year, provided that the total interest credited to contributions during any fiscal year shall not exceed the earnings on the Retirement Fund during that year, and provided, further, that interest at the rate of four per centum per annum, compounded annually, shall be used in the calculation of benefits under any mortality table adopted by the Board, subject to the provisions of subdivision (b) next following, regardless of any additional interest allowed on contributions under this paragraph.

(b) Shall keep in convenient form such data as shall be necessary for the actuarial valuation of the Retirement System. As of June 30, 1933, and in not to exceed six-year periods thereafter, the Board shall make an actuarial investigation into the mortality, service and compensation experience of the members and beneficiaries as defined by this ordinance, and further shall make an actuarial valuation of the assets and liabilities of the Retirement System, and upon the basis of such investigation and valuation shall:

(1) Adopt for the Retirement System such interest rate and such mortality, service and other tables as shall be deemed necessary;

(2) Make such revision in the rates of contribution under the Retirement System as shall be deemed necessary.

(c) In addition to other records and accounts, shall keep such records and accounts as shall be necessary to show at any time:

(1) The total accumulated contributions of members.

(2) The total accumulated contributions of retired members less the annuity payments made to such members.

(3) The accumulated contributions of the City held for the benefit of members on account of service rendered as members of the Retirement System.

(4) All other accumulated contributions of the City, which shall include the amounts available to meet the obligation of the City on account of benefits that have been granted and on account of prior service to members.

A portion of the accumulated contributions of the City previously held for the benefit of members, excluding persons who are members under Sections 166 and 169 of the Charter, on account of service rendered as members of the Retirement System, equal to the accumulated normal contributions withdrawn by a member, or paid to a beneficiary upon the death of a member or applied to purchase an annuity upon the retirement of a member, shall thereafter be included in the amounts available to meet the obligation of the City on account of benefits that have been granted and on account of prior service of members. No transfer of accumulated contributions of the City shall be made on account of the withdrawal of accumulated contributions by a person who is a member under Section 166 or 169 of the Charter, but upon the death or retirement of such a member, accumulated contributions of the City, previously held for the benefit of such member, actuarially equivalent to that portion of the benefit granted to him or to his beneficiary, which is chargeable to service rendered as a member of the Retirement System, shall thereafter be included in the amounts available to meet the obligation of the City on account of benefits that have been granted and on account of prior service of members.

(d) Shall determine the city-service rendered by members and shall fix and may modify allowances for service and disability and fix other benefits. One year and proportionate parts thereof shall be credited on the basis of two hundred and fifty or more days of city-service rendered by per diem employees, on the basis of ten months or more of city-service rendered by monthly employees, and on the basis of the receipt of ten-twelfths of the annual salary by teachers, but not more than one year shall be credited for all service in any fiscal year. Time during which a member was or shall be absent from city-service without pay shall not be allowed in computing service.

Credit for prior service shall be granted to each member who has rendered such service as defined in this ordinance and who enters the Retirement System on January 8 or 9, 1932, except as provided in Section 8 and Section 13 of this ordinance, for re-entrants, and except, further, that any such member who has failed to redeposit accumulated contributions withdrawn by him from the San Francisco City Employees' Retirement System, now existing, shall receive credit for such prior service only if, upon being notified by the Retirement Board, he make such redeposit, in the same manner as provided in Section 8 of this ordinance for persons reentering city-service. However, prior service so credited shall be the basis for a retirement allowance or benefit as provided in this ordinance only if membership continues unbroken until retirement on a retirement allowance or until the granting of such other benefit, provided that a termination of membership by the withdrawal of accumulated contributions followed by the redeposit of such contributions upon re-entrance into city-service shall not constitute a break in membership.

The method heretofore used under the San Francisco City Employees' Retirement System in calculating the amount of city-service to be credited to members, in fixing disability and service retirement allowances and other benefits, in determining effective dates of membership in the Retirement System and in calculating members' contributions to the Retirement System, based on the assumption that teachers, subsequent to first entering into their duties, are in city-service throughout that part of the interims between school terms, during which they have been or shall be paid salary installments, is hereby approved solely for the purpose of this ordinance and regardless of the status of said teachers under the State law. No adjustments affecting teachers under the Retirement System shall be made on the basis of payment of teachers' salaries in other than twelve monthly installments, provided, however, that this paragraph shall not prevent adjustments, prior to termination of membership in the Retirement System, in contributions because of underpayments or overpayments of salary, nor shall it prevent the Retirement Board from modifying the method referred to in the first sentence of this paragraph in the event that teachers' salaries shall be paid in other than twelve monthly installments, but such modification shall apply only to city-service rendered thereafter.

(e) Shall publish annually in the official newspaper a financial statement showing an actuarial valuation of the assets and liabilities of the Retirement System and a statement as to the accumulated cash and securities in the Retirement Fund as certified by the Controller, provided that, until all prior service is verified, the Retirement Board may omit from the financial statement published annually assets and liabilities resulting from such prior service.

Retirement Fund.

Section 7. (a) A fund is hereby created and established to be known as the San Francisco City and County Employees' Retirement Fund and to consist of all the moneys paid into it in accordance with the provisions of this ordinance, whether such moneys shall take the form of cash, securities or other assets. The Retirement Board shall have exclusive control, as provided in Section 159 of the Charter, of the administration and investment of the said fund.

(b) The Retirement Board may deposit cash belonging to the Retirement Fund in any licensed national bank or banks in this State or in any bank or banks authorized or licensed to do a banking business and organized under the laws of this State, subject to the provision of Section 82 of the Charter.

(c) The Treasurer shall be the custodian of the Retirement Fund under the provisions of Section 83 of the Charter, subject to the exclusive control of the Retirement Board as to the administration, deposit and investment of said fund. Payments from said fund shall be made by him only upon warrant drawn by the Controller and no such warrant shall be drawn except in payment of claims or payrolls prepared and signed by the Secretary of the Retirement Board.

(d) Interest on any cash and on any investments constituting a part of the said fund shall be paid into said fund as received.

(e) Except as herein provided, no member or employee of the Retirement Board shall have any interest, direct or indirect, in the making of any investment, or in the gains or profits accruing therefrom. No member of the Retirement System and no member or employee of the said Board, directly or indirectly, for himself or as an agent or partner of others, shall borrow any of its funds or in any manner use the same except to make such current and necessary payments as are authorized by said Board; nor shall any member or employee of Board become an indorser or surety or become in any manner an obligor for moneys invested by the Board.

Withdrawals

Section 8. Should the city-service of a member be discontinued except by death or retirement, he shall be paid not less than six months after the date of discontinuance, such part of his accumulated contributions as he shall demand; provided that, if in the opinion of the Retirement Board, said member is permanently separated from city-service by reason of such discontinuance, he shall be paid forthwith all of his accumulated contributions, and provided also that the Retirement Board may in its discretion, withhold for not more than one year after a member last rendered city-service, all or part of his accumulated normal contributions if after a previous discontinuance of city-service he withdrew all or a part of his accumulated normal contributions and failed to redeposit such withdrawn amount in the Retirement Fund as provided in this section.

Any member may redeposit in the Retirement Fund, in one sum or in not to exceed six monthly or twelve semi-monthly payments, an amount equal to that which he withdrew therefrom or from its predecessor at the last termination of his membership. If a member upon reentering the Retirement System after a termination of his membership shall not make such redeposit, he shall reenter as a new member without credit for any service and the rate of his contribution for future years shall be the normal rate provided for in subdivision (b), section 4 of this ordinance, at his age of reentrance, except that persons who are members under Section 166 of the Charter shall contribute as provided in subdivision (a), section 4, of this ordinance; otherwise his rate of contribution for future years shall be the same as his rate prior to the last termination of his membership subject to subdivision (b), section 4 of this ordinance, and his membership shall be the same as if unbroken by such last termination and, if he never failed to redeposit accumulated contributions withdrawn from a San Francisco Retirement System, or, if he shall redeposit such accumulated contributions upon first reentering hereafter, then he shall receive credit for prior service in the same manner as persons who become members on January 8, 1932, provided that members under Section 169 of the Charter shall receive credit for such prior service even though, having withdrawn no accumulated contributions, they shall make no redeposit. In the event such redeposit is made by a member, excluding persons who are members under Section 166 of the Charter, an amount equal to the accumulated normal contributions so redeposited shall

again be held for the benefit of the said member and shall no longer be included in the amounts available to meet the obligations of the city on account of benefits that have been granted and on account of prior service of members.

Service Retirements

Section 9. Retirement of a member for service shall be made by the Retirement Board as follows:

(a) Each member, except persons who become members under Section 169 of the Charter, who has attained the age of seventy years at the time of his entrance into the Retirement System, shall be retired forthwith, and each member, except persons who are members under Section 169 of the Charter, in city-service, or within four months after discontinuance of city-service, or while physically or mentally incapacitated for the performance of his duty if such incapacity has been continuous from discontinuance of city-service, who attains the age of seventy years shall be retired on the first day of the calendar month next succeeding that in which the said member shall have attained the age of seventy years.

(b) Any member in the city-service, or within four months after discontinuance of city-service, or while physically or mentally incapacitated for the performance of his duty, if such incapacity has been continuous from discontinuance of city-service, may retire upon written application to the Retirement Board, stating what time he desires to be retired, provided that said member—

(1) if he be a member under Section 166 of the Charter, shall be credited, at the time so specified for his retirement, with thirty years of continuous service as a member of the Police Department and shall have attained the age of sixty-two years;

(2) if he be a member under Section 169 of the Charter, shall be credited, at the time so specified for his retirement, with

(a) twenty-five years of continuous service as a member of the Fire Department, regardless of his age, or

(b) twenty years of continuous service as a member of the Fire Department, and shall have attained the age of fifty-five years;

(3) if he be a member under Section 168 of the Charter, shall be credited, at the time so specified for his retirement, with

(a) twenty-five years of continuous service and shall have attained the age of sixty-two years, or

(b) thirty years of continuous service and shall have attained the age of fifty-seven years;

(4) if he be a member under Section 171 of the Charter, shall be credited at the time so specified for his retirement, with

(a) twenty years of continuous service and shall have attained the age of fifty-five years, or

(b) thirty years of continuous service and shall have attained the age of fifty-two years.

(5) if he be a member under any other Charter provision, shall be credited, at the time so specified for his retirement, with

(a) ten years of continuous service and shall have attained the age of sixty-two years, or

(b) thirty years of continuous service and shall have attained the age of fifty-seven years.

Allowance on Service Retirement

Section 10. A member, upon retirement for service as provided in the next preceding Section 9—

(a) if he be a member under Section 166 or 169 of the Charter, shall receive a retirement allowance as provided in such sections for members, at January 8, 1932, of the Police and Fire Departments, respectively, upon service retirement as distinguished from disability retirement and death. Such retirement allowance shall be provided by the accumulated contributions credited to the member's individual account and by the city's contributions on account of prior service and

on account of service as a member of the System, in proportions as determined by the Retirement Board;

(b) If he be a member under any other Charter provision, shall receive a retirement allowance, which shall consist of

(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and

(2) A pension, purchased by the contributions of the city, equal to that portion of the annuity purchased by the accumulated normal contributions of the member, and a pension which shall be the actuarial equivalent of the accumulated contributions of the city held for his benefit on account of city-service rendered after January 8, 1932, as a member under Section 166 or Section 169 of the Charter; and

(3) An additional pension, purchased by the contributions of the city, which shall be equal to one and one-third ($1\frac{1}{3}$) per centum, or one and one-half ($1\frac{1}{2}$) per centum if he be a member under Section 171 of the Charter, of his final compensation multiplied by the number of years of prior service credited to him, less an amount equal to the portion of the annuity purchased by accumulated contributions of the member based on service as a member of the Police Relief and Pension Fund, except that if a member shall retire after thirty years of continuous service and before attaining the age of sixty-two years, or fifty-five years if he be a member under Section 171 of the Charter, the additional pension shall be such as can be purchased at the age of retirement by the actuarial value, at the age of retirement, of a pension, deferred to age sixty-two years, or fifty-five years if he be a member under Section 171 of the Charter equal to one and one-third ($1\frac{1}{3}$) per centum, or one and one-half ($1\frac{1}{2}$) per centum if he be a member under Section 171 of the Charter, of his final compensation multiplied by the number of years of prior service credited to him, less an amount equal to the portion of the annuity purchased by accumulated contributions of the members based on service as a member of the Police Relief and Pension Fund; provided that, in the calculation of any additional pension under this paragraph in the case of a member having credit for more than one class of prior service, that is, prior service as a teacher in the day schools, as a teacher in the evening schools or as an employee in any other position, separate additional pensions shall be calculated, in the manner prescribed, for each class of prior service, the final compensation in each case being that for the respective class of service;

(c) Any member who receives credit for prior service, and who is retired by reason of attaining the age of seventy years, shall receive on account of prior service such additional pension, purchased by the contributions of the city, as will make his total retirement allowance, exclusive of the annuity provided by his accumulated additional contributions not less than four hundred and eighty (480) dollars per year unless such four hundred and eighty (480) dollars exceeds one-half of his final compensation, in which event his total retirement allowance, exclusive of the annuity provided by his accumulated additional contributions, shall be not less than one-half of his final compensation.

Disability Retirement

Section 11. Retirement of a member for disability shall be made by the Retirement Board upon medical examination as follows: Any member while in the city-service, or within four months after the discontinuance of city-service, or while physically or mentally incapacitated for the performance of his duty if such incapacity has been continuous from discontinuance of city-service, shall be examined by one or more physicians or surgeons appointed by the Retirement Board, upon the application of the head of the office or department in which said member is employed, or upon the application of said member or of a person acting in his behalf, stating that said member is physically or mentally incapacitated for the performance of duty and ought to be retired, provided

(a) if he be a member under Section 166 or 169 of the Charter, such disability is claimed to result from bodily injury received in the performance of duty;

(b) if he be a member under Section 168 or 171 of the Charter, he has rendered ten or more years of continuous service immediately preceding the date proposed for his retirement or such disability is claimed to result from bodily injury received in the performance of duty;

(c) if he be a member under any other Charter provision, he has rendered ten or more years of continuous service immediately preceding the date proposed for his retirement.

If such medical examination and other available evidence show, to the satisfaction of the Retirement Board, that the said member is physically or mentally incapacitated for the performance of duty and ought to be retired, and, if he be a member under Section 166 or 169 of the Charter, or a member under Section 168 or 171 of the Charter and has not had ten or more years of continuous city-service immediately preceding the date proposed for his retirement, that the disability is the result of bodily injury received in the performance of duty, then the Retirement Board shall retire the said member for disability forthwith.

The Retirement Board shall secure such medical services and advice as may be necessary to carry out the purpose of this section and of Section 13 of this ordinance, and shall pay for such medical services and advice such compensation as the Board shall deem reasonable.

Allowance on Disability Retirement

Section 12. Upon retirement for disability as provided in the next preceding Section 11, a member who has qualified for retirement for service under the provision of Section 10 of this ordinance, except the provisions of such section permitting retirement below the normal retirement age after thirty years of continuous service, shall receive a service retirement allowance as provided in said Section 10 and shall be considered as a service retirement, except as provided in subdivision (b) of this section, otherwise said member

(a) if he be a member under Section 166 or 169 of the Charter, shall receive a retirement allowance as provided in such sections for members, at January 8, 1932, of the Police and Fire Departments, respectively, upon disability retirement as distinguished from service retirement and death. Such retirement allowance shall be provided by the accumulated contributions credited to the member's individual account and by the city's contributions on account of prior service and on account of service as a member of the system, in proportions as determined by the Retirement Board.

(b) if he be a member under Section 168 or 171 of the Charter and if his disability, in the opinion of the Retirement Board, is the result of bodily injury received in the performance of duty, shall receive

(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and

(2) A pension purchased by contributions of the city, which, together with the annuity provided by his accumulated normal contributions, shall make his total retirement allowance, exclusive of the annuity provided by his accumulated additional contributions, equal to one-half of his final compensation. If said member shall have been continuously incapacitated for the performance of any duties from the date of, and shall die as a result of said injury, while receiving said retirement allowance, then said retirement allowance shall be continued, after his death, to his surviving wife to whom said member was married prior to sustaining said injury, to continue as long as she shall live or until her remarriage; or if there be no widow, or if the widow die before any child of such deceased member shall have attained the age of sixteen years, then

to his child or children under said age collectively, to continue until every child dies or attains said age. A member qualifying for continuation of retirement allowance under this paragraph shall not be subject to the provisions of this section referring to service retirement.

(c) if he be a member under Section 168 or 171 of the Charter and if his disability, in the opinion of the Retirement Board, is not the result of bodily injury received in the performance of duty, or if he be a member under any other Charter provision, he shall receive

(1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and

(2) A pension purchased by the contributions of the city which, together with the annuity provided by his accumulated normal contributions, shall make the retirement allowance, exclusive of the annuity provided by his accumulated additional contributions, equal to (a) one and one-fourth ($1\frac{1}{4}$) per centum of his final compensation multiplied by the number of years of city-service credited to him, if such retirement allowance exceeds one-fourth of his final compensation; otherwise, (b) one and one-fourth ($1\frac{1}{4}$) per centum of his final compensation multiplied by the number of years of city-service which would be creditable to him were his city-service to continue until attainment by him of age sixty-two, but such retirement allowance shall not exceed one-fourth of such final compensation. In the calculation of a retirement allowance under this paragraph in the case of a member having credit for more than one class of service, that is, service as a teacher in the day schools, as a teacher in the evening schools or as an employee in any other position, separate retirement allowances shall be calculated, in the manner prescribed, for each class of service, the final compensation in each case being that for the respective class of service; provided that the final compensation upon which the minimum total retirement allowance is calculated in such case shall be based on the compensation earnable by the member in the classes of service rendered by him during the ten years immediately preceding his retirement.

Safeguards on Disability Retirement

Section 13. (a) The Retirement Board may, at its pleasure, require any beneficiary who has been retired for disability and who has not attained the age of sixty-two years, to undergo medical examination, such examination to be made by a physician or surgeon, appointed by the Retirement Board, at the place of residence of said beneficiary or other place mutually agreed upon. Upon the basis of such examination the Board shall determine whether said disability beneficiary is still incapacitated, physically or mentally, for service in the office or department of the city where he was employed and in the position held by him when retired for disability. If the Retirement Board shall determine that said beneficiary is not so incapacitated, his retirement allowance shall be cancelled forthwith, and he shall be reinstated to the position of the same class as that held by him when retired for disability.

(b) Should a beneficiary after retirement for disability re-enter the city-service and be eligible for membership in the Retirement System in accordance with subdivision (a), Section 2 of this ordinance, his retirement allowance shall be cancelled and he shall immediately become a member of the Retirement System, his rate of contribution for future years being that established for his age at the time of such re-entry, except that, if he be a member under Section 166 or 169 of the Charter, he shall contribute as provided in subdivision (a), Section 4 of this ordinance. His individual account shall be credited with an amount which shall be the actuarial equivalent, at the time of such re-entry, based on a disabled life, of his annuity, but such amount shall not exceed the amount

of his accumulated contributions as it was at the time of his retirement, provided that, if such beneficiary be a person who received a retirement allowance under Section 167 or Section 170 of the Charter, then he shall be considered as entering the Retirement System under Section 166 or Section 169, respectively, of the Charter, and his individual account shall be credited with an amount which shall be the actuarial equivalent, at the time of such entry, based on a disabled life, of the annuity which would have been purchased by his accumulated contributions in the pension fund under which he was retired, if applied as under the Retirement System, but such amount shall not exceed the amount of his accumulated contributions as it was at the time of his retirement, and the city shall pay into the Retirement System an amount equal to such actuarial equivalent in the manner prescribed in subdivision (g), Section 4 of the ordinance, for similar payments.

An amount equal to such actuarial equivalent shall again be held for the benefit of said member and shall no longer be included in the amounts available to meet the obligation of the City on account of benefits that have been granted and on account of prior service of members, provided that the amount so again held for the benefit of a person who is a member under Section 166 or Section 169 of the Charter, shall be the actuarial equivalent, at the time of such re-entry, based on a disabled life, of his pension granted on account of service as a member, but such amount shall not exceed the City's accumulated contribution held for his benefit on account of service as a member, at the time of his retirement. Such member shall receive credit for prior service in the same manner as if he had never been retired for disability.

(c) Should any retired person, except persons retired for service prior to January 8, 1932, and persons retired because of disability incurred in the performance of duty, engage in a gainful occupation, prior to attaining age sixty-two, the Retirement Board shall reduce the amount of his monthly pension as defined herein to an amount which, when added to the compensation earned monthly by him in such occupation, shall not exceed the amount of the compensation on the basis of which his retirement allowance was determined. Should the earning capacity of such beneficiary be further altered, the Board may further alter his said pension to an amount which shall not exceed its amount when he was originally retired, but which, subject to such limitation, shall equal, when added to the compensation earned by him, the amount of his compensation on the basis of which his retirement allowance was determined. When said beneficiary reaches age sixty-two, his retirement allowance shall be made equal to the amount upon which he was originally retired, and shall not again be modified for any cause.

(d) Should any beneficiary retired for disability refuse, under age sixty-two, to submit to medical examination, his pension may be discontinued until his withdrawal of such refusal, and should such refusal continue for one year his retirement allowance may be cancelled.

Optional Allowances on Retirement

Section 14. Until the first payment on account of any retirement allowance is made, and subject to the condition that, if the said retired person shall die within thirty days from the date upon which said election is made, then the said election is void and of no effect, a retired person, except persons who are members under Section 169 of the Charter, may elect to receive the actuarial equivalent of his retirement allowance as of the date of retirement, in a lesser retirement allowance, payable throughout his life with the provision that:

Option 1. If he die before he receives in lesser annuity payments the amount of his accumulated contributions as it was at his retire-

ment, the balance of such accumulated contributions shall be paid to his estate or to such person having an insurable interest in his life, as he shall nominate by written designation duly executed and filed with the Retirement Board, or

Option 2. Upon his death, his lesser retirement allowance shall be continued throughout the life of and paid to such person having an insurable interest in his life, as he shall nominate by written designation duly executed and filed with the Retirement Board at the time of his retirement, or

Option 3. Upon his death, one-half of his lesser retirement allowance shall be continued throughout the life of and paid to such person having an insurable interest in his life, as he shall nominate by written designation duly executed and filed with the Retirement Board at the time of his retirement.

Death Benefits

Section 15. (a) Upon the death of any person who is a member under Section 166 or 169 of the Charter, if such death shall result from the performance of duty as prescribed in such sections, respectively, or if such death in the case of members under Section 169 of the Charter shall occur after qualification for service retirement, there shall be paid to the widow, children or parents of such member, the benefits provided in such sections for members, at January 8, 1932, of the Police and Fire Departments, upon death resulting from the performance of duty and upon death occurring after qualification for service retirement. If such death after qualification for service retirement shall not result from the performance of duty, and if there be no surviving wife, children or parents to whom benefits are payable under this subdivision, the benefits provided in the next following subdivision shall be paid to the beneficiary nominated by him as prescribed therein.

(b) Upon the death before retirement, if such death be not included under the next preceding subdivision (a), of a member while in the city-service, or within four months after the discontinuance of city-service, or while physically or mentally incapacitated for the performance of his duty, if such incapacity has been continuous from discontinuance of city-service, the Retirement System shall be liable for a death benefit, which, if an amount be due under paragraph (3) next following, and if there be a surviving wife or surviving children, shall be paid in monthly installments and to the surviving wife and children as prescribed therein, otherwise such death benefits shall be paid to his estate, or to such person having an insurable interest in his life as he has nominated or shall nominate by written designation duly executed and filed with the Retirement Board, and such death benefit shall consist of

(1) His accumulated contributions, and in addition thereto,

(2) An amount equal to the compensation earnable by him during the six months immediately preceding his death, but such compensation earnable for any month shall not exceed five hundred dollars, and, if such member be a member under Section 168 or 171 of the Charter and if such death, in the opinion of the Retirement Board, be the result of bodily injury sustained while in the performance of duty, in addition thereto,

(3) An amount sufficient, when added to the amounts provided in the next preceding paragraphs (1) and (2), to provide, when applied according to mortality tables adopted by the Board, a monthly death benefit allowance, equal to one-half of the compensation earnable by such member during the ten years immediately preceding his death, to be paid to the surviving wife to whom said member was married prior to sustaining the said injury, to continue as long as she shall live or until her remarriage; or if there be no widow, or if the widow die before any child of such deceased member shall have attained the age of sixteen years, then to his child or children under said age col-

lectively, to continue until every such child dies or attains said age. If payment of the allowance be stopped because of remarriage of the widow or attainment of the age of sixteen years by a child, before the sum of the monthly payment made shall equal the sum of the amounts provided in the next preceding paragraphs (1) and (2), then an amount equal to the difference between said sums shall be paid in one amount to the remarried widow, or if there be no widow, to the surviving children of the deceased member, share and share alike.

(c) A member, or a beneficiary after the death of a member, may elect, by written designation duly executed and filed with the Retirement Board, to have the death benefit provided in this section paid in monthly or annual installments instead of in one lump sum, subject to such rules and regulations as the said Board may adopt.

(d) Upon the death of any person, except persons referred to in Sections 166, 167, 169 and 170 of the Charter, after retirement and while receiving a retirement allowance from the Retirement System, there shall be paid to his estate, or to such person having an insurable interest in his life as he shall have nominated by written designation duly executed and filed with the Retirement Board, the sum of one hundred (100) dollars for each completed year of city-service, not to exceed five years, credited to him at the time of his retirement, provided that the sum so paid upon the death of a person now receiving a retirement allowance under the San Francisco City Employees' Retirement System, now existing, or of a person who became a member of such System by reason of his status as an employee of a public utility acquired by the City shall be five hundred (500) dollars regardless of the city-service credited, the funds for payments under this subdivision to be derived from the accumulated contributions of the City held to meet the obligation of the City on account of benefits that have been granted and on account of prior service of members.

(e) A person, while a member or after retirement, shall have the right to revoke the nomination of a beneficiary made by him under the Retirement System, and to nominate a beneficiary in lieu thereof, all by written designation duly executed and filed with the Retirement Board, provided that this right shall not extend to beneficiaries nominated under options 2 and 3, Section 14 of this ordinance, nor shall it extend to dependents designated as beneficiaries by State law, the Charter or this ordinance, to receive benefits payable on account of death or disability incurred in the performance of duty.

Compensation Benefits

Section 16. The Retirement Board shall administer the benefit provisions of the Workmen's Compensation, Insurance and Safety Law of the State of California for employees, regardless of whether such employees are members of the Retirement System, as provided in Section 172 of the Charter. Such legal services as may be required in said administration shall be furnished by the City Attorney.

The Retirement Board shall determine the amounts to be contributed by the City during each fiscal year to carry out the provisions of said law and shall pay from such amounts, the premium required under risks reinsured with the State Compensation Fund and benefits under risks not reinsured. Amounts to be contributed by the City on account of risks assumed by it through the Retirement System shall be based on the rates used by said State Fund, but such rates may be increased or decreased if a study of the practices and experience in any of the City's operations indicate such rates are not appropriate therefor, provided that such contributions shall be calculated to carry all claims to maturity and to produce a reasonable reserve against the catastrophe hazard. Any excess in the contributions of the City above the amount necessary to meet the purposes for which they were calculated shall be credited or paid to the City. Any deficit in such contributions shall be made up by extra amounts to be included in the contributions

required of the City during the fiscal year next following the determination of such deficit. Reserve funds shall be improved with regular interest.

Records and accounts shall be kept on both assumed and reinsured risks, sufficient to permit a determination of which policy, to assume or reinsure, is for the best interests of the City. Each office and department shall furnish such information concerning employees therein as the Board may require in carrying out the provisions of this section.

Medical, surgical and hospital treatment required under the said Compensation, Insurance and Safety Law, including all items enumerated in said law, shall be furnished by the San Francisco Hospital to every employee injured in the performance of duty, said hospital to be reimbursed for such service and supplies by the Retirement Board from contributions by the City, provided that at all times the charges for such services and supplies shall be in accordance with an agreement to be made and revised from time to time between the Retirement Board and the Department of Public Health, and provided that the Retirement Board shall have the authority to arrange for such treatment at other hospitals, for employees outside the City, and also to provide such additional special treatment for all injured employees as it may deem necessary. Each employee shall have the right, however, to provide, at his own expense, a consulting physician or any attending physician whom he may desire.

No modification of the benefits provided in other sections of this ordinance shall be made on account of any amounts payable to a beneficiary, as defined herein, under the said Compensation, Insurance and Safety Law, except that benefits provided by the City's contributions under such other sections for members of the Police or Fire Department on account of disability or death incurred in the performance of duty, shall be reduced by the amount of any benefits obtainable under said law, but the total benefits including compensation benefits under this section, provided by the City's contributions in such cases of disability or death shall be not less than the equivalent of the benefits obtainable under said law. For accounting purposes and the determination of charges to the City for covering the benefits under such Workmen's Compensation, Insurance and Safety Law, such reductions shall be considered as an obligation under such coverage.

Monthly Payments

Section 17. A pension, an annuity, retirement allowance or death benefit allowance granted under the provisions of this ordinance shall be payable in equal monthly installments or in smaller pro rata amounts when the pension, annuity, retirement allowance or death benefit allowance begins after the first day of the month or ends before the last day of the month, provided that nothing herein shall prevent the payment at shorter intervals, of benefits under the Compensation, Insurance and Safety Law of the State of California.

Exemption from Execution

Section 18. The right of a person to a pension, an annuity or a retirement allowance, to the return of contributions, the pension, annuity or retirement allowance itself, any optional benefit, any other right or benefit accrued or accruing to any person under the provisions of this ordinance and the moneys in the fund created under this ordinance shall not be subject to execution, garnishment, attachment, or any other process whatsoever, and shall be unassignable except as in this ordinance specifically provided.

Estimate of Service, Compensation or Age

Section 19. If it shall be impracticable for the Retirement Board to determine from the records the length of service, the compensation or the age of any member, the said Board may estimate, for the purposes of this ordinance, such length of service, compensation or age.

Service After Retirement

Section 20. No person retired for service or disability and in receipt of a retirement allowance under the Retirement System shall serve in any elective or appointive position in the City and county service, including membership on boards and commissions, nor shall such person receive any payment for service rendered to the City and County after retirement, provided that service as an election officer or juror shall not be affected by this section.

Constitutionality

Section 21. If any section, or sections, or part of any section, of this ordinance shall be found to be unconstitutional or invalid, for any reason, the remainder of the ordinance shall not thereby be invalidated, but shall remain in full force and effect.

Repealing Conflicting Ordinances

Section 22. Ordinance No. 5561 (New Series) and amendments thereto, and all ordinances and parts of ordinances in so far as they conflict with this ordinance, are hereby repealed.

Ordinance to Take Effect

Section 23. This ordinance shall take effect at 12 o'clock noon on the 8th day of January, 1932.

License Fee Rates.

The following was presented and read by the Clerk:

Bill No. ———, Ordinance No. ——— (New Series), as follows:

An ordinance establishing the rate of fee for licenses in certain businesses and occupations in accordance with Section 24 of the Charter.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The types of business or occupation enumerated in the following shall, in accordance with Section 24 of the Charter, be subject to a license fee of six dollars per annum for each building or premises used for and subject to inspection or regulation in connection with each such designated business or occupation:

- 1—Milk distribution in San Francisco;
- 2—Meat slaughtering or meat storage;
- 3—Abattoir;
- 4—Food handling, manufacture or distribution, other than restaurants;
- 5—Tenement house;
- 6—Lodging house or hotel not maintaining public restaurant facilities and not now subject to license fee therefor;
- 7—Stable.

Section 2. Each person engaged in the following enumerated occupations, for which a permit to engage in each such occupation is required, shall pay a license fee of six dollars per annum:

- 1—Junk dealers.

Section 3. Persons, firms or corporations operating loud speakers for advertising purposes shall require a permit and shall pay a fee therefor at the rate of ten dollars per month or fraction thereof. This section shall not apply to the operation of loud speakers for charitable purposes only.

Section 4. Provisions of any ordinance in conflict with the pro-

visions of this ordinance are hereby repealed to the extent of such conflict.

Section 5. This ordinance shall take effect at 12 o'clock noon, January 8, 1932.

Privilege of the Floor.

Mr. Marks, representing retail merchants, and Mr. John Sullivan, representing the retail grocers, were heard in opposition.

Re-referred.

Whereupon, the foregoing bill was, on motion, *re-referred to the Supervisors' Charter Installation Committee.*

Correction of Record, Supervisor Gallagher.

Supervisor Gallagher called attention to Resolution No. 35443 (New Series), closing Broadway between Broderick and Baker at Grant School during specified hours, and requested that his objection to said resolution be recorded, inasmuch as he had inadvertently voted for same and was so recorded.

So ordered.

ADJOURNMENT.

Whereupon, the Board, at 10:30 p. m., adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors January 8, 1932.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as above recited.

JOHN S. DUNNIGAN,
Clerk of the Board of Supervisors,
City and County of San Francisco.
